PROLOGUE

Present work is written with an intent to enlighten the readers with the peculiar part of Hindu Astrology known as Yogas. It is difficult to find an English equivalent of the word Yoga rather in broader terms. We can say that it is relevant to a particular or specific combination related with a particular aspect of human life be it fortune or misfortune. In other words a Yoga can add vitality to a horoscope by improving certain life aspects of its possessor or can devitalize an individual in a particular area of his life whose birth horoscope is under scrutiny.

Astrology is as old as Vedas are, therefore Astrology holds the place of pride in Hindu Vedic literature. Mythological stories available in Puranas unfold the secrets of planets, stars (Nakshatras) and signs. In Hari Vansha Purana the Moon is said to be having 28 wives, which are her lunar mansions i.e. Nakashatras, the root concept of Vimsottari Dasa system of prognostication. These mythological stories are mentioned in an interesting manner and leave a lasting impression on the reader. In ancient times Astrology was studied for one's Karmic realities of that particular incarnation and to know one's limitations of that particular birth. The Yogas give an impetus to a particular area of life to which an individual is found in a Karmic sense or manner.

In this book we start from Pancha Mahapurusha Yogas i.e. the qualities or significations of particularly five planets Mars, Jupiter, Mercury, Venus and Saturn. Whenever any one or more of these five qualities are available in the birth chart of an individual then the native is destined for these qualities. Next we move on to Adhi Yoga, Sunapha, Anapha and Durudhura and

then to Vesi, Vasi and Ubhayachari Yogas which have their manifestation through the two Luminaries as these are the two eyes of our solar system. Then comes Gajakesari Yoga which is based on the hopefulness and vitality of the individual for sustenance and it is associated with the Moon (the mentality and emotions). Amala Yoga has much to do with material attainments of an individual. Then come the Yogas which have their base in the lordships of benefic houses and the relations of various benefic house-lords bestow kingly comforts on to the native. Then in sequence appear Nabhas Yogas which have their manifestation through out the life of an individual.

Lastly appear the Yogas related to the twelve houses of a horoscope. These include the Rajayogas of Varaha Mihira under the 10th house Yogas. We have taken Arishta Yogas under the 6th, 8th and 12th house Yogas. However the Yogas such as Netra Nasha and Andha Yogas appear under the 2nd house Yogas. At least 25 Yogas indicating various diseases have been included under the 6th house.

We have exclusively discussed the Yoga under comments on it, providing the relevant information and additional Yogas quoting the authorities. We suppose this will impress the reader with the importance of the Yoga. We have included particularly those Yogas for which we could supplement the example charts and the Yogas which have convinced us with their configurations of planets like the Rajayogas of Varaha Mihira. We have also tried to append the additional information from Western Astrology regarding a particular Yoga keeping the sanctity and sense of the Yoga unaffected.

We suppose this endeavour will open new avenues for research minded students of this devine science of Astrology. Beginners will find it an interesting study for maintaining their interest. We expect that readers will appreciate and acknowledge this endeavour as they have done for other publications from M/s Ranjan Publications.

INTRODUCTION

Yoga is the word used in Sanskrit language for the combination of planets, signs and houses. These three factors affect every fragment of human life from birth to death e.g. the 1st house indicates birth conditions, physique and health and the conditions of prosperity through out life in more general sense. At one's birth every one, keenly intimate to the new born is curious to know about the well being and field of action of the infant. Astrology is one such science capable of satisfying these curiosities fairly precisely. Yogas are one such fragment of the science of Astrology which can raise the individual to the heights of prosperity or put him into the depth of misfortune. Yogas are only the indications of planetary wishes related to results of past Karmas of the individual.

Human life is studded with individual fortunes and misfortunes and astrologically these are termed as Yogas and Arishtas. Fortune is the term representing gains, comforts and honour while misfortune represents bodily ailments, pennury and disrespect. Anything which gives righteous mentality and codified conduct is called Yoga and ailing body is Arishta. However for simplicity they are called good Yogas and bad Yogas. It is rare to find one who has enjoyed good Yogas only through out his life, but there are many who have faced Arishtas through out their lives. Yogas and Arishtas jointly and commonly manifest in the life of most of the individuals, be he a king or an ordinary person. A king may have every kind of comforts but not a successor to the throne. An ordinary man though not having kingly comforts may have obedient progeny and commonly act on the life stage of the maximum part of the population.

Innumerable combinations representing Yogas and Arishtas are spread through out Hindu astrological literature. We have tried here to cull out those which have proved their efficacy in our practice and experience.

In a horoscope quadrants are the abode of Vishnu and trines are the abode of Lakshmi. Vishnu is the god of existence and life sustaining forces that emanate from the quadrants, the environmental houses. Lakshmi is the goddess of wealth and wealth is needed for sustenance. Wealth generates out of one's merits, therefore trines are also called houses of merits. The 11th house represents the resultant of the interactions of various houses and planets i.e., what we get resultantly. The 12th house represents how our energies are going to dissipate in this life and decides our future birth cycle.

Jupiter, Venus and well aspected or conjoined Mercury and the waxing Moon are benefics. The Moon is benefic from middle of bright half to middle of dark half. The Sun is cruel, but is taken as malefic for all practical purposes. Mars, Saturn Rahu and Ketu are known malefics. The friendship and enmity among the planets is better to be decided according to Panchadha Maitri Chakra. The lordships of various houses by various planets also have a significant role in the manifestations of various Yogas. The beneficence and maleficence are so decided according to Vimsottari Dasa system. Some planets become benefic for certain Lagnas while others become malefics. For a fuller elucidation in this respect readers may go through our book "Secrets of Vimsottari" published by M/S Ranjan Publications.

In the above context and fructification of Yogas, it will be wise to keep in mind the strength of the planets. If the planets participating in the Yoga are weak and powerless the results of the Yoga will be insignificant and vice versa. The planets gain strength when they are in their exaltation, own or friendly signs. A planet in an enemy sign, in a neutral sign, in his debilitation sign or combust is weak and gives malefic results. The beneficence and maleficence of a planet also depends upon his placement in benefic or malefic Vargas. There are ten Vargas for a planet, viz, Rasi, Hora, Drekkana, Trimsamsa, Saptamsa, Navamsa, Dasamsa, Dwadasamsa, Shodasamsa and Shashtiamsa. Out of these ten Vargas Rasi, Hora, Drekkana, Navamsa, Dwadasamsa and Trimsamsa are called Shadavargas if these are joined by Saptamsa then they are called Saptavargas. If all the ten are considered then they are called Dasa (ten) Vargas. A planet is considered strong if he occupies any of his

exaltation, own or friendly Vargas. In the Vargas Rasi and Navamsa are of extreme importance and should be given more weightage than other Vargas. If Rasi is the body then Navamsa is the heart i.e. a planet cannot give good results if inharmoniously placed in Navamsa. If heart is strong but body is weak, the person can survive even for a long time.

A planet is called Vargottama if occupies the same Rasi and Navamsa and is said to give very good results. This condition is possible only if the planet is in exaltation, own or friendly sign, but in an enemy sign he will get weaker.

If a planet is two times in his exaltation, own or friendly sign in Vargas then he is in Parijatamasa if in three such Vargas then is Uttamamsa, if in 4 such Vargas then in Gopuramsa, if in 5 such Vargas then in Simhasanamasa, if in six such Vargas then in Paravatamsa, if in seven such Vargas then in Devalokamsa, if in 8 such Vargas then in Surlokamsa and nine such Vargas then he is in Eravatamsa. This all is to show that a planet occupying as many good Vargas is as much strong to give benefic results and kingly comforts. Kingly comforts should be taken as only an indication. A man neither becomes a king by the strength of one planet only nor he becomes a beggar by the weakness of one planet only. It is only after the careful assessment of strengths of various planets that one can arrive at a conclusion. Similarly we should also consider the Avasthas of various planets.

If the Lagna, the Moon and the Sun are weak, the three legs of horoscological tripod becomes shaky. Varaha Mihira has emphasized on this fact in Rajayogadhyaya of his Brihat Jataka, where he has kept all these three factors strong for Rajayogas. Without the strength of these three factors even the powerful Rajayogas are unable to fructify in practical.

Another kind of strength is Digbala where the planets get strength due to their directions. Jupiter and Mercury get directional strength in the east which is Lagna, the Moon and Venus get directional strength in south which is the 4th house, Saturn gets directional strength in the 7th which is west direction and the Sun and Mars get directional strength in the north which is the 10th house of the horoscope.

Let us examine the chart shown earlier, for the strength of various planets. The Sun gets directional strength in the 10th house and is exalted. Jupiter gets directional strength in the Lagna and is also exalted. The native rose to the height of career in the Sun's Dasa and got help from the influential and authoritative personalities. The Lagna is quadrant as well as trine therefore its lord, the Moon acquires both the qualities and is associated with the 9th lord causing a very powerful Rajayoga in the Lagna. Venus and Mars have exchanged signs in Navamsa therefore they are quite strong. Saturn is Vargottama in a friendly sign. Mercury is exalted in Navamsa. Gajakesari Yoga manifested auspiciously during whole of the Moon's Dasa though he acquired ill health also due to association of Jupiter, the 6th lord with the Moon, the Lagna lord.

Let us analyse the benefics and malefics according to Vimsottari Dasa system. The Moon is a benefic being the Lagna lord. The Sun is a malefic being the 2nd lord a Maraka, but being strong has lost most of his maleficence. Jupiter is a little benefic being the 9th lord over his 6th lordship. Mars is a Yogakaraka being the 5th and 10th lord and his Dasa will definitely be good enough though he is placed in the 12th in an enemy sign. Venus is a malefic for Cancer Lagna and his Dasa did not do much to the native. Mercury is a malefic for this Lagna and his Dasa is late to ensue.

PANCHA MAHAPURUSHA YOGAS

If Mars, Mercury, Jupiter, Venus or Saturn possessing a great strength in his exaltation, Moolatrikona or own sign, be in a quadrant from the Lagna will result a Rajayoga named Ruchaka, Bhadra, Hamsa, Malavya or Sasa respectively.

1. RUCHAKA YOGA (रुचक योग)

DEFINITION

If Mars in strength occupies his exaltation, Moolatrikona or own sign in a quadrant from the Lagna, Ruchaka Yoga is caused, one of the Pancha Mahapurusha Yogas.

RESULTS

The individual born in Ruchaka Yoga will be of big head and face, earning wealth courageously, valorous and proudly killing his enemies, a great commander or high official, succeeding in all his endeavours, splendrous and will earn fame and prestige for his good qualities.

COMMENTS

This Yoga is caused only when Mars is in strength, neither badly aspected and also nor combust. Mars completely strong is a very rare phenomenon, usually he is found with some or the other debility, but still the Yoga is present to a considerable extent thus, showering many of its good virtues over the individual.

'Saravali' (37/5-7) has been quite descriptive in this respect.

दीर्घास्यः स्वच्छकान्तिर्बहुरुचिरबलः साहसावाप्तकार्य-
श्चारुभूर्नीलकेशश्चरणरणरतो मन्त्रविच्चोरनाथः ।

The native of Ruchaka Yoga has a long face, pure splendour, great strength, valour, attractive eyebrows, blue (very black) hair, penchant for war, knowledge of Mantras, be a leader of thieves, will have blood red complexion, be very valorous, be a conqueror of enemies, will have a neck akin to conch, be chief, cruel, will honour gods and Brahmins, have thin shanks, will have marks of a staff $\frac{1}{4}$ [kV~okax, which actually means a staff with a skull at the top deemed to be Shiva's weapon and kept by ascetics $\frac{1}{2}$, cord, bull, arrow, diamond, lute etc. on the hands and feet, will be 100 fingers tall, be skilful in Mantras and black magic, will weigh 100 tulas and his loins will be circumscribed equal to the length of his face. He will rule over Vindhya and Sahya regions. He will proceed to his heavenly abode meeting his end through weapons or fire after enjoying a valorous life of 70 years.

The following horoscope of Sardar Vallabh Bhai Patel, the first Home Minister of India is an ideal example of Ruchaka Yoga. He was the ablest, strongest and shrewdest politician and administrator India has ever produced. His ability was

due to the exalted Moon and Mercury conjunct Jupiter and Venus. His strongness was due to exalted Mars in a quadrant from the Lagna. But Alas! he remained in such a high position for a very short period due to the debilitated Sun.

Another example horoscope for the Ruchaka Yoga is of the Late Prime Minister Khrushchev of U.S.S.R. Mars is in a quadrant from the Lagna. Mars is also exalted and is aspecting the 10th house. Mars is also aspected by Jupiter and is in trine to the Moon, the 10th lord. The Moon is also aspected by Jupiter. The Moon in the 12th shows that he was an expert in foreign matters. Rahu is in the 3rd in Jupiter's sign, therefore the aspects of Jupiter are studied with the diplomatic shrewdness of Rahu.

2. BHADRA YOGA (भद्र योग)

DEFINITION

If strong Mercury is disposed in a quadrant from the Lagna identical with his exaltation, Moolatrikona or own sign, Bhadra Yoga is constituted.

RESULTS

The native born with Bhadra Yoga will have sharp intellect, be witty, be well dressed, look like a gentleman, be praised by the intellectuals, be a good speaker. Such an individual will be prosperous, a king or king's minister, living upto a good old age.

COMMENTS

In the definition strong Mercury signifies that besides being strong by the sign placement he should also be strong otherwise ie, he should not be combust or aspected by or conjoined with the malefics etc. Mercury has to do with the characteristics like, learning, intellectual development, communication, wealth and generosity.

Mercury represents the Vishnu element which is Satva Guna, Yajnas and philanthropy. Therefore, the individual with a pure Bhadra Yoga will be of Satvik nature and working selflessly for the social cause. The other bad characteristics like greediness etc. creep into Bhadra Yoga with the aspects of other planets on Mercury, for Mercury is tender and pliable. Therefore, the individual will be delicate and with lustrous skin. The signs Gemini and Virgo represent the arms, chest and intestines or waist of the Kalapurusha, so the individual will have these organs well in shape.

'Phala Deepika' (6/2) has been very precise in describing Bhadra Yoga.

आयुष्मान् सद्गुशाग्रबुद्धिरमलो विद्वज्जनश्लाघितो,
भूपो भद्रकयोगजोऽतिविभवश्चास्थान कोलाहलः।

The word Kushagra is used, Kusha is a kind of grass with a sharp head, which can pierce our skin even. The inference is that the individual with Bhadra Yoga possesses a sharp intellect like the sharp head of Kusha grass.

Let us see what "*Jataka Parijata*" (7/62) has to say about the Bhadra Yoga-

शार्दूलप्रतिमानो गजगतिः पीनोरुवक्षःस्थलो,
लम्बापीनसुवृत्तबाहुयुगलस्तत्तुल्य मानोच्छ्रयः।
मानी बन्धुजनोपकारनिपुणः श्रीभद्रयोगोद्भवो,
राजाऽशीतिमिरायुरेति विपुलप्रज्ञायशोवित्तवान्॥

The native born under the Bhadra Yoga will have the face of a tiger, majestic gait of elephant, a broad massive chest, long brawny rounded arms, a commanding stature, be high spirited and will be diligently devoted to the befriending of kinsmen and well wishers. He will display commanding genius, enjoy vast fame, extensive wealth and will reach upto a good old age of 80 years.

As an example we quote – here the birth horoscope of General Eisenhower, who adopted Military career as his livelihood due to Mars in war like sign Sagittarius in the 10th. Later due to his intellectual abilities he became president of United States.

3. HANSA YOGA (हंस योग)

DEFINITION

Jupiter in a quadrant from the Lagna in his exaltation, Moolatrikona or own sign and also endowed with strength causes Hamsa Yoga.

RESULTS

The individual born under Hamsa Yoga will be of righteous disposition, pure in thoughts, honoured generally, optimistic, consuming royal dishes, admired by gentlemen and will have the markings of a fish, couch, lotus, and Ankusha on his hands and soles of feet.

COMMENTS

The position described above is not possible for the fixed signs in the Lagna it is the common or movable signs, which as the Lagna can form the Hamsa Yoga. The evils of quadrangular ownership vanish when Jupiter forms Hamsa Yoga for the Gemini and Virgo Lagnas. The condition is, Jupiter should be strong, being neither combust nor afflicted by the malefics.

'Saravali' 37/(11-13), has been more descriptive-

रक्तास्योन्नतनासिकः सुचरणो हंसः प्रसन्नेन्द्रियो
गौरः पीनकपोलरक्तकरजो हंसस्वरः श्लेष्मलः ।
शंखाब्जांकुशदाममत्स्ययुगलः खट्वांग चापांगद-

पातीह देशान् खलु शूरसेनान् गान्धारगंगायमुनान्तरालान् ।
जीवेदनूनां शतवर्षसंख्यां पश्चाद्वनान्ते समुपैति नाशम् ॥ १३ ॥

The native born in Hamsa Yoga will have reddish face, elevated nose, great virility, wheatish complexion, full cheeks, reddish nails, swan like voice, phlegmatic constitution, marks of trident, fish, arrow etc. on the soles and palm, honey coloured eyes and round head. He will be fond of sporting in water and will not be satisfied sexually even being with several females. He will weigh 1600 Tulas and be 96 Angula tall. He will rule Shoorsena, Gandhara and regions between the Ganges and Yamuna. He will end up his 100 years longevity in a forest.

"Jataka Parijata" has termed the native under Hamsa Yoga as शास्त्रज्ञानपरायणोऽतिनिपुणः also, which means one who is an

expert in the knowledge of scriptures. This is perhaps the theme of Hamsa Yoga which 'Saravali' seems to have omitted.

An example of Hamsa Yoga is given below. The native of the chart was born under very humble circumstances, though not very much qualified, rose to a position of millionaire. The Sun and Ketu are not quite far away from Jupiter and Jupiter is neither afflicted nor combust. He also loses evils of quadrangular lordship being in his own sign Pisces. As described earlier, the native greyed his hair prematurely, has a swan like voice, elevated nose, round head and honey coloured eyes. The native donates a lot in charities and for religious causes.

4. MALAVYA YOGA (मालव्य योग)

DEFINITION

Venus in strength should occupy a quadrant from the Lagna which should be identical to his exaltation, Moolatrikona or own sign.

RESULTS

The native born under Malavya Yoga will have handsome body, beautiful almond shaped eyes, wealth and knowledge of the sacred scripture. He will be endowed with happy children and wife. He will be renowned, learned and be commanding vehicles.

COMMENTS

Venus is the most glittering and beautiful planet of our solar system, so are his results. Venus is the significator of conveyances, music, dancing, art goods, fine arts, sexual pleasures and material comforts. The native with this Yoga produces good amount of semen, therefore he is more attracted towards beautiful lady folk. Mythologically Venus is the preacher of demons. A strong Venus endows the native with good ministerial ability and advisory capacity. A person with strong Venus is a dynamic diplomat. All these qualities are the attributes of a Venus, who is neither afflicted nor combust, which are the preconditions for Malavya Yoga.

'Jataka Parijata' (7/64) has beautifully described Malavya Yoga:—

स्त्रीचेष्टाललिताङ्गसन्धिनयनः सौन्दर्यशाली गुणी,
तेजस्वी सुतदारवाहनधनी शास्त्रार्थवित्पण्डितः ।
उत्साहप्रभुशक्तिमन्त्रचतुरस्त्यागी परस्त्रीरतः,
सप्तत्यब्दमुपैति सप्तसहितं मालव्ययोगोद्भवः ॥ 64 ॥

The individual born under the Malavya Yoga has fine gestures, graceful body contours and the eyes of a female. He is handsome, meritorious and splendrous. He is blessed with children, wife, vehicles and wealth; he is learned and well versed in sacred scriptures. He judiciously applies or uses the three regal powers- i.e. energy, capacity and women and will attain the age of 77 years.

	Sun Mercury		Venus	
	Saturn	Chart No. 6		Ketu
	Moon Rahu			
		Lagna	Jupiter	Mars

The chart No.6 is an example of Malavya Yoga. The native is enjoying wife, sons and wealth. He is endowed with handsome body, beautiful eyes, merit, splendour, advisory capacity and ability. The attributes of Venus showered over him as soon as he got married. His wife brought him luck and fortunes and she is also quite beautiful and gracious.

5. SASA YOGA (शश योग)

DEFINITION

Saturn in strength occupies a quadrant from the Lagna identical with his exaltation, Moolatrikona or own sign.

RESULTS

An individual born under the Yoga will be cruel hearted, having wrathful eyes dark in form and devoted to the mother. He will be of questionable character and commanding loyal servants. He will be unscrupulous and trying to snatch other's wealth. He will be head of a town, village or municipality. He will be voluptuous and inclined to play the paramour with the objective of his guilty love.

COMMENTS

Sasa Yoga can only be possible for the movable and the fixed signs in the Lagna. The inherent nature of Saturn comes into play particularly when this Yoga is caused from the Moon sign. The sinful, cruel and mean nature of Saturn is quite evident with the individual having this Yoga and he uses every fair or foul means to acquire other's wealth. The native is interested in other's women due to his malicious sex outlook. No doubt the person is famous and prosperous but the element of greed and cruelty is always present with him. The persons related to municipality and where the work cannot be efficiently done without an underhand share of their own usually do have Sasa Yoga present in their charts.

Sasa Yoga has less bad tinge, if the Moon is not in a quadrant from Saturn. If the Moon (the element) is otherwise well placed in the chart, most of the bad attributes of Sasa Yoga get vanquished.

'Saravali' (37/8-10), has beautifully described:—

तनुद्विजास्यो द्रुतगः शशोऽयं शठोऽतिशूरो निभृतप्रतापः ।
वनाद्रिदुर्गेषु नदीषु सक्तः कृशोदरोः नातिलघुः प्रसिद्धः ॥ ८ ॥

वीणोपमा यदि करे चरणे च रेखाः ।
वर्षाणि सप्ततिमिताति करोति राज्यं

The native born in Sasa Yoga will have small teeth, small face, fast pace, be crafty, valorous, roam in forests, hills and forts, will have weak loins and long body, be famous, be an army chief, skilful in all assignments, will have protruding teeth, be a metallurgist, be fickle minded, will have eyes like the lotus, be interested in fair sex, will enjoy other's wealth, be devoted to his mother, have weak waist, be very intelligent and will find faults with others. His hands will have marks like wheel, conch, garland, lute etc. He will rule some place and will die at 70 years of age.

Following is the chart of notorious dacoit Man Singh who enforced terror amidst the people during his days. Saturn is forming Sasa Yoga being in a quadrant in his own sign from the Lagna. The discriminating Mercury is aspected by Mars.

109Jupiter7Sun Ketu6Mercury Venus58Saturn1121Rahu3Mars4Moon		Rahu		Mars

Mars is in the 12th to the Moon while Saturn is in 8th to the Moon and aspecting the 2nd house from her. Therefore both Mercury and the Moon are spoilt. Jupiter in the Lagna is not very strong. It is assumed that he used to help the disadvantaged with the robbed wealth.

In contrast, in the horoscope No.8 of Sardar Vallabh Bhai Patel, Saturn is in a quadrant from the Lagna identical with his Moolatrikona sign. The bad characteristics of Sasa Yoga did not manifest because of the strong Moon and Mercury. The Lagnadhiyoga and Chandradhiyoga both are present in the chart. Mercury being in association with Venus and Jupiter is quite strong. Sasa Yoga proved to be a boon for the statesmanship of Vallabh Bhai.

'Phala Deepika' (6/4) says-

लग्नेन्द्रोरपि योग पञ्चकमिदं साम्राज्यसिद्धिप्रदं,
तेष्वेकादिषु भाग्यवान् नृपसमो राजा नृपेन्द्रोऽधिकः।

As the Yoga is recognised from the Lagna, so it should be recognised from the Moon also. As many of the five planets cause as many of the above Yogas, as much a great king will be ushered into this world.

6. ADHI YOGA (अधि योग)

DEFINITION

If the benefic planets occupy the 6th, 7th and 8th houses from the Moon, there results the Moon's Adhi Yoga or Chandradhiyoga.

RESULTS

The individual born under this Yoga will be a commander, a minister or a ruler (of a district or province). He will be at the peak of prosperity and pleasure, overcoming his foes, living a long life and will be exempt from diseases and dangers.

COMMENTS

The Moon's Adhiyoga is a very clear and distinct Yoga formed by the presence of benefic planets in the 6th, 7th and 8th from the Moon. Varaha Mihira has clearly used the word 'सौम्ये' in his '*Brihat Jataka*' (13/2). The Yoga is lowered a little in effect, should the Sun be in opposition to the Moon or be with the benefics forming the Yoga. The benefics mean the natural benefics Mercury, Jupiter and Venus. There can be seven configurations for this Yoga ranging from one planet to three planets in the three houses. If one planet in strength is there, the native is prosperous through out life; if two planets in strength, a minister and if three planets are in strength, the native may enjoy the status of a king.

Prithuyasas, the illustrious son of Varaha Mihira in his '*Hora Sara*' (19/6) says

सौम्यैर्यत्तसिद्ध कूरैर्यत्तात्फलं समाप्नोति ।

पापाधियोगजाते विपरीतफलं विनिर्देश्यम् ।।

Should Adhiyoga causing planets be benefics by nature, the results will mature effortlessly, when benefics conjunct malefics, yield such results only after efforts. One born in malefic caused Adhiyoga will get adverse results only. The point here is that conjunction of malefics retard or block the results of the benefics and Adhiyoga loses its strength considerably.

Here is the chart No.9 of Chhatrapati Shivaji, the great Maratha warrior. The Yoga formed is quite strong even though Jupiter is conjunct the Sun. Shivaji was a very pious king as he respected ladies, even those who belonged to his enemies, the Moghuls.

Readers may look for this Yoga the chart of Sardar Vallabh Bhai Patel under Sasa Yoga. Every one knows

Sardar as a leader of great integrity, firmness and pious attitudes. This Yoga is quite often found in the charts of judicial officers.

7. LAGNADHI YOGA (लग्नाधि योग)

DEFINITION

Should the benefic planets occupy the 6th, 7th and 8th houses from the Lagna and are neither conjunct with nor aspected by the malefic planets which are in positions other than the 4th Bhava, the celebrated Lagnadhi Yoga is present.

RESULTS

The native born in the Lagnadhi Yoga will produce many scientific works, acquire philosophical training, hold a rank in army, will be pious and generous and will enjoy the advantages generated out of the fame and fortune.

COMMENTS

Lagnadhi Yoga is equally important as is Adhi Yoga. Here emphasis is on the non-afflictions of the 4th house because with an afflicted 4th house, the native cannot enjoy comforts. 'Saravali' (34/13), ascribes to the native ministership, leadership of an army, and kingship, lordship over many women, long life, freedom from diseases and miseries, possession of virtues and happiness.

Below is the chart of a supreme court judge who enjoyed all kinds of comforts during his life time. The Yoga here is not a classic one, but the presence of Saturn, the Yogakaraka with Venus, the Lagna lord enhances the impetus of the horoscope as a Rajayoga. Lagnadhi Yoga is also present in the chart of Sardar Vallabh Bhai Patel discussed under Sasa Yoga.

8. SUNAPHA YOGA (सुनफा योग)

DEFINITION

If there are planets excepting the Sun in the 2nd house from the Moon, Sunapha Yoga is caused.

RESULTS

An individual born under Sunapha Yoga will be a king or his equal with self acquired property and be renowned for his wisdom and wealth.

COMMENTS

The Moon is very vital in this Yoga and the two Yogas following it. Sunapha Yoga has much to do with the financial prosperity of the native. The nature and the way of getting prosperity depends upon the planets in the 2nd and the 2nd lord from the Moon.

"Hora Sara" (19/2) says-

स्वार्जितधनोपभोक्ता धीमान् नृपसंमतो नृपो वाऽपि ।
शास्त्रार्थवित्प्रवक्ता धर्मपरः ख्यातिमांश्च सुनफायाम् ॥

In this Sloka, the key word is स्वार्जितधनोपभोक्ता means he will enjoy money earned by his own exertion. This money particularly will be earned in the Dasas and Bhuktis of the planets causing the Yoga.

'Jataka Parijata' (7/86-89) says-

Mars in the 2nd from the Moon makes one capable, fierce, cruel, hypocritical, wealthy, valiant and irritable.

Mercury in the 2nd from the Moon makes one well versed in Vedas, fine arts and music, highly intelligent, agreeable speaker and pious.

Jupiter in the 2nd from the Moon makes one knowledgeable in every respect, prosperous, with good family, lordly and famous and equal to a king.

Venus in the 2nd from the Moon makes one rich in cattle and horses, live in regal splendour, with much property, possessed of agricultural lands and married. Saturn in the 2nd from the Moon makes one wealthy, talented, versed in every kind of business and to gain esteem of the people in towns and villages.

The readers will find above discussion very much related to the Sloka of 'Hora Sara' mentioned earlier and particularly to "स्वार्जितधनोपभोक्ता".

The following chart is of Sir C. P. a well known diplomat and minister who earned his livelihood by deploying his brain and analytical faculties. Mercury is in the 2nd from the Moon, in sign of Mars who himself is in his own sign.

9. ANAPHA YOGA (अनफा योग)

DEFINITION

If there are planets, excepting the Sun, in the 12th house from the Moon, Anapha Yoga is caused.

RESULTS

An individual born under Anapha Yoga will be virtuous, eloquent in speech, will enjoy food, drinks, robes and females, will be famous, retrospecting, will possess a handsome body and renounces the world in advanced age.

COMMENTS

The Moon is again the pivot in this Yoga as other five planets individually or in combinations fall in the 12th to her. This Yoga forms an extremely wealthy combination, if the 12th from the Moon is occupied by exalted Venus or Jupiter for Aries and Leo Lagnas.

'Hora Sara' (19/3) describes beautifully thus-

नयविनयज्ञो धृतिमाननेकशास्त्रज्ञो महाविभवः।

अनफायामुत्पन्नः स्त्रीणां वशगोऽतिमानी स्यात्॥

One born in Anapha Yoga will have political and moral wisdom, be steadfast, know many scriptures and be enormously wealthy. He will remain captured by the fair sex and be honoured.

Sunapha and Anapha Yogas caused by the debilitated planets will only yield adverse results. For example Venus in 12th in Virgo from the Moon in Libra Lagna. This situation causes immoral conduct at the cost of physical comforts, health and long life. In his advanced years when the native would have lost everything, he may proceed for spiritual emancipation and may renounce the world.

'Jataka Parijata' gives following results for the individual planets in the 12th house from the Moon-

If he be Mars, the native will be arrogant, quarrelsome, wrathful, bold, chief of a band of marauders, resolute and of an alluring presence.

If he be Mercury, the native will efficiently discourse on music and drawing, be learned, eloquent, handsome, renowned and venerated by kings.

If he be Jupiter, the native will be honoured by kings, very intelligent, earnest and full of energy, possessed of great status and wealth.

If he be Venus, the native will be a charmer of women, owning numerous cattle and the like, highly intelligent, rich in cash and grain.

If he be Saturn, the native will have long arms, be meritorious, be possessed of numerous cattle and the like, be a leader and his words having depth be accepted and be yoked to bad women.

According to Western Astrology planet rising ahead of the luminaries in a clockwise direction affects the career very much and indicates the profession and individuality. The aspects to this planet who is called the 'Scout planet' also mould the subjects characteristics in consonance with the aspecting planet.

If Mercury is the Scout planet the native's course of action is related to the books, communication media, conversation with coborn and neighbours and persons in immediate environment.

If Venus is the Scout planet the native's course of action is related to romantic or marital relationships, social activities, aesthetic values and business affairs. The individual has special ability of dealing with the life circumstances in a very diplomatic and harmonious way.

If Mars is the Scout planet the native makes major advances through creative efforts. He has a strong strategic sense and planning to get his ambitions realised. Being of challenging disposition he is liable to some strife and consternation.

If Jupiter is the Scout planet the native's course of action is related to cultural, religious, educational and moral percepts. He inspires others also in realising their goals.

If Saturn is the Scout planet the native's course of action is related to organising and planning major creative endeavours. The native gets the help of an old and mature individual in guiding his career and the development of his creative potential. The native has a strong grasp of the practical necessities of life and therefore builds a solid foundation for further growth and thus achieves status and position.

'Brihat Parasara Hora Sastra' (37/13) observes thus:

The Yogas (like Sunapha, Anapha, Durudhura, Kemadruma, Chandradhiyogā etc.) prevail over the other good or bad Yogas in the horoscope. Hence one must analyse the good and bad effects of the Yogas from the Moon.

Mars 5	Ketu 3			Jupiter	Ketu
6	Saturn	2			
	4	1			Lagna Saturn
7	10	12			
Sun Mercury 8	Moon 9	11	Moon		Mars
Rahu Venus			Rahu Venus	Sun Mercury	

Look at the above chart of Smt. Indira Gandhi, Late Prime Minister of India. See the results of Venus in 12th from the Moon. She was highly intelligent, rich and prosperous. Venus with Rahu in 12th from the Moon makes one a shrewed diplomat (which she was) who knows the pulse of masses.

10. DURUDHURA YOGA (दुरुधरा योग)

DEFINITION

If there are planets excepting the Sun on either side of the Moon, the configuration is named Durudhura Yoga.

RESULTS

The individual born under Durudhura Yoga will be bountiful, will enjoy enormous wealth and comforts.

COMMENTS

By different placements of planets in the houses adjacent to the Moon, the person's mind is coloured by the characteristics of those planets and he proceeds to find his place in this world accordingly to enjoy power and wealth. There are 31 varieties of Sunapha Yogas and equally the same number for Anapha Yogas and there are 180 kinds of Durudhura Yoga transmutations. Planets around the Moon in debility or some other way weak do not cause a good quality Durudhura Yoga.

Compared to Sunapha and Anapha Yogas, Durudhura Yoga is more effective and does not occur so frequently. The Moon is enormously fortified to yield good results if flanked by the planets on both of its sides.

'Brihat Parasara Hora Sastra' (37/10) describe the Yoga:

उत्पन्नसुखभुग् दत्ता धनवाहन-संयुतः ।
सद्भृत्या जायते नूनं जनो दुरुधुराभवः ॥

One born in Durudhura Yoga will enjoy pleasures, be charitable and endowed with wealth, conveyances and excellent serving force.

In the above Yogas the term 'excepting the Sun' is used because the Moon near to the Sun is not a benefic being weak in Paksha Bala. It is the strength of the Moon which is instrumental in these Yogas and other Lunar Yogas.

Some important combinations are -

The subject with the Moon between Mars and Mercury will be untruthful though merited and clever. He will be depraved, censorious and avaricious and addicted to unchaste women.

The subject with the Moon between Mars and Jupiter will be renowned, owns fortunes due to his mighty exertions, but harassed by foes.

The subject with the Moon between Mars and Venus will be handsome, attractive, cruel, cheerful, virtuous, wealthy, but swerve morality.

The subject with the Moon between Mars and Saturn will be addicted to vilely women, wrathful, rich, treacherous, contending with numerous enemies, but unscathed and unconstrite.

The subject with the Moon between Mercury and Jupiter will be pious, conversant with sacred scriptures, eloquent, facile in opposition, associated with noble men and of great fame.

The subject with the Moon between Mercury and Venus will be versed in dancing, music, love making, handsome, intelligent and will be of heroic temperament and agreeable speech.

The subject with the Moon between Mercury and Saturn will be revered, have moderate wealth and learning, averse to his kiths and kins and will roam in foreign lands.

The subject with the Moon between Jupiter and Venus will be princely, prosperous, polite, valiant, celebrated and guiltless.

The subject with the Moon between Saturn and Jupiter will be comfortable, knowledgeable and learned, handsome, worthy, owning wealth, conciliatory powers and humility.

The subject with the Moon between Venus and Saturn will be a leader in his tribe, wedded to ancient systems, will have much wealth, will enjoy royal favours and will lord a band of worthless females.

'Jataka Parijata' (7/107) says

चन्द्रः सराहुर्यदि वा सकेतुश्चन्द्रादहिर्वा यदि रिःफयातः ।

नीचास्तगो वा यदि योगकर्ता जातस्य मिश्रं फलमाहुरार्याः ।।

If the Moon be in conjunction with Rahu or Ketu or if Rahu occupies 12th house from the Moon, or if the planet producing Durudhura Yoga be depressed or obscured by the Sun's rays, the effect of the Yoga will be of mixed type to the person there in.

See the chart No.15 of a millionaire enjoying ancestral wealth and his own earnings are also very good. He is enjoying loyal servants and conveyances. He has an electrifying intellect. The Moon in a watery sign is flanked by Saturn (in own sign) and Jupiter (in a Martian sign) and aspected by Mars from the discriminating sign Virgo.

See another chart No.16 of a girl who was born under very humble circumstances, when she was of 27 years of age and working on a meagre salary was married to an N.R.I. doctor. The fortunes took turn so suddenly and now she is very much happy there in Canada. Jupiter and Venus are causing Durudhura Yoga here.

in the absence of above three Yogas, Kemadruma Yoga is caused, but some do not acknowledge this Yoga if the quadrants from the Lagna or the Moon are associated with other planets or the Moon herself is angular to the Lagna. Some even go to extent for failure of Kemadruma Yoga if

there are planets in quadrants from the Moon or Lagna in Navamsa also. But the holders of the later view are not recognized authorities on Astrology.

The Sloka mentioned above from '*Jatak Parijata*' is originally from Varaha Mihira's '*Brihat Jataka*'.

The essence of all the Lunar Yogas seems to lie in the fact that the Moon should be under the effect of some planet. The Moon or the mind of an individual does not get initiation if it is not influenced by any of the planets excepting the Sun. If she is near to the Sun she does not have strength. It seems to us that there is no Kemadruma Yoga if the Moon in any manner is influenced by any of the five planets excepting the Sun. In support of our view we give the following example.

The native of the chart given below was born at New Delhi on 4-1-1958 at 1-05 P. M. There is no planet in the 2nd and 12th or 4th and 10th from the Moon or Lagna. The native is an N.R.I. and a doctor by profession. There is Chandradhi Yoga caused even by the malefics as well as the benefics.

Ketu 1 2 11 10 Venus 12 9 8 Mars Saturn 7 6 5 4 3 Moon Sun Mercury Rahu Jupiter				Lagna	Ketu		Moon
					Chart No. 17 -		
				Venus			
				Sun Mercury	Mars Saturn	Rahu Jupiter	

Moreover, the Moon is aspected by Jupiter and Mars. As said earlier under Chandradhi Yoga, the native became a doctor after great efforts due to Adhi Yoga caused by the malefics as well as the benefics.

Here our view is endorsed by the presence of other Lunar Yogas even though Kemadruma Yoga is there. We can formulate a principle that the native is as much affluent as many Lunar Yogas he has in his chart except Kemadruma Yoga.

12 TO 24. DARIDRA YOGAS Or KEMADRUMA YOGAS

(दरिद्र योग या केमद्रुम योग)

(contd.)

The following conditions mentioned in *Jataka Parijata* are also recognised conditions as Kemadurma Yogas or Daridra Yogas.

12. The Moon in the 1st or 7th house without benefic aspect of Jupiter.
13. The Moon conjunct the Sun occupies a malefic Navamasa and is aspected by a depressed planet.
14. The 8th house from the waning Moon is occupied or aspected by a malefic planet for a night born native. The Yogas at 13 and 14 are also called Daridra Yogas.
15. The Moon seized by Rahu or Ketu and aspected by a malefic planet.
16. The 4th house from the Moon or Lagna occupied by a malefic.
17. The Moon seized by Rahu or Ketu and aspected by a benefic who is defeated in planetary war.
18. The Moon in the sign Libra, but in the malefic Vargas aspected by a depressed or inimical planet.
19. The Moon in a quadrant or trine, but in the Vargas of her depression or inimical signs and Jupiter also in the 6th, 8th or 12th to her.
20. The Moon in a movable sign, in a malefic Navamasa aspected by an inimical planet, but not aspected by Jupiter in any manner, the poverty to the native is unparalleled.
21. Saturn and Venus occupying the Vargas of depressed or inimical planets aspect each other or are in the same sign, even the native of a princely family will experience the effect of Kemadruma Yoga.
22. For a night birth, the Moon with a malefic occupying a malefic sign or Navamsa and aspected by the 10th lord who is weak.
23. The Moon in depression Navamsa associated with a planet in Khala state.

24. For a night birth waning Moon occupying her depression sign.

All the above Yogas are Yogas for poverty and are suggestive of Kemadruma Yogas.

Following are the exceptions of Kemadruma Yoga and a few other we have discussed in the earlier part of Kemadruma Yoga.

- (i) The Moon or Venus occupying a quadrant be aspected by Jupiter.
- (ii) The Moon associated with a benefic planet.
- (iii) The Moon occupying the Navamsa of a very friendly planet or her exaltation sign and is aspected by Jupiter

In '*Jataka Parijata*' the following Sloka is very suggestive

योगे केमद्रुमप्राप्ते यस्मिन् कस्मिंश्च जातके ।

राजयोगा विनिश्चयन्ति हरिं दृष्ट्वा यथा द्विपा ॥

If in any horoscope Kemadruma Yoga comes in, the Rajayogas disappear like elephants on seeing a lion.

COMMENTS

The Moon sign is also a Lagna and signifies all aspects about wealth as the Moon is co-ruler of Taurus, being exalted there in. Taurus is the house of wealth of the natural zodiac. Whenever the Moon is rendered weak by aspects, by Navamsa position and there is/are no relieving aspects, she causes the Yoga for poverty. Whenever all the quadrants from the Moon or the Lagna are occupied by the malefics, the environmental factors push the native financially into dire straits.

Therefore, the strength of the Moon is essential to cross the ocean of this materialistic world satisfactorily.

25. ADHAMA YOGA (अधम योग)

DEFINITION

If the Moon is in a quadrant from the Sun, Adhama Yoga is present.

RESULTS

The native will enjoy meagre comforts, wealth, conveyances, honour, property, knowledge, wisdom, efficiency, generosity and education.

26. SAMA YOGA (सम योग)

DEFINITION

If the Moon is in the 2nd, 5th, 8th or 11th house from the Sun, Sama Yoga is produced.

RESULTS

The results described in Adhama Yoga are enjoyed moderately.

27. VARISHTHA YOGA (वरिष्ठ योग)

DEFINITION

If the Moon is in the 3rd, 6th, 9th or 12th house from the Sun, Varishtha Yoga is caused.

RESULTS

The results described in Adhama Yoga are in abundance. 'Brihat Jataka' declares the moral training, wealth, knowledge and intellectual precision to be lowest, middling or highest respectively in the three Yogas told above. 'Brihat Jataka' (13/1) further states-

अह्नि निशि च चन्द्र स्वेऽधिमित्रांशके वा,
सुरगुरुसिते दृष्टे वित्तवान् स्यात् सुखी च॥

If the Moon be in her own Navamsa or in that of a very friendly planet and if it be aspected by Jupiter, the individual born will be wealthy; if the Moon be aspected by Venus, the native will be happy in both the cases, whether his birth takes place by the day or by the night.

Again, the discussion seems to conclude that the strength of the Moon is paramount, be it by placement, by good aspects from the fortunes (Jupiter and Venus) or by some other way discussed in the Yogas so far or yet to be discussed further.

28. VASUMATI YOGA (वसुमति योग)

DEFINITION

If all the benefics are in the 3rd, 6th, 10th and 11th houses from the Lagna or the Moon, Vasumati Yoga is formed.

RESULTS

The native born under Vasumati Yoga will always command wealth and never be dependent.

COMMENTS

Vasumati Yoga is chiefly concerned with the wealth than any thing else. The intensity of the Yoga gets fortified with the exaltation, Moolatrikona or own signs of the planets concerned. The Yoga is present feebly even if the planets concerned are in enemy signs.

Varaha Mihira in his '*Brihat Jataka*' declares the native to be immensely rich, if the four benefics are in Upachaya (3, 6, 10 and 11) houses from the Lagna and if these benefics are in the Upachaya houses from the Moon, he will be an ordinary landlord. The wealth will be less if the number of benefics is less. Even if there be other malefic Yogas present, the effect of this Yoga will prevail.

'*Phala Deepika*' (6/19) declares that the native will have immense wealth and will remain at home always. In olden times residence in a foreign land was considered to be bad.

The native of the following chart though was born under very humble circumstances is fairly wealthy and prefers to pursue a profession near to or at his home.

Jupiter 8	Moon 6	Venus	Rahu

7	4 Saturn				
Mercury 10	1 Rahu

29. SHUBHA YOGA (शुभ योग)

DEFINITION

Should the rising sign be occupied by the benefic or malefic planets, the Yogas produced are termed Shubha and Ashubha respectively.

RESULTS

The native born under the Shubha Yoga is eloquent, handsome, amiable and worthy while the one born under the Ashubha Yoga is lustful, wicked and fed on what belongs to other's.

COMMENTS

The two Yogas are simple and do not require any elaboration, however, the intensity of the Yogas as usual depends upon the strength of the planets involved.

30. KARTARI YOGA (कर्तारि योग)

DEFINITION

Should the 12th and 2nd houses from the Lagna be occupied by the malefic or benefic planets, the Yogas structured are termed as Papakartari and Soumyakartari respectively.

RESULTS

The person born under the Papakartari will be a criminal, eating begged food and impure while one born under Shubhakartari will have lustre, wealth and strength.

COMMENTS

The interpretation is simple and requires no explanation. The results are almost identical as talked about under Durudhura Yogas.

In Mahatmā Gandhi's chart the Lagna is between malefic Saturn and the cruel Sun. Mars is also in the Lagna, therefore, he fell victim of violence.

31. VESI YOGA (वेसि योग)

DEFINITION

If a planet or planets, excepting the Moon, are in the 2nd house from the Sun, Vesi Yoga is caused.

RESULTS

The person will be virtuous, happy, famous and fortunate.

COMMENTS

There can be two kinds of Yogas, one formed with the malefics gives bad results and other formed with the benefics around the Sun gives good results. The person born in auspicious Vesi Yoga is amiable, eloquent, wealthy, intrepid and triumphant over his foes, while the person born in inauspicious Vesi Yoga is fond of bad company, evil minded and bereft of riches and comforts. There can be many varieties even with the benefics. Jupiter in fall cannot be as auspicious as in exaltation, that is, in Cancer. A malefic or ill placed benefic in the 2nd from the Sun does affect the eye-sight of the individual.

As an example see the chart No.20, where Venus and Mercury are in the 2nd from the Sun, the native earned a good amount of wealth in his career, toured many times to foreign countries in his life time. Venus and Mercury get more impetus due to the aspect of Jupiter.

32. VASI YOGA (वासि योग)

DEFINITION

If a planet or planets, excepting the Moon, are there in the 12th house from the Sun, Vesi Yoga is caused.

RESULTS

The individual will be happy, prosperous, generous and favourite of the rulers.

COMMENTS

Like Vesi Yoga this Yoga also has two types. 'Horasara' (19/11) has described Vasi Yoga beautifully—

पापमतिर्विकलांगो निद्रालस्य श्रमान्वितो वासौ ।

पापैरेवं सौम्यैर्बलयुक्तैः सर्वसौख्यसम्पन्नः ।।

If the malefics cause Vasi Yoga, the native will be sinful, defective limbed, sleepless and laborious and if the benefics cause Vasi yoga, the native is blessed with all kinds of comforts and wealth.

If malefics are there in the 12th from the Sun, the native is ill natured and spends for ill causes. He is wicked and has to remain in exile. If benefics are there in the 12th from the Sun, the native spends for the cause of others.

The native of the chart No.21 was born on 24-11-1964 at 10-07 A.M. New Delhi. He has Venus in 12th from the Sun. The native has to spend a lot on meeting expenses of her wife. He is also lax in morals.

33. UBHAYACHARI YOGA (उभयचारी योग)

DEFINITION

If the planets, excepting the Moon, are present in the 2nd and 12th from the Sun, Ubhayachari Yoga is caused.

RESULTS

The individual born under Ubhayachari Yoga will be even bodied, firm, proudy, over enthusiastic, eloquent speaker, wealthy and famous.

COMMENTS

This Yoga is frequently present in the charts because Venus and Mercury do not have much elongation from the Sun. The native is wicked if the Sun is flanked by evil planets and amiable if by the benefics. In uplifting the native, these solar Yogas are not as much efficient as the other Raja Yogas are. The Sun represents the ego element of an individual and these solar Yogas have much to do with the kind of ego development of the individual.

For the ego development judge the chart No. 22 of a girl born on 07-07-1972, at 5:10A.M. New Delhi. She displays falsely elated ego and is always busy in posing herself more beautiful and exceptional than others. Jupiter's aspect to the Sun accentuates this element. The Sun is hemmed in between Mars and Saturn. So she is very much self centred. She becomes abusive, if her demands are not met. See Mars with Mercury and the Moon in a Martian sign. She is not

courteous even to her father, Venus with Saturn (selfishness) and the Sun hemmed between the malefics.

34-35 GAJA KESARI YOGAS (गजकेसरी योग)

DEFINITION

34- Should Jupiter occupy a quadrant from the Moon, the Yoga produced is called Gaja Kesari.

35- Should the Moon be conjunct or aspected by the benefics who are neither depressed nor obscured by the Sun, the structured Yoga is Gaja Kesari.

RESULT

One born under Gaja Kesari Yoga will be splendidous, wealthy, generous, intelligent, endowed with many virtues and will be remembered for his merits even after his heavenly abode.

COMMENTS

The prime factor is that the abilities of mind are increased and the person settles in the life auspiciously. Verbatim application of the Yoga as told in the classics can be disastrous and requires the adaptation according to modern conditions. In olden times the prime aim of the people was to be in the good books of the ruler so that one could settle very well in life. Now a days many avenues have opened up where one can employ his merits and thus become known, famous and prosperous. Gaja Kesari Yoga works with in the perspective of one's qualifications, social

conditions and merits. Whatever field one chooses, he excels over others under the impetus of Gaja Kesari Yoga; of course the tenor of the horoscope and the other Yogas present in the chart are also vital in fixing one's status in the world.

Chart No.25 is of a native who started his own business with a small capital and rolled in millions there after. Jupiter is in the 10th from the Moon and his dipositor is in the 7th from the Lagna causing Malavya Yoga, therefore, Jupiter is strong. Sasa Yoga is also present along with Gaja

Saturn though Yogakaraka yet does not leave his sting and brings about ones debacle if achievements are made by crushing the human values, for he is the great guardian of democratic values.

37. AMLA YOGA (अमला योग)

DEFINITION

Should the 10th house from the Lagna or the Moon be occupied by a benefic, Amla Yoga results.

RESULTS

The individual born under Amla Yoga will be endowed with ever lasting fame and unfainting prosperity till the end of his life.

COMMENTS

The strength of the Lagna or the Moon and particularly of the planet in 10th is vital here. Due consideration is to be given to sign and aspects to the 10th house where the benefic planet is anchored. It is said that any planet in the 10th gives prosperity in his Dasa-Bhukti, although the malefic gives after sustained efforts and perhaps through questionable means. At the same time a badly placed malefic is surely not for making one a man of character. Amla means pure, so conclusively we can infer that stronger the benefic in the 10th, strongly through fair means the prosperity and affluence will be achieved.

38. BHASKARA YOGA (भास्कर योग)

DEFINITION

If Mercury be in the 2nd house from the Sun, the Moon be in the 11th house with respect to Mercury and Jupiter be in a trine (5th or 9th) from the Moon, the Yoga is called Bhaskara Yoga,

RESULTS

The individual will be brave, lord like, learned in scriptures, handsome, with the wealth of music tones, resolute and competent.

COMMENTS

From the configuration of planets the Sun will fall between the Moon and Mercury. The Moon being aspected by Jupiter will get strength who is otherwise weak being near to the Sun. Thus there will be auspicious Ubhayachari Yoga. Mercury will also be aspected by Jupiter, both the Sun sign and the Moon sign thus will become strong.

Following is the chart of Goswami Gokul Nath ji, where Bhaskara Yoga is quite evident. He was valorous, protector of human values, famous among masses, learned in

scriptures, fond of music and poetry and admirer of artifice. Five Planets are under the auspices of Jupiter which in itself is the beauty of the horoscope.

			3		Saturn	Lagna Venus Mercury Mars
						Sun

In this Yoga, if Jupiter is in 9th from the Moon even then Mercury will be sextile to Jupiter which is an auspicious aspect in Western Astrology.

39. MARUT YOGA (मारुत योग)

DEFINITION

If Jupiter is in a trine (5th or 9th) from Venus, the Moon in the 5th house from Jupiter and the Sun in a quadrant from the Moon, the resulting Yoga is termed as Marut Yoga.

RESULT

The individual will be efficient in bargaining, broad chested, rich, of royal rank, big bellied and well versed in scriptures.

COMMENTS

The disposition of the Moon, Venus and Jupiter in trine to each other is peculiar to this Yoga and the Sun should be in a quadrant from the Moon. The Moon in a quadrant from the Sun is volatile and the person's mind moves swiftly like the Marut (wind) but the 5th and 9th positions of Jupiter and Venus from the Moon do not let her be volatile and thus the results are auspicious.

The following horoscope is a good example. The native was a manager in a private firm with good emoluments. He was

very intelligent and efficient in discharging his duties. Jupiter in Virgo made him a good analyst and programmer.

40. PARIJATA YOGA (पारिजात योग)

DEFINITION

If the Lagna lord occupies the same position in two Vargas identical to his exaltation, Moolatrikona or own sign, the resulting Yoga is Parijata Yoga.

RESULT

The native will secure comforts, be valorous, generous, intelligent and famous.

COMMENTS

The Lagna lord becomes strong by occupying two of his own Vargas. He is then called in Parijatamsa. As much own Vargas he gets as much strong he becomes.

Chart No.30 of Late President Dr. Rejendra Prasad illustrates this very well even though the Lagna lord is not in his own or exaltation sign. Jupiter is in Leo sign and Leo Navamsa, that is, Vargottama. Since Jupiter is in Leo, in sign and Navamsa, therefore in Parijatamsa.

41. PARIJATA YOGA (पारिजात योग)

DEFINITION

Should the dispositor or Navamsa lord of the Lagna lord's sign lord be posited in a quadrant or trine or in his exaltation or own sign, the structured Yoga is Parijata.

Chart No. 30							
							Jupiter 14°
				Lagna 20° Mars 70° Mercury 6°	Sun 20°	Venus 14°	Rahu 19°

RESULTS

The native born under Parijata Yoga will be a sovereign, destined to be happy past his prime, will have a say and respect among ruling classes, will conform to traditions and customs, will be compassionate and attentive to his duties and engagements.

COMMENTS

Parijata Yoga is a powerful Rajayoga and may be held in high esteem. It lifts a person equivalent to the status of a king or head of a monastery if Yogas for ascetism are present or head of a religious sect if Yogas for religious supremacy are present.

For Parijata Yoga scholars opine to have it formed, if the dispositor of the Lagna lord's sign lord or the Navamsa lord of the Lagna lord's sign lord joins a trine, quadrant, own or exaltation place. This also seems to have weight.

Sata Yoga Manjari puts it like this, viz, if the dispositor of the 9th lord's sign lord is exalted and the Lagna lord with a benefic is in a quadrant, Parijata Yoga is formed.

This also is quite impetuous as both the Lagna lord and the 9th lord gain momentum to produce elated personality.

Chart No.31 of Vinoba Bhave is illustrative of Parijata Yoga. The Lagna lord's sign lord the Moon's dispositor Venus is in a quadrant and strong also, having cancelled its debilitation for being with exalted Mercury. Who does not know this great Bhudaan leader, a true disciple of Mahatma Gandhi and a sincere propagator of Ahimsa movement.

42. KALANIDHI YOGA (कलानिधि योग)

DEFINITION

Jupiter be in the 2nd or 5th conjunct with or aspected by Venus and Mercury, or Jupiter be in the 2nd or 5th identical with the signs of Venus or Mercury, Kalanidhi Yoga results.

RESULT

The person born in Kalanidhi Yoga will be gallant, passionate, amiable for his virtues, greeted by ministers or authorities, will remain exempt from diseases, dangers and foes and will be a multi faceted personality.

COMMENTS

Kalanidhi Yoga seems to induce good qualities in the native. Jupiter in Mercury's signs is highly convertible and intelligent and can take turn according to the demand of the situation for his own good while in Venus's signs is a wealth magnet and possessed of philanthropic qualities.

An ideal example of Kalanidhi Yoga is the chart No.32 of Guru Nanak Devji, the founder of Sikhism, Jupiter in the 2nd made him highly intelligent. The Moon and Saturn in the 10th cause a Pravrajya Yoga; this being in a fixed sign, he always talked of the practical aspects of the religious philosophy. The Moon and Saturn made him preach in practical terms for the benefit of mankind.

43-45. LAKSHMI YOGAS (लक्ष्मी योग)

DEFINITION

43. If the Lagna lord is powerful and associated with the lords of quadrants and trines, a powerful Lakshmi Yoga is formed.

44. If the 9th lord being in his exaltation sign, Moola Trikona sign or own sign, is in a quadrant from the Lagna and the lord of Lagna is strong, a Lakshmi Yoga is formed.

45. If the 9th lord and Venus in their exaltation or own signs are in quadrants or trines then also Lakshmi Yoga is caused.

RESULTS

The person born in Lakshmi Yoga will be endowed with good qualities, handsome, a ruler of a good region, religious, without disease, a man of high status and integrity, prestigious, honoured by kings, owning a noble wife of charitable disposition, protecting his own people and enjoying wealth and comforts of life.

COMMENTS

It is obvious that Lakshmi Yoga is based upon the strength of the Lagna lord, the 9th lord and Venus. As the name suggests this Yoga has particularly to do with the wealth; other Yogas and strength of the chart will decide the degree of wealth attained by the native.

See, 'Jataka Parijata' (7/152)-

केन्द्रमूलत्रिकोणस्थे भाग्येशे परमोच्चगे ।
लग्नाधिपे बलाद्वये च लक्ष्मीयोग इतीरितः

Here the 9th lord is placed in a quadrant identical with his Moola-trikona sign and the Lagna lord possessed of strength, is placed in his exaltation sign in a quadrant.

Again 'Jataka Parijata' (1/153) says—

गुणाभिरामो बहुदेशनाथो विधामहीकीर्तिरनङ्गरूपः ।

दिगन्तविश्रान्तनृपालवन्द्यो राजाधिराजो बहुदारपुत्रः

The person born in Lakshmi Yoga will be a king of kings, amiable for his virtues, ruling over vast regions, widely famous for his learning, handsome as Cupid, bowed to by kings from the farthest regions of earth and having several wives and sons. 'Phala Deepika' (6/21) says—

स्वर्शोच्चे यदि कोणकण्टकयुतौ भाग्येशशुक्राबुधौ,

लक्ष्म्याख्योऽथ तथाविधे हिमकरे गौरीति जीवेक्षिते ।

If the 9th lord and Venus are in their exaltation or own signs in quadrants or trines cause Lakshmi Yoga. Again 'Phala Deepika' (6/24) says—

नित्य मङ्गलशीलया वनितया क्रीडत्यरोगी धनी,

तेजस्वी स्वजनान् सुरक्षति महालक्ष्मी प्रसादालयः ।

श्रेष्ठान्दोलिकया प्रयाति तुरगस्तम्बेरम्यासितो,

लोकानन्दकरो महीपतिवरो दाता च लक्ष्मीभवः ।।

One born in Lakshmi Yoga enjoys regularly the well cultured lady, such a person is valorous, is capable of protecting his men and is blessed by goddess Lakshmi. The person remains healthy and enjoys all kinds of conveyances. This person pleases all, for his charitable disposition and is the king of kings.

As an example we give here the chart No.33 of Sir Mirza Ismail, ex-minister of Mysore State. Here the 9th lord is in the Lagna in his exaltation sign with the lord of Lagna, Venus is in his Moolatrikona sign in a quadrant. He enjoyed prosperity, fame, honour, wealth and estates.

Chart No.34 is that of Alexander the great. The Lagna lord is not very strong by placement but the exalted Moon, the dispositor of the Sun and Mars (two royal planets) is in the Lagna, aspected by Jupiter. Therefore we cannot say the Lagna to be weak. The 9th lord Saturn is in his own sign in the 10th house, Venus is also moderately good. Thus the requirements for Lakshmi Yoga are present

46-48. KAHALA YOGAS (काहल योग)

DEFINITION

46. Should the lords of the 4th and 9th be in quadrants to each other and the Lagna lord be strong, Kahala Yoga results.

47. Should the 4th lord be in his exaltation or own sign, aspected by or conjunct with the 10th lord, Kahala Yoga is produced.

48. Should the dispositor of the Lagna lord's sign lord be in a quadrant or trine identical with his own or exaltation sign, the structured Yoga is Kahala.

RESULTS

One born under Kahala Yoga will be splendorous, vigorous, daring, endowed with a complete army and will rule over a few villages.

COMMENTS

In modern context the influence of Kahala Yoga may raise the native in the capacity of a collector, a police superintendent or a deputy commissioner.

The Yogas at 46 and 47 are from *Jataka Parijata* while at 48 is from *Phala Deepika* and all the configurations enhance strength of the horoscope.

Brihat Parasara Hora Sastra holds (i) the 4th lord and Jupiter in mutual quadrants and the Lagna lord in strength and (ii) the 4th lord in his exaltation or own sign being aspected by or conjoined with the 10th lord.

The example horoscope No.35 is of the Prime Minister of a former Princely State of pre-independence India. Kahala Yoga at 46 and 47 apply to this chart in full measures.

49-60. MALIKA YOGAS (मलिका योग)

DEFINITION

Should all the seven planets be continually in seven consecutive houses commencing from the Lagna or any other house, the Malika Yoga named after the commencing house results.

RESULTS

Lagna Malika native will be a ruler commanding wealth. A *Dhana Malika* native will be virtuous, resolute, hoarder of wealth and dutifully reverent towards parents. A *Vikrama Malika* native will be heroic, wealthy but sickly. A *Matru*

Malika native will be liberal, sovereign and enjoying good fortunes. A *Suta Malika* native will be a follower of rituals, generous and wealthy. A *Ripu Malika* native will be getting wealth occasionally and be greedy. A *Kalatra Malika* native will be dear to persons in authority and women folk. A native at whose birth *Malika Yoga* commences from the 8th house will be blessed with long life, distinguished, henpecked and poor. A *Bhagya Malika* native will be mighty, virtuous, religious and fond of long travels. A *Karma Malika* native will be virtuous, held in high esteem and doing good deeds. An *Aaya Malika* native will be competent, princely, paragon of own sex and much loved by fair sex. A *Vyaya Malika* native will be extravagant and honoured for his liberal attitudes.

COMMENTS

The shadowy planets Rahu and Ketu have not been involved in *Malika Yogas* perhaps because of not possessing a physical body. The names mentioned above indicate the inception houses of *Malika Yogas*. Almost all authorities agree to the above scheme of *Malika Yogas*, but only *Bhavartha Ratnakara* takes it to start from the Lagna.

61-62. CHAMARA YOGAS (चामर योग)

DEFINITION

61. Should the Lagna lord be in a quadrant in his exaltation sign and be aspected by Jupiter, the resulting Yoga is Chamara.

62. Should the two benefic planets be in the Lagna, 7th, 9th or 10th house, the Yoga formed is termed as Chamara.

RESULTS

A native born in the Chamara Yoga will be either a philosopher, wise, proficient in scriptures, eloquent or one held in high esteem.

COMMENTS

In the first type the Lagna lord is provided strength while in the second type either of the three quadrants leaving the 4th or the 9th house is strengthened.

Phaladeepika puts it in a different way, viz, the Lagna be occupied by a benefic while the Lagna lord be in a benefic house or exaltation.

Sata Manjari Raja Yoga puts it like this, viz, the 4th lord be exalted and his exaltation lord be in the 10th house and the Lagna lord be in the 9th house, the resulting Yoga is Chamara.

In the above chart of a millionaire the Lagna lord is exalted in the 10th house and is also aspected by Jupiter indicating Chamara Yoga to be evident.

63-64. SHANKHA YOGAS (शंख योग)

DEFINITION

63. The lords of the 5th and 6th mutually disposed in the quadrants and the Lagna lord in strength constitute Shankha Yoga.

64. The lords of Lagna and the 10th disposed together in a movable sign and the 9th lord in strength constitute Shankha Yoga.

RESULTS

The native born under Shankha Yoga will live a pleasant life, be compassionate, be blessed with loyal wife, sons, wealth and estates, be virtuous, learned, good conducted and long lived.

COMMENTS

The Yoga causing planets and houses need to be strong to give good results in their Dasa-Bhuktis. However, the 6th lord if strong may participate in the Yoga usefully, but it is hard to believe that its blemish to cause disease, debts and enmity is completely vanished.

Hora Sara (19/53) produces the Yoga: धर्मायोदेय बन्धुभेषु सहितै शुद्धः when all the planets occupy the 9th, 11th, 1st and the 4th houses, Shankha Yoga is produced.

65. SRIKANTHA YOGA (श्रीकण्ठ योग)

DEFINITION

Should the Lagna lord, the Sun and the Moon be in their exaltation, own or friendly signs in quadrants and trines, Srikantha Yoga results.

RESULTS

A person born in Srikantha Yoga will wear Rudraksha, be like Rishis who emanate fragrance, be always chanting and worshipping Shiva, be religious, be observing moral codes and be graded as Shiva's devotee. He will be charitable towards Sadhus and never envious of other sects and religions.

COMMENTS

There are three Yogas, viz, Srikantha, Srinatha and Viranchi named after lord Shiva, Vishnu and Brahma, trinity of the three Hindu gods ruling over destruction, maintenance and creation.

The Lagna, the Sun and the Moon are the three pillars of a horoscope, when these gain strength and are posited in vital houses the intelligence and status of the native is high.

The horoscope of Guru Nanak Devji is an ideal example of Srikantha Yoga. The Sun, the Lagna lord is in a friendly sign and the Moon is exalted.

66. SRINATHA YOGA (श्री नाथ योग)

DEFINITION

The 7th lord be in the 10th house, and the 10th lord be in exaltation conjunct with the 9th lord, the auspicious Srinatha Yoga is produced.

RESULTS

The person born in Srinatha Yoga will be sweet tongued, with good sons and wife, loved by all and will have marks, viz, conch, wheel etc on his palm.

COMMENTS

In Srinatha Yoga contact is established between the 7th, 9th and 10th lords and houses. Therefore the native is bound to wealth, power and fortunes. These fortunes obviously cannot be enjoyed without the powerful Lagna which seems to be a precondition for all auspicious Yogas.

The example horoscope is of Sri Ishwar Chandra Vidya Sagar, the celebrated social reformer. The 7th lord Mercury is in the 10th; again the 10th lord Mercury is exalted and is with the 9th lord Sun forming Srinatha Yoga.

DEFINITION

Should the 5th lord, Jupiter and Saturn be in a quadrant and trine identical with their exaltation, own or friendly signs, Viranchi Yoga is caused.

RESULTS

A Viranchi Yoga native will be intelligent, apostle of wisdom, a head of some religious sect, proficient in Vedic knowledge, happy and will never deviate from Vedic way of life. He will speak pleasing words, be endowed with wealth, good wife, sons and all comforts. His face will shine with the light of Satvaguna of Godhood. He will win over desire element, be long lived and even kings will bow at his feet.

COMMENTS

The 5th lord indicates intelligence, Jupiter is for philanthropic attitudes which is universal religion and Saturn represents deep thinking, meditation and renuncitaion. In Viranchi Yoga these three elements are desired to be strong.

Following chart of Jesus Christ is an illustrative example of Viranchi Yoga. Saturn, the Moon and Jupiter in Pisces, a watery and sensitive sign made him have himself feelings of the disadvantaged, unfortunate and down trodden part of humanity.

68-69. BHERI YOGAS (भेरि योग)

DEFINITION

68. Should planets be in the 2nd, 12th, 1st and 7th houses and the 10th lord be strong, Bheri Yoga is caused.

69. Should Venus, the Lagna lord and Jupiter be mutually in quadrants and the 9th lord be fortified, Bheri Yoga results.

RESULTS

The native will be a royal personage, wealthy, free of disease; in possession of estates, sons and wife, eminent, heroic and proficient in worldly matters.

COMMENTS

The Lagna is asked to be strong here and all the characteristics of the native described above relate to the Lagna. The general tenor of the horoscope boosts up with the strength of the Lagna elements. Thus the native leads a happy, prosperous and comfortable life.

The chart No.41 of a rich retired General displays Bheri Yoga very well. There are planets in the 2nd, 12th, 1st and 7th houses and the 10th lord is strongly placed in the Lagna in association with the 2nd and 5th lord Jupiter.

70. SHAKATA YOGA (शक्त योग)

DEFINITION

Should Jupiter and the Moon be in the 6th and 8th to each other and Jupiter be not in a quadrant from the Lagna, the Shakata Yoga is formed.

RESULTS

The individual born under Shakata Yoga if be from a royal family will become indigent. He will suffer from poverty and live an insignificant life. He will always be distressed and disliked by the king.

COMMENTS

The Moon does not get any strength being in the 6th from Jupiter while Jupiter does not occupy a trine from the Lagna, therefore he does not help the chart also in general. Thus the Moon sign is not fortified by the fortune Jupiter (Dhana Karaka).

The effects of Shakata Yoga have not been noticed very significantly in a large number of charts. This is perhaps because of the permutations for aspecting the Lagna lord, the Sun, the 11th and 2nd lord and Jupiter's own placement in the 5th or the 9th from the Lagna are many. However, the

effects of Shakata Yoga have been evident while the transiting Moon or Jupiter are in the 6th or 8th to each other's positions.

The following chart is though having Shakata Yoga, yet defying its results. The native rolled in wealth through out his life.

71. BUDHA YOGA (बुध योग)

DEFINITION

Jupiter in the Lagna, the Moon in a quadrant, Rahu in the 2nd house from the Moon and the Sun and Mars in the 3rd from Rahu constitute Budha Yoga.

RESULTS

The native is king like, valorous, famous, intelligent and learned like a king or an efficient business man.

COMMENTS

Jupiter in the Lagna strengthens it and the Moon in a quadrant to him forms Gajakesari Yoga, thus both Moon and the Lagna become strong. The Sun, Mars, the Moon and Jupiter will be in quadrants to each other which is perhaps the peculiarity of this Yoga.

72. INDRA YOGA (इन्द्र योग)

DEFINITION

If Mars be in the 3rd house from the Moon, Saturn in the 7th from Mars, Venus in 7th from Saturn and Jupiter in the 7th from Venus, the Yoga is styled Indra.

RESULTS

The native born in this Yoga will be amiable, celebrated, worthy of high rank, eloquent, wealthy and possessor of fame and prowess.

COMMENTS

There are four planets in the 3rd and 9th from the Moon thus fortifying his courage and fortunes by mutually aspecting themselves.

According to Western Astrologers four planets share in pairs sextile (60°) and trine (120°) aspects to the Moon. These two aspects are considered harmonious in that system. A trine is also auspicious in Hindu system. The Moon is strengthened in this way and auspicious results occur due to one's diversified intelligence and courage, and he becomes valorous like Indra.

73. PARVATA YOGA (पर्वत योग)

DEFINITION

If benefic planets be in quadrants, the 6th and 8th houses either be unoccupied or occupied by the benefic planets, the resulting Yoga is Parvata.

RESULTS

The person who has his birth in the Parvata Yoga will be prosperous, wealthy, head of a city, fond of women and engaged in literary pursuits.

COMMENTS

'*Jataka Parijata*' has also mentioned a Parvata Yoga, which states that the Lagna and 12th lords should be mutually in Kendras and aspected by friends.

For Aquarius Lagna how can Saturn alone be mutually in quadrants according to this Yoga.

For the native to be spared of enemies and debts, the 6th and 8th better remain vacant.

The Parvata Yoga described in '*Hora Sara*' (19/19) seems to have some gravity~

उदयास्तकर्महिबुके ग्रहयुक्ते रिफनैधने शुद्धे ।

यः कश्चिन्नवमगतो योगोऽयं पर्वतो नाम ।।

Should there be planets in quadrants and none in the 12th and 8th while the 9th has an occupant in it, the resulting Yoga is Parvata.

Here also the 6th is not asked to be vacant.

'Phala Deepika' (6/35) has a different kind of Parvata Yoga stating that the Lagna lord should be in a quadrant or trine identical with his own or exaltation sign. Here the auspicious results will be reaped due to the strong Lagna lord.

'Sata Yoga Manjari' states: The dispositor of the Lagna lord should be in an angle or trine identical with his exaltation or own sign to cause Parvata Yoga.

In our opinion these Parvata Yogas are capable of bestowing honour and prosperity to some extent, but are not so powerful to eclipse the intensity of other important Yogas. As an example here is the chart of a person who rolled in wealth and enjoyed prosperity through out his life.

Saturn 5 6	Moon 3 2	Mars		Rahu

Ketu 8 9	Mercury 11	Mars

There is Parvata Yoga (2) present here; but at the same time a strong Adhi Yoga of the Moon is also present which seems to be more important in this case.

Chart No. 44 is of a millionaire where the Lagna lord's dispositor Saturn is in a quadrant in own sign. Incidentally Ruchaka and Sasa Yogas are also instrumental along with the 4th and 5th lords occupying the 9th house. There is also Lagnadhiyoga and readers can decide what caused the native to become a millionaire.

74–75. SHARADA YOGAS (शारदा योग)

DEFINITION

74. The 10th lord in the 5th house, Mercury in a quadrant and the Sun in Leo exceedingly powerful, Sharda Yoga is caused.

75. Jupiter in a trine to the Moon, Mars in a trine to Mercury and Jupiter in the 11th to Mercury cause Sharada Yoga.

RESULTS

One born in Sharada Yoga will be caring his wives, sons, relatives, own appearances and virtues. He will show reverence to his preceptors, be learned, be amiable and be attentive to his duties.

COMMENTS

It is the Yoga for knowledge and wisdom as the strength of Mercury and 5th house is desired. The 5th lord in the 10th is essentially a Yoga for wisdom. The Sun in brilliance gives fame and in own house bestows wisdom. The Moon aspected by Jupiter and Jupiter in the 11th from Mercury are all Yogas for the intelligence and wisdom.

The example horoscope is of Sh.Y.B. Chavan, the late foreign minister of India. The 10th lord is in the 5th, Mercury is in the Lagna (a quadrant). Though the Sun is not in Leo yet is strong being in a quadrant and hemmed in between the fortunes (Jupiter and Venus).

Two conditions of the Yoga 75 are also fulfilled. Jupiter in trine to the Moon and Mars in trine to Mercury.

76. MATSYA YOGA (मत्स्य योग)

DEFINITION

Benefics in the 9th from Lagna, planets of mixed nature in the 5th and the malefics in the 4th and 8th, this arrangement of planets produces Matsya Yoga.

RESULTS

The native born under Matsya Yoga will be a synonym of kindness, virtuous, strong, beautiful, famous, learned, pious and a fortune teller.

COMMENTS

Matsya means a fish, it is considered a good sign in Hindu Astrology and Palmistry and, therefore, Matsya Yoga is considered to be an auspicious Yoga. The Yoga is very rarely found in the horoscopes.

Jataka Parijata has a variant reading, viz.

लग्नधर्मगते पापे पञ्चमे सदसद्युते ।

चतुरस्रं गते पापे योगोऽयं मत्स्यसंज्ञकः ॥

Malefic planets in the Lagna and the 9th, mixed planets in the 5th and malefics in the 4th and 8th cause Matsya Yoga. It is strange, how can the malefics in the two most auspicious houses can produce the results described above?

77. KOORMA YOGA (कूर्म योग)

DEFINITION

If benefics are in the 5th, 6th and 7th houses and also fall at the same time in their exaltation, own or friendly Navamsas or if the benefics occupy the 3rd, 1st or 11th houses identical with their own, exaltation or friendly signs, the resulting Yoga is Koorma.

RESULTS

The Koorma Yoga native will have wide spread fame, royal comforts and be eminently virtuous. His nature will be dominated by Satva Guna. He will be pious by nature, philanthropic and liked by people for his kindness.

COMMENTS

Koorma Yoga indicates name and fame for good deeds rather than wealth and prosperity. It has much to do with the native's piousness, and philanthropic attitudes.

78. KHADGA YOGA (खड्ग योग)

DEFINITION

Should there be an exchange of signs between the lords of the 2nd and 9th and the Lagna lord be in a trine or quadrant, Khadga Yoga is obtained.

RESULTS

The native born under Khadga Yoga will be endowed with wealth, fortunes and happiness, be learned in Sastras, be intelligent, mighty, grateful and skilful.

COMMENTS

Khadga Yoga seems to endow the native with inherent knowledge and intuitive understanding of the Sastras. The native may attract fortunes due to his past share of good deeds.

The horscope of the English Lady Annie Besant (on page 58) is worth studying in this respect. Mars is the common lord of the 2nd and 9th and is situated in the 2nd in his own sign. Jupiter the Lagna lord in a quadrant with the 5th lord Moon

is quite strong. This English lady wrote many books on Hindu religion, its greatness, philosophy and spiritual science.

	Lagna Ketu	Mars		Jupiter Moon
	Saturn	Chart No. 46		
				Rahu Mercury Venus Sun

The Khadga Yoga native delves so much into the spiritual knowledge that the wealth is no gratification to him though it approaches him to be used for the good cause of mankind.

79. KUSUMA YOGA (कुसुम योग)

DEFINITION

Should Jupiter be in the Lagna, the Moon in the 7th and the Sun in the 8th from the Moon, the resulting Yoga is Kusuma.

RESULTS

The individual will be aristocratic, the chief of a town, enjoying unending reputation and very well looking after his dependents.

COMMENTS

There is Gaja Kesari Yoga for Jupiter being in 7th from the Moon and Shubha Vasi Yoga is also present, Jupiter being in the 12th from the Sun. A partial Chandradhi Yoga is also present, Jupiter being in the 7th from the Moon. Thus Kusuma Yoga is the result of merging of the three Yogas. Moreover, Jupiter in the Lagna is himself an asset for the concerned chart. The high government officials in the capacity to rule, to order and to take decisions are born under Kusuma Yoga.

'Jataka Parijata' presents Kusuma Yoga, viz,

स्थिरलग्ने भृगौ केन्द्रे त्रिकोणेन्दौ शुभेत्तरे ।

मानस्थानगते सौरे योगोऽयं कुसुमो भवेत् ॥

If a fixed sign be in the Lagna, Venus in a quadrant, the weak Moon in a trine and Saturn in the 10th, the resulting Yoga is Kusuma. The configuration without the Moon's strength does not seem to have impact of an auspicious Yoga.

Brihat Parasara Hora has put it, thus.

लग्ने स्थिरे भृगौ केन्द्रे, चन्द्र कोणे शुभान्विते ।

मानस्थानगते सौरे योगोऽयं कुसुमाभिधः ॥

Here the Moon is asked to be with a benefic in a trine, Venus in a quadrant and particularly Saturn in 10th is a good combination to become a municipal officer, a Tehsildar or an authority in the land and building department.

80. MRIDANGA YOGA (मृदंग योग)

DEFINITION

Should the Navamsa lord of an exalted planet be posited in a quadrant or trine identical with his exaltation or friendly sign and the lord of the Lagna be powerfully disposed, Mridanga Yoga exists.

RESULTS

The native will be possessed of nobility of mien and fame and endowed with sovereign good fortunes.

COMMENTS

The students of Astrology are well aware of the importance of Navamsa. Mridanga means a musical instrument like the drum. The fame of Mridanga Yoga native spreads like the sound of a Mridanga and therefore the name of the Yoga. The horoscope No47 of the ex-king Farukh of Egypt. It illustrates Mridanga Yoga. The Navamsa lord of exalted Jupiter is also Jupiter and in a quadrant from the Lagna in his exaltation sign. The Lagna lord Venus is

Venus 24° 8 9 Mars 11° Rahu 27° Moon 29° 7 6 Saturn 17° 5					Ketu 27°

enough strong in the sign of exalted Jupiter. The king was dethroned for many other reasons in the horoscope.

Sata Manjari Raja Yoga has different *Mridanga Yoga*, viz, should the 11th lord be at his highest exaltation point with Venus and their disposer be in a quadrant, the resulting Yoga is *Mridanga*.

81. AMSAVATARA YOGA (अंशवतार योग)

DEFINITION

The Lagna be a movable sign, Venus and Jupiter be in quadrants and exalted, Saturn also be in a quadrant, the Yoga formed is *Amsavatara*.

RESULTS

The native born under *Amsavatara Yoga* will be equal to a king, holding good reputation, visiting holy shrines, knowledgeable in fine arts, adjusting to the environment, passionate, well versed in Vedanta and sacred scriptures.

COMMENTS

The native is supposed to be pure and pious if born under this Yoga. The native is also deemed to be very efficient, active and ready to adopt and learn something new. He is always ready to enter new vistas of knowledge and adventure. All these characteristics have their origin in the ascending movable sign, Jupiter, Venus and exalted Saturn (a philosopher) in quadrants influencing environmental factors.

In the following chart of Herbert George Wells the Amsavatara Yoga is distinctly present. He was a prolific writer on sex matters and subjects of social and political interest. Wells was an intuitive thinker and awared mankind with the reality and gravity of certain social problems.

82-84. HARI, HARA, BRAHMA YOGAS (हरि, हर, ब्रह्म योग)

DEFINITION

82. Should the benefic planets be in the 2nd, 12th and 5th houses respectively with respect to the 2nd lord.

83. Should Jupiter, the Moon and Mercury be in the 4th, 9th & 8th houses respectively with reference to the 7th lord.

84. Should the Sun, Venus and Mars occupy the 4th, 10th and 11th houses respectively from the lord of the Lagna, the above Yogas in sequence are called Hari, Hara and Brahma Yogas.

RESULTS

The native born under these Yogas will be well versed in sacred lore, truthful in speech, possessed of pleasing manners and comforts, gallant, victorious over enemies, beneficent to all living beings and virtuous.

COMMENTS

This Yoga is termed as Trimurti Yoga in *Brihat Parasara Hora Sastra* representing the trinity of Hindu gods. In

Brahma Yoga the sequence of the planets does not match with the sequence of houses as the greatest elongation of Venus from the Sun can be only 48°. If the Sun is in the 4th, how can Venus be in the 10th and it is not feasible even in the higher latitudes, even if we reckon the Yoga from the houses than from the signs.

B.P.H.S represents the Hari, Hara Brahma Yoga, viz:

स्वान्त्याष्टस्थैर्द्वितीयेशाद् हरियोगः शुभग्रहैः ।

कामेशाद् बन्धुधर्माष्टस्थितैः सौम्यैर्हराभिधः ॥

लग्नेशाद् बन्धुकर्मायस्थितैर्ब्रह्माह्वयः स्मृतः

एषु जातः सुखी विद्वान् धनपुत्रादिसंयुतः ॥

In these Slokas benefics are placed in the three houses mentioned in all the three Yogas, which is feasible. Therefore, we are of the opinion that the three benefics should be suitably placed in the respective houses.

85. PUSHKALA YOGA (पुष्कल योग)

DEFINITION

If the Lagna lord and the Moon sign lord together are in a quadrant identical with their friendly sign and the Lagna is aspected by a strong planet then Pushkala Yoga is generated.

RESULTS

One born in Pushkala Yoga will be honoured by kings, wealthy, renown, having fine clothes and costly ornaments. He will speak sweetly, lord many people and attain a high position.

REMARKS

The Lagna lord and the Moon sign lord gain strength by being in a quadrant and hence the Lagna and the Moon gain power and momentum. Again the Lagna should be aspected by a strong planet which means additional strength supplied to the Lagna.

The chart No.49 is of a very wealthy and influential person. The Lagna lord Mercury is in the 10th in own sign. The Moon sign lord is also Mercury. Now the planets in the

	Rahu		Sun, Moon Mars Venus Mercury
	Chart No. 49		
	Saturn	Chart No. 49	
		Ketu	Lagna Jupiter

10th do influence the Lagna, otherwise Amla and Gajakesari Yoga would have been futile. From this we can deduce that the planets in quadrants do influence Lagna. Jupiter is strengthening the Lagna being therein. The conditions of Pushkala Yoga are present in the above chart of a late Seth, a wealthy person.

86. MAHABHAGYA YOGA (महाभाग्य योग)

DEFINITION

Should for a male, the birth be in the day time and the Sun, the Moon and the Lagna be in odd signs or for a female the birth be at night and the Sun, the Moon and the Lagna be in even signs, Mahabhagya Yoga results.

RESULTS

The male or female born under Mahabhagya Yoga will be endowed with good qualities and fortunes desirable to their gender according to the existing times.

COMMENTS

Odd signs represent the activity element of the human body system; the Sun, the Moon and the Lagna represent the soul, the mind and the physical body of the native. When all the four factors, viz: the birth, the Sun, the Moon and the Lagna fall in odd signs in the day respectively at the birth of a male, an ideal male is born.

Similarly the night and the even signs represent the passivity element of the human system. The Sun, the Moon

and the Lagna again represent the soul, the mind and the physical body of the native. As said above when all the four factors fall in even signs respectively, are present at the night birth of a female, an ideal female is born endowed with feminine qualities, good conduct and who gives birth to fortunate children.

87. GAURI YOGA (गौरी योग)

DEFINITION

Should the Moon be in a quadrant or trine identical with her exaltation or own sign and be aspected by Jupiter, Gauri Yoga is constituted.

RESULT

The native born in Gauri Yoga will be endowed with brilliant and handsome body, a friend of royal people, possessing virtues and sons, defeating his foes and will be admired. His face will be radiating lotus like smile and his family lineage will be admired.

COMMENTS

In Hindu Astrology the strong Moon is the key for every success, stability and nobility of the mind. In Gauri Yoga stress is laid on the strength of the Moon.

In a classic on Yogas, Gauri Yoga is presented, viz:

कर्मेशस्य नवांशे स्वोच्चकर्मणि संस्थिते ।

लग्नाधिपेन संयुक्ते गौरीयोग इतीरितः ॥

If the Navamsa lord of the 10th lord be in the 10th house with the Lagna lord identical with his exaltation sign, Gauri Yoga results.

This Gauri Yoga also boosts the 10th house and the Lagna which are also the key factors for worldly honours.

The chart No.50 is of Sri C. Rajagopalachari, the first Governor-General of Independent India who wrote many books, later founded Swatantra Party which was joined exclusively by the heads of princely States of pre-independent India.

88. SARASWATI YOGA (सरस्वती योग)

DEFINITION

Jupiter, Mercury and Venus in 1st, 2nd, 4th, 5th, 7th, 9th, and 10th houses jointly or individually constitute Saraswati Yoga if at the same time Jupiter is in his own, exaltation or friendly sign.

RESULT

The native born under Saraswati Yoga will be well versed in poetry, knowledge of Sastras, intelligent, praised by all and displaying his merits in almost all fields. He will be rich and endowed with good wife and children.

COMMENTS

The configuration of planets in Saraswati Yoga is such that it is not very rare to find this Yoga. Three benefics in quadrants certainly do influence the individuality to achieve some station in life. Jupiter the planet of prosperity and happiness is desired to be strong by the sign position. It is possible that many other Yogas may emerge out of Saraswati Yoga.

The chart No.51 hereunder is of Swami Karpatri Ji Maharaj, a Vedic scholar. The Sun and the Moon have exchanged signs. A strong Vasi Yoga is also present though the Moon is not as much strong, for being near to the Sun.

89. GAJA YOGA (गज योग)

DEFINITION

Should the 11th and 9th lords be in the 11th house with the strong Moon and be aspected by the Lagna lord, the resulting Yoga is Gaja.

RESULTS

The native born under Gaja Yoga will be affluent, happy, prosperous and wealthy throughout life.

COMMENTS

The combination of the 9th and 11th lords is auspicious, the strong Moon provides brilliance to it and when aspected by the Lagna lord it makes the person a money magnet. He earns just due to the thrust of his Bhagya (fortunes).

The example chart 52 is of Princess Annie of England.

8 9 Mars 7 Ketu 6 5	Rahu			
	Jupiter	Chart No. 52		Venus
				Sun Moon Mercury Saturn
	Jupiter 11		Lagna Mars	Ketu

The combination requirements are not fully met as the Moon is weak. Venus is not aspecting the combination in the 11th, but Jupiter's aspect compensates for that. Venus is otherwise strong being in the 10th house. The other definition for Gaja Yoga, viz, the lord of the 9th and the 11th be conjunct the Moon and be aspected by the lord of 11th tells one to be from a rich family and is good enough to make one rich.

90. DEVENDRA YOGA (देवेन्द्र योग)

DEFINITION

The Lagna be a fixed sign, the lord of Lagna be in the 11th and the 11th lord be in the Lagna and the lord of 2nd be in the 10th or 10th lord be in the 2nd, the resulting Yoga is Devendra.

RESULTS

The native born in Devendra Yoga will be happy, wealthy and enjoying all comforts through out life. He will have handsome physical body and be equal to a king in status.

COMMENTS

Interchange of houses by the Lagna and 11th lord signifies fulfilment of all aspirations. The fixed sign rising and the 2nd lord in the 10th make one to be well set professionally to fetch huge profits. The strength of the lords decides the status of the horoscope.

In a classic the Devendra Yoga is represented, viz;

लग्नाधिपे लग्नगते धनेशे कर्मस्थिते राज्यपतौ धनस्थे ।

लाभेश्वरे लग्नगते बलादये देवेन्द्रयोगः स्थिरमे विलग्ने ॥

The Lagna be fixed sign, the Lagna lord be in the Lagna, the 2nd lord be in the 10th, the 10th lord be in the 2nd and the 11th lord in strength be in the Lagna. This configuration is possible only for Scorpio Lagna and fails for Taurus, Leo and Aquarius Lagnas.

For the Taurus Lagna native Venus in the Lagna and the 2nd lord Mercury in the 10th has very bleak chances to occur, for Mercury and Venus can only be at maximum 28° and 48° away from the Sun. For Leo Lagna the 2nd and 11th lord is Mercury. How can he be in the Lagna and 10th at the same

time? Similarly for Aquarius Lagna the 2nd and 11th lord is Jupiter.

91. MUKUTA YOGA (मुकुट योग)

DEFINITION

Should Jupiter be in the 9th from the 9th house, his dispositor be with a benefic planet and Saturn be in the 10th from the Lagna, Mukuta Yoga is produced.

RESULTS

The individual born under Mukuta Yoga will be a head of some tribe, cruel and having good and bad periods in life.

COMMENTS

The native of Mukuta Yoga may be a tribal head, a Zamindar, a forest ranger or an officer of higher rank in the estate office in a government department.

There is another reading for Mukuta Yoga, viz; Jupiter be in the 9th from the 9th lord, a benefic planet be in the 9th from Jupiter and Saturn be in the 10th. This geometry is also good enough to cause results described for Mukuta Yoga.

Following chart is good example of Mukuta Yoga. There is Sasa Yoga too. The 9th lord Jupiter is in the 9th from the 9th house and his dispositor Sun is conjunct Venus and Mercury, the two benefics. Moreover, Jupiter is also conjunct the Lagna lord Mars. The native was commissioner of forests of one of the States of India and inheritedly was from a wealthy and influential back ground.

92. JAYA YOGA (जय योग)

DEFINITION

The 10th house lord exalted and the 6th lord in debilitation cause Jaya Yoga.

RESULTS

The native will be affluent, enjoying prestige and honour. The native will be victorious in debate and war and will vanquish his enemies.

COMMENTS

Exalted 10th lord denotes success in all undertakings, but the 10th house should be free from malefic influences. The other adjoining conditions could be the strong Lagna lord, Mars and the 3rd lord for becoming victorious over enemies. The 6th house signifies debts, diseases and enemies and the weak 6th lord does not let them prop up and if they could, the 10th lord would deal with them in a suppressing manner.

93. VIDYUT YOGA (विद्युत योग)

DEFINITION

Should the lord of the 11th house be in deep exaltation in conjunction with Venus and be in a quadrant from the Lagna lord, Vidyut Yoga is caused.

RESULTS

One born in Vidyut Yoga will be having an unobstructed flow of finances from the government.

COMMENTS

The 11th lord in exaltation with Venus and in a quadrant from the Lagna lord will definitely be a configuration for abundance of wealth.

The chart No.54 is of Ex-Prime Minister Morarji Desai who was well known for his wealth. The 11th lord Mars is with Venus and the Lagna lord Mercury, and is aspected by exalted Jupiter.

				Lagna
	Sun Rahu	Chart No. 54		Jupiter

94. SRI CHANDIKA YOGA (श्री चण्डिका योग)

DEFINITION

If the Lagna falls in a fixed sign and be aspected by the 6th lord, the Navamsa lord of the 6th lord be with the Sun in the 9th house, the resulting Yoga is Sri Chandika.

RESULTS

The native born under Sri Chandika Yoga will be affluent, aggressive, valorous, famous and long lived.

COMMENTS

From the definition of Yoga it is clear that the native will be war like, aggressive and will have abundance of wealth by coercion with and suppression of his enemies. The fixed sign rising points towards fixity of purpose and the Sun with the Navamsa lord of the 6th lord in the 9th house are a pointer for the fortune to be endowed on account of enemies.

95. GANDHARVA YOGA (गन्धर्व योग)

DEFINITION

Should the malefics be in the 5th and 9th houses, Jupiter being the 10th lord be conjunct the Lagna lord, the strong Sun be in his exaltation sign and the Moon be in the 9th house, the combination formed is Gandharva Yoga.

RESULTS

The native born under Gandharva Yoga will be strong

headed, warrior like, handsome, valorous, enjoying all comforts and will be somewhat adamant.

COMMENTS

The Moon will be in the 9th with a malefic and a malefic in the 5th will contribute for the native to be strong headed, adamant and warrior like. The exalted Sun and Jupiter with the Lagna lord make one wise and a royal personage. Our definition of the Yoga has been culled from a classic which says—

पापास्त्रिकोणे यदि राज्यनाथे सुरार्चिते लग्नपसंयुते च ।
दिवाकरे तुंगगते बलादये गन्धर्वयोगे नवमे शशांके ॥

96. CHATUR MUKHA YOGA OR BRAHMA YOGA (चतुर्मुख योग या ब्रह्म योग)

DEFINITION

Should Jupiter be in a quadrant from the 9th house (3rd, 6th or 12th from the Lagna), Venus be in a quadrant from the 11th house (2nd, 5th, 8th or 11th from the Lagna) and Jupiter and Venus have exchanged signs, the resulting Yoga is Chaturmukha.

RESULTS

One born in Chaturmukha Yoga will be commanding prestige and honour, sovereign, knowing royal codes, victorious, learned and having a long lease of life.

COMMENTS

The Yoga seems to bestow ministerial powers and honours. The Yoga is best formed for the Aquarius Lagna native, when Jupiter is in Libra and Venus in Sagittarius in the 9th and the 11th respectively.

The Yoga is formed in the best way for a Taurian, if Venus is in Pisces and Jupiter is in Libra, in the 11th and 6th houses respectively. Though the 6th and the 12th houses are quadrants from the 9th house; yet Jupiter does not feel very happy in these houses and other Trika houses. The readers may indulge in the permutation and combinations for the

other Lagnas also. The authenticity of the definition of Chaturmukha lies in the Sloka, viz;

भाग्यात्केन्द्रस्थिते जीवे लाभान् केन्द्रस्थितो भृगुः ।

अन्योन्यक्षेत्राशिस्ये चतुर्मुख इतीरितः ॥

Venus in a quadrant from the 11th house boosts up income and Jupiter in a quadrant from the 9th is auspicious for fortunes and honours.

The Viranchi Yoga described earlier is also Brahma Yoga named as Viranchi Yoga in *Phala Deepika*.

97. VISHNU YOGA (विष्णु योग)

DEFINITION

Should the 10th lord be in 9th lord's Navamsa and both be placed in the 2nd house from the Lagna, Vishnu Yoga results.

RESULTS

The native born under Vishnu Yoga will be a devotee of lord Vishnu, affluent, prosperous, wealthy, a good orator, earning through foreign trade or foreign services, and be very witty.

COMMENTS

Lord Vishnu is very witty and saves the gods in the heavens from the crafty nature of demons by his intelligence, oratory and his dutifulness for the sustenance of pious forces in this universe. Therefore the Yoga should be strong enough to deliver the results described above.

Sun 12° Moon 9° Mer 3° Jup 2° Venus 28°		Lagna 19° Rahu 12°		Mars 18°			Ketu 12°

The chart No.55 is of a very affluent orator known for his wisdom and wits. He was very fortunate and wealthy.

He was a leading man in one of the princely States of pre-independent India. Vishnu Yoga is evident in the horoscope in full measure.

98. SHIVA YOGA (शिव योग)

DEFINITION

Should the 5th lord be in the 9th house, the 10th lord be in the 5th and the 11th lord be in the 9th house, the resulting combination is Shiva Yoga.

RESULTS

The individual born under Shiva Yoga will be very courageous, valorous, affluent, virtuous, a kingly person and possessed of divine wisdom.

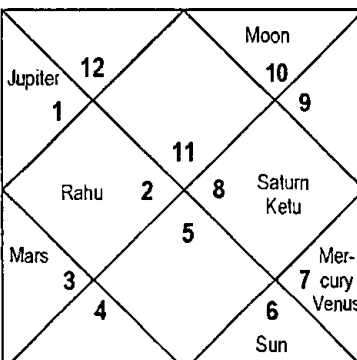

COMMENTS

The Yoga relates the three houses of prosperity, merits and income. The native will be engaged in Karma under the thrust of the force of fortunes. The divine intelligence emanates from the placement of the 5th and 11th lords in the 9th, therefore the native may work in the advisory capacity to the govt. or be in foreign service or be having earnings from the foreign trade. The 9th lord in the 5th is the supreme position for the Bhagya lord and the wisdom acquired by the native is spiritual and godly.

Our definition of the Yoga is based on the following Sloka, viz'

पंचमाधिपतौ भाग्ये कर्मेशे पंचमस्थिते ।
लाभेशे भाग्यराशिस्थे शिवयोग इतीरितः ॥

The chart No.56 of known famous Tamil actor Shivaji Ganeshan illustrates the Yoga very well. The 10th lord is in the 5th. The 5th lord is in the 9th but instead being with the 11th lord Jupiter, the 5th lord is aspected by the 11th lord Jupiter. Shiva Yoga can also be termed as Srikantha Yoga.

99. CHANDRA MANGALA YOGA (चन्द्रमंगल योग)

DEFINITION

Should Mars be with the Moon in the same sign, Chandra Mangala Yoga results.

RESULTS

The native born under Chandra Mangala Yoga will be greedy, desirous, envious of other family members, badly treating his mother and earning through unlawful means.

COMMENTS

Mars is the Karaka of courage and desires and the Moon of sensitive mind, therefore this Yoga makes the native courageous. He is always busy to acquire material possessions. There is a classical Sloka, viz;

शशिमंगलसंयोगो यस्य जन्मनि विद्यते ।

विमुञ्चति न तं लक्ष्मीर्लज्जा कुलवधूमिव ॥

Laxmi, the goddess of wealth does not leave the native of Chandra Mangala Yoga like the moral sensitivity does not leave the lady of a prestigious family.

The earnings may be through baser means in a mean type horoscope and through fair means in a good horoscope. The Yoga is equally weighty whether formed by conjunction or by aspect. The Yoga is excellent in good houses and mean in bad houses. Natives of the Yoga have been found to be of debased character towards women folk generally and in cases of loose morality may go even to any extent.

The example chart is of a millionaire who has generated a good amount of wealth by unlawful means.

100. CHAPA YOGA (चाप योग)

DEFINITION

If the 4th and 10th lords have exchanged signs and the Lagna lord is exalted, Chapa Yoga is caused.

RESULTS

The native born in Chapa Yoga will be a good adviser, wealthy, valorous and head of some treasury.

COMMENTS

The exchange of the 4th and 10th lords tends to make one a good manager of estates or treasury and this position is attained due to strength of the Lagna lord. A person may also prefer to do his own business at home and in return may fetch a handsome profit.

101. NABHI YOGA (नाभि योग)

DEFINITION

If Jupiter is in the 9th house from the Lagna and in the 11th to him is the 9th lord conjunct with the strong Moon, Nabhi Yoga is caused.

RESULTS

A Nabhi Yoga native is learned, wealthy, enjoying all comforts, honoured by the king and proud of his status.

COMMENTS

The geometry formed is not a common one to find. Jupiter the greatest fortune is desired in the 9th house, then the 9th lord (lord of Bhagya) is required in the house of gains from the 9th with the strong Moon which again is a supreme placement for the 9th lord. Thus is constituted a very powerful Yoga for wealth and prosperity. If the paternal race is not prosperous enough, this Yoga definitely brings prosperity to the father etc.

Nabhi Yoga is formed with planets in sextile to each other, a great placement for intellectual honours and prosperity. (Western Astrology)

This is not a good Yoga for the Taurus Lagna because both Jupiter and the Moon would be debilitated.

102. DHWAJA YOGA (ध्वजा योग)

DEFINITION

Should the planets in strength be placed severally in one another's sign and one of them at least be posited in the Lagna, Dhawaja Yoga is caused.

RESULTS

The native with Dhawaja Yoga will acquire fame, courage and wisdom. He will be liked in royal circles and will be rich. He will be fickle minded also if the exchange is with Trika lords.

COMMENTS

The planets in Dhawaja Yoga acquire the qualities of the sign they interchange with other planet, but at the same time feel happy as if they are in their own signs. One out of such planets in the Lagna greatly enhances the quality of the Lagna by having acquired the qualities of two signs.

The horoscope of Late Prime-Minister Smt. Indira Gandhi has four such planets. There are also a few 6/8 placements which do indicate adamency and undemocratic attitudes at times. The aspect of Jupiter from a fixed sign to the Moon, the Sun and Mercury, and Mars aspecting the Sun and Mercury added firmness and possessiveness in her character.

28 Yogas are framed by the exchange of houses by auspicious lords ie. lords of 1st, 2nd, 4th, 5th, 7th, 9th, 10th and 11th houses. 27 Yogas are framed by the exchange of above 9 lords (including the 3rd lords) with the Trika (6th, 8th and 12th) lords. 8 Yogas are caused by the exchange of the 3rd lord with the auspicious house lords. 3 Yogas are formed by the exchange of the lords of the 6th, 8th and 12th houses.

Thus in all 66 Yogas are framed including 3 Yogas formed by the exchange of Trika lords among themselves. These Yogas are termed Maha Yogas in *Phala Deepika*. For more elaborate results see *Phala Deepika*. (M/s Ranjan Publications).

The chart No.59 is of Moghul Emperor Jahangir, where due to exchange of houses between the 7th and 10th lords he remained busy with his drinking and other addictions and lost interest in his duties towards the Empire. It is well known that his queen looked after his important kingly obligations.

103. KUNDALA YOGA (कुण्डल योग)

DEFINITION

Should the two planets be in two different houses, with one or two houses in between them, while others be in other houses, Kundala Yoga results.

RESULTS

One born in Kundala Yoga will live on other's money, be easily irritated at slightest pretext and will remain satisfied with little, be versed in arts and literature.

COMMENTS

For example, if strong Jupiter is in Aries while Saturn is in Gemini or Cancer (Taurus or Taurus and Gemini in between them), the other planets being in other houses are the conditions.

104-106. MANGALA, MADHYA AND KLEEBA YOGAS

(मंगल, मध्य और क्लीव योग)

DEFINITION

Should all the planets (from the Sun to Saturn) be in quadrants from the Lagna, Mangala Yoga is produced. Should they be confined in quadrants from the 10th house, Madhya Yoga is produced. Should all the planets be disposed in the 3rd, 6th and 12th houses, Kleeba Yoga is produced.

RESULTS

Mangala Yoga native will be an orator, doing auspicious acts, having issues, intelligent and long lived.

Madhya Yoga native will live in other countries, be timid by nature, be not having lasting prosperity, be troubled by relatives and will meet his end in a bad way.

Kleeba Yoga native will live in foreign lands, be fond of disputes and bad women. He will be grieved, having short life and will die at a distant place.

COMMENTS

These Yogas belong to the Yavanas and in our experience have been found to be fairly applicable.

107. GOLA YOGA (गोल योग)

DEFINITION

Jupiter, Venus and the full Moon be in the 9th from the Lagna and in Navamsa chart Mercury be in the Lagna, the resulting Yoga is Gola.

RESULTS

The native born under Gola Yoga will be the apostle of wisdom, dear to the king, enlightening the gathering by his presence, a learned in scriptures and fine arts, a preceptor of eminence and long lived.

COMMENTS

The Yoga lays emphasis on the mental factors, viz; the full Moon and Mercury ascending in the Navamsa chart. The full Moon with Jupiter and Venus is a top factor for high optimism and emotional understanding of the spiritual knowledge. Gola Yoga is apparantly a Gajakesari Yoga even more than it because Venus is also conjoined. Therefore, the results are very auspicious.

108-110. CHANDA YOGAS (चन्द योग)

DEFINITION

108 Should Rahu be in the 10th and the 10th lord with Saturn be in the 3rd house, Chanda Yoga results.

109 A planet exalted in Lagna be conjunct with the 3rd and 9th lords and be aspected by Mars causes Chanda Yoga.

110 Should the 3rd lord be exalted, Jupiter be in the 3rd house and be aspected by Venus, the resulting Yoga is Chanda.

RESULTS

The native with Chanda Yoga will be ambitious and courageous in achieving his goals. He will stick to the purpose and have unending energy to win his ambitions.

COMMENTS

Rahu in the tenth is a great beneficiary for gains from the current trends and beliefs and the 10th lord with Saturn

in the 3rd house makes one to be unscrupulous too, if the two are weak by sign placement. Rahu in the 10th always predisposes to an element of greediness.

111. GO YOGA (गो योग)

DEFINITION

Should the 7th lord be in his Moolatrikona sign with the 2nd lord and the Lagna lord be in his exaltation or own sign, Go Yoga is constituted.

RESULTS

The native will be handsome with fine sex organs, eager to have cohabitation with elegant women, a merited individual, married in a rich family and his fortunes will rise after marriage.

COMMENTS

The Yoga will have full intensity if the 2nd lord is also happily posited in the sign, otherwise it will only cause extramarital pleasures. Since both the 1st and 7th lords are desired to be strong by sign placements, the native is sure to make progress by leaps and bounds and the initiation sparks from his wife and in-laws.

Our definition of the Go Yoga is based on the following classical Sloka:

मूलत्रिकोणे दारेशे धनेशेन समन्विते ।
लग्नेशे स्वोच्चराशिस्थे गो योग इति विश्रुतः ॥

112. GARUDA YOGA (गरुड़ योग)

DEFINITION

Should the Navamsa lord of the waxing Moon be with a benefic and the birth be in the day time in the bright half, the resulting Yoga is Garuda

RESULTS

The Garuda Yoga native will be honest, pious, speaking sweet words and always aspiring for better future.

COMMENTS

As the Navamsa lord of the Moon sign has to be with a benefic, the native will be full of optimism and a follower of moral codes. Much will depend upon the sign position of the Moon, her Navamsa lord and the benefic. The birth should be in the day of bright half is the condition, therefore not occurring to the natives of the dark half and night births of any half.

	Mars Ketu	Mercury Venus Jupiter Saturn	Sun		Mars Ketu
			Chart No. 60		Lagna
					Moon
		Rahu			

To illustrate this Yoga the horoscope No.60 is of a judge who retired from Madras judiciary. He was born after sunrise. The Navamsa lord of the Moon is Mercury, who is with Jupiter and Venus in the Rasi chart. Though Saturn is also there, but Saturn in Pisces is tempered.

113. RAVI YOGA (रवि योग)

DEFINITION

Should the Sun be in the 10th and the 10th lord be in the 3rd house, Ravi Yoga is formed.

RESULTS

The native born under Ravi Yoga will be wise, learned, a high official enjoying rank and position, a Zamindar or lord, valorous, commanding honour and wealth and will be lascivious.

COMMENTS

The Sun is the energy of our solar system; when placed in the 10th house, the native strives for honour and high

COMMENTS

The 9th lord gets the thrust of the exalted Navamsa lord of his dispositor. Such a native is a money magnet and succeeds in every endeavour at his hand. He rides the horse of fortune through out his life.

The following chart is illustrative of Shubha Yoga.

				Sun Venus Mercury Ketu	Jupiter Saturn		
					Chart No. 62		
				Mars			
				Lagna		Moon	Rahu

The 9th lord's dispositor is Jupiter, who is in the Navamsa of Mars who in turn is exalted and Jupiter is with the 2nd lord Saturn

Another rendering of Shubha Yoga is thus; Should the 2nd house be occupied by the Moon and Jupiter, the 2nd lord be in the 11th house and the Lagna lord be in a benefic sign, the resulting Yoga is called Shubha.

115. TRILOCHANA YOGA (त्रिलोचन योग)

DEFINITION

The Moon, the Sun and Mars if in strength are in trines from each other, form Trilochana Yoga.

RESULTS

The native born in Trilochana Yoga will be wise, learned, royal personage, rich, prosperous and victorious over his enemies.

COMMENTS

The Sun, the Moon and Mars are three royal planets and their trinal placement among themselves is highly

commendable. The adversities and opposition do not come the native's way and he leads a smooth life full of enjoyments.

116. SUKHA YOGA (सुख योग)

DEFINITION

Should the 2nd and 9th lords be in a quadrant from the Moon, the resulting combination is called Sukha Yoga.

RESULTS

The native born under Sukha Yoga will be free of worries, leading a life of comforts and engaged in good deeds.

COMMENTS

One can lead a life free of worries only when one earns well or has enough amount of money to meet the demands of a comfortable life.

The example chart of Late defence Minister of Nehru era Mr. V.K. Krishna Menon illustrates Sukha Yoga.

		Sun Venus	Mercury	
	Mars Rahu	Chart No. 63		Jupiter
	Moon			Ketu
	Lagna		Saturn	

The 2nd and 9th lords, Saturn and the Sun are in quadrants from the Moon.

117. VAJRA YOGA (वज्र योग)

DEFINITION

Should the 11th lord, Jupiter and Venus be posited in the 9th house from the Lagna and be aspected by the 2nd house lord, Vajra Yoga results.

RESULTS

The native born under Vajra Yoga will be extremely fortunate, wealthy, enjoying all comforts and long lived.

COMMENTS

When the 9th house is strong all comforts of life are easy to come by because 9th is the house of fortunes. The aspect of the 2nd lord to the above planets in the 9th house causes an incessant flow of wealth for enjoying comforts of life.

This Yoga can only be enjoyed by those born in Gemini, Libra, Capricorn and Pisces Lagnas. For other Lagnas the Yoga geometry does not get constituted. A different Vajra Yoga also falls under the scheme of Nabhasa Yogas.

118. YUGĀ YOGA (युग योग)

DEFINITION

If the 4th lord be posited in a benefic sign with a benefic planet and be aspected by Jupiter, Yuga Yoga is formed.

RESULTS

The person born in Yuga Yoga will enjoy estates, houses and conveyances, be endowed with brethren and be happy. It is illustrated in the following chart.

	Moon			Jupiter	Rahu	Mars
	10		9	Chart No. 64		
	11		8			
	5		7			
	Mer- cury Venus		6	Saturn Ketu	Mercury Venus	Sun

COMMENTS

Another Yuga Yoga falls under Nabhasa Yogas which is different from the present one. This Yoga does not require further elaboration, for the configuration is simple.

119. AKHANDA SAMRAJYA YOGA

(अखण्ड साम्राज्य योग)

DEFINITION

Should the 2nd, 9th and 11th lords be in a quadrant from the Moon and Jupiter as lord of the 2nd, 5th or 11th house be in quadrant from the Moon as well, Akhanda Samrajya Yoga is constituted.

RESULTS

The Yoga will result in continuous descending of wealth and the resulting comforts to the native. He will be responsible for progress of the people around and be source of inspiration for his kiths and kins.

COMMENTS

The 2nd, or the 11th lord in a quadrant from the Moon storms the mind to achieve wealth, fortunes and to have a continuous source of income. Jupiter being the lord of the 2nd, 5th or 11th adds an element of ambition and mental inspiration to think about the prosperity of his future generation. Gajakesari Yoga mingles with this Yoga when Jupiter is in a quadrant from the Moon. Readers are well acquainted with the results of Gajakesari Yoga. Following Sloka describes Akhanda Samrajya Yoga.

The planets in quadrants from the Moon make one envious of the achievements made by others regarding the significations of these planets and one makes efforts to achieve the same status.

The chart No.65 is of a native who entered business with a meagre amount and became a millionaire.

120. VASARPATI YOGA (वासरपति योग)

DEFINITION

Should the native be born in the day time on the days of auspicious planets and the Moon, Mercury, Jupiter or Venus be conjunct the Sun, cause Vasarpati Yoga.

RESULTS

The native enjoys comforts related to or signified by the planet in conjunction with the Sun.

COMMENTS

The benefics— the Moon, Mercury, Jupiter or Venus conjunct the Sun on their days and the other condition is, the birth should be in the day.

In practice this has been found to be of some value.

Devakeralam says—

जन्मेऽर्के शुभवासरेण सहिते नानार्थसौख्यं वदेत् ।

If in the birth chart the Sun is with the auspicious day lord, the native acquires various comforts.

		Jupiter Ketu	Sun Mercury Venus	
		Chart No. 66		Lagna Mars Saturn
			Rahu	Moon

The Sun and the Moon together give sensitivity towards family; the Sun and Mercury, intellectual attainments; the Sun and Jupiter wisdom, prestige and high status and the Sun and Venus, enjoyment of luxuries and friendship of the opposite sex.

There is a verse, viz; वाराधीशे तुलारूढे स्त्रीलोलसुरतप्रियः ।

i.e. if the birth day lord is in Libra, the native is sex ridden. Briefly the day and its lord affect the nature and life direction of the individual.

The example chart No.66 is of a the girl born on Monday, the Moon's dispositor Mercury a convertible planet is with the Sun and Venus. The girl had a few affairs before marriage and in the end chose the paramour of her choice for marriage against the wishes of her parents and coborns.

121. ADHYATMA YOGA (अध्यात्म योग)

DEFINITION

Should all the mental factors, viz; 4th house, 4th lord, the Moon, Mercury and their signs be influenced by Saturn and the Lagnas and the Lagna lords be related to the 9th house and 9th lords, Adhyatma Yoga results.

RESULTS

The native will remain drowned in spiritual thoughts and utility of such thoughts for the mankind.

COMMENTS

Saturn inspires for renunciation and lust to find ultimate truth. The native tends to think about renunciation, abstract religion, spirituality etc.

As an example let us study chart No.67. The native began to receive spiritual knowledge and practised samadhi (meditation) without an initiation from a guru (spiritual preacher) in 1963. He remained drowned in meditation for long time and his eye lids even did not flicker for hours. The Lagna and 9th lords aspect each other and the 9th lord is in the 12th house. The Lagna falls in a sensitive and watery sign Pisces. Mercury is in Capricorn and in Trikona to Saturn. The Moon is in the Mercury's sign in the 4th and

				Ketu		Moon

aspected by Saturn from the Mercury's sign, thus all the mental factors are involved. The Sun in the 10th and Mars in the 12th are aspected by the Lagna lord Jupiter who makes the native great in this respect.

122. NAGA YOGA (नाग योग)

DEFINITION

Should the Navamsa lord of the 10th lord be in the 10th house with the Lagna lord, the resulting Yoga is Naga.

RESULTS

The native born under Naga Yoga will be polite, learned, wealthy, honouring others and held in high esteem by the king.

COMMENTS

The Yoga confers ministerial honours.

The above chart is of a Dewan of princely state of Mysore.

Naga Yoga is distinctly present along with Ruchaka and Sasa Yogas.

123. PADMA YOGA (पद्म योग)

DEFINITION

Should the 9th lord from the Lagna occupy the 9th place from the Moon and Venus also be in the 9th from the Lagna, the resulting combination is Padma Yoga.

RESULTS

The native born under Padma Yoga will receive honours and be appointed a high officer.

He will be endowed with all comforts and will enjoy all luxuries.

COMMENTS

The lord of the 9th from the Lagna in the 9th from the Moon makes one inheritedly agile and knowledgeable. Venus in the 9th is a good augury for inherited wealth and luxuries.

124. MUSALA YOGA (मुसल योग)

DEFINITION

Rahu in the 10th house, the 10th lord in his exaltation sign and aspected by Saturn constitute the Yoga called Musala.

RESULTS

The native born under Musala Yoga will be knowledgeable of the current trends and fads and will try to build his future on materially practical grounds.

COMMENTS

Rahu's involvement with the 10th house factors have been found in the horoscopes of lawyers, judges and diplomats. See the chart No.69 of a high court judge. Here Saturn himself is the 10th lord. A different Musala Yoga also occurs under Nabhasa Yogas.

125. YUGA YOGA (युग योग-द्वितीय)

DEFINITION

Should the 4th house lord be with a benefic in a benefic sign and be aspected by Jupiter, the resulting Yoga is Yuga.

RESULTS

The native will be a highly qualified and holy person. He will be endowed with estates, conveyances and brethren.

COMMENTS

The Yoga fortifies the 4th house significations and tends the native to be pious and earn his livelihood through holy profession. The example chart No.70 is of Goswami Girdhari Lalji M.A. Ph.D, an astrologer of repute and head priest at Birla Mandir, Delhi. A different Yuga Yoga is also present under the scheme of Nabhasa Yogas.

126. ANGULI YOGA (अंगुलि योग)

DEFINITION

Should the 5th lord of the Navamsa chart be in exaltation and be with 10th lord in the Lagna chart, the resulting Yoga is called Anguli Yoga.

RESULTS

The native of Anguli Yoga will be a gifted person and will enjoy all kinds of luxuries and professional dignity.

COMMENTS

The 5th lord of the Navamsa chart in exaltation in the Lagna chart ushers a merited individual and if this combination is joined by the 10th lord of the Lagna chart, the native will definitely be put high professionally.

The chart above is of a person who commanded high respect, wide fame and innumerable virtues. The native held a high position in one of the princely States of pre-independence India.

127. LAVANYA YOGA (लावण्य योग)

DEFINITION

The Lagna lord in the Lagna with the 4th lord and the 3rd lord in exaltation cause Lavanya Yoga.

RESULTS

The native will be youthful, handsome, enjoying the comforts of brethren, having estates and be courageous.

COMMENTS

When the 3rd lord is exalted, the native gets full help from coborns. The 4th lord in the Lagna with the Lagna lord is a good augury for all comforts and possession of estates. How then a person enjoying all comforts could not look youthful and cheerful up to a good old age?

128. HARSHA YOGA (हर्ष योग)**DEFINITION**

Should the 6th house be occupied or aspected by evil planets and the 6th lord be afflicted or be in one of Trika (6th or 12th) house, the Yoga framed is Harsha.

RESULTS

One born in Harsha Yoga will be fortunate, strongly built, comfortably disposed, loving luxurious life, inflicting defeat to his enemies and will be afraid of evil deeds.

129. SARALA YOGA (सरल योग)**DEFINITION**

Should the 8th house be occupied or aspected by evil planets and the afflicted 8th lord be in one of Trika (6th or 12th) house, the Yoga framed is Sarala.

RESULTS

One born in Sarala Yoga will be longlived, of fixed ideas, without fear, wealthy, educated, having sons, pious, famous and will be inflicting defeat to his enemies.

130. VIMALA YOGA (विमल योग)**DEFINITION**

Should the 12th house be occupied or aspected by evil planets and the 12th lord be afflicted or be in one of Trika (6th or 8th) house, the Yoga formed is Vimala.

RESULTS

One born in Vimala Yoga will be a miser, hard of spending money, amassing wealth, leading a comfortable

and independent life and moulding himself according to circumstances.

COMMENTS

The three Yogas stated above elaborate the effects of the Trika lords in the other Trika (6th, 8th or 12th) houses. According to *Phala Deepika* these lords leave the evil acquired due to lordship and become instrumental for the good. See the following Sloka of *Uttara Kalamrita* (4/22)

रन्ध्रेशो व्ययषष्ठगो रिषुपतौ रन्ध्रे व्यये वा स्थिते
रिःफेशोऽपि तथैव रन्ध्ररिपुभे यस्यास्ति तस्मिन् वदेत् ।
अन्योन्यर्क्षगता निरीक्षणयुताश्चान्यैरयुक्तेक्षिता
जातोऽसौ नृपतिः प्रशस्तविभवो राजाधिराजेश्वरः ।

The above Sloka adorns these Yogas by saying that the person becomes a great king lording over other kings and blessed with fame and wealth.

Brihat Parasara Hora Sastra does not endorse the above results but says: the 6th lord in the 6th causes the native to have enmity with his kinsmen but friendship with others; in the 8th makes the native sickly, inimical, desirous of other's wealth and wives and be impure and in the 12th the native always spends on vices, is hostile to learned people and tortures living beings ie, he is cruel.

B.P.H.S. for the 8th lord says: the 8th lord in the 6th causes the native win over enemies, to be diseased and during childhood incur danger through snakes and water; in the 8th makes the native longlived, if strong, a thief, blameworthy and deposing own bad deeds on others and in the 12th, the native is shortlived and sinful.

B.P.H.S. for the 12th lord says: the 12th lord in the 6th makes the native incur enmity with his own men, is of angry disposition, is sinful and miserable and will go after other's wives; in the 8th causes the native gain, speak affably, enjoy medium longevity and endowed with good qualities and in the 12th the native faces heavy expenditure, is without physical felicity, is irritable and spiteful.

Now if the 8th house and 8th lord both are afflicted, the longevity is affected adversely and only Saturn in the 8th is not bad for longevity. Mars in the 8th causes one to incur debts. Afflictions to the 6th and 8th houses cause diseases. Benefics in the 12th enhance expenses for the good cause and the malefics for the sinful deeds.

Conclusively, we can say that the afflicted Trika lords in Trika houses enable one to amass wealth through unlawful means and unscrupulous methods. The health and longevity get deteriorated on account of sinful deeds and lascivious attitudes. The native actually is a beast in the skin of a lamb.

Above Chart is of a Crorepati or multi millionaire. In the first look the horoscope does not indicate so much wealth as the lords of the 2nd and 11th are in the 8th and 6th respectively. The 6th lord Jupiter is in the 12th in an enemy sign aspected by Mars. The 12th lord Mercury is associated with Saturn and aspected by Mars. Saturn the lord of 8th is in the 8th aspected by Mars. But Jupiter in the 12th made him donate in charities also.

131. DURYOGA (दुर्योग योग)

DEFINITION

Should the 10th house be occupied by the malefic planets, the 10th lord be associated with or aspected by the

malefics and be placed in the 6th, 8th or 12th house, Duryoga is caused.

RESULTS

The native born with Duryoga does not achieve fruition of his endeavours. His efforts go in vain. The native has to wander in search of suitable profession. He is not honoured. He keeps others in dark for getting his ends meet.

COMMENTS

To get success and professional satisfaction, the factors associated with highest point i.e. 10th house and 10th lord should be strong. The native endeavours in a lawful and meaningful way to achieve a station in life when these two factors are strong and if otherwise he becomes hypocritical, unscrupulous and a deceiving individual always thinking on lines of harming others. Other factors of gentlemanly qualities should also be judged. The least malefic position for the 10th lord in Trika houses is the 12th where he is able to withstand with some of his house characteristics.

NABHASA YOGAS (नाभस योग)

Varaha Mihira and Kalyana Verma have dealt with Nabhasa Yogas very descriptively in their monumental works *Brihat Jataka and Saravali*.

Nabhasa Yogas consist of four divisions, viz;

1. Aakriti Yogas having 20 sub divisions.
2. Sankhya Yogas having 7 sub divisions.
3. Aashraya Yogas having 3 sub divisions.
4. Dala Yogas having 2 sub divisions.

A peculiarity about Aashraya Yogas is that the effects described to them do not come to pass, should they partake the character and nature of other Aakriti Yogas; but only the effects of other Yogas come to pass.

One distinguishing feature of the Nabhasa Yogas is that their effects are felt throughout life unlike the other Yogas where the effects are felt particularly during the Dasas and Bhuktis of the planets functional in the Yoga.

Aashraya Yogas

Satyacharya declares Rajju, Musala and Nala to be the three Aashraya Yogas.

132. RAJJU YOGA (रज्जू योग)

133. MUSALA YOGA (मूसल योग)

134. NALA YOGA (नल योग)

DEFINITION

Should all the planets exclusively occupy movable, fixed and common signs respectively, Rajju, Musala and Nala Yogas result.

RESULTS

The individual born under Rajju Yoga will be envious, delighted by visits to foreign lands, fond of travel, attractive in appearance, cruel and mischievously disposed.

The individual born under Musala Yoga will be proud, wealthy, engaged in several works, steady minded, bold, famous, liked by the king, of good status and firm in determination.

The individual born under Nala Yoga will be defective of some limb, shrewd, resolute, attractive in appearance, gathering money, helpful to relatives. He will feel dejected, depressed and disappointed at times.

COMMENTS

For Rajju Yoga all the planets should be posited in cardinal or movable signs exclusively. Cardinal signs represent restlessness, dashing attitudes and envious disposition to be ahead of others in every respect.

For Musala Yoga all the planets should be posited in immovable or fixed signs exclusively. Fixed signs represent fixity of purpose, materialistic attitudes, practicality and common sense in day to day affairs, self interest and material benefit is the foremost thing here.

For Nala Yoga all the planets should be in common signs exclusively. These signs display characteristics of the fixed as well as movable signs. These signs are more shrewd,

resolute and base their decisions on the past experiences. Due to vigorous thinking over a problem and passiveness arising out of it, they feel dejected, indecisive and disappointed.

The chart given below is of a person who is constantly on the move and very much eager to have his own independent business. Now he is working for the others which fetches him a meagre profit.

135. SRAKA YOGA (स्त्रक योग)

136. SARPA YOGA (सर्प योग)

DEFINITION

Should all the benefics be posited in quadrants, Sraka or Maala Yoga is caused.

Should all the malefics be posited in quadrants, Sarpa or Bhujanga Yoga is caused.

RESULTS

The native born in Sraka or Maala Yoga will be happy, endowed with conveyances, robes, wealth and pleasures, will be splendorous and enjoying many females.

The native born in Sarpa or Bhujanga Yoga will be crooked in disposition, pitiless, always subjected to grief, poor and subjected to other's mercy for his boarding and lodging.

In the following horoscope Sraka Yoga is clearly marked.

137. GADA YOGA (गदा योग)

138. SAKATA YOGA (शकट योग)

139. VIHAGA YOGA (विहग योग)

DEFINITION

Should all the planets occupy adjacent quadrants, Gada Yoga is caused, Should all the planets occupy the 1st and

7th houses, Sakata Yoga is caused. And should all the planets be posited in the 4th and 10th houses, Vihaga or Pakshi Yoga is formed.

RESULTS

A man born in Gada Yoga will always perform yajnas, have accession to wealth, be skilful in Sastras and poetry and will always care for money and honour.

An individual born under Sakata Yoga will earn his livelihood as a driver, be sickly and cursed with a bad wife. He will be a dunce and poor.

The native born under Vihaga or Pakshi Yoga will be a message bearer, intent on wandering, living by sexual dealings, quarrelsome and shameless.

COMMENTS

For Gada Yoga there are four varieties involving the (i) 1st and 4th (ii) 4th and 7th (iii) 7th and 10th and (iv) 10th and 1st houses respectively. Yavanas have named these as Gada, Shankha, Vibhuka and Dhawaja. The Gada etc Yogas are for the use of Mantras or Tantras for financial prosperity. The native is always busy in spinning the web to trap money from various means. The planets here are in square to each other which is a frictional aspect in Western Astrology and makes one restless to achieve material gains. The squares are bad for sociological adjustments and the native is adamant of his own views. Therefore, the effects are somewhat good and somewhat bad as well.

In Sakata Yoga the planets are desired in the 1st and 7th houses and the Yoga throws a heavy weight on the married life. Since driving of vehicles is mentioned, there are many varieties in driving profession from a pilot to an auto driver, perhaps this adjustment will have to be made by the strength of the planets. This is an opposition aspect of Western Astrology which seems to be working behind the native being a person of labour class and having a bad wife. What other reasons we can ascribe to the configuration where all the planets are mutually related but unable to produce any thing exceptional. The opposition aspect is

termed basically a bad aspect in Western Astrology but at the sametime it is a complementary aspect whereby there is always a scope for improvement and adjustment.

In Vihaga Yoga the 4th and 10th house placement of the planets is unable to produce good results and the native is classed a vagabond or a messenger and the one earning his livelihood through sexual dealings.

The opposition of planets is playing mischief here also. Varaha Mihira in his Raja Yogas has not given importance to the squares and oppositions rather he has tried to place the planets in sextiles and trines.

	Lagna Saturn Rahu		
	Chart No. 75 SAKATA YOGA

Earlier in the Aashrya Yogas where the planets were asked to be in all movable, fixed or dual signs, if those signs fall in the quadrants of just mentioned Gada, Sakata and Vihaga Yogas; the Aashrya Yogas cease to exist according to Varaha Mihira and results owing to Aakriti Yogas will only be experienced. Suppose all planets occupy Aries and Libra identical with the 1st and 7th house, both Rajju (Aashrya Yoga) and Sakata (Aakriti Yoga) are present. The effects of Rajju Yoga will be absent and that of Sakata will exist.

140. SRINGATAKA YOGA (श्रृङ्गाटक योग)

141. HALA YOGA (हल योग)

DEFINITION

Should all the planets be in the Lagna, 5th and the 9th houses, Sringataka Yoga results.

Should all the planets be confined to a group of triangular houses other than the one containing the Lagna, Hala Yoga is structured.

RESULTS

The person born in Sringataka Yoga will be a warrior, dear to the king, will have a lucky wife, be rich, hating other women than his wife and will certainly be happy in his later life.

The native born in Hala Yoga will eat in plenty, be emotional and be engaged in agricultural pursuits.

COMMENTS

The planets are posited mutually in a grand trine, the 1st represents self; the 5th, progeny and Poorvapunya and 9th fortunes. In such a geometry all the six planets will be conjunct to or aspected by Jupiter. The results will vary with the sign placement of planets. Fortified planets will make one ride over the horse of fortune and enjoy obedient sons, good career and healthy body. Thus Sringataka Yoga is good enough even under the lean position of planets.

Varaha Mihira has put the native with Hala Yoga in agricultural profession consistent with its name Hala (plough). We assume if the trinal houses involved are 2nd, 6th and 10th it can still raise the native to a royal rank, if the houses 3rd, 7th and 11th come into picture it is still very much auspicious for a high position and only the houses 4th, 8th and 12th may put one in a low professional area. A person with trinal position of planets is a merited individual who can achieve an elated position without disturbing social and natural phenomena.

142. VAJRA YOGA (वज्र योग)

143. YAVA YOGA (यव योग)

DEFINITION

Should all the benefic planets occupy the 1st and 7th houses and all the malefics be in the 4th and 10th houses respectively, Vajra Yoga is constituted.

Should all the malefics be in the 1st and 7th houses while the benefics be in the 4th and 10th houses respectively, Yava Yoga is formed.

RESULTS

The native born under Vajra Yoga will be handsome with well built body, bold, free of diseases inimical to his own people, unfortunate professionally, endowed with good wife and happy in the early and last part of his life.

The native born under Yava Yoga will be intent to observe fasts and other religious codes, doing good deeds, valiant, firm and happy in the middle part of his life.

COMMENTS

The characteristics of the planets occupying the pair of houses are reversed in both the Yogas. In Vajra Yoga the benefics are placed in the 1st and 7th houses and the malefics on the Nadir and Zenith. The native may consequently be inimical to his relatives and not well placed professionally. Inimical to his relatives here would mean that he will not show unnecessary sympathy with them. He will inherently be a polite person believing in matter of fact things and will only be sympathetic in practical terms (benefics in the 1st). He will never have good relations with his auspicious wife who will never let down his morals in adverse times. If happily situated malefics are in the 10th, he may be having peculiar professional laurels and adamancy of purpose and the reverse also holds good. Therefore, one needs to adjust and predict according to real essence of the things.

In Yava Yoga, the native may be stubborn, unhealthy and may have a diseased wife. He will have only sympathies for his relatives. Much of the results will depend upon the actual sign positions of the planets.

To illustrate Vajra and Yava Yoga clearly we give here under two pictures of heavens. These configurations can only be possible in Bhava Chakra in higher latitudes where the elongation of a sign extends to two Bhavas sometimes. In Rasi Chakra this geometry is not possible as the maximum elongation of Mercury and Venus from the Sun can only be 28° and 48° in the signs.

			Sun Mars Lagna

				Venus Mercury

Yava Yoga

This Yava Yoga too can be possible in Bhava chart and that too in higher latitudes.

If we consider these two Yogas from the Rasi chart we shall have to keep the Sun out of the combination of Venus and Mercury. This is a debatable point and requires readers attention. Varaha Mihira expressed this fallacy in the Sloka, viz;

पूर्वशास्त्रानुसारेण मया वज्रादयः कृताः ।

चतुर्थभवने सूर्याज्जिसितौ भवतः कथम् ।

He has told these Yogas (Vajra and Yava) as told by Maya and Yavana. How can Mercury and Venus occupy the 4th from the Sun? Yavanas, the western people, could have lived in higher latitudes and must have noted these Yogas functioning in Bhava charts.

144. KAMAL YOGA (कमल योग)**145. VAPEE YOGA (वापी योग)****DEFINITION**

All the planets posited in the four quadrants promiscuously cause Kamal Yoga.

All the seven planets posited in Panapara (2nd, 5th, 8th and 11th) houses or Apoklima (3rd, 6th, 9th or 12th) houses cause Vapee Yoga.

RESULTS

A person born in Kamal Yoga will enjoy wide fame, immense comforts and numerous virtues. He will be very rich, handsome, long lived and will lord the whole earth.

An individual born under Vapee Yoga will be a clever hoarder of wealth, enjoying a few but long enduring comforts and will be happy on account of his sons.

COMMENTS

In Kamal Yoga the emphasis is on the wide spread fame and immense virtues. These things can only be enjoyed by good deeds. All the quadrants are involved with the seven planets, the native is more extrovert and deeply committed to social interaction to maintain human values.

In Vapee Yoga the 2nd and the 8th houses are involved. We may expect the native to have a tendency of keeping in secret his monetary possessions.

The horoscope here under denotes Vapee Yoga. All the succedent (Panaphara) houses are occupied by the seven planets. A Vapee Yoga native is merely a money making machine without any room for character and name.

146. YUPA YOGA (यूप योग)
 147. ISHU OR SARA YOGA (इशु योग)
 148. SAKTI YOGA (शक्ति योग)
 149. DANDA YOGA (दण्ड योग)

DEFINITION

Should all the planets occupy continuously four signs starting from the Lagna (1st, 2nd, 3rd and 4th), Yupa Yoga is formed.

Should all the planets occupy continuously four signs starting from the 4th (4th, 5th, 6th and 7th), Ishu or Sara Yoga exists.

Should all the planets occupy continuously four signs starting from the 7th house (7th, 8th, 9th and 10th), Sakti Yoga is caused.

And should all the planets occupy continuously four signs starting from the 10th house (10th, 11th, 12th and 1st), Danda Yoga is framed.

RESULTS

A Yupa Yoga native will be charitable, endowed with riches, liberal, a distinguished person and will be observing religious fastings and vows.

An Ishu Yoga native will be of cruel disposition, an incharge of prison, a manufacturer of weapons, a police officer, fond of mean handi work and he will have a great lust for hunting.

An individual born under Sakti Yoga will be devoid of wealth, bereft of ease, mean, lazy, short lived, a grieved man, slothful, deformed and an expert in war.

A person born in Danda Yoga will be a discarded person from his community, will lose his wife and sons and will lead a life of servitude.

COMMENTS

A native of Yupa Yoga will have spiritual knowledge and be engaged in religious rites. Sara Yoga is concerned with the cruelty and law enforcing machinery of the kingly eras. Sakti Yoga tells that one will be expert in war while Danda Yoga refers to the servitude of the native.

It appears that these Yogas have more to do with the professional engagements of a person, his monetary condition, his family conditions and his social standing. These Yogas do not seem to enhance the merits of the horoscope though merits could be present there with different permutations of planets owing to their lordships and natural characteristics. Danda Yoga refers to servitude, then a minister in king's court is also of this category; but must be having a Raja Yoga set up of planets. We should apply common sense in such intricate matters and not apply the Yogas verbatim.

See the example chart of Danda Yoga on page 108.

The native was initially in service as legal advisor. Then he went into his own legal advisorship and earned good

name and fame. He did not lack happiness due from his wife and children. The results of Danda Yoga seem to have been pushed in the back ground by other very significant Yogas like Gajakesari and conjunction of the Lagna lord Venus and Yogakaraka Saturn in the 11th house. Astrology is a comprehensive science and deductions made out of a single clue could be dangerous.

Danda Yoga

Yupa Yoga described above must be good as the planets are rising according to the progressions of the Western Astrology. Next best in order is Danda because the planets are culminating to the zenith by progressions. The other two Ishu and Sakti are bad as the planets are either setting or culminating to the Nadir. But then lordships of the houses by the planets and sign placements also have their own role to play. The above discussion was just to illustrate how can we widen our sphere of comprehension.

150. NAU YOGA (नौ योग)
 151. KOOTA YOGA (कूट योग)
 152. CHHATRA YOGA (छत्र योग)
 153. CHAPA YOGA (चाप योग)

DEFINITION

Should the seven planets be in seven continuous houses reckoned from the Lagna or other quadrants (4th, 7th or 10th) respectively, the four Yogas arising are called Nau, Koota, Chhatra and Chapa.

In Koota Yoga half of the planets are under the globe and the rest tending to set, therefore the native may be fraudulent and a companion of drunkards, cheats, robbers and may be employing unscrupulous methods to fetch money.

In Chhatra Yoga all the planets will be in the visible half and the birth will be in happy surroundings. The native will earn a good amount of wealth but his wealth may decrease in the middle part of his life and it will be a continuous process as the planets tend to go below the descendant by progressions.

In Chapa Yoga half of the planets will be in the visible half and those below the earth will be endeavouring to rise. In the later life of an individual all the planets will be above the horizon and will bestow comfortable life full of enjoyments in the advanced periods of his life.

154. ARDHA CHANDRA YOGA (अर्ध चन्द्र योग)

DEFINITION

Should all the seven planets be in seven continuous houses reckoning from a Panapara (2nd, 5th, 8th or 11th) house or an Apoklima (3rd, 6th, 9th or 12th) house, Ardha Chandra Yoga is produced.

RESULTS

The native born in Ardha Chandra Yoga will be handsome, strong, fortunate, wealthy, an army chief and will lead a life of pleasures.

COMMENTS

The Yoga commences from the succedent or cadent houses. It will be an excellent Yoga if starts from the 2nd, 5th, 9th or 11th house, the results will be absolutely auspicious. If the Yoga starts from the 3rd, 6th, 8th or 12th house, the resulting auspiciousness will be of meagre strength.

155. CHAKRA YOGA (चक्र योग)

DEFINITION

Should all the seven planets occupy six alternate houses (1st, 3rd, 5th, 7th, 9th and 11th) reckoning from the Lagna, the Yoga produced is Chakra.

RESULTS

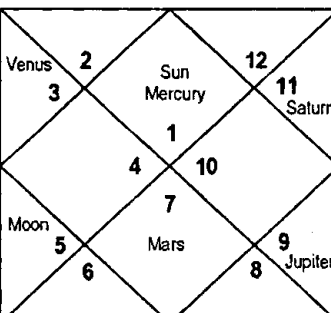

The person born under Chakra Yoga will be intelligent, wise, commanding respect, rich and will be a king of kings having submission from others at his disposal.

COMMENTS

In Chakra Yoga each planet has an aspect over the other. Chakra Yoga does not involve any of the Trika (6th, 8th and 12th) house and hence its splendid results. It evidently involves 2 quadrants, 3 trines, the house of courage and the house of income (Aaya).

From the Western principles all the planets are in sextile (60°) and trine (120°) relationships which signify an uninterrupted flow of energy between the planets. Though there are also some oppositions; but they are more of complementary nature than obstructive.

Illustration of Chakra Yoga

		Lagna Sun Mercury		Venus
	Saturn	Chart No. 83

	Jupiter		Mars	

In the Chart of Chakra Yoga (on page 111) Mars is aspecting the Sun, a Raja Yoga, Jupiter is aspecting the Sun, Mercury, Venus and the Moon again a Rajayoga. Thus the inherent strength of the horoscope is very much heightened.

156. SAMUDRA YOGA (समुद्र योग)

DEFINITION

Should all the seven planets be posited in six even (2nd, 4th, 6th, 8th, 10th and 12th) houses, the resulting Yoga is Samudra.

RESULTS

The native born under Samudra Yoga will be affluent like a king, wealthy, having keen intellect, of truthful disposition and will be free from worries.

COMMENTS

Samudra Yoga will be auspicious for the family of the native as there will be a planet in the 2nd aspected by a planet from the 8th.

By Western Astrology planets will be in sextile, trine and opposition aspects as were under Chakra Yoga. Such a position is productive of intellectual supremacy and the native may be in a higher counselling position.

	1						
Mars	4	10	Sun Mercury	Sun Mercury			
		7					
5			9			Venus	Jupiter
	6	Jupiter	8	Venus			

The chart No.84 illustrates Samudra Yoga which is one out of the 20 Aakriti Yogas mentioned by Varaha Mihira in his *Brihat Jataka*. As said earlier mere presence of Nabhasa Yogas cannot introduce an affluent native; but the presence of other Yogas for kingly status is essential.

Varaha Mihira has raised his own doubts about the formation of Yogas Vajra and Yava due to demand of Mercury and Venus in quadrant from the Sun and this geometry is impossible in the tropical countries like India. However, this is possible in the countries with higher latitudes and that too only in Bhava Chart when a sign extends to two complete Bhavas (houses). The famous English Astrologer C.E.O Carter has discarded all the methods of house calculations in his 'Essays on Astrology' on the fact that principles of Astrology buckle due to these methods of house division based on the fact that M.C at all places remains the same, therefore, find out all house cusps by adding 30° and its multiples to M.C with minor corrections. He further says that the method of equal house division gives more accurate predictions than the other methods of house division which involve a great mathematical jugglery. The Hindu Dasa system is based on this method of equal house division and which has stood the test of time from centuries. This is only we, who have created all these methods otherwise there is no such division there in the heavens, there are only planets, stars and some particular geometries with fixed boundries called constellations and signs.

We beg pardon from our readers to have deviated from the core subject matter that Varaha Mihira himself did not give much importance to Nabhasa Yogas and he included these in his key work *Brihat Jataka* only because earlier astrologers Maya, Yavana and others had recognised these Yogas.

Sankhya Yogas

These Yogas are seven in number equal to the number of planets and are produced by the seven planets occupying as many signs as are represented by the seven figures commencing from seven and diminishing successively by one, i.e., by the numbers. These Sankhya Yogas are to be reckoned only when those mentioned previously are absent. Here commence the Sankhya Yogas.

157. VALLAKI OR VEENA YOGA

(वल्लकी या वीणा योग)

DEFINITION

Should all the planets severally be in any seven signs, the Vallaki Yoga is present.

RESULTS

One born in Vallaki Yoga will have many friends, be eloquent, be interested in Sastras, be fond of music and fine arts, be happy and famous and will be a multi faceted personality.

COMMENTS

Vallaki Yoga is also called Veena Yoga. If Sankhya Yoga resembles any of the Aakriti Yoga then only Aakriti Yoga should be considered leaving the Sankhya Yoga.

A typical horoscope of Vallaki Yoga is given above, all the seven planets are distributed over the seven houses. The native is very intelligent, a keen judge of human nature and interested in almost every matter that comes along his way.

158. DAMINI YOGA (दामिनी योग)

DEFINITION

Should all the planets occupy any of the six signs, the resulting Yoga is Damini.

RESULTS

The native born under Damini Yoga will be famous for his obliging qualities, knowledge, wealth and intellectual abilities.

COMMENTS

The nature of results is very much dependent on the house and sign positions of and aspect among the planets. The intensity of good results depends largely on these elementary tools of delineation.

The horoscope hereunder is that of a Dewan (Minister) of few princely States of pre-independent India. Damini Yoga is clearly evident along with many other Yogas.

159. PASA YOGA (पाश योग)

DEFINITION

For Pasa Yoga to be formed, the seven planets should occupy any of the five signs.

RESULTS

The native born in Pasa Yoga will be clever in amassing wealth scrupulously. He will be virtuous, clever, talkative and endowed with sons.

COMMENTS

Sarvali holds different view from *Brihat Jataka* and asks one with Pasa Yoga to be bonded which is against *Brihat Jataka* which suggests one to earn by fair means. Verbatim application of classical results may flare up difficulties. For bonding and incarceration classical works suggest the

Lagna and the Lagna lord to be in the 6th or 8th house in Pasa Drekkanas. We give much importance to the results described in *Brihat Jataka* which desires the native of Pasa Yoga to be scrupulous.

The following example chart is of Mahatma Gandhi born at Porbander, Gujarat on 2/10/1869 at 7-45 A.M. L.M.T. Who does not know that he was a pious man and was imprisoned for political reasons. Pasa Yoga is distinctly present in his horoscope. The readers will do well to find if the Lagna or the Lagna lord falls in Pasa Drekkanas.

160. KEDARA YOGA (केदार योग)

DEFINITION

Should all the 7 planets be distributed among any four signs, Kedara Yoga is constituted.

RESULTS

The native born under Kedara Yoga will be generous towards his relatives, acquiring wealth by pursuing agriculture, fickle minded and will be truthfully disposed.

COMMENTS

Previously in Hala Yoga it was mentioned that the native will pursue agriculture and now it is Kedara. The Nabhasa Yoga configurations of planets are definitely helpful in estimating the working sphere of an individual, whether he will be engaged in manual labour or be an intellectual in a broader sense. As Kedara Yoga tells that the native will be an agriculturist with fickle mind, we can clearly perceive

that the native is from manual labour class and not from an intellectual class. Now the sign and the aspects involved will decide the class, a Zamindar, a big farmer, an ordinary farmer or simply a worker in the fields. Now a days the manual classes have many working areas open to them.

The horoscope hereunder is of an ordinary worker, a machinist, but with a dull intellect in literary pursuits. He cannot even write properly but otherwise he is very scheming for his safer future. He got disabled due to hip bone T.B and has one leg a little shorter. Note Kedara Yoga present.

161. SHULA YOGA (शूल योग)

162. YUGA YOGA (युग योग)

163. GOLA YOGA (गोल योग)

DEFINITION

Should all the Seven planets occupy any three, two and one signs respectively, Shula, Yuga and Gola Yogas arise.

RESULTS

A Shula Yoga native will be furious, getting wounds in quarrels, courageous, likes to enjoy money but is poor.

A Yuga Yoga native will be a drunkard, hypocrite, fickle minded and will suppress his appetite with the begged food.

A native born under Gola Yoga will be of poor longevity, ignorant, a vagabond, slothful and penniless.

COMMENTS

All the three Yogas commonly make one poor, miserable and unfit for the civilised society. The reason is clear that the energies of the benefic planets are nullified by the energies of the malefic planets, when they are just within a space of 90°. The lordships, sign placements and of course almost no aspects among them render them inert to do any thing worthwhile. The planets are in the 1/12 in the Yuga Yoga an adverse placement and are totally spoilt under Gola Yoga due to conjunctions. However under Shula Yoga there is some initiative, for a few planets are in sextile to each other; but that too is weakened by the 1/12 relationships among them. Better sign placements and other strengthening features rather can do some propping up work in this case. The results like furiousness, courage may emerge out of the strength of the Lagna factors or the Sun and Mars combinations or the Sun and Mars being in the 3rd from the planets representing mental faculties.

Kalyana Verma has said about Sankhya Yogas, viz;

परभाग्यलब्धसौख्या परभाग्यैरेव जीवितं तेषाम् ।

संख्यासंज्ञे जाता ये पुरुषाः सर्वतो विकलाः ।

The individual with Sankhya Yogas usually progresses through the fortunes of the other people like co-workers,

wife, sons, friends, servants etc and gets wealth on that account. If he works as an independent identity he remains restless and dissatisfied.

Varaha Mihira in his *Brihat Jataka* (12/10) has clearly mentioned गोलशान्यान् पूर्वमुक्तान्विहाय means that these Gola and other Sankhya Yogas are to be reckoned only when those mentioned previously are absent. Here पूर्वमुक्तान्विहाय i.e. those mentioned previously includes the three varieties—Aakriti, Aashraya and Dala. Therefore, we are left with very few options at least for the last three Sankhya Yogas i.e., Shula, Yuga and Gola Yogas.

For instance Rajju, Musala and Nala of the Aashraya Yogas and Sringataka and Hala of the Aakriti Yogas leave a space of 90° for the manifestation of Shula Yoga of the Sankhya variety. Some other configurations are also possible.

Gada, Vihaga and Sakata Yogas of the Aakriti Yogas still leave some more room for the manifestation of Yuga Yoga but Rajju, Musala and Nala are for narrowing the room. The spaces left for the formation of Yuga Yoga then are 2/12, 6/8, 3/11 and 1/5. The 1/12 and 6/8 positions, for all the planets turn out to be destructive in worst configurations of Yuga Yoga. The only happy placements are 3/11 and 1/5 because then the planets will be in sextile (60°) and trine (120°) aspects among themselves according to Western thought. In Hindu Astrology the trinal placement is also not considered bad.

There is no replacement for Gola Yoga.

Nau, Koota, Chhatra, Chapa and Ardha Chandra Yogas can set aside Veena or Vallaki Yogas. Samudra and Chakra Yogas can take the place of Damini Yoga.

Kamal, Vapee, Vajra and Yava of the Aakriti and the two Dala Yogas can at times operate for Kedara Yoga.

The chart No.90 of celebrated Tabla maestro Ustad Zakir Hussain is a typical example of Shula Yoga refuting what is said for Shula Yoga. A number of Raja Yogas have veiled Shula Yoga. Though the native is of manual class but of what type, a person excelling in the field of music through

the magic of his fingers on account of exalted Venus in the Lagna framing a Malavya Yoga, along with Hamsa Yoga caused by Jupiter in his own sign.

Zakir Hussain

Therefore, due to these contradictions Varaha Mihira himself had not advocated Nabhasa Yogas but included them in the text only because his celebrated predecessors had recognised them.

The chart No. 91 of Hyder Ali who established his authority over the most part of Southern India in his times also refutes what is said of Yuga Yoga. See the Raja Yogas present in the chart. He was a great warrior, diplomat and administrator.

164. AVA YOGAS (अवयोग)

DEFINITION

Should the Lagna or its lord be associated with or aspected by the malefics and be in a Trika (6th, 8th or 12th) house, the obtained geometry is Ava Yoga.

RESULTS

The native born in Ava Yoga is very unrestful and he prefers the company of bad elements of the society. Neither his body is healthy nor his character. The native remains short lived, unnoticed, in deep poverty and incurs disgrace.

COMMENTS

The whole horoscope gets vitality from the strong Lagna lord and with the weak Lagna and Lagna lord even the powerful Raja Yogas lie eclipsed like the birds start to their night rest when the Sun is fully occupied by Rahu. This Yoga occurs to the natives in professions where they have to work hard themselves. The intensity of the Yoga is considerably reduced if a benefic aspects it. It can also be named Dehakashta Yoga.

165-166. DEHA SOUKHYA YOGAS

(देह सौख्य योग)

DEFINITION

165 : Should the Lagna lord be in own Navamsa or be aspected by the benefic planets.

166: Should Lagna lord be in the Lagna or be in or a quadrant or trine and the benefics occupy the quadrants.

RESULTS

These two Yogas are said to keep the body healthy and free from diseases.

COMMENTS

The strength of the Lagna lord is essential to be healthy. If the Lagna or Lagna lord is weak one cannot enjoy the fruits of other houses. The weak Lagna or Lagna lord not

only affects the health but also luck and progress. The Lagna lord in a quadrant or trine gains strength and if the benefics also occupy quadrants, the Lagna lord and the Lagna get additional strength.

The health gets adversely affected even when the dispositor of the Lagna lord is badly disposed or evilly aspected.

167. PUSHTA DEHA YOGA (पुष्ट देह योग)

DEFINITION

Should the Lagna be a movable sign and the Lagna lord also be in a movable sign in aspect of the benefics cause Pushta Deha Yoga.

RESULTS

The native will be very active, progressive and possessing a muscular body.

COMMENTS

When the Lagna and the Lagna lord are in movable signs, the native is very active and unrestful. He always works for the better future. Therefore, the native does not allow extra flesh to accumulate around his skelton. The native has intuitive understanding of the fact, what a healthy body means. Even a labour class individual can have a healthy body but he does not survive for long, for want of nutrition in countries like India.

168–170. STHULA DEHA YOGA (स्थूल देह योग)

DEFINITION

168: Should the Lagna and the Lagna lord fall in watery signs and be aspected by the benefics or watery planets.

169: A benefic sign in Lagna be occupied or aspected by Jupiter from a watery sign.

170: The Navamisa lords of the Lagna and Lagna lord should be placed in watery signs.

These three Yogas produce Sthula Deha Yoga.

RESULTS

The native born in this Yoga will be an obese.

COMMENTS

Watery signs associated with the Lagna factors certainly make one corpulent. Pushta Deha is different from obesity. Jupiter in the Lagna or aspecting the Lagna factors from a watery sign makes one corpulent due to over eating, luxurious living and added use of sugar. The Sun in the Lagna particularly in Leo gives a big and square body having a tendency to corpulence in advanced age. Cancer, Libra, Scorpio, Capricorn (later half), Aquarius and Pisces are watery signs and Jupiter and Mercury are the planets responsible for corpulence if related to the Lagna factors. The Moon in a watery sign in the Lagna has the same tendency, however, in other signs she makes the body plump due to retention of water in the tissues. The Sun and the Moon if placed in watery signs also make one prone to obesity.

5	3	1	Mercury	Chart No. 92		Moon

8	10	Mercury				Rahu

The example chart No.92 is of an obese person. The Moon is in a watery sign (own sign). The Sun and Jupiter are in a watery sign (Pisces). Jupiter aspecting the Moon. The native is extremely fond of consuming delicious dishes and has a good vocabulary of restaurants and sweet shops.

171-172. KARSHARYA DEHA YOGA (कार्ष्य देह योग)

DEFINITION

171: Should the Lagna fall in a dry sign occupied by a dry planet or the Lagna lord be in a dry sign with a dry planet.

172: Should the Navamsa lord of the Lagna be a dry planet or occupy a dry sign and a malefic be in the Lagna.

In either of the two combinations Karsharya Deha Yoga is caused.

RESULTS

The native born in this Yoga will be lean and lanky.

COMMENTS

The Sun, Mars and Saturn are the dry planets. Aries, Taurus, Gemini, Leo, Virgo and Sagittarius are the dry signs. Any of the above signs falling in the Lagna and any of the above planets occupying Lagna make the native emaciated. Mercury and Jupiter have dual character in this respect. In dry signs they tend to be lean while in watery signs they tend to be corpulent. Other principles like the Lagna or the Lagna lord occupying dry signs may be used with advantage in this respect.

Example chart here under is of a lean and lanky girl. Dry planet Mars occupies the dry Virgo in the Lagna. The Lagna lord Mercury is in the dry sign Sagittarius. The Moon though is in a watery sign but is aspected by dry Mars and her dispositor Jupiter is in a watery sign Scorpio in a cadent house, therefore, practically ineffective. Same is the case with other luminary, the Sun.

Saturn Venus 7 Sun Jupiter 8 Ketu	5 4 6 3 12 2 Rahu		Moon		Rahu	
			Chart No. 93			
	10 11 Moon 1		Mercury	Sun Jupiter Ketu	Saturn Venus	Lagna Mars

Sometimes it so happens that there are Yogas for emaciation but the native is still corpulent. If Mars is in Cancer in the 2nd house or the Sun in the 3rd house in Leo

the native is corpulent though not to a great extent. This is due to excessive intake of sugar, fried eatables and excess calorie diet and the native feels drowsy after meals because the flow of blood is more towards the stomach for digesting the swallowed material and the brain gets less supply of blood, hence drowsiness and lassitude.

Mars and the Sun if strong and associated with the 2nd or 3rd house make the native fond of sweet dishes.

173–174. ROGI DEHA YOGA (रोगी देह योग)

DEFINITION

173: Should the Lagna lord be in the 6th, 8th or 12th house in the malefic Navamsas or be afflicted by the malefics.

174: Should the Lagna lord be in the Lagna conjoined with the 6th, 8th or 12th lord, Rogi Deha Yoga is formed.

RESULTS

The native born under Rogi Deha Yoga remains constantly sick and possesses a weak constitution.

COMMENTS

In both the Yogas mentioned above the weakness of the Lagna lord due to association, aspect or Navamsa position with the malefics is the cause of constant illness. Of the three lords of Trikas (6th, 8th, or 12th) the potential to cause illness ascends in the order 12th, 6th and 8th lords. The 8th lord is the prime mischief maker in this respect.

	6	12	Saturn				Moon
	9						
7			11				
	8		10		Rahu		
	Rahu		Jupiter				

The association of the 12th lord with the Lagna lord manifests more on the mental plane due to out of control conditions and excessive expenditure. Under this Yoga the immunity system of the body deteriorates day by day and the native falls prey to the demon of disease.

The horoscope No.94 is of a lady born on 2nd July 1938. Jupiter in the 9th indicates a loyal husband and prosperity till the husband lives (Gaja Kesari Yoga). Unfortunately he died in 1993. The Sun, Mars and Mercury in the Lagna kept her constantly ill since her marriage. She has no control over her tastes. She suffered of tuberculosis of uterus and did not conceive. She has asthma, Mercury conjunct the Sun and Mars in the Lagna. She has rheumatoid arthritis as Saturn is in 10th from the Lagna and from the planets in the Lagna. Recently she got hip bone fracture.

A Yoga named Aalasya Yoga is also caused, if Jupiter conjuncts Saturn or the weak Lagna lord is related to ill placed Saturn.

Malefics in the Lagna cause ill metabolism and lassitude.

175. KHALWATA YOGA (खलवाट योग)

DEFINITION

Should the Moon be aspected by Mars in Cancer, Leo, Sagittarius, Scorpio or Virgo Lagnas, the Yoga is caused.

RESULTS

The native born will be bald headed.

COMMENTS

The medical cause for baldness according to Ayurveda is excess of bile in the body. If the Moon is aspected by Mars biliousness is caused. The Moon in Cancer aspected by Mars will also cause bilious disorder in the system so also when the debilitated Moon in Scorpio is aspected by Mars. When Virgo rises and the Moon is aspected by Mars, the disorders of colon cause biliousness and the resulting baldness.

Malefics in the Lagna also cause baldness.

The Sun causes biliousness, when in Leo in the Lagna, hence baldness.

We have tested these Yogas in many cases, the readers may test themselves.

176-179. VIKALANGA YOGA (विकलांग योग)

DEFINITION

176: Should Venus in the Lagna be aspected by Saturn, the debility is in the hips.

177: Should all the quadrants be occupied by the malefics or the Moon and Sun be in a quadrant.

178: Should Venus be in the 4th, Jupiter conjunct with Saturn or Mars or Mercury causes debility in hands or feet or waist.

179: Should the Lagna lord be afflicted in the 12th by the malefics, the native walks with the help of a stick.

RESULTS

The native with any of the above Yogas will have some kind of physical debility.

COMMENTS

Whenever the Lagna factors are afflicted by Saturn, the debility is caused. Saturn in the 12th is very instrumental in leg bone fracture and the resulting debility. Venus is the planet which adds grace in exposition to the external world. Whenever she is afflicted by Saturn the native feels shy of meeting others and has a complex about his looks, gestures and dress.

	Venus Rahu Mercury Saturn	Sun Mars		
		Chart No. 95		Jupiter
			Lagna Moon	Ketu

The chart No.95 is of an individual to whom debility came from hip bone T.B. The Youngman is of angry disposition and egoistic, the Sun and Moon in Kendras are afflicted by Mars. Venus the Lagna lord and Mercury the 9th lord (hip) are afflicted by Saturn and Rahu in the 6th house. Jupiter (hip) is in 6/8 relation with Saturn and Rahu.

180-181 DEHA DURGANDHA YOGA

(देह-दुर्गन्ध योग)

DEFINITION

180: Should Venus be in Saturn's sign.

181: Venus and Mercury in a quadrant identical with Gemini or Virgo cause Deha Durgandha Yoga.

RESULTS

The native with the Yoga smells foul.

COMMENTS

Venus in Saturnian sign causes one to be dirty. The combination of Mercury and Venus in the former's sign also smells foul due to some skin problem.

182-183. KAPATA YOGAS (कपट योग)

DEFINITION

182: Should Mars and Mercury be related.

183: Should Saturn and Rahu be related or especially when one of them be in the 4th house or afflictions to the 4th house cause Kapata Yoga.

RESULTS

The native is of deceiving disposition.

COMMENTS

Kapata is the product of hardened emotions and desirous nature. In Yoga 182 the desires (Mars) compel the rational mind (Mercury) to adopt wrong course while in Yoga 183 the emotions are dead and greed (malefic planet) takes charge of the individual. To be free of greed and lust, the 4th house elements should be strong and unafflicted.

184. HAASYA YOGA (हास्य योग)

DEFINITION

Should Mars and Mercury be in Capricorn or Aquarius or Mercury in the Lagna be aspected by Jupiter from the 7th house or Mercury's Navamsa rises in the Lagna.

RESULTS

The native has keen sense of humour and he participates in such gatherings.

COMMENTS

Mercury is the planet of humour. When Mercury is with Mars in Saturnian signs the depth and acuteness of humour is enhanced. Mercury in Lagna gets strengthened and its duality gets a boost from the aspect of Jupiter.

One is witty and humorous, if the Navamsa lord of the Sun placed in Vaisesikamsa is in the 2nd house. A planet is in Vaisesikamsa if he occupies 13 times his own Vargas in Shodasa Vargas.

A Yoga named Kautuki Yoga is formed, if a strong benefic as the 11th lord occupies the Lagna and a benefic is there in the 11th house. The native with the Yoga has high aspirations, is a hypocrite and showy person.

185-186. CHOURYA YOGAS (चौर्य योग)

DEFINITION

185: Should the 12th lord be in the 3rd, and 4th lord be in the 6th or the 8th lord be in the 2nd house.

186: Should a strong Mercury and Mars be in the 6th or Mars and Mercury be in the Lagna.

RESULTS

The native in these Yogas is untruthful and a thief.

COMMENTS

It is common that one who is a thief is a liar as well or a liar is a thief, the two are inter-related terms. The Yoga for untruthfulness also occurs if the 2nd lord goes to the house of Mars or Saturn and is supported by the malefics in

quadrants/trines. When one has to hide his unsocial acts or misdeeds he lies accordingly. The Yoga for untruthfulness can be related to theft and unlawful activities.

If the 2nd lord is posited in quadrants or trines afflicted by malefics and the 2nd house is also afflicted the native is shy of speaking before the public or gathering. In reality public speaking is related to the self confidence and that emanates from the strong Lagna lord, a strong and well placed Mars and the prominent Sun. Of course a strong Jupiter has also to do with public speaking. The fear and shyness is taken away by Mars, the theatrical and showy nature springs from the Sun, proper selection of words is the domain of Jupiter and the strong Lagna lord; without ambition nothing can be achieved.

Though the discussion has gone out of proportions, yet to elaborate untruthfulness we have gone to that extent.

187–189. NAV YOVANA YOGA (नव यौवन योग)

DEFINITION

187: Should the Moon and Venus be in the Lagna, one maintains youthfulness for long.

188: A powerful Mars in the 11th keeps one mentally agile, although one may be old physically.

189: Should the 4th lord be in the 10th, one consumes rejuvenating medicines to stay young.

RESULTS

In these Yogas the native looks younger than his age.

COMMENTS

Mars, Venus and the Moon are planets of youth and keep one young till old age.

190–191. PISHUNA YOGA (पिशुन योग)

DEFINITION

190: Should the Lagna lord be a malefic planet or the Lagna be occupied or aspected by the malefics.

191: Should the 2nd lord be aspected by or conjunct Mars.

RESULTS

The native of these Yogas back-bites or speaks ill about some one to others.

COMMENTS

This psychology especially pertains to Mars when he is in relation with the 2nd lord; but malefics in the Lagna or afflicting the Lagna also portend such tendency.

192-193. CHANDALA & MALECHCHHA YOGAS (चाण्डाल और म्लेच्छ योग)

DEFINITION

192: Should Rahu be conjunct Jupiter and be aspected by the malefics or Jupiter be in debilitation sign or Navamsa cause Chandala Yoga.

193: Should the Sun be in the 7th, Saturn be in the Lagna and Mars be in the 3rd or 9th house or Saturn and the Sun be in the same sign in several divisional charts.

RESULTS

The native gets involved in mean acts and in sexual relations with some low caste woman.

COMMENTS

Jupiter with Rahu or in debilitation loses his beneficence while Saturn with the Sun in several Vargas causes one to be spoiled by a low caste woman.

Jataka Parijata (11/26) denotes--

होराधीशे पापखेटे रिपुस्थे पापक्षेत्रे भानुपुत्रेण युक्ते ।

शूद्रप्रायो राहुणा केतुना वा जातश्चाण्डालोऽथवा नीचतुल्यः ।।

When the Lagna lord is a malefic and occupies the 6th house in conjunction with Saturn in a malefic sign, the person born will be like a Shudra (low caste person or with mean habits). If Rahu or Ketu take the place of Saturn in the above configuration the person will be a Chandala or an equally low person by his habits.

Bad planets with the Lagna lords occupying bad houses make one of mean habits.

194–195. KAATARA YOGA (कातर योग)

DEFINITION

194: If weak Mars afflicts the Lagna, the Yoga exists.

195: If for a night birth Saturn is in the 10th, the Yoga is formed.

RESULTS

The native will be coward and will always be in fear of his enemies.

COMMENTS

Courage and bravery are Martian traits while cowardliness is Saturnian. A strong Sun also imbibes bravery.

Conjunction of Mars and Saturn also leads to cowardice. The 3rd lord with Saturn also leads to cowardice.

Jataka Parijata says-

मध्यस्थे रिपुखेटयोस्तनुपतौ जातोऽरिभीतो भवेत् ।

When the Lagna lord is in between two inimical planets, the native is dread of his enemies.

196–200. VAANI DOSHA YOGAS

(वाणी दोष योग)

DEFINITION

196: Should Mercury be in a Saturnian sign and be aspected by him, causes an enfeebled voice Yoga.

197: Should the weak 2nd lord be in the cruel Navamsas or should the 2nd house factors be occupied or aspected by the malefics along with Vaani Karaka Mercury, cause one to stammer.

198: Should the Moon be related to Saturn, one speaks less but hard.

199: Should the waxing Moon be conjunct Mars or the two be in the Lagna, one speaks in nasal tone.

200: Should the 2nd lord, the 2nd house and Mercury be severely afflicted by aspect, placement or in Vargas, one is dumb.

The results have been given along with Yogas.

COMMENTS

Yoga 196 has been found true in actual practice. Saturn is a reserved planet, when afflicts the Moon or Mercury, one does not beat about the bush but expresses his feelings in a concise, but hard or matter of fact way. Mars in the Lagna with the Moon or else where usually keep one suffering from sinusitis or polypus which usually causes nasal sound due to blockade of sinuses. The Yoga 197 has been found correct in actual practice.

See the chart No.96 of a boy who stammers. Vaani Karaka Mercury is in a Saturnian sign, hemmed in between Mars and Saturn. Ketu is in Taurus the natural Vaani-sthana and its lord in the 8th. The 2nd house and the 2nd lord is aspected by Mars though the Moon has gained some strength being in the 10th in a fertile sign. There is hope of his speaking uninterrupted as he grows young because Mercury is in Venusian Navamsa. Stammering increases when he is emotionally upset (Moon). It is hoped that his emotions will calm down with the age.

201-203. VAACHALA OR VAAGMI YOGAS (वाचाल योग या वाग्मी योग)

DEFINITION

201: Should in a day birth Mercury be in Leo or in a night birth in Cancer.

202: Should Jupiter be in Mercury's sign or Navamsa or should the 2nd lord be conjunct Mercury in a quadrant/trine or should the 2nd lord be aspected by a benefic and conjunct a male planet.

203: Should the Navamsa lord of Jupiter be in exaltation or Gopuramsa, Vaachala Yoga results.

RESULTS

The native speaks too much, if born in Vaachala Yoga.

COMMENTS

The 2nd house is the house of vocal ability and Vaani Karaka Mercury is like the metal mercury which does not remain stand still. Mercury is convertible enough to adjust in a situation, for his own needs. Jupiter is always a speaker with depth and gravity. His brevity of words is commendable. In Mercury's signs Jupiter is a wasteful speaker particularly in Gemini. The three Yogas mentioned above have stood the test of the time.

204-207. BADHIRA YOGAS (बधिर योग)

DEFINITION

204: Should Mercury be in the 4th from Saturn and the 6th lord be in the 6th, 8th or 12th house.

207: Should Mercury be Conjunct Venus in the 12th, the left ear is affected and if this combination is in the 3rd in Gemini or Virgo, the right ear is affected.

COMMENTS

शौर्यायाङ्गिरसो यमारसहितद्रष्टा यदि श्रोत्ररुक् ।

If the 3rd and 11th house and Jupiter are with or aspected by Saturn and Mars, the ear disease results. Hearing includes voice, touch, volume, melody and quality and they are represented by the five elements : Prithvi, Jala, Agni, Vaayu and Aakash. Voice or sound is ruled by Jupiter. Therefore, Sri Mantreswara has taken Jupiter for hearing.

In the chart No. 98 the Yoga is present from both Mercury and Jupiter; but it seems to be more significant from Jupiter because Kala Sarpa Yoga also includes him.

208. BALYA DHANA YOGA (बाल्य धन योग)

DEFINITION

Should the 2nd and 9th lords be in a quadrant and the Navamsa lord of the Lagna lord be aspecting them, Balya Dhana Yoga is caused.

RESULTS

The native becomes wealthy in his childhood.

COMMENTS

The 9th lord represents the destiny due to good deeds of previous birth and it is due to 9th lord's relation with the 2nd lord that the native becomes wealthy in childhood. This Yoga can be found in the charts of the persons having inherited wealth.

209-210. BHRATRU DHANAPTI YOGAS

(भ्रातृ-धनाप्ति योग)

DEFINITION

209: Should the 2nd and Lagna lords in strength be in the 3rd house or both of them in the 3rd be aspected by male planets.

210: Should the 2nd lord be conjunct the 3rd lord in Vaisesikamsa.

RESULTS

The native gets wealth from his brothers.

211. JANANI DHANA LABHA YOGA

(जननी धन लाभ योग)

DEFINITION

Should the 2nd lord be conjunct or aspected by the 4th lord.

RESULTS

The native gets money from or because of his mother.

COMMENTS

The native can get money from his maternal relatives like maternal grand father. He may also be benefitted

through his mother's share in the maternal grand father's property.

If the 2nd lord is in Vaisesikamsa and conjuncts the 4th lord, the native gets wealth through agriculture or some one of his parental race.

212-213. SUPUTRA DHANAPTI YOGAS

(सुपुत्र धनाप्ति योग)

DEFINITION

212: Should the 5th lord and Jupiter be conjunct or aspected by the strong 2nd lord, the above mentioned Yoga results.

213: Should the strong Lagna lord be in Vaisesikamsa, Yoga mentioned above is caused.

RESULTS

The native amasses money earned by his son.

COMMENTS

It is a matter of good luck that such a Yoga is present in a horoscope. The native is really helped by his son. Poorva Punya of such people could be very strong that they get such solace from their sons. This Yoga can also be applied to the charts where father becomes rich after the birth of a son or progeny.

In the chart No.99 of Gautam Budha this Yoga is present in full potency. The 5th lord Mars and Jupiter are conjunct with the 2nd lord Sun.

214. SHATRUTO DHANAPTI YOGA

(शत्रुतो धनाप्ति योग)

DEFINITION

Should the 6th lord or Karaka of the 6th aspects the strong 2nd lord or conjuncts him, the Yoga is caused.

RESULTS

The native becomes wealthy on account of his enemies.

COMMENTS

Saturn and Mars are the Karakas of the 6th house, both of them should be included in the Yoga. The additional condition should be the strength of Lagna factors otherwise the native will lose his wealth to his enemies.

The relation of 2nd lord with Saturn can be a dangerous preposition, however, the relation with the other Karaka Mars is definitely a good Yoga to become rich on account of enemies.

215. BHARYATO DHANAPTI YOGA

(भार्यातो धनाप्ति योग)

DEFINITION

Should the 7th lord or the Karaka of the 7th be related to the strong 2nd lord by conjunction or aspect, the Yoga is formed.

RESULTS

The native becomes rich on account of his wife.

COMMENTS

The native is to get money by dint of his wife. There are various ways for it, the wife may be a working lady, she may bring a good amount in dowry, she may get some property from her parents or her husband may be helped by her parents to settle in some business. The Karaka of the 7th house is Venus, his association with the 2nd lord can also manifest such results.

216. PITRU DHANAPTI YOGA (पितृ धनाप्ति योग)

DEFINITION

Should the 10th lord and the Karaka planets of the 10th house be related to the strong 2nd lord by aspect or conjunction, the Yoga mentioned results.

RESULTS

The native gets wealth from his father and becomes rich on that account.

COMMENTS

It seems to be a principle in these Yogas that whichever house lord or Karaka is related to the strong 2nd lord, the native becomes rich on account of that agency. In Indian conditions father's wealth commonly is inherited by the son and there is nothing peculiar about it.

218: Should the 2nd and 10th lord be conjoined in a quadrant/trine from the Lagna.

219: Should the Moon and Mars be conjunct and the strong 2nd lord be in the 10th, 9th or 11th house from the Lagna.

228: Should the 2nd, 11th and 9th lords in strength be in the quadrants from the Lagna.

229: Should the Navamsa lord of the Lagna and the 9th lord be in deep exaltation and the 11th lord be in Vaisesikamsa.

230: Should the 11th lord be in the Lagna, the Lagna lord in the 2nd and the 2nd lord in the 11th house.

RESULTS

The native born in any of the above Yoga will be rich or will become rich.

COMMENTS

The combinations described earlier like Chandradhi Yoga, Lakshmi Yoga, Parijata Yoga also make a person rich. However, a few Yogas described here also make a person rich particularly.

For Dhana Yoga 217 see the chart No.101 of a millionaire. The Lagna lord and the 2nd lord are in a quadrant.

231-244. DHANA YOGAS (contd.) (धन योग)

DEFINITION

231: Should Saturn be in the Lagna identical with his own sign and be aspected or conjoined by Mars and Jupiter.

232: Should Venus be in the Lagna identical with his own sign and be conjunct or aspected by Saturn and Mercury.

233: Should Jupiter be in the Lagna identical with his own sign and be conjunct or aspected by Mercury and Mars.

244: Should Venus be in the 5th identical with his own sign and Mars be in the 11th house.

RESULTS

The native born under any of these Yogas will be a merited person and will be wealthy or will become wealthy soon out of his merits.

COMMENTS

From the 14 Yogas mentioned in this section it is quite clear that the 1st, 5th and 11th houses are a few seats of Lakshmi, the goddess of wealth.

For the Yoga 233 of this scheme see the above chart of Farookh Abdulla, the Ex-Chief Minister of Kashmir. Jupiter is conjunct Mars, Though Mercury is not directly involved with Jupiter; yet being in 10th to him influences him

considerably. It is a square aspect of Western Astrology. The 10th lord Mercury is exalted and Jupiter and Mars, the 1st and 5th lords are conjunct in the Lagna. Mr. Abdulla is a highly qualified man, holds doctoral degree to his credit. He is wealthy and prosperous as well.

For the Yoga 232 of this section see the chart No.109 of film actress Tabbu where Venus is in his own sign conjunct Mercury and in trine to Saturn the dispositor of Mercury. The peculiarity of this chart is the Trikona position of all the planets. It is trine aspect of Western Astrology which is considered very auspicious. In Hindu Astrology also the Trikona placement holds good.

Here under see the example chart of Ex-President Johnson of United States. The Sun is in the Lagna in his own sign conjuncts Mars and Jupiter. It is a very powerful chart for political success. The richness is due to combination of the 1st, 2nd, 5th, 9th and 11th lords.

These Yogas are rarely found as they have been described. However if they are formed partially or by aspects they still show some sense.

245. DARIDRA YOGA (दरिद्र योग)

DEFINITION

Should the 11th lord be placed in a Trika (6th, 8th or 12th) house and be afflicted, Daridra Yoga results.

RESULTS

The native with Daridra Yoga will suffer from some ear disease, be under debts, be poor, have inimical elder brother, be talking in sarcastic language, be doing baser deeds and work and be in lower employment.

COMMENTS

Here only afflictions to 11th lord are desired. For the planets in the 11th house Saravali opines.

लग्नस्थाः सुखसंस्थाः दशमस्थापि कारकाः सर्वे ।

एकादशमपि केचित् बाञ्छन्ति न तन्मतं मुनीन्द्राणाम् ॥

Astrologers also quote for the 11th house 'लाभे सर्वे प्रशस्ताः' means, all planets are good in the 11th house.

Malefics in the 11th house give earnings laboriously, cruelly and in a hard way while the benefics denote an easy access to wealth.

This Daridra Yoga is very general. The other Daridra Yogas have been mentioned here under and under Kemadruma Yogas.

246-255 DARIDRA YOGAS (दरिद्र योग)

DEFINITION

246: Should Moon be with Ketu and the Lagna lord be in the 8th house.

247: The Lagna lord conjunct a malefic be in the 6th, 8th or 12th house while the 2nd lord be in an enemy's sign or in his fall.

248: The 6th lord and the Lagna lord exchange signs while the Lagna is aspected by a Maraka, the 7th lord.

249: The Lagna lord and the 6th lord exchange signs while the Lagna be aspected by a Maraka, the 7th lord.

250: Should the Lagna lord and the Navamsa Lagna lord be conjunct or aspected by the Maraka planets.

251: The Navamsa lord of the Moon conjuncts a Maraka planet or occupies a Maraka house.

252: The dispositors of Trika (6th, 8th and 12th) lords falling in a Trika (6th, 8th and 12th) house be conjunct or aspected by the malefics.

253: Should the 5th and 9th lords be respectively posited in the 6th and 12th houses in aspect of the Maraka planets.

254: The Lagna lord conjuncts a Trika (6th, 8th or 12th) house lord or Saturn without the relieving aspect of a benefic planet.

255: The natural malefics not owning the 9th and 10th houses occupy the Lagna and be conjunct or aspected by Maraka planets.

RESULTS

The native born under above Yogas will be indigent, penniless and miser.

COMMENTS

The Marakas here may be referred to as the lords of 2nd, 7th and Trika (6th, 8th and 12th) lords. Marakas in respect of poverty is the greatest curse and a penniless person cannot enjoy worldly comforts be it honour, prestige, valour, education, good food or happy living. It befalls on those who had been cruel, merciless and violators of natural phenomena in previous births.

256-257. RINA GRASTA YOGAS (ऋणग्रस्त योग)

DEFINITION

256: If the 2nd lord is eclipsed by the Sun's rays and is in depression and in a malefic Shastiyamsa, the Yoga is given to arise.

257: If the 6th house, and its lord are related to the 2nd house and its lord, the Yoga exists.

RESULTS

The native will plunge into debts.

COMMENTS

We suppose this will particularly happen, if the Lagna lord and Jupiter are also weak.

The 6th house signifies disease, enemy and debts and the relation of the 2nd lord with the 6th house and the 6th lord will put one into debts.

The example chart No. 113 is of a person lying under debts: The 2nd house and its lord are aspected by Mars, the 6th lord. Kemadruma Yoga (poverty) is present. Venus in the 12th causes much expenses.

258. NIRVIDYA YOGA (निर्विद्या योग)

DEFINITION

If the 2nd lord, Mercury and Jupiter occupy the 8th house, the Nirvidya Yoga is constituted.

RESULTS

The native will be destitute of learning.

COMMENTS

The 2nd is the house of earlier education; Mercury and Jupiter are signifiers for it; when they go to the 8th house and are weakly posited there in, one is devoid of learning.

The chart on page 150 illustrates this. Mercury is hemmed in between the Sun and Mars and aspected by Saturn. The 2nd lord and Karaka Jupiter is in the 8th in an enemy sign. The native left school in middle class. The 4th house signifies learning by heart. When 4th house factors are spoilt then also one does not acquire a good education particularly the education after schooling.

259-279. DHANA NASHA YOGAS (धननाश योग)

DEFINITION

259: Should Mercury be in the 12th house, the native loses his property on account of disputes with his kinsmen.

260: Should the 12th lord be with evil planets, the native loses his possessions on account of telling lies, tempering of accounts and engaging himself in unscrupulous tasks.

261: Should the Lagna lord be weak, the 2nd lord be in the 12th conjunct the Sun or be debilitated or aspected by the malefics, the native loses his wealth in govt penalties.

265: Should the Sun and the Moon be in the Lagna, conjunct or aspected by a Maraka lord.

266: Should a benefic be in the 10th and a malefic be in the 2nd house.

267: Should the Moon, Mercury, Mars and Saturn be debilitated and Venus be in Capricorn, even a royal personage will become penniless.

268: Should the Sun be debilitated and the Trikona lords be in the 8th.

269: Should the Navamsa lord of the 12th lord be related to the 2nd lord.

270: Should the 12th house or 12th lord be related to the malefics, the native spends his wealth on evil deeds and vice-versa.

271: Should Venus and Jupiter or Moon and Mercury be in the 12th, the native spends on religious or good causes.

272: Should the 12th lord be weak and related to Mars, the native loses wealth due to brother.

273: Should the weak 12th lord be in an evil Navamsa and be related to the 7th lord, the native loses wealth due to his wife.

274: Should the weak 12th lord be related to the 10th lord, the native loses money due to his father.

275: Should the 12th lord be related to the 4th lord, the native loses wealth due to his mother.

276: Should the 2nd lord be in the 6th, the native loses money due to his enemy.

277: Should Mercury be in the 2nd aspected by the Moon or vice-versa, wealth vanishes unknowingly.

Example chart given below shows that the native is losing money due to her son and coborns. The 5th lord being 12th lord is in the 2nd. The 2nd lord in the 3rd and both being 1/12 to each other.

278: Should the 2nd lord, the Moon, Venus, Saturn and Rahu be in the 2nd, the native loses money by following a wrong life course.

279: Should Mars be afflicted in the 2nd house, the native loses money by theft or fire.

RESULTS

The native loses money or is born penniless, for reasons not mentioned.

280–281. ANNADATA YOGAS (अन्नदाता योग)**DEFINITION**

280: If the 2nd house and its lord become associated or aspected by Jupiter and Venus or benefic planets, the Annadata Yoga is given to arise.

281: If a benefic planet be in exaltation in the 2nd and the 2nd be aspected by a benefic and the 2nd lord be in Vaisesikamsa, the Annadata Yoga arises.

RESULTS

The native born with the Yoga will dispense food and happiness to many.

COMMENTS

The results will certainly occur if the 4th house and the 9th house are also beneficially disposed. The 2nd house factors so beneficially disposed will give abundance of wealth and hence charities.

282–284. BHOJANA PRAKARA YOGAS

(भोजन प्रकार योग)

DEFINITION

282: Should the 2nd lord be a benefic in exaltation and aspected by benefics, the native consumes sparing but quality food.

283: Should the 2nd lord be in Vaisesikamsa aspected by Jupiter, the native consumes delicious and royal food.

284: Should the 2nd lord and 2nd house be in evil Shashtyamsa joined by malefics, the native is a voracious eater or a glutton.

RESULTS

The results have been described with the Yoga.

COMMENTS

The food quality can be decided by the association, aspects and Vargas of the 2nd house and 2nd lord. Malefics signify Devil's appetite, Tamsaika food while the benefics signify sparing but Satvika and quality food. Malefics cause poverty while the benefics riches. Cardinal factors related to the 2nd house make one eat briskly while the fixed factors make one eat slowly by enjoying the taste of the food. The native dines at the death ceremonies, *Shradhas* or such lower functions, if the 2nd lord Saturn is debilitated or related to Gulika. The native depends on the food left out by others if the 2nd lord be debilitated or in evil Navamsas or aspected by the malefics and this Yoga can also be taken for poisoned food or Vishaprayoga.

285-286. KUTUMBI YOGAS (कुटुम्बी योग)

DEFINITION

285: Should the 2nd house and 2nd lord be in good position, good aspects and several benefic Vargas.

286: Should the 2nd house and 2nd lord be evilly placed, in evil aspects and several malefic Vargas.

RESULTS

The Yoga 285 signifies that the native has to feed a big family or there are many well to do members in the grand family.

The Yoga 286 signifies that the native gets disgraced for scarcity of wealth and food and he has to see decay of his family.

287-290. SUMUKHADI YOGAS (सुमुखादि योग)

DEFINITION

287: Should the 2nd lord be in a quadrant in exaltation or with benefics, the native's face blossoms like a lotus.

288: Should Mercury be in a quadrant with the 2nd lord, the native possesses an attractive and smiling face.

289: Should the 2nd house and debilitated 2nd lord be with the malefics or aspected by them, the native possesses an ugly face.

290: Should the malefics be in the 2nd, the native has big face.

RESULTS

The results have been described along with the Yogas.

COMMENTS

The 2nd house represents speech, face and general look of the face. The Yogas have many variations. Suppose a native has Mars and Rahu in the 2nd in Cancer and their dispositor the Moon is in the 5th, the native is a forceful speaker with a wealth of ideas. His face will be oval (Moon) and angry in looks (Mars). He may have pimples (Mars) and moles (Rahu) on the face. Co-ordination with the Lagna lord is essential.

291-294. DANTAVIKARA YOGAS

(दन्त-विकार योग)

DEFINITION

291: Aries or Taurus falling in the Lagna or in the 2nd house with malefics cause deformity in teeth.

292: Evil planets in the 7th cause deformity in teeth and breaking of a few of them in some accident.

293: The 2nd and 6th lords in conjunction be aspected by the malefics, cause bad teeth or diseased teeth.

294: Mars with the Moon or afflicting Lagna factors, shows protruding upper denture.

COMMENTS

The teeth add to the beauty, smile and looks of the face. Afflictions to the Lagna and the 2nd house significators definitely cause bad teeth. Yoga 294 particularly has been found to be fully evident.

295-296. ANDHA YOGAS (अन्ध योग)

DEFINITION

295: Should the Lagna lord be in a Trika (6th, 8th or 12th) house with the Sun, Moon and Venus.

296: Should Mercury and the Moon be in the 6th, 8th or 12th house.

RESULTS

In these Yogas the native becomes blind.

COMMENTS

Blindness is hardly seen now a days, however, those who are spared of medical care, nutritional diet and are ignorant, still suffer of it. The Yoga 295 is for the blindness by birth wherein all the factors signifying eye sight are in an evil house.

The Yoga 296 signifies that the native loses his eye sight due to excessive reading and writing. These Yogas were framed in olden days and are irrelevant now a days.

297-298. NETRAGHATA YOGAS (नेत्राघात योग)**DEFINITION**

297: The eyes get hurt if Saturn is in the 2nd (right eye) and Mars is in the 12th (left eye).

298: Should the 2nd house, the 12th lord and Venus be in debilitation Navamsas and aspected by the malefics.

RESULTS

In both the Yogas the native incurs injury to his eyes.

COMMENTS

Injury can occur to the eyes by an accident while in olden times it was also inflicted on to the individuals as royal punishment for the serious crimes so that he could not repeat it again. Yoga 297 is for the injury through an accident while Yoga 298 declares it to be inflicted as a punishment due to wrath of rulers. In olden times it was done by piercing red hot iron rods into the eyes. It was done to Prithvi Raj Chauhan by Mohammed Gouri. Now a days this can occur due to revenge by some one or by an amateur eye surgeon.

299-302. NETRA ROGA YOGAS (नेत्र-रोग योग)**DEFINITION**

299: Should the 8th lord and the Lagna lord be in the 6th house.

300: Venus be in the 6th or 8th house.

301: The 2nd and 12th lords be conjunct Saturn, Mars and Gulika.

302: The lords of the 2nd and 12th be with Venus and the lord of Lagna be in the 6th, 8th or 12th.

RESULTS

The native is with diseased eyes if there be present any one of the said Yogas.

COMMENTS

Venus is a party in almost all the Yogas for eye diseases, Venus governs all the gelatinous and sticky substance of the body like semen, pre-coital fluid, saliva and natural lens of the eye. Yoga 300 indicates disease in the right eye. Yoga 302 signifies disease in both the eyes. In Yoga 301 it is the inflammation which is the cause of the trouble.

The Sun is the Karaka of the right eye and the Moon is the Karaka of the left eye. Malefic planets in the 6th destroy the left eye sight and it is a serious trouble if the Moon and the 12th lords are also afflicted. Similarly malefics in the 8th destroy the right eye sight particularly if they at the same time afflict the 2nd lord and the Sun. The strong Lagna lord has a saving effect against evils of the Yoga.

The chart No. 116 is of a native who had cataract due to uncared Glaucoma in the right eye. Venus is in the 2nd with Saturn and the 2nd house is aspected by Mars.

303. BHRATRU LABHA YOGA(भ्रातृ लाभ योग)

DEFINITION

Should the 3rd lord, the 3rd house and Mars be conjoined or aspected by the benefics or be strong otherwise i.e. be strong by Vargas etc, the Yoga results.

RESULTS

The native will have amicable good brothers, who are prosperous as well.

COMMENTS

It is difficult to find happy relations among co-borns these days. Since the dawn of civilisation the bone of contention among co-borns who had been dear to each other in the childhood are inheritances and envious disposition of their better halves. If the third lord and the Lagna lord are friends, the native has happy relations with his co-borns, the converse is also true. Several evil Vargas in the 3rd cause annoyance with co-borns.

Should the 3rd lord and Karaka Mars be in odd Navamsas and be aspected by male planets, the native has

Venus Ketu Sun Moon Mars Mercury	4	2	Lagna 12° Jupiter 1°
5	Jupiter 3	1	Venus 17° Ketu 7°
6	12	Chart No. 117	Sun 21° Moon 16° Mars 2° Mercury 22°

Saturn	8	10	Rahu

several brothers and if both be in even Navamsas and aspected by the female planets, the native will have more sisters. If in dual Navamsas aspected by dual sign lords, there will be equal numbered male & female coborns.

The chart No. 117 is of a lady who are 5 brothers and 7 sisters. Jupiter is in the 3rd sign Gemini of the Zodiac in Libra Navamsa. Karaka of co-borns Mars is in the 3rd house in own Navamsa. The 3rd lord Sun is in Libra Navamsa. All these facts point towards multiple co-borns.

304. BHRATRU HAANI YOGA (भ्रातृ हानि योग)

DEFINITION

Should the 3rd lord and Mars be in the 6th, 8th or 12th house in malefic signs or be conjunct or aspected by the malefics or be in the Navamsa of malefics, the Yoga occurs.

RESULTS

Either there will be no co-born or they will not survive.

COMMENTS

The Yoga is quite simple to understand. According to dictum Karako Bhava Nasayah. Mars should destroy brothers in the 3rd. In practice he is not found to be doing so; but he does inflict greedy and selfish nature in them. They quarrel over the inheritances and are envious of each other. The Sun in the 3rd indicates unhappy relations with co-borns. If the 3rd house falls under the Vargas of the Moon and is aspected by Mars, the co-borns remain unhealthy.

If the 3rd lord is a female planet or a female planet be in the 3rd, one will have sisters next to him.

305. BAHU SAHODARA YOGA (बहु-सहोदर योग)

DEFINITION

Should the 3rd lord and Mars be exalted or in own house or be in Kendras and be aspected by benefics or be in the Navamsas of benefics, the Yoga is formed

RESULTS

The native will have many co-borns.

COMMENTS

The lady of the chart No. 118 has 11 co-borns. The 3rd lord Mercury is in the 3rd house conjunct, the Sun and Venus. Mercury is in Libra Navamsa. The Karaka Mars is in the 4th and his dispositor Moon is in her exaltation sign. Mars has attained Neechabhanga. Mars is in Virgo Navamsa owned by Mercury. The Sun in the 3rd has made her dominate over them and therefore, incurs their annoyance.

Brihat Parasara Hora Sastra (14/14) says—

अग्रे जातं रविर्हन्ति पृष्ठे जातं शनैश्चरः ।

The Sun in the 3rd destroys elder co-borns while the after borns will be destroyed by Saturn in the same capacity. According to Sage Bhrigu the Sun destroys the elder brother; but the elder sisters will survive.

B.P.H.S (14/7) also says—

भ्रातृभे बुधसंयुक्ते तदीशे चन्द्रसंयुते ।

कारके मन्दसंयुक्ते भगिन्येकाग्रतो भवेत् ॥

If Mercury be in the 3rd, the 3rd lord and the Moon be conjunct and the significator Mars be conjoined with Saturn, there will be only one elder sister and the rest co-borns will be younger brothers.

B.P.H.S. (14/9) further opines—

भ्रातृस्थानाधिपे केन्द्रकारके तत्त्रिकोणगे ।

जीवेन सहिते चोच्ये ज्ञेया द्वादश सोदरा ॥

If the 3rd lord be in a quadrant, while the significator Mars be exalted in a trine and be conjunct Jupiter, 12 will be the number of total co-borns.

	Chart No. 118		
	Saturn 16°	Rahu 25°	Jupiter 1°

There will be 7 co-borns if the 12th lord joins Mars and Jupiter while the 3rd is occupied by the Moon. (See *B.P.H.S.* 14/12)

व्ययेशेन युतो भौमो गुरुणा सहितोऽपि वा ।

306. VIKRAMA YOGA (विक्रम योग)

DEFINITION

Should the 3rd lord be in a quadrant/ trine in benefic Navamsa or conjunct or aspected by the benefic planets and Mars should also be like this, Vikrama Yoga arises.

RESULTS

The native born under Vikrama Yoga will be courageous and will inflict defeat to his enemies to achieve his goals.

COMMENTS

Benefic Navamsas, aspects and conjunction of benefics does not let the mentality to go astray. One is courageous or bent upon to achieve his desired station, when one has stable mental approach and one eyed view of his desired destination. A classic quotes—

सहजे शुभदृष्ट्याधिक्ये वा पापयुते वा सहजपे बलादये विक्रमी ।

Should the 3rd house be aspected by few benefics or the malefics be in the 3rd house or the 3rd house or the 3rd lord be strong then one is courageous. Here malefics are required in the 3rd just to avoid mental pliability and to gain firmness in one's approach while the aspects of benefics will enhance the significations of the 3rd house. Again it is said: सौत्याङ्गेश योग विक्रमी ।

The chart given below is of Sri Jaya Prakash Narayana whose exceptional courage toppled the government of Smt. Indira Gandhi. The Sun is in own Navamsa in the 3rd

Mars 1° 5 Sun 25° Venus 14° 6 Rahu 3° Mercury 11° 7 8 9 Saturn 29°		Ketu 3°

house. The Lagna lord Moon aspects the Lagna and is posited in own Navamsa.

307. YUDDHA KUSHALA YOGA (युद्ध कुशल योग)

DEFINITION

Should the 3rd lord be exalted and conjunct with the benefics, the Yoga arises.

RESULTS

The native born will not be afraid of fighting or wars and he will be an efficient war strategist.

COMMENTS

The 3rd house indicates mental agility and decision taking ability. When the 3rd lord is exalted and is with benefics, the native is a good war strategist.

The chart of Shivaji the great is worth studying here. Saturn is exalted in the 3rd house and aspected by 3rd lord Venus and Jupiter. Shivaji preferred proxy war which was ideal under the circumstances. Rahu in Taurus enhanced his strategic acumen. The Karaka of the 3rd, Mars in the 11th is aspected by Jupiter, hence strong.

				Mercury 7°	Venus 9°	Rahu 29°	Mars 15°
				Sun 22° Jupiter 6°	Chart No. 120		
							Lagna
					Ketu 29°	Saturn 16°	Moon 27°

If the 3rd lord is exalted in the 6th, the native boasts of before war starts and backs away when it has started.

If the 3rd lord is with exalted 6th lord, the native is defeated in war.

If the 3rd lord is evilly placed and conjuncts malefics, the native incurs quarrels over trifles.

One is valiant if the 3rd lord conjuncts the Sun; firm minded if with the Moon; senseless and whining, if with Jupiter, clever in quarrel, if with Venus; stupid, if with Saturn; coward if with Rahu and torpid if the 3rd lord conjuncts Ketu or Mandi.

308. SATKARYADIRATA YOGA (सत्कार्यादिरत योग)

DEFINITION:

Should the 3rd house be a benefic sign occupied by a benefic and the 3rd lord be beneficially disposed, the Yoga results.

RESULTS

The native is of philanthropic disposition and ready to help the needy.

COMMENTS

The 3rd house deals with one's mental inclinations and habit pattern. If the 3rd house factors are afflicted by evil planets, one is selfish, deceptive and a nuisance in the society.

The Yoga also engages one in reading the high class literature and sacred texts.

Following is the chart of a native who was engaged with a religious society in the Dasa of Jupiter. Lagna lord Venus is exalted and Jupiter is in his own sign in the 3rd house. The native hates religious hypocrisy and helps the needful.

If the 3rd lord is associated with or aspected by Mercury and Jupiter, one has the advantage of listening to sweet discourses on religion and morality.

309–310. MATRU SNEHA YOGAS (मातृ-स्नेह योग)

DEFINITION

309: Should the 4th lord and Lagna lord be friends or both be conjunct or aspected by the benefics, the Yoga results

310: Should the 4th lord be in a quadrant aspected by the Lagna lord or benefics, the Yoga results.

RESULTS

The native born in the Yoga will get extreme love and affection of his mother.

COMMENTS

The Yoga is easy to understand and can be extended to the Karaka of the 4th house, the Moon. If the Moon is taken for the 4th lord the intensity of Yoga is still present.

311–313. MATRUSUKHA ABHAVA YOGAS (मातृ-सुख अभाव योग)

DEFINITION

311: Should the 4th house and 4th lord be afflicted by the malefics, the Yoga results.

312: Should the Moon and Venus be in the Vargas of the malefics or be aspected by or be conjunct the malefics, the Yoga results.

313: Should the Moon be in the 6th or 8th and the 7th be occupied by Mars and the malefics, the Yoga results.

RESULTS

The Yoga keeps the native aloof of love and affection of his mother.

COMMENTS

The Moon and Venus are the significators of mother in the Yoga. The 7th house has also been included being 4th from the 4th according to *Bhavat Bhavam* principle. We have noticed these Yogas practically and found if the Lagna lord is inimical to the 4th lord or the Moon, one does not keep good relations with mother. There is a verse—

चन्द्रास्ते सपापे शुक्रे मातृसुखं न ।

Should the malefics with Venus be in the 7th from the Moon the native is devoid of maternal comforts.

Another important point that emerges from the Yogas and verse is that 7th house and Venus should also be considered for comforts from females.

314. MATRU DEERGHAYU YOGA

(मातृ दीर्घायु योग)

DEFINITION

Should the 4th house be occupied by a benefic, the 4th lord be in the Vargas of or aspected by or conjunct the benefics and the Karaka of the 4th be strong, the Yoga results.

RESULTS

The native enjoys the affection of his long living mother.

COMMENTS

As many evil aspects will be there to the combination as much the longevity and affection of the mother is curtailed. The Yoga can be extended according to the verse:

शुक्रे वा चन्द्रे शुभांशे केन्द्रे मातृदीर्घायुः ।

If the Moon and Venus be in the quadrants in benefic Navamsas, the mother is long lived. Another verse.

चन्द्रे बलादये वा शुक्रयुते दृष्टे ।

The Moon be strong and Venus be aspected by or conjoined with the benefics, give long life to the mother. The Moon is strong when waxing and becomes very weak and evil when waning and afflicted by the malefics.

315. MATRU NASHA YOGA (मातृ-नाश योग)

DEFINITION

Should the Moon be in the Vargas of the malefics, the 4th and 7th from the Moon be occupied by the malefics, the Yoga results.

			Ketu Venus	
	Mars	Chart No. 122		Sun Mercury
				Lagna Jupiter
		Saturn Moon Rahu		

RESULTS

The Yoga causes death or troubles to the mother.

COMMENTS

The Yoga has more potency when the Moon is waning. The Yoga can be extended to afflictions of the 4th house and the 4th lord.

Look the verse:

रात्रौ चन्द्रात् त्रिकोणे मन्दे मातृवधः ।

If for the night birth the Moon and Saturn are in trines to each other, the mother is assassinated.

Another verse:

सोत्थपे त्रिके स चन्द्रे पर स्त्री स्तन्यपानम् ।

If the 3rd lord with the Moon be in the 6th, 8th or 12th house, the native is reared on the milk of a woman other than his mother. In other words if the 12th lord from the 4th be with the Moon in Trika houses, the mother of the native is unable to breast feed him.

The native of the chart No. 122 lost his mother early. The Moon is debilitated and the Moon and Venus both are afflicted by Saturn, Rahu and Ketu.

Yoga for step mother also arises if the 4th is occupied by malefics. The native of the chart No. 122 does not have any step mother; but he had three grand mothers.

316. MATRU VYABHICHARINI YOGA

(मातृ व्याभिचारिणी योग)

DEFINITION

Should the 6th lord be conjunct Mars and the Moon be in the 4th aspected by the malefics, the Yoga results.

RESULTS

The mother of the native will be a sexual debauchee and will cohabit with the men other than the native's father.

COMMENTS

It is hard to arrive at a result unless the horoscope of the mother is not analysed, however, the afflicted Moon in the 4th and the 6th lord i.e. the 3rd lord from the 4th representing her contacts be with Mars, arouse her emotions towards other men. The Yoga seems to have depth. Another dictum:

सुखे राहुयुते सपापे माता जारिणी ।।

If the 4th lord be with Rahu and a malefic, the mother is of loose morals.

The converse of the Yoga holds good in the verse.

तुर्येषे शुभार्कदृष्टे माता पतिव्रता ।

If the 4th lord be aspected by the Sun and a benefic, the mother is loyal to the native's father. Here the Sun is considered Satvika.

317-318. KAPATA YOGAS (कपट योग-द्वितीय)

DEFINITION

317: Should afflicted Mercury be in the 9th or in an evil sign, the Yoga results.

318: Should the 4th house be hemmed in between the malefics or be afflicted and Mercury be in Aries, the Yoga is formed.

RESULTS

The native will not be good at heart and will indulge in hypocrisy.

COMMENTS

The 4th house rules the emotions which emerge from the heart. When the 4th house factors are spoiled by the malefics, the native is rendered affectionless. If Mercury, the planet of discriminating ability is in the 9th in an evil sign, the native is of a dual character by birth. In reality he is not what he pretends to be. He ably adapts according to the demand of the situation. Mercury in Aries is greedy.

The chart here under is of a person who is a first rate hypocrite and pretends as if he is the only real well wisher of the person attending him. Mercury is in the 9th and his dispositor Saturn is debilitated. Rahu resides in the 4th in own sign. This man has been unreliable in his dealings and has shown his greediness many times. He is a first rate hypocrite and has amassed good amount of wealth on that account.

Moon		Mars		Sun Jupiter Ketu	Mars Venus Saturn		Lagna
4	2	1	Venus Saturn	Mercury	Chart No. 123		Moon
5	3	12	Ketu Sun Jupiter				
Rahu	6	9					
7	8	10	Mercury				Rahu

Jataka Parijata describes the Yoga differently—

सपापे रन्ध्रपे सौख्ये कपटी पापसंयुते ।
स्वोच्चमित्रस्ववर्गस्थे निष्कापट्यं शुभेक्षिते

If the 8th lord be associated with a malefic planet and the 4th house be occupied by an inauspicious planet, the person born will be deceitful; but if the 8th lord be in exaltation, in own or friendly house or in own or friendly Varga (division) and the 4th house be aspected by a benefic planet, the person concerned will be candid.

The 2nd part of the Sloka is relevant to the next Yoga, Sajjana Yoga which is also the Yoga for candidness.

319-320. SAJJANA YOGAS (सज्जन योग)

DEFINITION

319: Should the 4th be occupied by benefics and the 4th lord be associated with the benefics or aspected by them, the Yoga results.

320: Should the 4th house, 4th lord and the Moon be unafflicted and be in the Navamsa of the benefics.

RESULTS

The native will be of pious heart.

COMMENTS

The combinations can have many variations like a few factors may be afflicted but the aspect of Jupiter may save the native from being mischievous. The disposition of the Lagna lord is also important otherwise the native may be slippery at times in this respect. Astrology is the science to be studied and practised collectively and conclusion derived from the weighty pan of the balance of pros and cons.

Mars 1	Saturn 11	Lagna Ketu	Mars		Moon Jupiter
2	Ketu 10	Saturn	Chart No. 124		
	12				
Moon Jupiter 3	9				
	6				
4	Jupiter Sun Mercury Rahu 7				Jupiter Sun Mercury Rahu
5	8				

The example chart No. 124 is of the English lady Annie Besant who was very pure at heart who wrote many books on Hindu religion and philosophy. The Lagna lord Jupiter is in Gemini and his dispositor Mercury is exalted and conjoined with the Satvik Sun. The Moon-Jupiter combination in the 4th forms Gajakesari Yoga and it keeps the emotions and purity of heart at a high level. The person cannot even think ill of others.

321-322. SUKHA PRAPTI YOGAS

(सुख प्राप्ति योग)

DEFINITION

321: Should the Lagna lord, the Moon sign lord and Jupiter be in a quadrant, the Yoga arises.

322: Should the 4th house and the 4th lord be aspected by Jupiter, the Yoga is formed.

RESULTS

The native will feel satisfied and contented, if Sukha Yoga exists in his chart.

COMMENTS

There is no end to the lust and material ambitions. The element of contentment and feeling satisfied is the trait of benefic Jupiter. The 4th house and the 4th lord signify our emotions and feelings. When the 4th lord is posited in a quadrant along with Jupiter, an element of contentment gets penetrated into the feelings and emotions and one feels satisfied of his achievements. The same principle is applicable to the factors of self and mind i.e. the Lagna lord and the Moon sign lord, who signify our ambitions and mental state.

The example chart No. 125 is of Swami Ram Tiratha ji Maharaj. The Lagna lord Jupiter is in a Kendra. The Moon sign lord and the Sun sign lord Venus is also in a quadrant conjunct Jupiter. Therefore Sukha Yoga is present.

323-325. DUKHA PRAPTI YOGAS

(दुःख प्राप्ति योग)

DEFINITION

323: Should the 4th lord be in the Navamsa of malefics and be debilitated, the Yoga is formed.

324: Should Mercury, Rahu and the Sun be in the 5th, Mars be in the 4th and Saturn be in the 8th, the Yoga results.

325: Should Saturn be in the Lagna, Rahu be in the 8th and Mars be in the 6th, the Yoga is constituted.

RESULTS

The native of the Yoga always remains melancholic, sorrowful and brooding over his condition.

COMMENTS

If the 4th lord is afflicted by the malefics one suffers from the element of greed generated by the malefics. One is a psychologically distorted individual. One cannot think rightly, for want of happy environment around. Mars and the Sun in the 4th cause the brethren to be jealous and fighting. Mercury, Rahu and the Sun in the 5th make one estimate himself super intelligent and the 10th aspect of Saturn from the 8th weaves a web of deception or self illusion in this respect. Saturn in the Lagna and Rahu in the 8th create vivid imaginations and the aspect of Mars from the 6th over Saturn always keeps one suffer at the hands of enemies and the native does not have courage to defeat or resist his enemies. He resorts to such things like black magic or some astral entity who could or take control of his enemy. A few more combinations can be cited, viz;

पापे तुर्ये जीवेऽल्पबलिनि सधनोऽपि दुःखी ।

If a malefic be in the 4th, Jupiter be weak, though the native is wealthy yet never happy.

Another verse:

भौमाकौ नीचारिभागौ सुखे पापदृष्टौ प्रमादाद्-गृहार्थनाशो दुःखी च ।

Should Mars and the Sun be debilitated or be in enemy's Navamsa in the 4th and be in cruel Shashtyamsas aspected by the malefics; the native is always sorrowful on destruction of wealth and mansion, for some of his folly. Many combinations can be worked out this way.

326–328. PAATALA RASI PRAPTI YOGA (पाताल राशि प्राप्ति योग)

DEFINITION

326: If the 2nd and 4th lords in conjunction with benefics occupy the 9th house identical with a benefic sign, the Yoga exists.

327: If the lords of the 11th and the 2nd are in the 4th in a benefic sign, the Yoga is given to arise.

328: If the lord of 11th occupies the 4th in a benefic sign in conjunction with the benefics, the Yoga is formed.

RESULTS

The native born will get a hidden treasure laid under the ground.

COMMENTS

The configurations of the Yogas suggest becoming wealthy effortlessly and leading a comfortable life. In ancient times when there were no banks to keep the money and the wealth was in the form of gold and jewels, people used to lay down wealth under the earth as a security measure. Those were the times when these Yogas were framed and, therefore, involve the 4th house. In modern times these Yogas manifest as gains from sale purchase of lands.

329–330. PRASADAVANA YOGA (प्रासादवान योग)

DEFINITION

329: Should the 4th lord be conjunct the 10th lord in a quadrant or trine from the Lagna, the Yoga is formed.

330: Should the 9th lord be in a quadrant, the 4th lord be in his exaltation, own or friendly sign and the planet in the 4th be exalted or in his friendly sign, the Yoga is given to arise.

RESULTS

The native born under Prasadavana Yoga lives in a beautiful and comfortable mansion.

COMMENTS

The possession of a beautiful mansion has been a sign of prosperity from the time immemorial. Vaastu Shastra has emerged to tell which house will be lucky geometrically as well as direction wise. The two Yogas mentioned above are found in the charts of kingly or very prosperous people.

Even ordinarily strong 4th house and the Lagna lord fulfil one's desire to own a house. Following verses indicate one's own house, viz;:

लग्नेशोऽम्बुगे सुखेशोऽङ्गे गृहलाभः ।

If the Lagna lord be in the 4th and the 4th lord in the Lagna, the native owns a house.

गृहेशे बलादये केन्द्रे शुभदृष्टे गृहलाभः ।

If the 4th lord be strongly disposed in the Lagna and aspected by the benefics, the native possesses moderately good house to live in.

As an illustration see the following chart of Sayaji Rao III, Gaekwar of Baroda. Venus is exalted in the 4th and has

10 Sun 11 Mercury 8 Moon Rahu 7 Jupiter 9 Venus 12 6 Saturn 1 2 Ketu Mars 3 4 5	Venus		Ketu Mars	
	Sun Mercury	Chart No. 126		
	Lagna	Moon Rahu	Jupiter	Saturn

exchange of sign with Jupiter. Every one knows that he had a palace to live in.

331-332. BAHU GRIHA PRAPTI YOGAS

(बहु गृह प्राप्ति योग)

DEFINITION

331: Should the Lagna lord, 9th lord and 4th lord be related and posited in quadrants/trines, the Yoga results.

332: As many of the Lagna, 2nd and 4th lords be in quadrants/trines as beautifully the Yoga is formed.

RESULTS

The native having the Yoga will possess many houses and income therefrom.

COMMENTS

A person with Yogas for prosperity will have houses to live in. Yogas for mansions pertain to the prosperity and vice-versa.

There is a Yoga, viz;

तुर्यतित्पौ चरर्क्षे कारके वा तथा बहुगृहवासः ।

If the 4th house, 4th lord and the Moon, the Karaka of 4th be in movable signs, the native has many houses to live in or he has to change house frequently.

If all the three factors mentioned above are in fixed signs, the native lives at one place constantly. Example chart is of a native who has a few houses and rental income. With the birth of the native his father got transferred to a place where he had additional income and got rich consequently.

	Jupiter	Ketu Mars	Moon
	Chart No. 127		Saturn
			Sun Venus
	Lagna	Rahu	Mercury

Now his father is a property consultant but the native though being married has no permanent job of his own except the rental income. The Lagna and the 4th lord Jupiter is in the 5th aspecting the 9th and 11th lords, the Sun and Venus in the 9th.

333-334. GRIHANASHA YOGAS (गृह-नाश योग)

DEFINITION

333: Should the lord of 4th be in the 6th aspected by malefics and 4th house be occupied by malefics, the Yoga results.

334: Should the Navamsa lord of the 4th lord be in the 6th and the 4th house and 4th lord be afflicted, the Yoga is formed.

RESULTS

The native will lose his house/houses.

COMMENTS

The 4th lord or his Navamsa lord going to the 6th house indicates that one loses property due to the tricks of enemies. This also indicates that this would happen, for one not being of sound mentality and good conduct as we have discussed under Dukha Yoga. Losing one's house is also a Dukha. Yoga told there also apply for Griha Nasha.

335. SHATRUTO KSHETRAPTI YOGA (शत्रुतो क्षेत्राप्ति योग)

DEFINITION

Should the 4th and 6th lords exchange house and 4th lord be stronger than the 6th lord, the Yoga is created.

RESULTS

The native will attain land from his enemy.

COMMENTS

The Yoga is easy to comprehend and can be extended thus:

स्त्रीकारकेऽम्बुगे क्षेत्रपे द्यूने तयोर्मेत्र्यां कलत्रतः क्षेत्राप्तिः ।

If the 4th and 7th lords exchange signs and be friendly to each other, one gets estate or land on account of wife. Similarly this Yoga can be extended for gains of land on account of brothers.

See the following verse:

गेहेशे स्वराशौ बलिन्युपचये शुभदृष्टे बहुक्षेत्राप्तिः ।

If the 4th lord be in own sign or strong otherwise and being in Upachaya (3rd, 6th, 10th or 11th) house be aspected by the benefics, the native gains big estates.

The Karakas of lands and estates i.e. Mars and Saturn should also be strong for creative fructification of the Yogas.

336-337. BHOOMI VIKRETA YOGAS

(भूमि विक्रेता योग)

DEFINITION

336: If the 4th lord be debilitated in the 2nd house and be conjunct or aspected by the malefics, the Yoga results.

337: Should the 4th lord be exalted and the 2nd lord a malefic be in debilitation or enemy sign, Bhoomi Vikreta Yoga is caused.

RESULTS

Either the native will sell out his lands and estates or be engaged in property business.

COMMENTS

As per the Yoga 336 the 4th lord debilitated in the 2nd and afflicted by the malefics will not only desert the results of the 4th house i.e. lands and estates but also harms the significations of the 2nd house i.e. draining of assets and wealth. The conclusion can be that the native will sell out his estates and lose the wealth so gained due to his evil deeds.

As per the Yoga 337 the 4th lord exalted will give gains from lands and estates and afflictions to the 2nd lord will make one a liar or using words in an ambiguous way. Therefore, it indicates wealth by being a property agent.

338. BANDHU POOJYA YOGA (बन्धु पूज्य योग)

DEFINITION

Should Mercury be in the Lagna and the 4th lord, a benefic be aspected by another benefic, the Yoga results.

RESULTS

The native will be honoured and respected by his relatives.

COMMENTS

In this Yoga 4th lord is desired to be a benefic and aspected by a benefic means that the individual will be pious and a man of character and integrity. Mercury in the Lagna means that one will be using his analysing qualities in bestowing love and affection to the people, who will be grateful to him. A benefic as 4th lord can only be for Aries, Gemini, Cancer, Sagittarius and Pisces Lagnas. Cancer and Pisces are the watery signs displaying emotional disposition. Aries is a go ahead sign having emotional heart. Gemini is thoroughly analytical and discriminating in choosing the right individual while Sagittarius displays the benevolence of Jupiter.

The verse says:

गेहेशे केन्द्रे शुभांशे बन्धूपकारकृत् ।

If the 4th lord be in a quadrant in the Navamsa of a benefic, one is a helping hand to his brethren.

Again,:

केन्द्रे कोणे सुखेशे वैशेषिकांशे पापदृग्योगहीने बन्धूपकारी ।

If the 4th lord be in a quadrant/trine in Vaisesikamsa and be unafflicted by the malefics, one is philanthropic towards his brethren.

If the Moon and Jupiter be in the 4th in a benefic sign one is highly emotional and benevolent in disposition.

Example chart No. 128 is that of the great teacher Pandit Narayanji Vyas who had benevolent disposition and commanded respect among masses.

Pandit Jawahar Lal Nehru's chart No. 129 has the Moon in Lagna and Venus and Mercury in the 4th. Though Mercury is not in Lagna; but the ruler of emotions, the Moon is in the Lagna. Therefore, he received deception at the hands of China. Should Mercury had been in the Lagna he would have bestowed his goodness and theory of brotherhood to the right person who could have held him in high esteem.

Should the 4th lord be in the Vargas of Saturn or the 4th lord be afflicted by Saturn and Rahu, Bandhubhi Tyakta Yoga is formed and the native is not given honqur and respect by his brethren; but they observe enmity towards him and are always busy in deserting him. Rahu and Saturn inflict separating influence on the significator or the lord of the house they afflict. The same is the result when the 4th lord is in the Vargas of Saturn. The Moon may be included in this respect as she is the significator of masses in general and the lord of the 4th house of the natural zodiac.

In this respect note the verse—

सपापे तुर्यपे क्रूरषष्ट्यंशोऽल्पवीर्ये बन्धुभिस्त्याज्ये ।

Again,

पापक्षे तुर्ये वीचास्तखगयुते शुभदृग्योगहीने बन्धुद्वेषी ।

If the malefic sign be in the 4th, the planet there be in his debilitation or combustion and the 4th house neither be conjoined nor be aspected by the benefics, one is envious of his brethren.

339-341. VAHANA YOGAS (वाहन योग)

DEFINITION

339: If the Lagna lord be a benefic while the 11th house be tenanted by the 4th lord and Venus, the resulting Yoga is Vahana Yoga.

340: If the Lagna lord and 11th lord exchange houses, Vahana Yoga is constituted.

341: Should the Sun be in the 4th house, the 4th lord be exalted and be with Venus, Vahana Yoga generates.

RESULTS

The native will have excellent conveyances.

Moon 12 1 Rahu Saturn 11 2 8 Jupiter Venus 5 Ketu 3 4 6 7 Mars	Moon Lagna Rahu Saturn Sun Mercury Jupiter Venus Mars	</
--	---	---

COMMENTS

Venus is Vahanakaraka because Venus is the planet of luxuries and enjoyment. Dignified Venus being a strong 4th house significator adds to the comforts in the life of an individual. Therefore, these two factors are deemed to be strong. Venus with the 4th lord in the 11th house multiplies income and hence acquisition of Vahana or conveyances.

Now a days almost every individual owns a conveyance. Therefore, in city life the Yoga may be applicable to the native having an air-conditioned luxury car. While depicting the results of a Yoga we have to keep in mind the status of society the individual belongs to.

Example chart on page 178 is of Quaide Azam Mohammed Ali Jinnah, the creator of Pakistan. He was the man from a rich family and had latest conveyances at that time. The 4th and 11th lords Venus and Jupiter are in the 10th house.

342-343. BUDDHIMAAN YOGAS (बुद्धिमान योग)

DEFINITION

342: If the 5th cusp falls in a benefic sign and is aspected by or conjuncts the benefics and the 5th lord in a benefic sign is also under the influence of the benefics, the Yoga arises.

343: Should Mercury be in the 5th and the 5th lord be strong in a quadrant/trine, the Yoga arises.

RESULTS

The native born under Buddhimaan Yoga will possess a penetrating intellect and be a man of morals.

COMMENTS

The strength of the 5th lord and the 5th house and the Karaka of 5th house Jupiter are the keys to intelligence and ability to decipher the complex matters. The Lagna factors should also be fairly strong. Mercurial signs in the Lagna and the 5th cusp and a cluster of planets do produce intellectuals. Mercury rules the intellect and the Moon, the animal instinctive mind. However, the depth of wise thoughts is a Jupiterian instinct which has to do with the

		Lagna		Mars
		Chart No. 131		Ketu
	Rahu			Jupiter
	Moon		Venus Saturn	Sun Mercury

sustenance of human values. There may be many planets in a Mercurial sign but if the 3rd house is weak, the mind may be keen but unproductive. Sir Issac Newton did not have a strong Mercury but had Jupiter in the 3rd in his own sign and he always thought in the wider interests of the society. Mercury is the planet of selfishness while Jupiter is the planet who works on a wider plane. See the verse:

सुतेशे कारके मृदुवंशादियुते शुभदृग्युते धारणादि पटुः ।

If the 5th lord and the Karaka Jupiter be in Mridu or other benefic Shastiyamsas and be conjunct or aspected by the benefics, the individual is extremely wise with deep intellect.

Again,

सुतकारके गोपुरादौ परेङ्गितज्ञः ।

If the 5th lord be in Gopuramsa, the individual is expert in penetrating into other's mind.

The native of the example chart No. 131 was a high court Judge. The Lagna lord is in a Mercurial sign. The Karaka of wisdom, Jupiter is in the 5th. The 5th lord Sun and Mercury are in the Mercurial sign Virgo.

The chart No. 132 is of Prof K.M. Kharegat, a noted astronomer and astrologer. The Lagna lord Mercury is in the Lagna in his own sign along with Jupiter.

Jupiter is Vargottama in a Mercurial sign and aspecting Saturn in the 5th house. Saturn is exalted in the 5th showing deep interest in uncommon and deep subjects. Saturn is aspected by Jupiter thus his qualities are boosted.

344. SATVIKA PRAKRITI YOGA

(सात्विक प्रकृति योग)

DEFINITION

Should Mercury be with the benefic 3rd lord, the Yoga results.

RESULTS

The native will be kind, liberal and Satvika by nature.

COMMENTS

The 3rd lord when a benefic always leads one to think with a pious mind without any evil thoughts for any one. Mercury the discriminating factor when conjuncts the benefic 3rd lord never waver to mischief. The Yoga has depth.

Example chart is of Mahatma Gandhi where Mercury is with Venus and is aspected by the 3rd lord Jupiter.

Integrity, dignity and moral soundness of Mahatma Gandhi is known to every one.

345. PRATYUTPANNAMATI YOGA

(प्रत्युत्पन्नमति योग)

DEFINITION

Should Mercury, the Moon and Mars be aspected by a benefic planet who is powerful, the Yoga arises.

RESULTS

The native will be quick witted to reply instantly.

COMMENTS

The results will particularly be true if the three planets are related to the 2nd, 3rd, 5th or 9th house. The reasoning will not be just for answering, but will have meaning and depth. Should Mars conjunct or aspect Mercury or the Moon; then too, one is quick to answer, but would be blunt.

346. CHANCHALA BUDDHI YOGA

(चंचल बुद्धि योग)

DEFINITION

If Mercury is in the 2nd house, weak and aspected by the malefics, the Yoga is said to arise.

RESULTS

The native will be of unsettled and wavering mentality. His thoughts will change every moment.

COMMENTS

Mercury stands for the reasoning ability, when posited in the 2nd, the house of voice and afflicted, the reasoning power is sure to be blurred and hence incontinuity of thoughts. One more Yoga:

लग्नकोणे चन्द्रार्कौ चञ्चलधीः ।

If the Sun and the Moon be in the Lagna or Trikonas, one's mind wavers. Here the Moon will be weak, but the Sun strong, therefore the animal mind is unstable.

347. JADA BUDDHI YOGA (जड़ बुद्धि योग)

DEFINITION

Should Saturn, the Lagna lord be in the 5th, the 5th lord be conjunct the malefics and be aspected by Saturn, the Yoga is constituted.

RESULTS

The native will be a dull intellect and a dunce.

COMMENTS

The Yoga is not clear. Saturn as the Lagna lord should be powerless in the 5th then the Yoga will particularly be effective for Aquarius Lagna because then Mercury will be the 5th lord. It is said:

सारकजे सोत्यपे जडः ।

If Saturn is conjunct the 3rd lord, one is a dunce.

348. HEENA BUDDHI YOGA (हीन बुद्धि योग)

DEFINITION

Should the Moon be in the 7th from the Sun, Mars and Rahu, the Yoga is said to exist.

RESULTS

The native will be of weak intellect.

COMMENTS

The Yoga seems to cause certain phobias and one may be mentally disturbed and unable to express himself. Should it be Mercury instead of the Moon, the Yoga would have great potential. Note the verse लग्ने चन्द्रे मन्दारदृष्टे हीनधीः ।

If the Moon is in the Lagna aspected by Mars and Saturn, one is of low intellect. Here also the emotions are unsettled due to biased attitudes and certain phobias.

349. TRIKALAGYA YOGA (त्रिकालज्ञ योग)

DEFINITION

Should the 5th lord or Jupiter be in Gopuramsa, the Yoga exists.

RESULTS

The native will be able to read others mind.

COMMENTS

The 5th house is called the house of speculations when the 5th lord or its Karaka occupies four times the same Varga then he is in Gopuramsa i.e. he is able to perceive more precisely the coming events. Jupiter is the planet of wisdom and has much to do with the intuitive faculty, either developed by worshipping some deity or by developing one's concentration. Some develop it by meditation. All these are the channels for developing one's concentration which is what the intuition means. If the planet in Gopuramsa is aspected by the benefics then it is more conducive for developing intuitive abilities.

The chart No. 134 is of a lady, where Jupiter is four times in Mithuna, by Sign, Drekkana, Dasamsa and Dwadasamsa. She can foretell about the things to happen. Saturn placed in the 5th is exalted in sign, Navamsa, Drekkana, Dasamsa and Dwadasamsa and is exactly aspected by Jupiter.

350. UPASANA YOGA (उपासना योग)

DEFINITION

If the 5th house be occupied by a planet, the Yoga is given to arise.

RESULTS

The native will worship the deity signified by the planet in the 5th house.

COMMENTS

The 5th is the house representing emotions and unconscious mind. Worshipping is very much related to these two factors. If the planet in the 5th is happily placed, the native feels pleasure in worshipping and if badly placed, the native may not feel pleasure in worshipping though he may be doing so, for fear of wrath of the heavens.

If the Sun is in the 5th, one worships the Sun or God Shiva; if the Moon or Venus is in the 5th, one worships a female deity like Durga, Kali, Bhairavi, Yakshini etc; if Mars is in the 5th, the native worships Hanumaana or Kartikeya, if Jupiter is in the 5th, the native worships Brahma or Saraswati, if Mercury is in the 5th, the native worships Vishnu, if Saturn is in the 5th, the native worships Pretas, ghosts, Shakini etc, the evil forces and if Rahu is in the 5th then the native worships mean deities for teasing others.

351–352. GURUBHAKTA YOGAS

(गुरु भक्त योग)

DEFINITION

351: If the sign lord of Jupiter or the Navamsa lord of Jupiter's dispositor be aspected by Jupiter or Venus, the Yoga arises.

352: If the benefic planet in the 9th be aspected or joined by Jupiter, the Yoga is given to arise.

RESULTS

The native is devoted to his preceptor.

COMMENTS

Jupiter is the Karaka of the 9th house and preceptor, and in both the Yogas he is instrumental.

353. SUPUTRA YOGA (सुपुत्र योग)**DEFINITION**

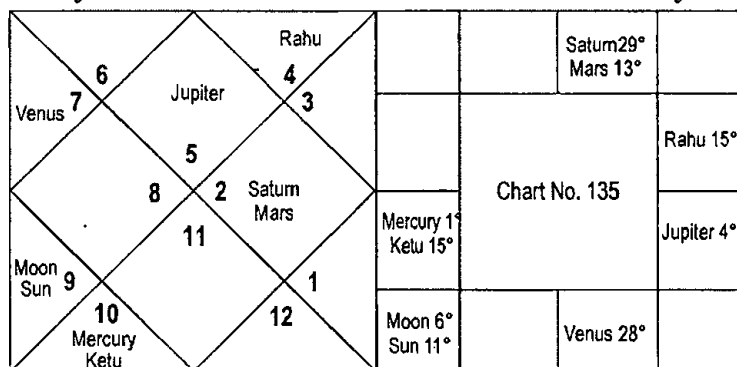

Should the 5th lord be an unafflicted benefic, the Sun and Jupiter be favourably disposed, the Yoga exists.

RESULTS

The native will be endowed with an obedient and worthy son.

COMMENTS

There is a saying in northern India that there is no use of amassing money for the son who is either worthy or unworthy. The worthy son will be able to earn enough by his own merits while the disobedient and unworthy son will destroy the amassed wealth. The resultant fact is that we should try to rear our sons to be cultured and worthy citizens.

Verses are only the indications how the Yogas or planets situations should be interpreted. The interpreter's ability is of foremost importance in deciphering the geometry of the planets. In the Yoga, 5th lord is desired to be a benefic, even if he happens to be a malefic but favourably disposed he is good. Jupiter is a male planet and Karaka of the 9th house, the fortunes. A worthy son is fortune while an unworthy is misfortune. The Sun is the lord of the 5th house of the zodiac and, therefore, cosmic lord of issues, if in male Vargas and favourably disposed presents every propensity of worthy male issues.

Example chart on page 186 is of a native who is blessed with a worthy son. The Lagna lord Sun is in the 5th while the 5th lord Jupiter is in the Lagna, both being friends, the native is endowed with a worthy and obedient son. Jupiter and the Sun are in odd signs and even Navamsas. The native has two issues, elder is a son and younger is a daughter and both are worthy.

354. EKA PUTRA YOGA (एक पुत्र योग)

DEFINITION

If there is a malefic in the 5th from the Lagna while Jupiter is in the 5th from Saturn or vice versa, the Yoga exists.

RESULTS

The native will have only one son.

COMMENTS

In these days of planned family, civilised people want to have less progeny and give more importance to their good rearing. The Yoga was framed in olden times when the male issue was important for the safety, security and means of earning for the family. The son was also supposed to be important in those times to perform last rituals of his father. The male issue at that time was vital for survival of the females in the family, who were to remain at home and were not the working ladies.

The malefics in the 5th will make it hard to have a son and Saturn, the planet of scarcity will give at least one son if Jupiter is in the 5th from him.

For the chart of a woman, the verse:

नीचे पुत्रेशे षष्ठादि त्रयगे पापयुते काकवन्ध्या।

If the 5th lord be debilitated in the 6th, 7th or 8th house, the lady delivers only once in her life time be it a live foetus or lifeless. She never delivers again.

Again,

पुत्रेशे नीचे मन्दयुते काकवन्ध्या।

If the 5th lord be debilitated and be conjunct with Saturn then also she delivers once in her life time.

355-357. BAHUPUTRA YOGAS (बहुपुत्र योग)

DEFINITION

355: Should Jupiter be in the 5th/9th while 5th lord be endowed with strength and the 2nd lord be in the 10th, the Yoga exists.

356: Should the benefics occupy the 4th and 6th houses and the 5th lord be in deep exaltation joining the Lagna lord and Jupiter be with another benefic, the Yoga is framed.

357: Should Jupiter be in deep exaltation, Rahu be with the 2nd lord and the 9th house be occupied by its own lord, the Yoga is formed.

RESULTS

In the above three Yogas the native will have several sons. In the Yoga 355, the Dhana Karaka and Putra Karaka Jupiter is desired in the 5th/9th, a Trikona; the 5th lord is deemed to be powerful and a well placed 2nd lord is highly appreciable for succession of parental family.

In the Yoga 356 sandwiched 5th house between the benefics is a good augury for survival of male issues. The other constituents of the Yoga are pointers towards an urge to have a number of sons.

In the Yoga 357 Jupiter in deep exaltation is a good augury for begetting sons. Rahu with the 2nd lord creates a lust for a big and prosperous family. There is no involvement of the 5th house factors in the Yoga, however, the 9th house is desired to be occupied by its lord. Therefore, we can infer, if the 9th house is strong, then also one can have a number of sons.

COMMENTS

The example chart given below is of a person who has two male issues and lost three due to abortion who were also

	Moon 26.35°	Jupiter 24°	Rahu 27°	
	Saturn 12°	Chart No. 136		
	Lagna Sun 24° Mercury 11° Venus 8°			
		Ketu 27°		Mars 4°

males. The Lagna lord Saturn is in his own sign Aquarius and own Navamsa Capricorn. The Sun is vital in begetting male issues, he is in own Navamsa Simha and thus very strong. We have also discovered that the strength of Sun is essential to have male issues. Jupiter is in an odd sign Aries.

358. APUTRA YOGA (अपुत्र योग)

DEFINITION

Should the 5th from the Lagna, the Moon and Jupiter be conjoined or aspected by the malefic planets and be without the aspect of benefic planets or should the lords of the 5th houses from the Lagna, the Moon and Jupiter be in the 6th, 8th or 12th houses from the Lagna, the Yoga results.

RESULTS

The native born under the Yoga will be without a son.

COMMENTS

The Moon sign is also a Lagna and the Karaka of son Jupiter has also been treated as Lagna for obtainment of progeny. This rule may be used advantageously for various house Karakas as well.

359. KUPUTRA YOGA (कुपुत्र योग)

DEFINITION

If the 5th is occupied by the 3 or 4 malefics while the 5th lord is in fall, the Yoga is given to arise.

RESULTS

The children will indulge in mean deeds.

COMMENTS

In the combination Jupiter and the Sun have been excluded which indicates that the native will have progeny but fall of the 5th lord and occupation of the 5th house by malefics will cause mental agony because of troublesome and disobedient progeny.

360-362. DATTAKA PUTRA YOGAS (दत्तकपुत्र योग)

DEFINITION

360: Should the 5th cusp be the sign or Navamsa of Saturn and be associated with another eunuch planet, the Yoga is given to arise.

361: Should Saturn be in the 5th conjunct with the Moon and Mercury, the Yoga is said to exist.

362: If the 5th is occupied by a eunuch planet or be aspected by such a planet and the 5th lord being a eunuch be associated with Gulika, and Jupiter be strong, the Yoga exists.

RESULTS

The native born will be devoid of male issues and will have to adopt a son to keep his parental race tree alive.

COMMENTS

The evil planets in the 5th do give notorious and disobedient sons, but a eunuch will not produce any of the issue. The native has to adopt a son to continue his family lineage, to look after his professional responsibilities and to perform his last rites.

Brihat Parasara Hora Sastra (16/11) says:

पञ्चमे षड्ग्रहयुक्ते तदीशे व्ययराशिगे ।
लग्नेशेन्दू बलाद्यौ चेत् तदा दत्तसुतोद्भवः ।

If the 5th is tenanted by six planets while the 5th lord is in the 12th, the Moon and the Lagna lord are endowed with strength then the native adopts a son.

Again,

शुक्रेऽन्त्ये सौरांशे दासीपुत्रः ।

If Venus be in the 12th in Saturn's Navamsa, one has son through his maid servant.

Many combinations are mentioned in the texts. The native of the chart No. 137 does not have a male issue and he wanted to adopt one but did not do, because of the bad

consequences he saw with those who adopted. Mercury a eunuch is exactly on the cusp of the 5th house according to the system of equal house division and the 5th lord Saturn a eunuch is aspecting Mercury. Mercury is in Capricorn in Virgo Navamsa. He has two daughters and is concentrating on their education.

363–364. PARAJATA YOGAS (परजात योग)

DEFINITION

363: If the 5th lord is in a movable sign while Saturn is in the 5th and the Moon is with Rahu, the Yoga is said to arise.

364: If the Moon is in the 8th from the Lagna while Jupiter is in the 8th from the Moon with malefic aspects and associations, the Yoga is said to exist.

RESULTS

The native born under the Yogas will be illegitimate.

COMMENTS

The Yogas require careful application and should not be mishandled. There are three conditions denoted, these are (a) the 5th lord should be in a movable sign (b) the 5th house should be occupied by Saturn and (c) the Moon could be anywhere; but be with Rahu.

In the Yoga 364 the Moon and Jupiter are required to be in the 6/8 to each other and the Moon in the 8th from the Lagna. The Moon and Jupiter are the two great exponents of legitimacy. When both are afflicted as desired in the Yoga, illegitimacy may be expected.

365. PUTRA ABHAHA YOGA (पुत्र अभाव योग)

DEFINITION

Should Mars be in the 2nd, Saturn be in the 3rd, Jupiter be in the 5th or 9th and their lords be weak, the Yoga is constituted.

RESULTS

The native born in the Yoga will be without sons or will see them destroyed if there be any.

COMMENTS

Mars in the 2nd aspects the 5th and 9th houses both being Putrasthanas. Saturn in the 3rd also aspects the 5th and 9th houses. If Jupiter the Karaka of male progeny be in the 5th or 9th then he gets afflicted by the two dire malefics. If any hope is left that too is destroyed by the weakness of the 5th and 9th lords. Thus all the five factors for the birth of male progeny get heavily afflicted and negation of son will be there. A verse says —

जीवात्सुतेशे त्रिके पुत्राङ्गाङ्गेशा लग्नात् त्रिकस्याः सुतहीनः ।

If the 5th lord from Jupiter be in the 6th, 8th or 12th from the Lagna and the 5th, 9th and Lagna lords also be in the 6th, 8th or 12th from the Lagna, render one to be without a son. Again—

घीघर्मपौ सदारेणौ दुःस्थानौ हीनबलौ शुभादृष्टे सुते बहुदारोऽप्यपुत्रः ।

If the 5th and 9th lords along with the 7th lord be in the 6th, 8th or 12th from the Lagna and be weak, without the

	Mars	Rahu Saturn	Moon	Sun Mercury
	Lagna	Chart No. 138		Venus
			Ketu Jupiter	

association or aspect of the benefics then the subject, though endowed with few wives yet remains without a son.

Brihat Parasara Hora Sastra (16/4) states—

षष्ठस्थाने सुताधीशे लग्नेशे कुजसंयुते ।

प्रियते प्रथमापत्यं काकबन्ध्या च गेहिनी ॥

If the 5th lord be in the 6th, the Lagna lord be conjunct Mars, the native will lose his very first child, where after his female will not be left fertile to yield another offspring.

The example chart No. 138 is of a person without progeny.

The 5th house, 5th lord and 9th house and Jupiter are afflicted by the aspects of Mars and Saturn. The 9th lord Venus has gone to the 6th house in an enemy sign. Putra Abhava Yoga is present in full measure.

366. MRITA SANTANA UTPATTI YOGA

(मृत सन्तान उत्पत्ति योग)

DEFINITION

Should Rahu and Saturn be related to the 5th house, 5th lord and Jupiter, the Yoga exists.

RESULTS

The native's wife will deliver a dead child each time.

COMMENTS

Saturn and Rahu are separative in nature. When both afflict the 5th house factors and its significator, birth of lifeless infant occurs. We have seen this Yoga to cause the death of foetus by strangulation on account of umbilical cord.

Classical evidence lies in the following Sloka—

पुत्रस्थानाधिपे मन्दे युग्मांशे बुधवीक्षिते ।

सन्ततिस्तम्भायोगाप्तिः प्रतिबन्धक जातकः ॥

When the 5th lord Saturn is in Mercury's Navamsa and also aspected by Mercury, the Yoga for non occurrence of progeny occurs.

The example chart No. 139 is from Dhruva Nadi. Nadi states, the wife of this native will deliver only dead progeny.

Moon 12 1	Mars 10 9	Moon			Saturn Rahu
Jupiter 11 2		Lagna Jupiter	Chart No. 139		
		Mars			
Saturn Rahu 3	Venus 5 8	Ketu		Sun Mercury	Venus
4	6			Sun Mercury	

The 5th lord Mercury is aspected by Rahu (5th aspect) and Jupiter is also aspected by Rahu (9th aspect). Kalatra-karaka Venus in the 7th is aspected by Mars and the Moon is also under the aspect of Saturn. These factors denote some dysfunctioning with the ovaries and uterus of wife of the individual. Also the 7th lord debilitated is indicative of ill health to the wife due to hormonal disturbances.

367. KANYA PRAPTI YOGA (कन्या प्राप्ति योग)

DEFINITION

Should there be even sign and even Navamsa on the cusp of 5th house, female planets be in the 5th or aspect it; the 5th lord be in even sign and even Navamsa conjunct or aspected by female planets, the Yoga is given to arise.

RESULTS

The native with above configuration procreates only the female progeny.

COMMENTS

The definition is simple and does not require elaboration, however, the dispositions of the Sun and Jupiter are of prime importance for having the female progeny. Should both of them be strong in male signs and their dispositors be in the male signs also, the above Yoga gets defunct.

Exalted Jupiter in the 5th gives only daughters. Retrograde Jupiter in odd sign also gives only daughters and the reverse also holds good. The malefics in the 5th destroy the first male child but let the first daughter live with unsound health.

		Jupiter 26° (R)	Rahu 29°	
	Saturn (R) 15°	Chart No. 140		Moon 11°
				Mars 18°
	Lagna	Sun 8° Mercury 28° Ketu 29°	Venus 5°	

The malefics in own or exaltation signs do not deny male issues.

Jataka Parijata denotes ;

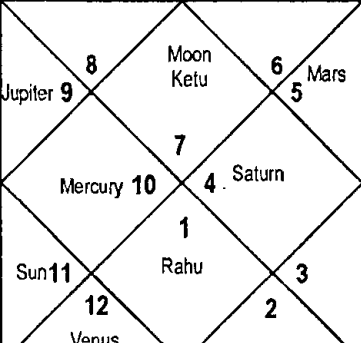

पुत्रस्थानपतौ तु वा नवमपे लग्नात्कलत्रेऽथवा
युग्मर्क्षे शशिशुक्रवीक्षितयुते पुत्रीजनो जायते ।

If the 5th lord or the 9th lord from the Lagna occupies the 7th house or an even sign and is conjoined with or aspected by the Moon or Venus, a good number of daughters would be born.

सुतमे समर्क्षवर्गे ज्ञानन्दान्यतरयुते
शुक्रचन्द्रान्यतरदृष्टे कन्या प्रजावान् ।

If Mercury or Saturn occupies the 5th identical with even sign or Vargas and be aspected by Venus or the Moon, there will be birth of daughters only. Again—

ज्ञेन्द्रच्छानामन्यतमे सुते कन्योत्पादः ।

				Venus 27°	Rahu 23°	
Sun 16°		Chart No. 141		Saturn 24°		
Mercury 29°				Mars 2°		
Jupiter 1°			Lagna 2° Moon 11° Ketu 23°			

If the 5th is occupied by Mercury, the Moon or Venus, there will be birth of daughters only.

The example chart No. 140 is of a native who has two daughters and what his wife aborted a few times were also female foetuses. The 5th lord Mars is in Virgo Navamsa and is aspected by retrograde Saturn. The 5th is occupied by retrograde Jupiter. The Sun is in an even sign and Virgo Navamsa and aspected by Saturn and Mars. Jupiter is in Scorpio Navamsa. The 5th house is aspected by Venus.

The example chart No. 141 is of a person who also has two daughters. After the birth of younger daughter the couple observed contraceptive means to avoid any further issue for a few years. After 10 years of their marriage the couple felt the need of a male issue, but did not get one due to some trouble in the uterus of the female partner.

This native could have got a male issue from another wife if the times would have permitted. Mercury is near to the cusp of the 5th if we follow equal house division method. Jupiter is in own odd sign and Aries Navamsa. The Sun is Vargottama. There were chances of getting at least one son. Mercury near the cusp of the 5th gave him two daughters initially.

368–369. GARBHAPATA YOGAS (गर्भपात योग)

DEFINITION

368: If the 5th house is occupied by the malefics or aspected by the malefics, the Yoga is formed.

369: As many malefic planets aspect the Navamsa lord of the 5th cusp as many abortions will be there.

RESULTS

The wife of the native aborts according to the Yoga.

COMMENTS

The Yogas are simple to comprehend. However, see the following verse—

सारीशोऽर्कजः षष्ठे चन्द्रे चास्ते गर्भानुत्पादः ।

If Saturn be in the 6th with the 6th lord and the Moon be in the 7th, native's wife will be unable to conceive.

Again—

लग्नेऽर्केऽस्ते मन्दे वा द्यूनेऽर्कशनी खे जीवदृष्टे गर्भानुत्पादः ।

If the Sun be in the Lagna, Saturn be in the 7th or the Sun and Saturn together be in the 7th and the 10th house be aspected by Jupiter, the native's wife will be unable to conceive. The same result occurs if the 5th house is sandwiched between Saturn and Mars.

370-371. PUTRA NASHA YOGAS (पुत्रनाश योग)

DEFINITION

370: Should the malefics be in the 5th and 9th, the Moon be in the Lagna and Jupiter being in Saturn's sign be combust, the Yoga is formed.

371: Should the Navamsa lords of the 5th, 7th and 9th lords be associated with the malefics, the Yoga is given to arise.

RESULTS

The native will have the male issues born, but they will not survive under influence of the Yoga.

COMMENTS

In the Yoga 370 both the houses of progeny get afflicted by the malefics and the Karaka being combust in Saturn's sign has no power to do good.

In the Yoga 371, the Navamsa lords of the vital house lords are instrumental in manifestation of the Yoga.

372-373. VILAMBA SANTANA (विलम्ब सन्तान PRAPTI YOGAS प्राप्ति योग)

DEFINITION

372: Should the less fertile signs fall in the 5th and the Sun be there, Saturn be in the 8th and Mars be in the Lagna, the Yoga is formed.

373: Should less fertile sign be in the 5th, Saturn be in the Lagna, Jupiter be in the 8th and Mars be in the 12th, the Yoga results.

RESULTS

The native will be endowed with a son after a long time, by resorting to remedial measures.

COMMENTS

The less fertile signs are Taurus, Leo, Virgo and Scorpio. When the Sun occupies one of these signs his reproductive ability gets hampered. Saturn aspects the 2nd and 5th house from the 8th, therefore, limits the family and delays progeny. Mars in the Lagna being in the 6th from Saturn is a negating factor for obtainment of progeny.

Saturn in the Lagna or in the 6th from Jupiter also hampers the procreative ability while Mars in the 12th is not good for health of wife.

The following verses are worth noting—

राहर्काराः सुतगाः शान्तिः सुतसौख्यदाः ।

If the Sun, Rahu and Mars are in the 5th, one gets progenial happiness after resorting to several remedial measures.

Again—

सुतेशे नीचे धर्मेशेऽङ्गे ज्ञे केतु पुत्रे कष्टात्पुत्राप्ति ।

If the 5th lord be debilitated, the 9th lord be in the Lagna and Mercury and Ketu be in 5th, the native begets progeny after tiring efforts.

We have included here only those Yogas which bear some reasoning.

374. JARA PUTRA YOGA (जार पुत्र योग)

DEFINITION

Should in a male nativity the lords of the 2nd and 5th houses be weak and the malefic planets be aspecting the 5th, he will have no children inspite of having several wives and should his one wife be born with a Yoga for son and her 5th house be aspected by a benefic planet or by the 6th lord from the 5th house, the Yoga is given to arise.

RESULTS

One wife of the native will have a son from her paramour.

COMMENTS

When the husband does not have Yogas for male progeny or be unable to procreate a successor for his family, but one of his wives or his wife in modern times has the Yoga for a son in her chart, she will have it from her paramour, if Yogas for adultery are also present in her chart.

Jataka Parijata (14/16) denotes:

स्त्रीपुत्रपे बलिनि शोभनखेटदृष्टे
षष्ठाधिपेन सहिते सति वीक्षिते वा।
जारेण पुत्रजनि लाभमुपैति जाया
तस्या धवो बहुकलत्रयुतोऽप्यपुत्रः॥

If the lords of the 7th and 5th houses being strong, be conjunct or aspected by the 6th lord, his wife will give birth to a son, conceived from her paramour. The husband will be childless in spite of having many wives.

The same view is expressed in the following Sloka of *Jataka Parijata* (13/15)–

पुत्रस्थानपवित्तपौ गतबलौ पापेक्षिते पुत्रभे
जातोऽनेककलत्रवानपि सुताभावं समेति ध्रुवम्।
तज्जाया यदि पुत्रयोगजनिता सौम्येन वापञ्चमात्
षष्ठेशेन निरीक्षिते सुतवती जारेण संजायते॥

These Yogas need to be applied carefully determining the chastity factor of the wife. The Yoga declares the native to be having other wives also, but why not other wives having a son the same way. This will be the wife who will have a strong Yoga for a son in her chart irrespective of the way it comes to her.

375. VIPRA SHAPAD VIPUTRA YOGA

(विप्र शापाद् विपुत्र योग)

DEFINITION

Should Jupiter be conjunct with or aspected by the malefic planets, the Yoga is said to arise.

RESULTS

The native will be denied or lose issues due to the curse of Brahmins.

COMMENTS

Jupiter is the Karaka of God's grace and that grace comes to the native through the Brahmins. Here Brahmins should not be taken for a particular caste, but the people who are pious and are engaged in the welfare of mankind. If Jupiter is not the lord of the 5th, the Yoga is doubtful. The Yoga is specific particularly for Scorpio Lagna where the 2nd and 5th are owned by Jupiter.

Jataka Parijata also denotes:

पापग्रहेण संदृष्टे देवशापात् सुतक्षयः ।

The deity's curse is the cause of being without a son, if Jupiter in the 5th is aspected by the malefics. Here Jupiter in the 5th signifies the worshipped deity.

376. KULA DEVA DOSAD VIPUTRA YOGA (कुलदेव दोषाद् विपुत्र योग)

DEFINITION

Should the 6th from Saturn be aspected by the Moon, the Sun or Mercury and the Lagna be aspected by a malefic, the Yoga is given to arise.

RESULTS

The native is denied or loses son due to the curse of family deity (KULA DEVTA).

COMMENTS

It was a custom before the advent of modern science to ascribe the safety of the family tree to some family deity. It was believed that the curse of family deity could stop the growth of family tree by rendering one childless. This has been found to be true when the couple got a child after propitiation, even though they were medically fit to procreate during the long period before propitiation.

The verse also denotes the same:

मन्दर्क्षे सूर्ये पापदृष्टे वा पापवर्गेऽङ्गे कुलदेवदोषाद् विपुत्रः ।

If the Sun being in Saturn's sign be in evil Vargas or be aspected by an evil planet, the family deity's curse is the cause of childlessness.

377. MATRU DOSHAD VIPUTRA YOGA (मातृ दोषाद् विपुत्र योग)

DEFINITION

If a malefic be in the 4th, the 5th lord be conjunct Saturn and a malefic be posited in the 8th or 12th house, the Yoga gets generated.

RESULTS

The native will incur loss or denial of male issues due to disobedience to or curse of his mother.

COMMENTS

Mother endows the supreme relationship to the native and disobedience to her is the greatest folly. The 4th represents mother, the 5th her speech and the 8th and 12th are the houses of progeny for the 4th house. Any affliction to these will result in harm to her son on her own account.

378. PITRU DOSHAD VIPUTRA YOGA (पितृ दोषाद् विपुत्र योग)

DEFINITION

Should a malefic be in the 9th, the 5th lord be conjunct with Saturn and Mandi be in a Trikona, the Yoga exists.

RESULTS

The native will be bereft of male issues due to some offence committed against father or preceptor.

COMMENTS

The source house, the 9th house is afflicted which signifies father or preceptor. Mandi the dire malefic is also desired in a Trikona to add oil to the fire. The conjunction of the 5th lord with Saturn denies or delays its significations. Pitra Dosha is the curse of forefathers, causes ill health,

disease which descends with the family tree. If one resorts to proper remedial measures, it can be eradicated.

The following verse also hints for the Yoga, viz;

सूर्ये रन्ध्रे सुते मन्दे पुत्रेशे राहुयुते पितृशापाद् विपुत्रः ।

If the Sun goes to the 8th, Saturn occupies the 5th and the 5th lord conjuncts Rahu, the destruction or denial of son occurs to the native, Here the Sun, the significator of father is evilly disposed and the 5th house factors have also suffered afflictions.

379-381. SARPA SHAPAD VIPUTRA YOGAS (सर्प शापाद् विपुत्र योग)

DEFINITION

379: Should Rahu in the 5th be aspected by Mars, the Yoga is given to arise.

380: Should the Karaka of the 5th Jupiter be with Mars, Rahu be conjunct the Lagna lord and the 5th lord be occupying the 6th, 8th or 12th house, the Yoga exists.

381: Should Mars be the 5th lord, the 5th house be occupied by Rahu and be unaspected by the benefic planets, the Yoga is formed.

RESULTS

The native will lose or be denied son due to the curse of serpent.

COMMENTS

Rahu is called Sarpa and when associated with the 5th house significator definitely causes some or the other disorder to the foetus or infant, related to some poisonous element that may cause its extinction before or after the birth. In severity of afflictions it may not even let for any conception.

For want of space we have refrained ourselves from long discussion and have stuck to the theme behind the Yoga. The aspects or inclusion of Mars in the Yogas is another factor in particular for the loss of son.

382. DURDEVA SHAPAD VIPUTRA YOGA (दुर्देव शापाद् विपुत्र योग)

DEFINITION

When Jupiter, the 5th lord, the 7th lord and Mars are together, the Yoga is formed.

RESULTS

The native will incur loss of sons and daughters, due to troubles from evil deities.

COMMENTS

Mars stands for evil deities and is afflicting the Karaka Jupiter and the 5th lord; the inclusion of the 7th lord indicates that the wife is seized by some evil deity which is the cause of loss of sons and daughters. The native is also haunted by the same evil deity and hence loss of progeny.

383–386. VANSHA VICHCHHEDA YOGAS (वंश-विच्छेद योग)

DEFINITION

383: Should the malefic be in the 4th, Venus be in the 7th and the Moon be in the 10th, the Yoga is formed.

384: Should the malefics be in the 1st, 5th, 8th or 12th, the Yoga exists.

385: Should Mercury and Venus be in the 7th, Jupiter be in the 5th and a cruel planet be in the 4th, the Yoga exists.

386: Should the Moon be in the 5th and the 5th, 8th and 12th be occupied by the malefics, the Yoga is given to arise.

RESULTS

The native does not have a son to advance his family lineage.

COMMENTS

These Yogas should not be applied verbatim. The position of Jupiter and the Sun are also important. In the

Yogas the malefics in the 4th make one be of questionable character and the one frequenting brothels. In consequence one acquires some V.D. and hence poor sperm quality.

The malefics in the 12th are also some what similar in the results. The 12th house is the 8th house from the 5th house and a quadrant from the 9th house which is also a significator of male progeny. Any malefic in the 12th will influence the 5th and the 9th houses.

Any malefic in the 8th house will affect the Lagna, will be in a quadrant from the 5th, will be in 12th from the 9th and will affect the spermatogenesis, for being in the house representing testicles from the Lagna.

The conjunction of Mercury and Venus in the 7th induces great nervous excitement and premature ejaculation even before penetration during coitus. The evil planet in the 4th adds to unnatural fantasies about sex. Jupiter in the 5th adds to the imagination and fantasies about sex partner. Such a native may be more prone to mental sexual urge and satisfaction than physical one.

About extinction of the family tree *Jataka Parijata* says:

लग्नसप्तमधर्मान्तराशिगाः पापखेचराः ।

सपत्नराशिर्वर्गस्था वंशविच्छेदकारिणः ।।

If malefic planets be in the 1st, 7th, 9th and 12th houses and occupy inimical Vargas, cause the extinction of the family tree.

387-388. SHATRU NASHAKA YOGAS

(शत्रुनाशक योग)

DEFINITION

387: If strong lord of the 6th is in the Lagna, the Yoga exists.

388 : If the 6th lord is weaker in strength than the Lagna lord, the Yoga is formed.

RESULTS

The native will over power or vanquish his enemies.

COMMENTS

A strong 6th lord is desirable in the Lagna to vanquish enemies. Strong 6th lord in Trikas (6th, 8th or 12th) will definitely invite troubles from the enemies. Generally the sixth lord should be weaker than the Lagna lord otherwise the enemies will over power the native.

The verse states:

षष्ठेशे त्रिके नीचमूढारियुते लग्नेशे बलिनि शत्रुनाशः ।

If the 6th lord in a Trika house be debilitated, combust, in enemy sign or associated with enemy planets and the Lagna lord be strong, the enemies are vanquished.

Sun 8	Jupiter Venus Saturn			Moon
Mercury 9		7	5 Ketu	Rahu
Mars 10	4	1		Mars
Rahu 11	12	2	3 Moon	
Mercury	Sun	Lagna Jup. Venus Saturn		

We reproduce above the chart of Moghul emperor Akbar who defeated his enemies one by one by deploying forces according to need of the hour.

389. SHATRU PEEDA YOGA (शत्रु पीड़ा योग)

DEFINITION

Should the 6th house be occupied by the malefics, the Lagna lord be in the 6th and the 6th lord be in the Lagna, the Yoga is said to arise.

RESULTS

The native will suffer at the hands of his enemies.

COMMENTS

When the Lagna lord is in the 6th associated with the malefics one is prone to suffer due to enemies particularly when the 6th lord is also in the Lagna.

The verse denotes—

षष्ठेशे केन्द्रे पापदृष्टे शत्रुपीडा ।

If the 6th lord is in a quadrant (environmental house) aspected by the malefics, the native is teased by his enemies. Again—

षष्ठपेडबले पापदृष्टे पापान्तरे वा शत्रुपीडा ।

				Mars Venus Ketu	Sun Saturn	Mercury Jupiter
10 11 Moon				7 Rahu		
				Moon	Chart No. 143	
12 6 3 Mercury Jupiter						
1 Mars Venus Ketu 2 Sun Saturn				5		
				4		
				Lagna	Rahu	

If the weak 6th lord is aspected by the malefics or is in the Vargas of the malefics, one suffers on account of his enemies. Here the 6th lord should be else where than Trika houses otherwise it will be a Vipareeta Raja Yoga.

Veer Savarkar's chart No. 143 exemplifies the Yoga. The 6th lord Venus is in a Martian sign and is conjunct Mars and Ketu. He was a great revolutionary against the British Empire in India and was sentenced by his enemies (the British Rule) for his anti state activities.

390. SHATRU MOOLAD DHANA

VYAYA YOGA (शत्रुमूलाद् धन व्यय योग)

DEFINITION

Should the 6th and 11th lords exchange signs, the Yoga is formed.

RESULTS

The native will lose wealth due to his enemies.

COMMENTS

The Yoga will particularly be true if the 6th and 11th lords are enemies.

391. SHWANA BHAYA YOGA (श्वान भय योग)**DEFINITION**

Should there be exchange of sign by the 6th and Lagna lords, the Yoga exists.

RESULTS

The native will have fear of dog bite.

COMMENTS

This Yoga will be of particular importance if the 6th is occupied by a fiery and quadruped sign.

B.P.H.S. (18/28) denotes—

लग्नेशे षष्ठराशिस्ये तदीशे षष्ठराशिगे ।
दशमैकोनविंशेऽब्दे शुनकाद्भीतिरुच्यते ॥

Here the fear is told in the 10th and 19th year of age.
Further *Brihat Parasara Hora* (17/20) denotes—

रंघेशे रिपुराशिस्ये व्ययेशे लग्नसंस्थिते ।
चन्द्रे षष्ठेशसंयुक्ते वसुवर्षे मृगाद्भयम् ॥

Should the Moon be conjunct the 6th lord while the 8th lord be in the 6th and the 12th lord in the Lagna, the native will be troubled by animals at the age of eight years. For more details see *Brihat Parasara Hora Sastra* by R.Santhanam, Published by M/s Ranjan Publication, 16, Darya Ganj, New Delhi-110002.

Jataka Parijata (13/79) denotes:

मन्दाहियुक्ते रिपुराशिनाथे तुरंगपशवचादिभयं वदन्ति ।

If the 6th lord be conjunct with Saturn and Rahu, there will be danger from horses, cows etc.

392. VRANA PITIKADI YOGA

(व्रण-पिटिकादि योग)

DEFINITION

Should Mars and the Lagna lord be in the 6th, 8th or 12th, the Yoga exists.

RESULTS

The native suffers from wounds, boils or abscesses.

COMMENTS

Mars a fiery planet causes wounds through violence, or abscesses or boils due to contaminated blood.

Jatake Parijata (13/77) denotes:

पापे लग्नगते सपत्नयुते देहव्रणं देहिनां
पुत्रस्थे पितृपुत्रयोः सुखगते मातुः कलत्रे स्त्रियः ।
धर्मस्थे सति मातुलस्य सहजे तस्यानुजस्य व्रणं
लाभस्थे तु तदग्रजस्य निघने जातो गुदार्तो भवेत् ।।

A malefic conjunct the 6th lord in the Lagna afflicts the person concerned with a wound or ulcer; in the 5th his father or son or both; in the 4th his mother, in the 7th his wife; in the 9th his maternal uncle; in the 3rd his younger brother; in the 11th his elder brother; and lastly if the malefic planet be in the 8th with the 6th lord, the native suffers from pain in anus,

The verse declares—

सार्करीशोऽङ्गे वाऽष्टमे शिरोव्रणः ।

If the 8th lord conjunct the Sun be in the Lagna or 8th, one incurs wound or ulcer in the head.

Again,

सचन्द्रेऽरीशोऽङ्गे वाऽष्टमे मुखव्रणः ।

If the 6th lord conjunct the Moon be in the Lagna or 8th, one incurs wound or ulcer in the mouth.

Similarly if the 6th lord conjuncts Mars this way, one incurs wound or ulcer in the neck,

if Mercury, then in the heart,
 if Jupiter, then in the region around naval,
 if Venus, then in or around the eyes,
 if Saturn, then in the legs and feet and
 if Rahu or Ketu, then the wound or ulcer occurs on the lips.

Jataka Parijata has different view from Mercury onwards, it says-- if planet capable of producing ulcer be Mercury, then it will be in the lower part of naval; if Jupiter, exemption from such ailments; if Saturn and Rahu, flatulence and if Ketu, diseases of the stomach.

Jataka Parijata (13/78). quotes--

लग्नेशः शशिजेन वीक्षितयुतो गुह्यव्रणं यच्छति ।

If the Lagna lord aspected by or associated with Mercury be occupying the sign of Mercury in the 6th house, one has ulcer in his privities.

Again the verse says--

सपापे कर्मगेऽरीशे पापदृष्टे वा यद्भुगे राशौ तदङ्गे व्रणः ।

If the 6th lord conjunct a malefic be in the 10th or be aspected by malefics then one has wound or ulcer in the part denoted by the sign in the 10th house.

The example chart here under is of a lady who got many bruises in the head and body and had undergone surgery several times. She frequently incurs skin diseases. The 6th lord and dispositor of Rahu, Mars is afflicting the Lagna lord and the Sun. Accordingly she got hurt many times in the head. Afflictions to Mercury (Karak of skin) denotes skin disorders.

B.P.H.S (17/6) says:

If the lord of Lagna be in the sign of Mars or Mercury and be aspected by Mercury, there will be diseases of the face.

Here afflictions of Mars and Mercury and the Lagna will be of importance.

393-394. SHATRU GYAN YOGAS

(शत्रु ज्ञान योग)

DEFINITION

393: Should the Lagna lord in the 6th be aspected by the 6th lord, the native will be his own enemy.

394: Should the 6th lord be in the 6th or aspects the Lagna lord in the 6th, the native's own relatives will be his enemies.

COMMENTS

These Yogas have been found functional in actual practice. However, if the Lagna lord is more fortified then the native is able to control his enemies.

A few more Yogas will be of interest to our readers-

If the Lagna lord and the 5th lord are enemies or the 5th lord in the 6th be aspected by the Lagna lord, one's own son becomes enemy.

If the 4th and 11th lords keep enmity with the Lagna lord, there exists enmity between the native and his mother.

If the 4th lord is posited in the 6th from the Lagna lord or the 4th lord goes to the 6th house, there exists enmity between the native and his mother.

If Mars be posited in the 6th and be afflicted by Saturn, there will be continuous duel with the brothers and if the planets are badly placed by sign positions then litigation may be anticipated.

Following chart is of a native who lost one of his kidneys due to self medication i.e. he became his own enemy. The Lagna lord in the 6th is aspected by the 6th lord (with in the orb of aspect). His own relatives are jealous of him, but he controls them well (Lagna lord exalted in the 6th).

Sun 11	12 Venus	2	Jupiter 1°	Lagna 2° Ketu 23° Moon 11°	
	Rahu			Saturn 24°	Mars 2°

The Yogas can be generalised as above for the wife, the other relatives and foes of other classes according to their Karaka.

Jataka Parijata (13/82) quotes—

षष्ठेशे गोपुरांशादौ दिवाकर निरीक्षिते ।

लग्नेशे बलसम्पूर्णे ज्ञातीनामुपकारकृत् ॥

If the lord of 6th house has attained Gopura or other higher Amsas and is aspected by the Sun and the Lagna lord is strong, the person born will be beneficent to his kinsmen.

The native of the chart discussed above left his share of ancestral property to his elder brother; but his elder brother's family still observes enmity towards him. He even did not get favours from his kinsmen also.

Following *Bandhupkar krita Yoga* is also present.

घनेशे लाभे त्रिकोणगेहे शुभदृष्टे बन्धूपकारकृत् ।

If the 2nd lord be in the 11th or trine and 4th be aspected by a benefic, one will be beneficent to his kinsmen.

Here the 2nd lord Mars in the 11th is aspected by Jupiter.

Bandhudveshi Yoga is also present.

बन्धुभिस्त्यक्तपुरुषस्तदीशे पापसंयुते ।

क्रूरषष्ट्यंशके वापि नीचाराति गृहेऽपि वा ॥

If the 4th lord be associated with the malefics or be in cruel Shashtiyamsa or be in debilitation or enemy sign, one is discarded by his brethren.

In the chart above the 4th lord is in an enemy sign quite near to Mars. The native was brought up in his paternal aunt's house.

For *Gyati Peeda Yoga* see the following Sloka.

लग्नेशेऽष्टमभावस्थे षष्ठेन निरीक्षिते ।

तौ वा विलग्नभावस्थौ षष्ठभावेश्वरान्वितौ ॥

If the Lagna lord be aspected by the 6th and 8th lords or the Lagna and 6th lord be in the Lagna, one suffers at the hands of one's kins.

Again,—

गुरुशुक्रौ विलग्नस्थौ षष्ठभावेश्वरान्वितौ ।

शन्यारफणिसंदृष्टौ ज्ञातिपीडा विनिर्दिशेत् ॥

If Venus and Jupiter be in the Lagna associated with the 6th lord and be aspected by Saturn, Mars and Rahu, one suffers at the hands of one's own kinsmen.

Again—

पापग्रहेण. संदृष्टे बलहीनऽरिनायके ।

पापांतरगते वापि शत्रुपीडा भविष्यति ॥

If the powerless 6th lord be aspected by the malefics or be hemmed in between the malefics, the Yoga for sufferings at the hands of one's kins men exists.

The above Yogas illustrate that the 6th lord should be strong, for one to be safe from the sufferings through enemy. A weak or afflicted 6th lord gives rise to more propensity for sufferings through enemies. But the 6th lord should not be stronger than the Lagna lord otherwise the native himself gets defeated in the duel with the enemy.

	6	3	Moon	Chart No. 146	Venus
Rahu	9	Jupiter Ketu

10	Mars	2	Rahu		Lagna Sun Merc. Saturn

The example chart given above belongs to Moghul Emperor Shahjahan whose son became his enemy and imprisoned him during the last part of his life. The 5th and 6th lord is Saturn and the 8th lord is Mars. Both are afflicting the Lagna lord and the Sun. The Lagna and 6th lords are in the Lagna. Therefore, his own son became his enemy and by association of the 12th lord Sun, own son put him in the prison. Jupiter posited in the 10th is rendered weak being the dispositor of Rahu and Mars and being aspected by Saturn.

Jataka Parljata (13/74) mentions—

शत्रुस्थानगतोऽरिनीचगृहगो वक्रं गतो वाऽस्तगो-
 ऽनेकज्ञातिजनो बहुक्षततनुः षष्ठाधिपो वा तथा ।
 षष्ठस्थानगतेषु भास्करमुखव्योमाटनेषु- क्रमात् ।
 तत्तत्कारकखेटवर्गरिपुणा संपीडितः सन्ततम् ।।

If the planet in the 6th or the owner thereof be in an inimical or debilitation sign, retrograde or combust, the native will have many kins men from his father's side; and his body will be covered with many sores. If any one of the planet from the Sun onwards occupies the 6th house, the person will be continually annoyed by the foe of the class of people represented by the house of which the planet occupying the 6th house is Karaka.

The first part perhaps means that sores will be inflicted to the native due to enmity with the father's kinsmen.

395. PITRU NINDA YOGA (पितृ निन्दा योग)

DEFINITION

Should the 5th lord be in the 6th, 8th or 12th house aspected by the Lagna lord or Mars and Rahu, the Yoga is said to arise.

RESULTS

The native will be a back biter of his father and will bring bad names to him.

COMMENTS

It is like hell when a son turns antagonistic to his father and this state is more dangerous than disobedience. Mars and Rahu are first rate back biters and when the 5th lord in Trika is aspected by these two, the Yoga is certain.

The horoscope No. 147 is of a doctor who married a widow doctor having two sons from her deceased husband. The Yoga is partially present here because the 5th lord has not gone to a Trika house, but is with Rahu and aspected by Mars. He brought bad names to his father in his community by this marriage.

Jataka Parijata (13/73) says—

षष्ठे भास्वति लग्नायकरिपौ नीचारिणे दुर्बले
जातस्तपितृवर्गशत्रुसहितो लग्नेशमित्रग्रहै ।

If the Sun occupying the 6th house identical with his debilitation or enemy sign without strength be inimical to the Lagna lord as well, the native associates with his father's enemy. The reverse also holds.

			Lagna Mars 27°	
	Ketu 22° Moon 22°	Chart No. 147		
				Sun 19° Mercury 24° Rahu 22°
	Saturn 18° Jupiter 1°			Venus 10°

When a person associates with his father's enemies, he is then surely inimical to his father and talks ill of his father.

396. EKANTOTITHA ROGA YOGA (एकान्तोत्थित रोग योग)

DEFINITION

Should a planet be in a Trika house (6th, 8th or 12th) unaspected by or unassociated with a benefic, the Yoga is given to arise.

RESULTS

The native will acquire disease particularly according to the Dosha (element) of the planet concerned.

COMMENTS

Phala Deepika has been very descriptive on the planets causing diseases and posited alone in the 6th, 8th or 12th house, however, we would like to mention a few diseases caused by different planets in the 6th occupying inimical or debilitation signs.

The Sun

Headache, diseases due to poisoning, heart trouble, defective secretion of bile, fevers (malarial), osteoporosis, eye disease, epilepsy etc.

The Moon

Balarishta due to periodic fevers, asthma, lung disease, hydrocele, lassitude, shivering with fever, jaundice, blood disorders, diarrhoea, anorexia and cough diseases.

Mars

Haematemesis, cholera, smallpox, measles, ulcer, piles, fistula, bloody dysentery, excessive thirst, bilious fever, leprosy, appendicitis, defective bone marrow, scabies, rough skin and danger from fire, poison and weapon.

Mercury

Indigestion, hysteria, loss of memory, apprehensions, poisonous diseases, skin diseases, jaundice, scabies and diseases of intestines and respiratory canal.

Jupiter

Liver troubles, typhoid, dyspepsia, pthysis, diarrhoea, apoplexy, ear disease, stomach abcess.

Venus

A woman suffers from diseases of ovaries and uterus, syphilis etc while a male suffers from syphilis, dropsy, prostatitis, diabetes, paleness due to poor blood quality, urinary affections, scarcity of semen, inability to perform sex act, weakness due to excess of sex and atrophy.

Saturn

Paralysis, nervous ailments, hysteria, enlargement of spleen, asthma, lameness and pain in the legs (arthritis), tiredness, inability to concentrate, injury from a stone or fall, disease in loins, injury due to an animal and obsession by an evil spirit.

Rahu

Flatulence, toothache, diarrhoea, worms, morbid condition of nerves, leprosy, apprehensions, depression, diseases on account of poisoning or food poisoning, leg injury, danger from serpents and evil spirits.

Ketu

Mental and physical ailments of unknown origin, adversity due to wrath of Brahmins and ruling class.

The native of the chart No. 148 had atrophy of muscles. Debilitated Mars (muscles) in the 8th is aspected by Venus, the 6th lord and the 8th lord Moon in the Lagna is conjunct Saturn.

The native of the chart No. 149 on page 216 suffers frequently from urinary infections. Venus the 8th lord in the 6th is aspected by Mars, a Maraka. Rahu in the 7th and Ketu, Moon in the Lagna are in a quadrant from Saturn.

397. APASMARA YOGA (अपस्मार रोग योग)**DEFINITION**

Should the Moon as the 4th lord be in the 6th, 8th or 12th house in conjunction with Rahu without any benefic aspects, the Yoga exists.

RESULTS

The native will be attacked by epileptic fits frequently.

COMMENTS

Epilepsy is the disease largely related with the emotions. Whenever one is emotionally upset one gets an attack, thereby falling unconscious and frothing from the mouth. One feels extreme weakness after the fit is over. Medical men try to find the cause by E.E.G and cat-scan, if any abnormality is there in the nervous system or some portion of the brain. If none is there then they treat for settling down emotions and tranquillizing the strained nervous system.

Mental diseases are the results of our desires, anger, apprehensions, fears and sorrows. The 5th house, the Moon, Mercury, the 3rd and the 8th house are to be judged for the same. The verse says—

रन्ध्रे चन्द्रराहू अपस्मारी i.e. the Moon and Rahu conjunct in the 8th cause epilepsy. Again सार्कजे चन्द्रे भौमदृष्टे अपस्मारी, i.e. the Moon and Saturn aspected by Mars cause epilepsy. Again चन्द्रारार्का लग्नमृतिगाः क्रूर दृष्ट्या अपस्मारी, i.e. the Moon, the Sun and Mars in the Lagna aspected by the malefics cause epilepsy.

The 6th/8th position of the Moon and Mars or the Moon and the malefics is also of significance in this respect.

The chart No. 150 is of a sufferer from epilepsy. The 4th lord Moon is in the 12th house (a watery sign) aspected by Mars from a fiery sign and Saturn from an airy sign. The aspect of fiery Mars keeps the emotions volatile. The Moon is also the dispositor of Ketu. Thus there are enough reasons for epilepsy.

The Chart No. 151 is of a textile engineer who suffers from this dreaded disease since childhood i.e. almost 35 years. The Lagna lord Venus and Mercury (a mental factor) are combust by the debilitated Sun (the 4th lord). The Moon is posited in 12th from the Lagna. Ketu and Saturn are posited in a mental sign Virgo. The Moon is in 6/8 to Mars as well as Saturn. Mercury is hemmed between the malefics Mars and Saturn. The Sun, Lagna lord Venus and Mercury are deposited in the 6th house. Thus all the mental factors are spoilt by the malefics by position. The native is not responding to the treatment, however, the astrological remedies have been of some help.

C.E.O. Carter, the celebrated British Astrologer opines that Mercury is always cadet afflicted by Mars, Saturn or

Uranus. Further the Lagna and the 3rd house are usually afflicted denoting the localisation of the disease in the brain.

398-401. UNMAADA YOGAS (उन्माद योग)

DEFINITION

398: Should Jupiter be in the Lagna and Mars be in the 7th or vice-versa.

399: The weak Moon and Saturn be in the 12th house.

400: The Moon and the Sun in the Lagna be aspected by Mercury.

401: The Mars in the 3rd be with Ketu and the Sun and Jupiter be aspected by Saturn. These four Yogas result as Unmaada Yoga.

RESULTS

The native becomes mentally and emotionally impaired and is unable to rationalise the facts.

COMMENTS

There are many varieties, one may be a maniac, a schizophrenic or suffering from endogenous depression or afflicted by a bipolar form of depression.

In many of these forms we have found the 2nd lord or Jupiter (Dhana Karaka) involved i.e. the root cause is monetary lust or imbalances. Due to continuous financial stresses the mind and rationalising part of it has to be constantly active and then results in an imbalance of mind vitalising chemicals in the brain and the result is such conditions.

With the advent of city life and so called advancement the lust of material comforts have increased and the individual is involved in earning money at any cost, finding new methods to empty other's pockets. All this is a strenuous mental exercise leaving no space for mental rest, material satisfaction and the result is a great rush at psychiatric clinics.

The mental factors are the Lagna and Lagna lord, Mercury, the 5th house and 5th lord, the 4th house and 4th lord, and the Moon. All mental diseases arise out of morbid mental, emotional and analytical faculties of mind as discussed earlier.

The following Slokas are illustrative—

लग्नभावः चतुर्थो हि ताराणामीश्वरस्तथा ।
दिशेयुः मानसीं पीडां पंचमः सोमजस्तथा ॥

Again,:

जातस्य हि यदा लग्नं चतुर्थं वाणमेव च ।
सोमः सोमात्मजश्चैव हीनाः उन्मत्तताकराः ॥

The Lagna, the Moon and the 4th house are the significators of emotions while the 5th house factors and Mercury denote the analytical faculties of mind.

The Sloka says—

मिथुनोदयजातस्य षष्ठे चन्द्रो बुधो भृगुः ।
शनैश्चरेण दृष्टाः स्युर्नुमादव्याधिदायकाः ।

If the Lagna be Gemini and the Moon, Mercury and Venus be in the 6th in Scorpio aspected by Saturn, the native will become insane. Mercury is the lord of Lagna and 4th; the Moon is debilitated there and the 5th lord Venus is also there, further rendered weak by the aspect of Saturn.

For insanity *Brihat Jataka* (23/13) mentions—

संस्पृष्टः पवनेन मन्दगयुते धूने विलग्ने गुरौ
सोन्मादोऽवनिजे स्थितेऽस्तमवने जीवे विलग्नाश्रिते ।
तद्वत्सूर्यसुतोदयेऽवनिमुते धर्मात्मजधूनगे
जातो वा ससहस्ररश्मितनये क्षीणे व्यये शीतगौ ।

If Jupiter occupies the Lagna and Saturn be in the 7th, the person suffers from windy complaints and rheumatism. If Jupiter is in the Lagna and Mars in the 7th, the man will be insane.

If Saturn be in the Lagna and Mars occupies the 9th, 5th or the 7th house, the effect will be the same. If the waning Moon in conjunction with Saturn occupies the 12th house, the man suffers similarly.

In the first case the man becomes insane due to check on his expansionist tendency and the resultant mounting pressure on the brain. The second case is of authoritative attitudes and any check on it causes insanity. In the third case evil planets are occupying the houses related to the analytical faculties. In the 4th case the man is not able to express himself emotionally and insanity is the result of suppressed emotions. Western Astrologers also opine that the malefics should not be placed in the Lagna, the 5th and 9th house.

Brihat Jataka (23/2) also opines—

उदयत्युदये सुरास्यगे सपिशाचोऽशुभयोस्त्रिकोणयोः ।
सोपप्लवमण्डले रवावुदयस्थे नयनापवर्जितः ॥

If the Moon is rising in the Lagna in conjunction with Rahu along with malefics in the 5th and 9th, the person born will be troubled by goblins or devils. If the Sun be rising in the Lagna and be placed in *Parivesha*, the man is sure to be born stone blind.

According to modern medicine obsession by the goblins or devils is also a mental aberration, but we have seen persons being cured by performing certain offerings (*Bali*) according to the nature and characteristics of the seizing devil or deity. *Unmada* or insanity may as well seize the native through *Tantric Abhichara* or black magic by the enemies or due to the curse of preceptors, elders or great men. According to *Prasna Marga* these have to be ascertained by the planets occupying the 6th or aspecting it or its lord, the 6th house and 6th lord.

The 8th house and its lord have an equally important role here and any relation between the 6th and 8th house factors confirms the disease. *Prasna Marga* declares four type of *Unmadas*.

1. *Vatonmaada*: This is caused by excitation of humour wind, the individual who suffers laughs, claps, speaks

loudly, dances around, bitterly cries, his body becomes emaciated, rough and copper coloured and motion of the hands and legs is continuous. Aggravations of the symptoms appear after digestion of the consumed food.

2. **Kaphonmaada:** This is caused by excitation of humour phlegm and the individual is averse to every thing, seeks solitude and company of women, remains awoken most of the time, finger nails turn pale and white due to low circulation arising out of fear and apprehension; the native sobs and saliva trickles down of his mouth.

3. **Pittonmaada:** This is caused by the excitation of humour bile and the person is furious all the time, revengeful, hates all opposition, abusive, very angry, much thirsty and hungry; his body turns pale, hot and/or extremely red and there is longing for intoxicants in some cases.

4. **Sannipatonmaada:** This is caused by the excitation of all the three humours (wind, phlegm and bile) and the native exhibits the symptoms of all the three humours and it takes very very long time for recovery. Sometimes it sticks to the native through out life although aggravations and ameliorations appear according to the transiting planets and medicines suggested. Bipolar depression of modern psychiatry is of this variety. The earlier three varieties are said to be curable by medicines and offerings, while the 4th type requires a specialised medical treatment and Graha Shanti by Japa, Homa, Tarpana and Bali.

The Moon, Saturn and Rahu; Mercury, Saturn and Rahu; the Moon, Mars and Rahu and Mercury, Mars and Rahu are bad combinations particularly in the signs Aries, Scorpio and Sagittarius and in constellations of Mars and Saturn. The houses, Navamsas and aspects to the combination have their own significance. Rahu has more to do with the emotional and mental aspect and is capable of great mischief, however, its combination with the Moon in a soft constellation is capable of bestowing higher intuitive powers.

The example chart No. 154 on page 223 is of a native who got insane due to loose morals of his wife. A mental sign Gemini rises and Mercury conjuncts the 6th lord Mars

in the 6th house. The 7th lord Jupiter is debilitated in the 8th, conjunct with Venus and Ketu and aspected by Rahu. The Moon, dispositor of Rahu is aspected by Saturn. There is also a square aspect of Western Astrology among the planets in cardinal signs i.e. the Moon, Rahu, Saturn, Venus, Ketu and Jupiter (the 7th lord).

	Moon		Lagna
	Chart No. 154		Rahu
	Venus Jupiter Ketu	Sun	Mars Mercury

Gadavali says:

केन्द्रे पापैर्दृष्टयुक्तेऽनुजेशांशेशाङ्केशे वाऽगुभौमार्कपुत्रैः ।
एकैर्क्षस्थैः किं विलग्नेऽघराशौ सोऽग्रे सूरौ शीतगौ मूर्धरोगः ॥

If the Navamsa lord of the 3rd lord's Navamsa lord be in a quadrant aspected by or associated with the malefics; Mars, Saturn and Rahu be occupying the same sign or a malefic sign falls in the Lagna, and the Moon and Jupiter be conjunct malefics, the native acquires a disease in his head.

The Yoga of Mars, Saturn and Rahu is applicable in chart discussed under Pleeha Roga, where debilitated Mars is conjunct Rahu and aspected by Saturn. The Yoga is generated because Mars the lord of Aries is afflicted. Thus the Karaka of 1st house, the Sun is also afflicted there and the native was operated upon for the brain tumour.

The example horoscope Np. 155 on page 224 is of an individual who is suffering from bipolar depression. He has the Moon, Saturn and Rahu combination in the 4th house. The Karaka of the 4th, Moon is afflicted. Jupiter in the Lagna is aspected by Mars from the 7th house (Brihat Jataka) and by Saturn from the 4th. Venus in Taurus in the

10th is aspected by Rahu-Saturn and Mars. Mercury and the Lagna lord, the Sun are posited in the 12th in conjunction with Uranus in a watery sign. Saturn, the Moon and Rahu are also in watery Scorpio with Rahu placed in the constellation Anuradha owned by Saturn. There is exact square (Western Astrology) from Neptune in the 3rd to the Sun, Mercury and Uranus conjunction in the 12th. The disease aggravated as soon as Neptune by transit came to Capricorn opposing the 12th house and squaring his own natal position. Afflictions to the Moon, Venus and Jupiter from Saturn, Rahu and Mars put the disease into the category of Sannipatonmada. The native also has conic fingers with long mental phalanges in his hand.

The horoscope hereunder is of a govt official, usually having clashes with his seniors (Saturn aspecting Jupiter and the Sun). He did not enjoy marital felicity too long. Ketu with Mars in the 3rd in a mental sign makes him apprehensive before initiating into a new task. Mars in the 3rd has lost all his Rajayoga Karaka nature. He suffered from depression on account of the Lagna lord and the 2nd lord being under the aspect of Saturn. He was cured of this and his courage was maintained by some gem therapy.

C.E.O. Carter the famous British Astrologer ascribes for insanity, the affliction of mental rulers from Mars and one or both luminaries from Uranus. Mars is usually in the 3rd house and is especially dangerous if in a watery sign. The Moon and Mercury are often in bad aspect to Mars and

तथैव रक्तस्य च रात्रिनाथः।
विलम्बनाथौ शनि-राहुदृष्टौ,
युतो भवेतां खलु कुष्ठकारौ॥

If Mercury (the Karaka of skin) be the Lagna lord or the Moon be the Lagna lord (the Karaka of blood) and both fall under the malefic influences of Saturn and Rahu, one suffers from Leprosy.

This disease is of two types—One is anaesthetic and the other one is nodular which is more dangerous and contagious. In anaesthetic type the patched part (pale or pink) is sensationless, unable to sense pricking or piercing. In the nodular type the skin gets thickened at places and forms ridges.

Brihat Jataka (23/9) suggests the following combinations—

चन्द्रेऽश्विमध्यज्ञषक किं मृगाजभागे
कुष्ठी समन्दरुधिरे तदवेक्षिते वा।
यातैस्त्रिकोणमलिक किं वृषैर्मृगे च
कुष्ठी च पापसहितैरवलोकिताैर्वा॥

If at birth the Moon be in the middle Navamsa of Sagittarius conjoined or aspected by Mars and Saturn, singly or jointly, one becomes a leper. The same are the results if under above conjunctions or aspects the Moon occupies the Navamsa belonging to Aries, Cancer, Capricorn or Pisces. If Scorpio, Cancer, Taurus and Capricorn happen

to be the 5th and 9th house from the Lagna and be occupied or aspected by all the malefics, the man will surely be a leper.

Should the Moon (in the first half of the Sloka) be also aspected by any of the benefics, the native may not suffer from leprosy; but may have Itches resulting from scratches opines Yavanacharya.

The example chart on page 226 illustrates the Yoga clearly. The Lagna lord Mercury in the 3rd is afflicted by Rahu in a watery sign. The Moon is afflicted by Saturn in a watery sign.

In Ayurveda it is said that leprosy occurs from consuming at the same time the foods which are naturally adverse to each other like taking fish and milk together.

404-405. HRIDAYA ROGA YOGAS

(हृदय रोग योग)

DEFINITION

404: Should the 4th lord conjunct the 12th lord be posited in the 6th, 8th or 12th house or debilitated or in enemy sign or in combustion, the Yoga exists.

405: Should there be a malefic in the 4th house and its lord be conjunct with a malefic or be sandwiched between the malefics, the Yoga is given to arise.

RESULTS

The native will be suffering from heart ailments.

COMMENTS

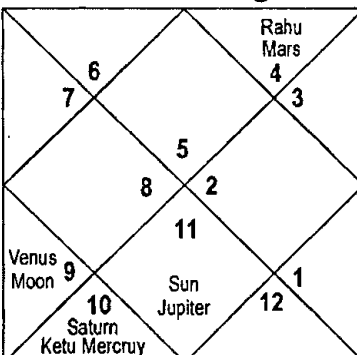

In the above two Yogas emphasis has been laid on the afflictions of the 4th house factors i.e. emotional element. The heart disease develops because of day to day worries and emotional set backs which cause the disturbances of blood pressure and the resulting heart ailments. These Yogas were framed in ancient time conditions.

In modern times excess of luxuries, labour free life pattern, rich diet, obesity and worries emanating out of the practical responsibilities are the major causes which strain the nervous system and the heart.

The heart is governed by the sign Leo, the Sun and the 5th house. All fixed signs are related to the practical aspects of life and fall in quadrants to Leo. The malefics in the fixed signs increase probability for the heart disease. If the luminaries and the 6th and 8th house lords also occupy the fixed signs, there is grave danger of acquiring the heart ailments.

The example chart given below is of a lady who is a graduate in occupational therapy and was married to a doctor. She was divorced on the ground that there was risk in conceiving due to some heart ailment.

The sign Leo is in the Lagna, a fixed sign. The Lagna lord Sun is in the fixed sign Aquarius and debilitated in Navamsa. Mercury in the 6th is heavily afflicted by Rahu, Mars and Saturn. Pluto and Uranus are posited in the Lagna. The Lady is of irritable temperament and her heart beat rises abnormally at times. Perhaps this was the cause that she was warned against conceiving.

According to Western Astrology afflictions to the Sun, Leo and the 5th house are the primary factors for the heart disease. The malefics on the 5th cusp or in opposition are conducive for this disease. Mars in the 5th causes damage from strain; Saturn affects the valves; Uranus brings nervous disorders of the heart; Jupiter sudden dilation and Neptune affects through smoking and drug abuse. Fatty degeneration is due to afflicted Jupiter.

The female of the chart No. 159 suffered from inefficiency of mitral valve. The child was rescued. The Sun and Mercury both are heavily afflicted.

406-407. KSHAYA ROGA YOGAS

(क्षय रोग योग)

DEFINITION

406: If the Sun and the Moon are placed in each other's house or Navamsa, the Yoga is caused.

407: If Saturn and Jupiter are in the 6th or 8th, the Yoga is said to have formed.

RESULTS

The native will suffer from tuberculosis.

COMMENTS

Tuberculosis is the disease which is called a Raja Roga in Hindu system of medicine and Hindus were well aware of the disease since time immemorial. It is said that the disease is the result of previous birth's bad deeds. Perhaps it was said so because it was incurable at that time for the common men, though the Hindu physician used to cure the patients by the use of medicated Bhasmas of gold and silver. These two metals are known to be strongest germicides and are used in ornaments owing to this property.

In Hindu medicinal system impetus is on the total health i.e. the healthy mind and healthy body keep the diseases away. The physical immunity is strengthened by the healthy mind. Disease usually catch hold of people who are greatly stressed mentally as well as physically. The environmental and climatic conditions have much to do with the development of the disease. The great mathematician Sri Niwas Ramanujam

is an example who got the disease due to cold conditions of England and strenuous mental and physical labour.

The doctrine of Karma is of prime significance, what planetary position at birth we are born with is the result of previous Karmas for which we are to function and suffer in this birth. A person not destined to acquire the disease will not acquire even though he may be working amidst the tuberculous patients. His body system is so developed that he is immune to consumption.

Saturn, Mars, Rahu and Ketu are punishing agencies of the cosmos and weakness of the two luminaries, Mercury, Jupiter and Venus indicate deficient forces of fortunes or destiny. When these weak fortunes are afflicted by these punishing agencies one has to pay for or reap the fruits of previous bad Karmas. The Yogas for health and disease are just the indications of our good and bad Karmas of previous births.

Maharishi Parasara's three Lagnas i.e. the birth Lagna, the Moon sign and the Sun sign are the life forces and every good and bad happening of life emanates from the three charts.

Medical men declare to have controlled the tuberculosis but it was true sometime back. With the advent of globalisation, the cities are being flooded by the influx of people in search of jobs. The cities have become concrete jungles and people live in small apartments without any ventilation and sunlight. The tubercular bacillus have found a den in such dark and moist apartments; moreover it has gained immunity against the treatment available now. The drugs now have to be administered for a longer period. Now this condition has arisen out of the lust to earn more money to maintain the so-called standard of living. The human race is sinking deep and deep into the ocean of greed day by day forgetting all the norms laid down by our ancients for leading a happy and contented life. Tuberculosis is on the increase day by day again.

Tuberculosis has many varieties and affect different parts of the body having different names. It affects cavities of the body like the lungs, uterus etc when the Moon is afflicted as is in the Yoga. When Jupiter and Saturn are in

the 6th or 8th, it is the liver, pancreas or the portion having much flesh is affected.

Brihat Jataka (23/8) mentions—

अन्तः शशिन्यशुभयोर्मृगगे पतङ्गे

श्वासक्षयप्लिहकविद्रधिगुल्मभाजः ।

शोषी परस्पर ग्रहांशगयो रवीन्द्रोः ।

क्षेत्रेऽथवा युगपदेकगयोः कृशो वा ।।

If at birth the Moon be posited between two malefics (Mars and Saturn) and the Sun occupies sign Capricorn, the person concerned will suffer from pleurisy, tuberculosis, bronchitis, scrofula or asthma (diseases of chest). If the Sun and the Moon are placed in each other's houses or Navamsas, the man suffers from tuberculosis. If the Sun and the Moon in conjunction be either in Leo or Cancer, one will have long standing disease and will be a weakling.

In the first part of the Sloka, if the Moon be in the Lagna, the man will suffer from pleurisy. If the Moon be in the 4th house, the man will suffer from tuberculosis.

If the Moon be in the 6th house, he suffers from bronchitis.

If the Moon be in the 8th, he suffers from scrofula.

If the Moon be in conjunction with the Sun in Capricorn, the man will suffer from asthma.

The Moon in conjunction with the Sun is very weak and susceptibility to consumption is increased especially when in Leo or Cancer.

Jataka Parijata also confirms this, vide Sloka:

दिनेशचन्द्रौ रविशशियुक्तौ चन्द्रर्क्षगौ वा यदि शोषणं स्यात् ।

The following classical Yogas are also suggestive of tuberculosis.

1. If Venus and Lagna lord are in the 6th, 8th or 12th house.
2. If the Moon be with Saturn aspected by Mars.
3. If Lagna be aspected by Mars and Saturn.
4. If Mercury be in the sign Cancer.
5. If Mercury owning the 3rd be occupying Lagna along with Sun and the Moon.

6. Rahu be in the 6th, Mandi be in a quadrant from the Lagna and the Lagna lord be in the 8th house.
7. If the Lagna lord be in the 12th, aspecting Rahu in the 6th house.
8. Venus and Moon occupying the 12th and aspecting Mars and Mercury in the 6th house.
9. A very weak or debilitated Moon in a watery sign aspected by a malefic planet causes susceptibility to consumption.

The Yogas need to be applied very carefully noting the constitution, living standard and family history of an individual. Individuals having excess of humour, wind and phlegm provide fertile ground for the infestation of tubercular bacillus. The other conducive conditions are the placement of the Moon and Venus in the watery signs occupying the 6th, 8th or 12th house. The Lagna, the Moon and the Sun falling in watery signs.

The Trika houses are the seats of troubles and complications and the planets therein do behave in that manner. Mars is usually responsible for infections and inflammations; Saturn for malignancy, chronicity and for prolonging illness, while Rahu and Ketu also produce malignancy and various other complications of undiagnosed nature. Rahu creates a fear complex in the native and Ketu, the gloom and despondency.

The chart No. 160 is of a lady who had to undergo an operation for the consumption of uterus after 4 years of her marriage, for non bearing. The Lagna lord and

the 4th (Virgo) lord Mercury is heavily afflicted by the 6th lord Mars, the dispositor of Rahu. The Sun is also afflicted by Mars. The inflammation of uterus got malignancy due to quadrangular position of Saturn from Mercury. Mercury the Lagna lord, the 4th lord and lord of Virgo is the significator of uterus. She was unable to conceive even after surgery.

Following chart is of a lady who was treated for tuberculosis as one of the gland under her jaw got swollen. Jupiter, the Roga Karaka is in a Martian sign in the 2nd house. The Moon and the Lagna lord Venus are heavily afflicted by Mars and debilitated Saturn. Saturn, the dispositor of Rahu is debilitated and retrograde. The disease infests in a weak body.

C.E.O. Carter writes about the pulmonary consumption that the disease is mainly concerned with the mutable signs; the 12th house and its lord. The most sensitive degrees are those close to 28° mutables and 27° Aries-Libra (more rarely 27° Cancer-Capricorn). If the mutable signs and 12th house are prominent, and a strong malefic aspect is found involving one of these areas, a consumptive tendency must be feared. He further writes, out of 28 cases I found Cancer, the commonest ascendant, while Aries, Capricorn and Pisces do not occur, Mercury-Neptune aspects are common.

Afflictions to the earlier parts of mutable signs, may sometimes occasion consumption, but less frequently, and perhaps with less rapid and destructive action.

The Nirayana chart No. 162 of a Nun born at Edinburg March 29, 1900, at 9.00 P.M., died at the age of 25 of pulmonary consumption, Saturn is in conjunction with Gulika in the 3rd house, squaring the Moon, Mars, the Sun and Mercury. Venus is within the proximity of Ketu in the 8th. The Sun and the Moon are in watery signs under afflictions by Mars and Neptune.

Hindu Astrology's Yogas are more applicable to this chart. We suppose the readers will elaborate more by working on practical cases.

408. PHUPHUS AVARANA SOTHA YOGA (फुफ्फुस आवरण शोथ योग)

DEFINITION

Should the Moon sign be a watery sign and Venus be combust in any sign, the Yoga exists.

RESULTS

The native will suffer from the inflammation of pleurae (the coverings of lungs).

COMMENTS

The disease resembles with consumption and sometimes occurs due to the infection caused by tubercular bacillus. The inflammation of pleurae may occur due to exposure to the chilly winds. Here are a few more Yogas—

- (a) The Moon and Venus combining with the 6th lord in the 4th house.

(b) The Sun and the Moon combining in a watery sign and the 4th lord debilitated or combust or weak some other way.

We suppose and have found that afflictions to the 3rd house and Gemini should be additionally noted to assess the disease.

The following chart is of a native who suffered from pleurisy in his adolescent years. The Moon sign is a watery sign and Mercury is retrograde and combust in the 10th house. Saturn and Mars are posited in the sign Gemini in the 12th house. The native underwent surgery to get cured.

409. KASA ROGA YOGA (कास योग रोग)

DEFINITION

Should the Sun in the Lagna be afflicted by the Mars, the Yoga exists.

RESULTS

The native will suffer from breathlessness.

COMMENTS

Basically asthma occurs from constriction of the lower respiratory tract, therefore comes under the domain of Gemini and Mercury. There may be Saturnian afflictions to the 3rd house. The chart of a lady discussed under Kshaya Roga Yoga with Gemini Lagna is a good example of it. However, we would like to present few more Yogas for the interest of our readers—

- The Lagna be a watery sign and its lord be posited in a Trika house.
- Saturn afflicting the 4th house.
- Mars and Saturn in a watery sign in the Lagna.

Chronic sufferers of sinusitis where exudations fall inside causing inflammation of respiratory tract, have more chances of getting the disease. That is why watery signs have been mentioned again and again.

There is another variety called Bronchitis which is essentially the inflammation of the bronchi, usually results from the afflictions of Taurus and Scorpio (reflex action).

The Hindu astrological writers base the occurrence of bronchitis to the watery Lagnas, the Sun and Moon occupying watery signs and afflictions to the 4th house.

Occasional bronchitis occurs when the Sun or the Moon transits through a watery sign and gets afflicted there.

If Mars occupies the Lagna and is aspected by Saturn, the native is a chronic sufferer of bronchitis.

410-412. SOOLA ROGA YOGAS (शूल रोग योग)

DEFINITION

410: Should Saturn and Mars be in the 6th and 12th.

411: Should Venus be in Leo in a quadrant/trine and Jupiter be in the 3rd.

412: Should the afflicted Moon be in Leo, the Yoga exists

RESULTS

The native will suffer from abdominal colic.

COMMENTS

The Yogas are very general, however, in the Yoga 410 the colic may be due to defective peristaltic movement of intestines. In the 2nd case it will be biliary colic or due to Kidney disturbances. Afflicted Moon in Leo produces colic due to indiscriminate eating.

Jupiter governs bile production whenever he is afflicted there may be pains due to gall stones, particularly so when the Sun (governing *Jatharagni*) is also afflicted.

Liver and pancreas fall under the domain of Jupiter and the 5th house. Infantile cirrhosis of liver is the disease that occurs to the under nourished children and the kids look weak and pale. The disease occurs when Saturn and Jupiter combine in the 5th. Jupiter is the planet of prosperity and good living; whenever he is checked by

Saturn, the native is under nourished. Similarly afflictions to the 5th house and the 5th lord cause the malfunctioning of these two main organs due to under nourishment.

Rahu in the 5th causes ulceration in the stomach or small intestines due to excess of hydrochloric acid in the stomach. This sting of Rahu is tempered by the association or aspect of Jupiter. Mars represents bile and afflicted in the 5th is a great mischief maker, but is not harmful in his own signs and tempered with the association and aspect of Jupiter. Ketu in the 5th causes ulceration due to mental worry. However, the native resorts to Yogic practices and other such traditional means to control acidity, if Ketu is influenced by Jupiter. Saturn by all means produces chronicity of the complaint and is more related to the cancer of the stomach if in the sign Cancer in the 5th and the Moon is also afflicted and there is no relieving aspect of Jupiter. This tendency is thwarted if the Sun is in Leo or Mars is there. Gluttony is the result if the Sun and Jupiter are associated in the 5th house and the remnants of this tendency are still present if both in association are present in any other house. The waning Moon afflicted in the 5th causes decline in the production of gastric juice and such a native is fond of delicious and spicy dishes. Mercury and Venus show sterility by the occupation or aspect over the 5th house. The presence or aspect of the Sun or Mars enhances the digestion provided they are neither afflicted nor debilitated.

About the Gulma Roga, the verse denotes—

कर्कालिघटांशे चन्द्रे समन्दे गुल्मरोगः ।

If the Moon conjunct with Saturn falls in Cancer, Scorpio or Aquarius Navamsa, one has stomach pains due to impaired digestion. In Gulma Roga a ball of wind is felt to be moving around in the stomach due to defects of spleen and liver.

The verse mentions—

कोशेमन्दे वा राहौ संग्रहणी ।

If Saturn and Rahu are in the 2nd, one suffers from Sangrahani. When intestines get weakened after diarrhoea or dysentery and are unable to absorb nutrients during the

process of digestion and expunge the food consumed in liquid form again and again is called Sangrahani.

The verse says:

लग्ने तमोज्ञौ घृणे यमारौ अतिसाररोगः ।

The man suffers of diarrhoea if the Lagna be occupied by Rahu and Mercury and the 7th by Saturn and Mars.

The following chart is of a government servant who is a chronic sufferer of stomach ailments and complains of gas and belching of stomach. The configuration of planets is an interesting one. The 5th lord Mars is with Ketu. Saturn is aspecting Jupiter placed in the 8th indicating that involvement of liver is there. The Sun is aspected by Saturn from Leo which impairs the digesting ability. The native sticks to Yogic practices to keep himself fit. He likes spicy food and his apprehensive nature further adds to his worries in this respect.

C.E.O Carter says 'Indigestion covers very wide range of

Saturn 5 Ketu Mars 6 3 2 Sun 4 1 Mercury Venus 10 8 9 11 Jupiter 12 Rahu				Rahu	Mercury Venus	Sun	
				Jupiter	Chart No 164		Lagna
							Saturn
						Moon	Ketu Mars

assimilative irregularities, but as a general rule it is probable that astrologers would look to the Moon and Cancer to find a clue to the state of digestion. I consider that Mercury and Virgo should receive no less attention, for it seems that the range of Virgo, and of Cancer overlaps considerably, planets afflicted in or from Virgo, especially if Mercury be involved, points to digestive trouble of one kind or the other. Pisces sometimes occurs by polarity.'

He further states that Saturn in Cancer rarely fails to weaken the digestion, Mars there causes painful complaints while Uranus affects the gastric nerves. Pluto in the 5th seems to be instrumental in peptic ulcers.

These statements are nearer to the theories of the modern medicine which treats the disease for its current symptoms than treating the patient as a whole which the ancient Hindu medicinal system does.

Appendicitis was a dreadful disease when the surgery was not advanced in modern medicine. However, the surgeons like Sushruta of Hindu medicinal system were capable in this respect.

Afflictions to Virgo and Scorpio by Mars, Saturn and Rahu and Yogas for constipation do indicate appendicitis in the concerned planet's Dasas and Bhuktis or transits.

Carter says "This trouble occurs readily where there are Virgo and Scorpio in affliction. 18° of Taurus-Scorpio, 3° of the mutables and also 22° of the same as well also 22° Leo-Aquarius are the most sensitive degrees. Uranus is a common afflictor. In 50 percent of the cases Mercury has been found in the decanate of the mutable signs. It is nearly always in major bad aspect to one or more of the malefics".

413. PLEEHA VRIDDHI ROGA YOGA (प्लीहा वृद्धि रोग योग)

DEFINITION

Should the Moon be the lord of the 6th house and be aspected by or associated with the malefics, the Yoga exists.

RESULTS

The native will suffer from enlarged spleen.

COMMENTS

Spleen is an organ related with the defence mechanism of our body system. It enlarges when toxins tend to get accumulated in our body i.e. it enlarges by trapping those toxins thus saving other vital organs from damage. It also enlarges after the suppressed malaria.

The verse says:

सौरामध्यगे चन्द्रे भृगेऽर्के प्लीहरश्वाखादिः ।

If the Moon be between the Sun and Mars, the Sun be in the sign Capricorn, one suffers from diseases of spleen and asthma.

In both the Yogas the emphasis is on the afflictions of the Moon. The Moon gets weakened when she is in the adjacent house to the Sun. The Sun gets maleficence when in Capricorn.

The breathlessness is a secondary symptom coming from pressure of the enlarged spleen on the lungs.

Venus Mercury 8 9 Ketu Saturn Sun 10 Jupiter 11 12 Moon 7 4 Mars Rahu 1 3 2 6 5	Moon 25°

	Ketu 5° Saturn 19° Sun 15°			
	Mercury 27°	Venus 28°	Lagna	

The native of the above chart underwent surgery for the removal of enlarged spleen. All the malefics are in the 4th and 10th. Mars and Rahu are in Cancer in the 10th and the Moon is in the 6th in Aquarius Navamsa. The Moon aspected by Rahu from Cancer indicates toxins in the body. The native was later operated for the brain tumour also.

414-415. PITTA ROGA YOGAS (पित्त रोग योग)

DEFINITION

414: Should the Lagna lord and Mercury together be in the 6th, 8th or 12th house, the Yoga is given to arise.

415: Should Jupiter and the Lagna lord together be in the 6th, 8th or 12th house, the Yoga is said to be formed.

RESULTS

The native will suffer from biliousness.

COMMENTS

When Mercury with the Lagna lord is in a Trika there is disturbance in the intestines and when Jupiter with the Lagna lord is in a Trika then one suffers from amoebic dysentery. In both the cases the liver has to pour more bile into the stomach to wipe out the infection, hence biliousness.

Carter says 'Biliousness whether chronic or acute may be related chiefly to the planet Jupiter and in no small measure to Neptune, which appear to be closely connected with the liver. Both Sagittarius and Pisces are often prone to liver complaints, but the former being more active is probably less prone of the two.

Venus and signs of Venus particularly Taurus is prominent in the horoscopes of bilious subjects, but on the whole the afflictions between one or both the Lights and Jupiter, which is apt, at least during the progress of the attack, to appear singularly unlike the "greater benefic" '.

From the above discussion Jupiter emerges as a common planet that is afflicted in the two systems of prognostication i.e. Hindu System and the Western system.

416-417. VAATA ROGA YOGAS

(वात रोग योग)

DEFINITION

416 : Should Jupiter be in the Lagna and Saturn be in the 7th, the Yoga is said to be formed.

417: Should the 6th lord be with Saturn, the Yoga exists.

RESULTS

The native will have pain like sensation in the body and slowing down of body movements.

COMMENTS

Ayurveda, the Hindu science of medicine, speaks of about 80 kinds of Vaata Rogas including paralysis, sciatica, arthritis etc. Vaata Dosha increases either by luxurious

living and no work and less nutritional diet. In the Yoga 416 the native tends to be corpulent due to fascination for over-eating and enjoying comforts of life. The aspect of Saturn damages his liver function (Jupiter) and the resulting disease is Vaata Roga. In the Yoga 417 the body is taxed with over-work, the tissues and bones do not get enough nutrients for repair and the skin looks dry and wrinkled and the decaying tissues and bones pain under strain. In the Yoga 416 the skin is shiny and swollen and the disease is probably called rheumatoid arthritis while in the Yoga 417 it is possibly osteo-arthritis.

The verse says:

क्षीर्णन्दुमन्दौ व्ययगौ वाताधिक्यम् ।

If the Moon is with Saturn in the 12th, the body suffers from excess of wind in the system. Here the body metabolism is windy. This combination produces restlessness, uneasiness, sleeplessness and roughness of skin.

Western Astrologers opine that this is a typical Saturnian malady, representing the action of afflictive Saturn. When the planets, which as a rule, endeavour to combat the action, by causing a fever and so eliminating or removing obstruction, are unable to perform their function.

The native of the following chart has developed pains in the body particularly pain in the swollen knees. The native developed arthritis in the Dasa of Mercury when it just started. Both Mercury and Saturn are retrograde. The Moon is afflicted by Ketu and in a quadrant to Saturn. Mercury is aspected by Saturn.

418. PEENASA ROGA YOGA (पीनस रोग योग)

DEFINITION

Should the Moon be in the 6th, Saturn be in the 8th, the malefics be in the 12th and the Lagna lord be in the Navamsa of a malefic planet, the Yoga exists.

RESULTS

The native will suffer from ozena.

COMMENTS

Ozena is a disease whereby the nasal discharge is purulent and the disease is incurable one. Our definition is based on the following Sloka of *Gadavali*

वैरिणीन्दौ मृतौ मन्दे प्रान्त्ये पापे विलग्नपे ।

पापस्वेचरभागस्थे पीनसामय उच्यते ।।

Again the verse says

रन्ध्रेशे सराहकेतौ चातुर्थिकज्वरः ।

If the 8th lord is conjunct Rahu-Ketu, the man suffers from the fever recurring every 4th day.

419. MUKHA ROGA YOGA (मुख रोग योग)

DEFINITION

Should the Sun and Mars be in the 2nd, the Yoga is said to arise.

RESULTS

The native will suffer from inflammation in the mouth.

COMMENTS

The Sun and Mars both being signifiers of Pitta cause inflammation in the part represented by the house or sign occupied by them. Here the Sun, the signifier of health and body is himself afflicted by Mars. It is generally felt that when the Sun transits the 2nd or 8th house and is afflicted, it causes sore mouth, tonsilitis or pharyngitis particularly for Aries and Libra Lagnas.

Gadavali says-

भूजज्ञमे तनुपतौ बुधवीक्षितेऽथो
सज्ञेऽस्रमे धनविभावथ भौमभान्वोः।
कोशस्थयोर्मुखगदो रिपुपे गुरौ मे
क्रूरक्षितेऽङ्गगृहगे वदनेऽत्र शौफः॥

If the Lagna in Mercury's or Mars's sign be aspected by Mercury; the Lagna lord conjunct Mercury be in Mars's sign; Mars and the Sun be in the 2nd, one suffers from mouth ailments. If the 6th lord is Jupiter or Venus posited in the Lagna, be aspected by a malefic, one gets inflammation in the mouth.

For throat diseases *Gadavali* says-

सज्ञेऽनुजेशेऽथ खले सहोत्थे विशेषतो मान्दि मुखेन युक्ते,
गलामयोऽरौ सहजे विमूढे पापेक्षिते नीचभगे ग्रहेन्द्रे।
विषादनाद्धा गरलप्रयोगात्स्यात्कण्ठरोगोऽर्थविनाशतो वा;
साधे सुखे तद्गृहभागयुक्तेऽब्जे कर्ककुम्भालिलवे गलेरुक्॥

Should the 3rd lord be conjunct Mercury; the 3rd house be occupied by the malefic especially the malefic in the 3rd be with Mandi like planets, the man suffers from throat ailments. Should the planet occupying the 6th or 4th be debilitated or combust and aspected by malefics, the throat

disease is acquired because of poisoning or monetary losses. Should the Moon in the 4th be aspected by the malefics and also be in the Navamsa sign falling on the cusp of the 4th house or be in Cancer, Aquarius or Scorpio Navamsa, throat ailment occurs.

Again *Gadavali* says-

सौम्येऽसौम्ये द्वितीयस्थे शत्रुराशिगतेऽथवा ।

समन्वितेऽरिखेटेन जनुष्मान्मुखरोगभाक् ॥

If the 2nd is occupied both by the malefics and benefics in an enemy sign or conjunct an enemy planet, the man acquires mouth disease.

Note the following verse-

ज्ञार्थेशौ सराहुकेत्वोः षष्ठे तमस्थर्क्षशयुतौ तालुरोगः ॥

If Mercury and the 2nd lord conjunct Rahu or Ketu be in the 6th associated with the dispositor of Rahu, one acquires a disease in the palate region. The configuration of the Yoga suggests malignancy perhaps cancer.

For *Taalu Roga Gadavali* says-

वित्तेशचान्द्री गदगौ ध्वजेन समन्वितै वा फणिनायकेन ।

किवांऽहियुक्तर्क्षध्वेन भुक्तिनाथस्य भुक्तौ किल तालुरोगः ॥

If the 6th is occupied by the 2nd lord and Mercury conjuncts Rahu or Ketu or the dispositor of Rahu, the disease in the palate region occurs in the Bhukti of the 2nd lord.

The lady with the following chart usually acquires bad throat and possesses black gums and teeth. She is endowed with ability to manipulate the things. She is quite beautiful

Mercury Mars Ketu 4	Sun	Saturn Venus 2	1 Moon	Moon 29°	Saturn 21° Venus 25°	Lagna 17° Sun 21°
5	3					Mars 12° Mercury 17° Ketu 3°

by face and appears to be learned. The Sun in the Lagna is sandwiched between Saturn and Mars. Debilitated Mars in the 2nd along with Ketu afflicts Mercury. The 2nd house is also aspected by Saturn. Only the 2nd lord Moon and Karaka of the 2nd Jupiter are free from afflictions and are the great relieving factors.

C.E.O. Carter opines "Taurus in the 6th or 8th house or Taurus or Scorpio rising cause this trouble. Mars in Taurus, the Moon or Venus in Scorpio are sure indications of this trouble. Scorpio afflictions usually cause nasal obstructions, especially when mutable element is prominent in the horoscope and throat trouble commonly results in this way."

On diphtheria C.E.O. Carter says "this disease is usually characterised by many bodies in Taurus and Scorpio and to a less extent in Gemini and Sagittarius. The first five degrees of Taurus and Scorpio and also about 14th degrees are the points of greatest concentration. Sometimes these are not occupied but are in square aspect from Leo and Aquarius. The ruler of the 2nd is usually afflicted by Mars or Saturn or is afflicted from one of their signs."

The point of interest in the above statements of Mr. Carter for the students of Hindu Astrology would be that first five degrees of Taurus fall in the Navamsas of Capricorn and Aquarius. The 14th degree of Taurus falls in Taurus Navamsa while the 14th degree of Scorpio falls in Scorpio Navamsa.

These facts reveal that the heavens do not discriminate for the system of prognostication adhered to.

420. GANDAMALA ROGA YOGA

(गण्डमाला रोग योग)

DEFINITION

Should Mars be conjunct Saturn in the 6th or 12th house unaspected by a benefic, the Yoga is formed.

RESULTS

The native will be afflicted by boils around the neck like a garland.

COMMENTS

These boils are of tubercular origin and usually occur to the native with tubercular tendency.

Gadavali is descriptive in ascribing the origin of abcess or boil.

दुष्टेऽब्जाङ्गारीश्वरैः कोत्थगण्डो भागे नक्रे गण्डपूर्वमयश्च ।

दुष्टग्रन्थिर्दिङ्मयस्थे समौमे पुण्यादृष्टे भानवे गण्डमाला ।।

The Gandamala Roga is acquired through water if the Moon, the Lagna lord and the 6th lord be in the 6th, 8th or 12th house. If in Karakamsa chart Capricorn rises, one suffers of abcess, boil and malignant abcess.

Again-

दुष्टेऽङ्गेशे सोष्णगो तापगण्डी कोत्थो ग्लावा ग्रन्थिशस्त्रव्रणः स्यात् ।

माहेयेन पित्तरोगो बुधेनेज्येनामोत्थारुक् सितेन क्षयः स्यात् ।

If the Lagna lord conjunct the Sun be in the 6th, 8th or 12th, it causes the boil; if the Moon, the source is water; if Mars, the source is weapon or nodule; if Mercury, the source is bile; if Jupiter, the source is non assimilated food extract in the stomach; if Venus, the source is tuberculosis.

Again-

दुःस्थेऽङ्गेशे पङ्गपातानिलैश्वेद्युक्ते चौरौत्यान्त्यजोद्भूतरोगः

भङ्गौभाग्ये नैघने नीलचारु चन्द्रेऽरातौ चित्रता स्याच्छरीरे ।।

If the Lagna lord conjuncts Saturn, Rahu or Ketu, be in the 6th, 8th or 12th the disease is caused by a thief or association with a low caste person. Should the 9th be occupied by Venus and Mercury, the 8th by Saturn and Jupiter and the 6th by the Moon, one's body is of variagated colours.

In Ayurveda, physician prescribes the medicine according to the disturbed humour and these Slokas are suggestive of the disturbance.

421. SWETA KUSHTA ROGA YOGA

(श्वेत कुष्ठ रोग योग)

DEFINITION

If the Moon, Mars and Saturn occupy Aries or Taurus, the Yoga is formed.

RESULTS

The native will be afflicted by leucoderma.

COMMENTS

Leucoderma is caused when the colouring pigment of the skin (melanin) is deficient in the body at certain places thus, white spots emerge there.

If the Lagna lord or the Moon and Mars be conjunct Rahu or Ketu then too leucoderma surfaces.

If Saturn, Mars, the Moon and the Sun occupy the 12th. 2nd, Lagna and 7th house then too leucoderma appears.

The following chart is illustrative of leucoderma.

			Lagna Mars Saturn Moon	
		Chart No 169		Rahu
	Ketu			Jupiter
	Sun Mercury	Venus		

422-423. PAMA DADRU ROGA YOGA

(पाम दद्रु रोग योग)

DEFINITION

422: Should the Moon conjunct a malefic be in the 9th, the Yoga exists.

423: Should the Moon be aspected by Saturn be in the 2nd in a watery sign, the Yoga exists.

RESULTS

The native will suffer from scabies in the Yoga 422 and from ringworm in the Yoga 423.

COMMENTS

Pama means scabies which is caused by the infestation of certain germs and the like, where small pimples on the skin ooze out a contagious fluid and there is great irritation

and burning at the infected place. The house involved indicates that the tendency is either hereditary or is the curse of some respectable senior. (Pitra)

In the Yoga 423 the Moon is desired to be in a watery sign in the 2nd house which means the disease is of fungus origin and is more prevalent in humid environment or surroundings.

424. ARSHA ROGA YOGA (अर्श रोग योग)

DEFINITION

Should Saturn be in the Lagna and Mars be in the 7th, the Yoga will be caused.

RESULTS

The native suffers from haemorrhoids.

COMMENTS

Piles is of two types—one is bleeding and the other dry one. Saturn causes Vaata and dry piles is primarily a windy disorder where the internal skin or orificial skin of anus protrudes in small ball like forms causing irritation, burning and uneasiness in the region. When Mars and the Sun come into picture these ball like formations bleed while passing stool. There is much wind formation in the intestines and constipation before the disease sets in

The other Yogas are- मन्देऽस्तेऽलौ भौमेऽर्केऽङ्गऽर्शसः and मन्देऽन्त्ये द्यून्गौ लग्नपारावर्शसः । i.e. if Saturn be in 7th, Mars be in Scorpio and the Sun in the Lagna; and if Saturn be in the 12th, the Lagna lord and Mars be in the 7th, piles occur.

Yogas are only indications, verbatim applications are least possible. The native of the chart 170 on next page has bleeding piles for a long period. The 6th lord is with the Lagna lord. The 8th lord Saturn is with Mars in the 12th. Mars is the lord of natural zodiac's 8th house Scorpio. The Sun is exalted.

C.E.O Carter, says "Haemorrhoids are one of the commonest Scorpionic maladies. Almost any body afflicted in that sign will give a bias to them but Jupiter therein, or afflicting a planet therein, seems the commonest cause. Aquarius and Virgo are often involved, sometimes the 8th

house is in evidence in place of Scorpio. Mars or Uranus concerned imply the likelihood of an operation."

425-426. SISNA GADEN YOGAS (शिशन गदेन योग)

DEFINITION

425: Should the 6th lord be conjunct Mars unaspected by benefics, the Yoga is said to arise.

426: If Mars conjunct Lagna lord occupies the 6th, Yoga is formed.

RESULTS

The native will suffer from abcess in penis.

COMMENTS

Both Yogas indicate a diseased penis or private parts due to an abcess which may result from some infection, gonorrhoea or syphilis etc called the venereal diseases. *Gadavali* hints this Yoga.

गुप्तो गदो वृश्चिककर्किभागे सोमे सितांशावय गुह्यरोगः।

क्रूरैर्मृत्तिस्थैरुक्पचान्धोः सेलाजयोः शिशनगदेन दुःखी॥

The native has venereal disease if the Moon is in Cancer in Scorpio Navamsa and conjuncts a malefic or the 8th is occupied by a malefic. If the 6th lord, Mercury and Mars are conjunct, one is afflicted by diseased penis.

Venus and Mars in the 8th cause diseased testicles.

The native acquires sexual disease from a prostitute if Venus and Mars are in the 7th house

Carter says conditions implicating the 5th, 6th and 7th houses and the corresponding signs suggest the possibility of trouble of this nature, syphilis having apparently a relation to Gemini or Sagittarius and gonorrhoea being in affinity with the watery signs.

		Ketu	Lagna

The native of the above chart acquired V.D but was cured as the Sun is aspected by Jupiter.

427. ANDAKOSHA VRIDDHI YOGA (अण्डकोष वृद्धि योग)

DEFINITION

If Rahu, Saturn and Mars together are in the Lagna, the Yoga exists.

RESULTS

The native will have enlarged scrotum.

COMMENTS

In our Yoga the disease is the result of Vaata-Pitta Dosha and these two humours would have got defunct from some poisonous substance or bacterial infection. In Darjling of West Bengal every third person suffers from this ailment perhaps due to unhygienic water there. Again, if the Lagna lord goes to the 8th with Mandi or Rahu or when Rahu is in the Lagna, Gulika in the 5th or 9th and Saturn and Mars in 8th, the native will acquire enlarged scrotum. In medical terms the disease is called hydrocele in which the scrotal sac is filled with serous fluid thus, increasing in size.

428. MOOTRA KRICHHA ROGA YOGA (मूत्र कृच्छ्र रोग योग)

DEFINITION

If the Moon occupies a watery sign, the Moon Sign lord be in the 6th aspected by Mercury from a watery sign, the Yoga is said to be caused.

RESULTS

The native will feel burning, pain and difficulty during mictruition.

COMMENTS

This difficulty arises out of urinary tract infection, prostatitis or urinary calculi. All the malefics in the 6th and 7th houses also cause stricture of urethra. Exchange of the 7th and 8th or the 6th and 8th lords also causes the same trouble. Syphilis and gonorrhoea also cause pain and stricture.

Acute Nephritis (inflammation of Kidneys) also cause burning micrutition. Acidity and biliousness also cause burning micrutition. Mucous mixed stools also cause this problem.

Nephritis results when the Sun, Saturn and Venus together occupy the 5th house or Mars in the 10th conjoins or is aspected by Saturn.

429. YONA ROGA YOGA (यौन-रोग योग)

DEFINITION

It Rahu, Saturn and the Moon are conjoined, the Yoga exists.

RESULTS

The native feels frigid or impotent.

COMMENTS

Whenever Rahu, Saturn or Ketu singly or combined influence the Moon, the Lagna or its lord or Mars, one is a victim of certain phobias and is apprehensive about his abilities for sex play. One may have some physical difficulty for it, if the 8th house is hemmed between Rahu and Saturn and its lord goes to the 6th house. With the Yoga mentioned, the female has certain inhibitions and fear of coitus.

The 8th house of the horoscope signifies the size of sexual organ and the 7th house the ability, power and habit pattern for the sex. Rahu in the 7th and Saturn in the 8th give a long, lean, lanky and flaccid sex organ. the flaccidity increases if the Moon also joins one of the two houses or the 6th house.

If Mercury is aspected or conjoins Saturn, nervous exhaustion can be the cause of impotence. This is followed by extreme sexual excitement if Ketu is in the 7th and Mercury in the 8th.

Extreme sexual excitement is shown by Venus, Mars or the Sun in the 7th or 8th especially when they conjoin Mercury or the Moon in these houses.

C.E.O. Carter says" Sexual impotence would form an interesting astrological study, owing to the psychological factors often involved but I have never seen it discussed and it is not strange that authentic examples are rare and those that are available for private study cannot always be published out of consideration for the sufferers."

He further says" Venus in Pisces seems to be a common feature in nativities of bachelors, and generally a Neptune (who is co-ruler of Pisces) or Pisces factor appears to arise in most cases of impotence, in the male sex. Also, Neptune always tends to express itself in fantasy and so one may get a person who indulges in amorous reveries rather than in physical sexual activity. Indifference to sex or frigidity, may be attributed chiefly to Saturnian action."

430. AARTAVA DOSHA YOGA (आर्तव दोष योग)

DEFINITION

Should the Moon and the Lagna lord be afflicted by the malefics, the Yoga appears.

RESULTS

The woman suffers from menstrual irregularities.

COMMENTS

The Moon and Mars are causative factors for the menstrual flow. The ovaries, uterus and adjoining parts are

governed by the Moon. Mars rules blood, breakage of tissues and endometrium of uterus. The Moon also governs our emotional life. If the Moon is in hard aspects to the Mars or Saturn in the natal chart menstrual irregularities occur out of physical or psychological causes. Physical causes are hormonal imbalances and psychological causes are phobias and fear complex.

Menstruation is a recycling period of 28 days identical with the Moon's 28 days cycle in the zodiac. In females ova are formed in ovaries and pushed into fallopian tubes when the period is over where they wait to be fertilized by male sperm. During the period uterus accumulates extra layers of endometrium to receive the fertilized ovum. If the ovum is not fertilized then the next menstrual period appears just before 28 days and the acquired endometrium is shed in the form of menstrual flow. The menstruation starts just before the Moon enters the sign of natal Mars or in aspect to it and ends after it leaves the association or aspect. The Moon stays in a sign for $2\frac{1}{2}$ days normally and severity of menstrual flow is seen during this period. Thus Mars is responsible for occurrence of menstrual flow.

Menstrual irregularities appear in those women who have hard aspects of Mars, Saturn and Rahu to the Moon or the Lagna lord. The chart on No. 172 is that of a girl who had delayed menstruation.

Mars and Rahu are in the Moon's sign and aspect the Moon. The aspect is hard because Mars is debilitated. The girl is of irritable temperamenn. The Lagna Lord is

Rahu Mars 4 Sun 5 Mercury Saturn Jupiter Venus 6 Moon 7 8 Ketu 9 10 11 12 2 3 1							Lagna 2°
				Chart No 172	Mars 7° Rahu 6°		
Ketu 6°					Sun 17°		
					Moon 5°	Mercury 6° Saturn 15° Jupiter 18° Venus 24°	

Mercury, who is near to Saturn and in Aquarius Navamsa, this rendered her apprehensive, shy and endowed with inferiority complex. Whenever these phobias were in excess, the delayed menstruation got her tense. It is bile (Mars) that leads to shedding of endometrium. Inferiority complex hampers production of bile. This case is more of psychological origin than a physical one.

431. PAKSHAGHATA ROGA YOGA

(पक्षाघात रोग योग)

DEFINITION

If Rahu occupies the 8th house and Saturn is in the 11th house from the Lagna, the Yoga occurs.

RESULTS

The native will suffer from paralysis of some type.

COMMENTS

The two planets involved are Rahu and Saturn both significators of Vaata or wind. Rahu in the 8th will cause nerve disorders and Saturn in the 11th will aspect the Lagna, the 5th (stomach) and of course Rahu in the 8th house. Thus the maleficence of Rahu will be enhanced. These two will produce defective circulation of blood due to disturbed humour. Vaata will damage the nervous system by obstructing the blood flow to the brain.

The Yoga can be generalised for affliction to the Lagna factors and 8th house factors. If Mars or the Sun are also involved in the affliction, cause high blood pressure, one may get paralysed due to rupture of a brain capillary and consequent damage to brain parts from blood clotting. Jupiter and Venus may cause high blood pressure from obesity arising out of excess of food and luxury.

Injury to the head or other part may bring damage to nervous system of some body part controlled by some portion of the brain or some extremity. Spinal injury some times brings about paralysis of the limbs below naval. So different planets contribute in different manner for paralysis.

C.E.O. Carter opines that Uranus and Neptune afflict Mercury, and very often the Moon also. Taurus, Scorpio,

Cancer or Capricorn are heavily tenanted and about 8° of the last two of these is especially involved. Jupiter-Saturn affliction is very common.

432-433. JALODARA ROGA YOGA

(जलोदर रोग योग)

DEFINITION

432: Should Saturn be in Cancer and the Moon be in Aries, the Yoga is caused.

433: Should the Lagna be occupied by Rahu and the 11th by the Sun and the Moon, the Yoga exists.

RESULTS

The native will accumulate water in abdominal cavities.

COMMENTS

The Yoga 432 appears to be from water retention in the tissues generally, as Saturn in Cancer aspecting its lord Moon gives sluggishness of the digestive system and obstruction to excretion of waste products from the body.

Jalodara or ascites primarily results from defective liver, complicated jaundice and infection of the digestion tract. In the Yoga 433 there is possibility of Jalodara due to loose habits and consequent damage of liver.

434-435. PISHACHA PEEDA YOGA

(पिशाच पीड़ा योग)

DEFINITION

434: If Rahu and Saturn are in the Lagna, the Yoga is formed.

435: The Moon conjunct weak Saturn be in the 8th, the Yoga is caused.

RESULTS

The native suffers from obsession by evil spirits.

COMMENTS

The spirits or Pishachas seem to attack persons who are mentally unsound due to afflictions of the Moon from the malefics. The Pishachas, devils, spirits, and goblins try to

satisfy their material desires by obsessing such weak mentalities. Pishachas are the souls who met untimely death without going through the Karmas of their some incarnation. These wandering souls take hold of weak mentalities to exhaust the quota of their previous births Karmas and to get a new rebirth.

The following configuration of planets also hints for the Yoga. Should the Moon with Rahu be in the Lagna and the 5th and 9th houses be occupied by the malefics, the man suffers from evil spirits,

Here also the houses of merits and intelligence and the sensitive Moon is afflicted by the malefics.

436. MATULA SUKHA YOGA (मातुल सुख योग)

DEFINITION

Should the 6th house be occupied or aspected by the benefics or the 6th from Mercury be such, the Yoga is caused.

RESULTS

The native will be happy from maternal uncle's side.

COMMENTS

The 6th house from the Lagna and Mercury signify maternal uncles. The evil or good influence on the 6th from the Lagna and Mercury bestows unhappiness or happiness from the maternal uncles respectively.

If Mars in the 9th or 10th is afflicted by the malefics the native loses his maternal uncles.

437–438. BAHU BHARYA YOGAS

(बहु भार्या योग)

DEFINITION

437: If Venus be in a dual sign while its lord be in exaltation and the 7th lord be in his exaltation, the Yoga exists.

438: If the lord of the 7th occupies a quadrant/trine identical with his own, exaltation or friendly sign or is aspected by the lord of the 10th house, the Yoga is formed.

RESULTS

The native will enjoy association of several wives.

COMMENTS

Human sexual cravings are full of variety, one tries to gratify his sexual cravings in various ways. In olden times it was supposed to be the matter of honour to have several wives. The kings and their courtiers used to keep many wives. It was a symbol of sexual and physical prowess and prosperity. In modern times few people have keeps other than their legal wives. But these variations require Yogas for immorality and infidelity.

439. SATKALATRA YOGA (सत्कलत्र योग)

DEFINITION

Should the 7th lord or Venus in strength be associated with or aspected by Jupiter, the Yoga exists.

RESULTS

The native will be endowed with a virtuous wife.

COMMENTS

To have a virtuous wife is an asset whereby the life as a whole is improved. The native enjoys honour amidst his known circles.

Jataka Parijata (11/22) mentions-

कलत्राधिपतौ केन्द्रे शुभग्रहनिरीक्षिते ।

शुभांशे शुभराशौ वा पत्नी व्रतपरायणा ॥

If the 7th lord in a quadrant is aspected by a benefic planet or is in a benefic Navamsa or sign, the wife will be devoted to the observance of vows.

Brihat Parasara Hora Sastra asks the 7th lord to be exalted and 7th occupied by the strong Lagna lord and a benefic.

See the Sloka -

लग्नेशो बलसंयुक्तः कलत्रसंस्थानसंयुतः ।

Modern females who are advocates of equality would feel antagonistic to such virtues and feel elated being with other men who glare them lewdly.

The wife of the man of chart No. 173 is virtuous and loyal to him. The Karaka of 7th Venus is exalted and the 7th house and the 7th lord are aspected by Jupiter.

440-442. KUPATNI YOGAS (कुपली योग)

DEFINITION

440: If afflicted or debilitated Saturn be in the 7th house.

441: If the Navamsa lord of the 7th lord be a malefic.

442: If the 7th lord and Venus be in debilitation Navamsas, the Yoga is said to have arisen.

RESULTS

The native will be endowed with a bad and cruel wife.

COMMENTS

There is no great hell than having a crooked wife. The husband needs caring and mental solace when he returns home after the days work but he finds himself in distress at home.

Brihat Parasara Hora (18/16) declares

कलत्र तत्पतौ वापि पापग्रहसमन्विते ।

भार्याहानि वदेत् तस्य निर्बले च विशेषतः ॥

If the 7th house or its lord be conjunct a malefic, the native's wife will incur evils, especially if the 7th house or its lord is bereft of strength.

The wife of the native of the chart No. 174 is of cruel disposition, does not speak sweetly and always thinks ill of

others. She glares other men with a sexy look. The 7th house is occupied by Rahu. The 7th lord and Karaka Venus is in a fiery and male sign aspected by Saturn. Venus is hemmed between Mars and the Sun.

The native of the chart No. 175 got divorced from his first wife and married a divorced lady, has progeny from her. Saturn is afflicting the 7th lord by association and Mars by its 8th aspect. The 7th lord is in his own sign. Therefore, the Yoga for multiple marriage is caused. His present wife is not a good lady and is lean, lanky and tall. She talks in foul language, believes in black magic and Tantrik activities. Venus is in Capricorn Navamsa and Jupiter the 7th lord is in Aries Navamsa.

If a malefic planet occupies the 7th or 8th house and Mars be in the 12th, and if the lords of them be in invisible half, the person born will have another wife.

443-446. VYABHICHARA YOGAS

(व्याभिचार योग)

DEFINITION

443: If Venus and Mercury together be in the 10th, 7th or 8th house, the Yoga exists.

444: Should Venus and Mars conjunct be in the 10th or 7th house, the Yoga comes into existence.

445: If the lords of the 7th, 2nd and 10th occupy the 10th house, the Yoga is said to have caused.

446: Should Venus in the 7th or elsewhere be in the Vargas of Saturn or Mars and be aspected by one of them, the Yoga is given to arise.

RESULTS

The native will spoil sexually a number of women.

COMMENTS

There is no end to human sexual lust and many times one proves himself to be a beast, but in gentlemanly looks. Venus, Mars, Mercury and Saturn seem to play a vital role in the Yoga on libidinousness. The following chart is of a person who has been in relationship with many women, just

Jupiter Saturn Ketu Uranus 12 1	Mars 1° 10 9	Jupiter 6° (R) Saturn 3° (R) Uranus 12° Ketu 5°	
2 11	8 Venus Mercury	Mars 1°	Chart No 176
3 4	5 7 Sun Rahu		
	6 Moon Neptune	Venus 10° Mercury 15°	Sun 23° Rahu 5° Neptune 2° Moon 26°

for gratification of his debased sexual lust. Venus and Mercury are in the 10th in a Martian sign. The 4th and 10th houses are the signs of Venus and Mars conducive for libidinousness. The 7th lord Sun is debilitated and associated with Rahu. The 7th lord is in Aries Navamsa and Mars is in Libra Navamsa. Jupiter and Saturn have lost their credibility being retrograde. Mars the dispositor of Uranus is afflicting Venus and Mercury (Western Astrology).

The verse says-

भौमाच्छयुतौ जीवे चारीशे कामाधिक्यम् ।

Jupiter being the 6th lord, if conjuncts Mars and Venus, the native is extremely sexy. So also one is, if Venus is combust. B.P.H.S. (18/3) says-

सप्तमे तु स्थिते शुक्रेऽतीव कामी भवेन्नरः ।

If Venus is in the 7th, the native becomes extremely libidinous.

Jataka Parijata (14/4) opines-

जीवज्ञौ यदि वा निशाकरसितौ कामे बहुस्त्रीरतः ।

If Jupiter and Mercury or the Moon and Venus be in the 7th, the person will be addicted to many women.

Again-

वित्तास्तारिषभार्गवास्तनुगताः पापान्विताः कामुकः ।

The person is libidinous if the lords of the 2nd, 7th and 6th join Venus in the Lagna.

कामस्थे रिपुवित्तलग्नपयुते पापे परस्त्रीरतः ।

The person will be addicted to women, not his own, if the lords of the Lagna, 2nd and 6th join a malefic in the 7th.

पापाराति कलत्रपा नवमगाः कामातुरो जायते ।

Excessive sexual cravings are indicated, if the lords of 6th and 7th join a malefic planet in the 9th house.

भौमे मन्देन दृष्टे रिपुभवनगते शत्रुभार्यामुपैति ।

One will have liaison with enemy's wife, if Mars in the 6th be aspected by Saturn.

सौरारावस्ते सेन्दू स्त्रिया सह व्याभिचारी ।

If the Moon and Mars accompanied by the Sun be in the 7th, the person along with his wife becomes a debauchee.

Western authors say "If Venus and Mars both are in masculine signs, the native will be moderately immoral; but if they are oriental (from the cusp of the 4th to the cusp of the 10th or rise after the Sun), one shall be more immoderate, inclined to incest etc. If they are occidental (from 10th cusp to the 4th cusp or rise before the Sun) and in feminine signs, his spirits will be 'nasty and brutish,' and so much the more if Saturn casts any ray to them. But if the native be a woman and has these planets oriental in a masculine sign, she will dislike male lovers. If they are in feminine signs and occidental the reverse."

C.E.O. Carter says "the discovery of Uranus and Neptune has thrown much light on this subject. Their afflictions especially if afflicting the 5th and 7th houses, invariably concern the morality and irregular behaviour. Most of all this seems to occur in the cases of violent oppositions between Taurus and Scorpio involving the 5th and 7th houses."

Mars in good aspects stimulates the animal feelings along lawful lines, in afflictions he often destroys it by over stimulation through excesses.

Saturn in good aspects controls passions, but in bad destroys or perverts it. His afflictions involving the 5th and 7th, especially in fire are frequently a sign of celibacy.

Neptune causes neurotic conditions and what is often little short of nymphomania or sexual obsession.

In a male horoscope afflictions from Venus to Uranus usually cause affairs with unmarried girls; to Moon, adultery. In a female map same holds good of Uranus and the Sun. Mercury would probably be concerned in a woman's map where attraction is towards youths. The Moon afflicted by Saturn, or prominent Cancer, often produces in men a "mother fixation" or a tendency to seek in the wife a replica of the mother, often a woman much older than himself; similarly, in a woman's nativity with the Sun, Saturn and Capricorn."

447-450. AGAMYA STREE GAMYA YOGAS (अगम्या स्त्री गम्य योग)

DEFINITION

447: If the 4th lord be conjunct with or aspected by the malefic planets and the 7th lord be stronger than the Lagna lord, the Yoga exists.

448: If the Moon and Venus afflicted by the malefics be in the cruel Navamsas or Shastiamsas and proceed towards their debilitation and the 4th be occupied by the malefics in aspect of the malefics, the Yoga is given to arise.

449: Should the 7th lord be in the 4th associated with or aspected by malefics-and also be in cruel Shastiamsas, the Yoga exists.

450: Should Saturn be in the 4th aspected by the malefics, the Yoga is said to be formed.

RESULTS

In the Yoga 447 and 448 the native will be involved sexually with a lady equal in status and age to his mother.

The native will be involved sexually with his sister or a woman like his sister, if the Yoga 449 and 450 are there.

COMMENTS

Our ancestors laid down some codes for the social habitation and for human being to be called a civilised creature. If the man involves in such debased acts for sensuality then there remains no difference between a human being and a beast who does not differentiate between his mother and sister.

These Yogas can only be nullified if Venus falls in the Vargas of Jupiter or is aspected by him.

No planet is advocated in the 7th except Venus in Taurus or Libra in this respect.

If the Sun be in the 7th, the native seeks sexual pleasures with barren women; if the Moon, a woman represented by the sign in the 7th; if Mars, a woman in youth or menses or barren; if Mercury, harlots, mean females of trader community; if Jupiter, wife of a Brahmin or a pregnant woman; if Saturn, Rahu or Ketu, baser females having attained their courses.

451. PUNARBHU BHARYA YOGA

(पुनर्भू भार्या योग)

DEFINITION

Should Saturn be in the 7th conjunct the 7th lord, Mercury or the Moon, the Yoga is given to arise.

RESULTS

The native will marry a woman married earlier but divorced or abandoned by husband.

COMMENTS

Saturn is the main causative factor in the Yoga. In the 2nd chart under Kupatni Yoga, Saturn in the 7th is conjunct the 7th lord and aspects Mercury in the Lagna. The fact that emerges from the afflictions of the mental factors in the 7th by Saturn is that the native is unlucky in the matter of marriage.

452-453. SAMALAINGIKA YOGAS

(समलैंगिक योग)

DEFINITION

452: Should in a female chart Mars and Venus be in each others' Navamsas or aspect each other, the Yoga exists.

Or

Should Taurus or Libra fall in the Lagna with Aquarius Navamsa rising, the Yoga is said to be caused.

453: Should Venus be in the sign or Navamsa of Saturn and aspected by Saturn, the Yoga is given to arise.

RESULTS

In the Yoga 452 a female asks another female to cohabit with her like a male.

In the Yoga 453 a male will have ugly sexual relations with another male for subduing his sex lust.

COMMENTS

Homosexuality is increasing in the west as human right or sexual freedom and free life. The sex indulgement is a pious act needed only for procreation as we have seen with other creatures than human being who indulge in sex only

during their mating season. In Western Astrology homosexuality is nearly always referable to Uranus. Carter refers a case where the Sun and Venus are in Aquarius trine Uranus, who is square Jupiter ruling the 5th, while Mars rising in Scorpio squares the Sun and Venus.

454-455. BHAGA CHUMBANA YOGAS

(भग चुम्बन योग)

DEFINITION

454: Should the 7th lord and Venus be in the sign of Mars, the Yoga is formed.

455: Should the 10th lord conjunct Venus be in a Martian sign aspected by Saturn, the Yoga is said to be caused.

RESULTS

The native will lick the vagina of his female sex mate.

COMMENTS

Licking the *pudendum muliebre* i.e., private part of the female sex mate is an animal instinct which is present in animals during their mating periods. In human beings it is a sex aberration. The following Sloka of *Jataka Parijatam* (14/42) describes it thus-

जातः समेति भगचुम्बनमस्तनाथे
शुक्रेण वीक्षितयुते भृगुमन्दिरे वा ।
एवं कुटुम्बभवनाधिपतौ तथा स्याद्
दारक्ष्ये दशमपे ससिते तथैव ॥

If the 7th lord be conjunct or aspected by Venus or occupy his house, the man gets so much excited sexually that he indulges in kissing the privities of his wife. The effect is same, if it is 2nd lord as described above, or if the lord of 10th occupies the 7th conjunct Venus.

B.P.H.S (18/12-13) suggests in this respect as—

भौमांशकगते शुक्रे भौमक्षेत्रगतेऽथवा ।
भौमयुक्ते च दृष्टे वा भगचुम्बनभाग् भवेत् ॥
मन्दांशकगते शुक्रे मन्दक्षेत्रगतेऽपि च ।
मन्दयुक्ते च दृष्टे च शिशुचुम्बनतत्परः ॥

Should Venus be in the Navamsa or sign of Mars or be in aspect or conjunction to Mars, the native will kiss the private parts of his female. There is nothing peculiar about the Yoga except that it indicates extreme sensuality.

If Venus is related to Saturn in the above manner, the female kisses the privities of her male sex mate.

456-457. BHARYA NASHA YOGAS

(भार्या नाश योग)

DEFINITION

456: Should Mars and Saturn be in the Lagna and the 7th lord be in an enemy sign, the Yoga results.

457: Should Mars, Rahu and Saturn be posited in the 6th, 7th and 8th houses, the Yoga is given to arise.

RESULTS

The native will lose his wife either by death or by divorce.

COMMENTS

The other generality of the Yogas may be followed like the 7th lord going to a Trika or posited in an evil sign and Navamsa and the 4th and 8th houses from Venus be occupied by the malefics or Venus afflicted some other way.

The example chart 2 under Kupatni Yoga may be taken as an example where the 7th lord is associated with Saturn and falls in the Navamsa of Mars.

458-459. ROGINI BHARYA YOGAS

(रोगिणी भार्या योग)

DEFINITION

458: Should Mercury and Ketu be in the Lagna, the Yoga is formed.

459: Should the Moon and Saturn be in the 7th, the Yoga is said to arise.

RESULTS

The native will be possessed of an ill wife.

COMMENTS

Usually the illness to wife occurs by the afflictions of the 7th lord, the Moon and Venus. See the following chart The Lagna lord Venus is eclipsed by the Sun and has gone to the 12th house. The Moon is conjunct Saturn in the 7th. Mars aspects the Moon-Saturn combination from the Lagna. Native's wife remained ill of rheumatoid arthritis caused by pyorrhoea in the gums and had to get her teeth removed to get cured of rheumatoid arthritis. His wife is older in age to him. She does not fit well with his personality. The Bharya Nasha Yoga is present; but the presence of Jupiter in the 4th saved the native of that.

460. ASTAMASTHA GRAHA PRADATTA ROGA YOGA (अष्टमस्थ ग्रह प्रदत्त रोग योग)

DEFINITION

The planets occupying or aspecting the 8th house cause the Yoga.

RESULTS

The native will be afflicted by the disease related to the humours of the planet or planets posited in or aspecting the 8th house.

COMMENTS

The 8th house is the house of death and its lord when weak and the weak planets therein or aspecting it cause diseases related to the humours they signify. *Prasna Marga*, the great classic attributes following diseases to various planets—

In certain season, certain diseases of the planets related to the season find preponderance.

Season	Planet
Summer	The Sun and Mars
Rainy season	The Moon
Autumn	Mercury
Winter	Jupiter and Saturn
Spring	Venus

Varaha Mihira gives following ruling for the three humours by various planets.

The Sun	Bile and a little of wind
The Moon	Wind and a little of phlegm

Jupiter	Phlegm and a little of wind.
Venus	Wind and a little of phlegm.
Saturn	Wind and a little of bile.

The diseases and humours mentioned also get aggravated in other bad houses and also if the planets concerned are heavily afflicted in any part of the horoscope.

461-464. PURNAYU YOGAS (पूर्णायु योग)

DEFINITION

461: If the lord of 8th house be in his other own sign and Saturn in the 8th be strong, the Yoga exists.

462: If the Lagna lord, 8th lord and 10th lord be in a quadrant/trine or 11th house, the Yoga is given to arise.

463: If the 8th lord be conjunct or aspected by a benefic planet or occupies a benefic sign or 8th house or exaltation sign, the Yoga comes into existence.

464: If the 8th lord posited in the Lagna be aspected by Jupiter and Venus, the Yoga is formed.

RESULTS

The native will enjoy a long lease of life.

COMMENTS

Long life depends on the strength of the Lagna and its lord, the 8th house and its lord and Saturn. The Moon and Mercury should be given special consideration as affliction of the two gives Balarishta or infant mortality.

Strong 10th lord provides status and position, makes the native free of worries thus, adds to longevity. In all the four Yogas mentioned above strength of the Lagna, the 8th, the 10th and Saturn are desired. The association of the three lords with Saturn or other malefics is harmful for life prospects and this is confirmed by *Jataka Parijata*:

कर्मेशरन्ध्रतनुपा बलशालिनश्चे-
ज्जातश्चिरायुरिनन्दनयोगहीनाः ।।

The 10th lord alone in the 8th gives long life. Strong Saturn else where is a good augury for longevity.

Following Sloka from *Yoga Ratnakara* is also of importance-

कर्कीद्वीज्यौ तनुगृहगतौ केन्द्रगौ चेज्जशुक्रो ।
षष्ठे लाभे सहजसदने चेतरे पूर्णमायुः ।।

Should Jupiter and the Moon be in the Lagna, Venus and Mercury be in a quadrant and other planets be in the 3rd, 6th and 11th houses, the native enjoys full longevity.

The following chart of the late prime Minister Morarji Desai is illustrative of the Yogas. Venus and the exalted 8th lord have exchanged signs. The 8th lord and Karaka of longevity Saturn is exalted. Mars is exalted in the 8th and associated with two benefics Venus and Mercury and the combination is aspected by exalted Jupiter, the 10th lord. Shri Morarji Desai enjoyed a good longevity of 99 years.

According to Western Astrology physical well being depends upon the two luminaries, the Lagna and the 6th and 8th houses. If the Lights are strong, the afflictions to the 6th and 8th will not cause that much ill health or death of the native, as they will only cause him distress through others.

The 4th house rules the end of life, Venus and Jupiter are good therein and a strong Saturn in good aspects to the lord of 4th or planets therein, is a good indication of the long and healthy old age.

465-467. MADHYAYU YOGAS (मध्यायु योग)

DEFINITOIN

465: If the Lagna lord be weak, Jupiter be in a quadrant/trine and the 8th be occupied by the malefics, the Yoga is formed.

466: The quadrants and trines be collectively filled by the benefic as well as malefic planets, the Yoga exists.

467: If the benefics be in the quadrants/trines, strong Saturn be in the 6th or 8th, and another strong malefic be in the 6th or 8th, the Yoga is given to arise.

RESULTS

The native will enjoy medium longevity.

COMMENTS

The Lagna lord is desired to be weak and malefics are required to be in the 6th or 8th; but quadrants and trines are fortified by the presence of the benefics. Therefore some factors of longevity get weakened and hence medium longevity.

If out of the lords of 1st, 8th and 10th and Saturn, two factors suffer degradation even then the longevity is reduced to medium.

Yoga Chintamani says—

केन्द्रस्थाने शुभाश्चेद्वयमृतिगृहगाः सर्वपापा भवन्ति ।

नीचागार प्रयाते तनुसदनपतौ देहिनी मध्यमायुः ॥

Should the benefics be in quadrants, the malefics be in the 12th and 8th houses and the Lagna lord be debilitated, the native acquires medium longevity.

468-470. ALPAYU YOGAS (अल्पायु योग)

DEFINITION

468: If the lord of the 8th occupies the 6th or 8th with a malefic, the Yoga is constituted.

469: If the Lagna be occupied by Saturn and Mars, the Moon be in the 8th and Jupiter in the 6th, the Yoga exists.

470: The 2nd and 12th be occupied by the malefics unaspected by the benefics, the Yoga occurs.

RESULTS

The native will be endowed with a short life span.

COMMENTS

With the above Yogas weakness of the Lagna lord and afflictions to Luminaries are desirable. If out of the lords of the Lagna, the 8th and the 10th and Saturn three are weak and afflicted, the native is endowed with short life.

The female of the following chart no. 180 lived only for 17 years. The Lagna lord Venus is afflicted by Saturn and his dispositor, the Sun is also afflicted by Mars. The Lagna and the 8th house are aspected by Saturn. The debilitated Moon is afflicted by Rahu. Significator of Longevity Saturn is feebly strong being in the 11th; but his dispositor the Sun is afflicted. Exalted Jupiter is hemmed between Mars and Saturn is with feeble vitality, therefore the girl lived upto the age of 17 years only.

471-474. BALARISHTA YOGAS (बालारिष्ट योग)

DEFINITION

471: If the Moon be with a malefic and two malefics occupy the Lagna and the 7th respectively, the Yoga is formed.

472: If the Moon conjunct a malefic be in the Lagna, 7th, 8th or 12th unaspected by benefics and the quadrants be devoid of benefics, the Yoga exists.

273: If the waning Moon be in the 12th, the malefics be in the Lagna and the 7th, and all the quadrants be devoid of the benefics, the Yoga is given to arise.

474: If the Moon be in the 6th or the 8th house and be aspected by only malefics, the Yoga is said to be caused.

RESULTS

The new born will die soon after birth.

COMMENTS

The Moon is the strong significator of infancy. The Moon depends on the Sun for her illumination. Similarly the child depends on the mother and the environment for his survival. As the Moon waxes so the child develops. When the Moon is heavily afflicted for the infant, his chances of survival are bleak. If the environmental factors ie, the quadrants are devoid of benefics, the infant decays in absence of conducive environment around. Environment here includes good caring, breast feeding, medical care, hygiene, protection from evil eye, love of father etc. Under adverse environment, the quality of mother's milk also gets affected and so the infant's health suffers.

In the chart No. 181, the Moon is in the 12th and malefics are in the 1st and the 8th houses.

475-493. NAIRYANIKA YOGAS (नैर्याणिका योग)

475: If the Moon in the sign of Mars be hemmed between the malefics, the native dies of a weapon or fire.

476: If Mars, Saturn and Rahu are in the 8th, the native meets a violent end.'

477: If the Moon be in Virgo hemmed between the malefics, the death occurs due to vitiated blood or emaciation.

478: If Mars occupies the 12th and Saturn be in the 8th, a sudden accidental death occurs.

479: If the 4th, 7th and the 10th houses are occupied by Saturn, the Moon and Mars, the death occurs by drowning.

480: If the Sun and Mars be in the 4th and Saturn in the 10th, the native is impaled or the same if the Sun, Mars and Saturn occupy the 1st, 5th and 9th respectively.

481: If the Lagna lord and the 2nd lord conjunct Rahu or Ketu be in one of the Trika house, the native is put to death by hanging.

482: If the Sun in the 12th be aspected by Mars from the 6th, the native dies of dysentery or diarrhoea, perhaps cholera.

483: If the Moon conjunct Saturn be in the Lagna and be aspected by Mars from the 7th, the native dies in an accident with a machine.

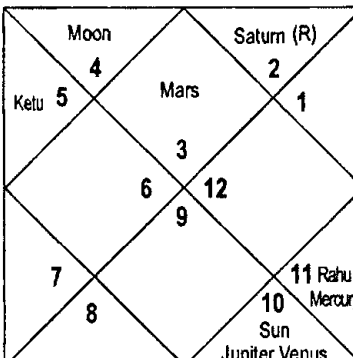

484: If the 10th and 7th are occupied by Saturn, Sun and Mars, the native dies of weapon, fire or capital punishment.

485: If the 2nd, the 4th and the 10th are occupied by Saturn, the Moon and Mars, the native perishes by septicæmia caused by a wound.

486: Should the 4th lord be conjunct Saturn in the 6th or the 4th lord conjuncts the 5th lord in the 6th, the native dies by falling from a moving vehicle.

487: If the Sun, the Moon and Saturn occupy the Lagna and Mars be in the 7th, the native dies of torturing.

488. If the Sun, Mars, Saturn and the Moon occupy respectively the 1st, 5th, 8th and the 9th houses, the person expires by falling from a precipice or by fall of a thunder bolt or of a wall.

The native of the chart above died after being injured by fall of a wall. The 6th lord Mars occupies the Lagna and aspects the Sun, the debilitated Jupiter and Venus, the dispositor of Saturn. The Moon and Mercury are aspected by Saturn.

489: The death comes of epilepsy if the Moon conjuncts Mars and Saturn, and Rahu occupies the 8th house.

490: If Rahu and the 4th lord are posited in the 6th, the native dies at the hands of a thief.

491: If the Moon and Saturn be in Capricorn and Cancer respectively, the native dies of ascites (water in stomach). Here the Moon in Capricorn will be aspected by Saturn from

the Moon's sign. Saturn in Cancer causes water retention in the tissues when he aspects the Moon also. Then it is a strong case for chronicity of the complaint and fatality.

492: If the Sun conjunct Mars in the 4th be aspected by Saturn from the 10th, the native dies of piercing pains.

Here the pains may be interpreted in the head or heart according to the Karkatwa of the Sun.

493. If the Moon and Mercury are in the 6th or 8th house, the native dies by consuming poison.

494. KARA-PADACHHEDA YOGA

(कर-पादच्छेद योग)

DEFINITION

Should the Moon, the Sun, Rahu and Mars be in the 8th, the Yoga is given to arise.

RESULTS

The native will get his hands and feet amputated.

COMMENTS

This Yoga was applicable in olden times when such punishment was given for heinous crimes to inflict terror amidst the public, so that they may refrain from indulging in such crimes.

495. KARA CHHEDA YOGA (करच्छेद योग)

DEFINITION

Should Saturn be in a Martian sign aspected by a malefic, the Yoga is caused.

RESULTS

The native will get his hands amputated.

COMMENTS

This was the punishment given to the thief in olden times. Moghul Emperor Shahjahan amputated the hands of those artisans who built Taj Mahal for the reason that in future they could not be able to erect another monument like Taj Mahal. Perhaps the Yoga does not differentiate between an artist and a thief. It is the God's will that has to be implemented.

496-498. KRURA PRAVRITTI YOGAS (क्रूर-प्रवृत्ति योग)

DEFINITION

496: Should the Moon in an evil sign be aspected by the Sun, Mars and Saturn, the Yoga exists.

497: Should Saturn, Mars and the Sun be in conjunction, the Yoga is caused.

498: Jupiter be with Rahu or a malefic and the Sun be debilitated, the Yoga is said to arise.

RESULTS

The native will be without an element of heart and mercy and will be of cruel disposition.

COMMENTS

The native does not have a soft corner for human values, is brutal and butcher like, bereft of discrimination between an animal, a man or a child. Such Yogas are found in the charts of professional killers and extortionists.

		Rahu		Mars
	Saturn	Chart No 184		Moon
		Lagna Jupiter	Ketu Sun	Mercury Venus

In notorious dacoit Man Singh's chart No. 184, Jupiter is in a Martian sign aspected by Saturn. The Moon is sandwiched between the evil influences. The debilitated Sun is with Rahu-Ketu axis. The dispositor of the Sun, Venus is also debilitated and afflicted.

499. PUNYAVANA YOGA (पुण्यवान योग)

DEFINITION

Should the 9th house be aspected by the benefics and the 9th lord be strong, the Yoga is formed.

RESULTS

The native will be fortunate with his bag of Poorvapunya filled by the energy of his previous birth's good deeds.

COMMENTS

The 9th house is called Bhagya sthana and one is fortunate in this birth only, if he would have done good deeds in his previous births. The rule 'As you sow so shall you reap' is universal and true like the third law of motion propounded by Newton i.e., for every action there is equal and opposite reaction.

B.P.H.S (20/2) says-

भाग्यस्थानगते जीवे यदीशे केन्द्रसंस्थिते ।

लग्नेशे बलसंयुक्ते बहुभाग्ययुतो भवेत् ॥

Should Jupiter be in the 9th while 9th lord be in an angle and the Lagna lord be in strength, one will be extremely fortunate.

The Sloka stresses on the strength of the Lagna lord, if the Lagna lord is weak then the Yoga will only make the father affluent as the native will lack ability. *Jataka Parijata* affirms it-

भाग्येशः परिपाचको भवति तत्पुत्रेश्वरो बोधक-

स्तुङ्गस्वर्क्षगृहोपगा यदि चिरं भाग्यं प्रकुर्वन्ति ते ।

The lord of the 5th place from the 9th is its awakener. If these planets be in exaltation or their own signs, they produce long lasting happiness.

The Sloka says,-

पापोऽपि तुङ्गनिजमित्रगृहोपगश्चेद्

भाग्ये तु भाग्यफलदः सततं नराणाम् ।

Even a malefic planet in the 9th house, if be in exaltation or in own sign or in a friendly sign, it invariably does good to the man concerned. However, in this case the native may be of selfish nature, a cruel one with other Yogas of cruelty.

The chart No. 185 of Sir Mirza Ismail Ex-minister of Mysore State is illustrative of this. The 9th lord is exalted in the Lagna conjunct the Lagna lord. The 9th house is aspected by Jupiter and Mercury, is indicative of his advisory capacity.

		Ketu	Saturn	
		Chart No 185		Lagna Jupiter Moon Mars

Note the following verses also-

सुखे ज्ञाच्छौ पुण्यवान् ।

If Venus and Mercury occupy the 4th house, the native is philanthropic in disposition.

सौम्यान्तरे सुखे पुण्यवान् ।

If the 4th cusp is in the Vargas of benefics, the native then too is philanthropic.

Though the verse uses the word पुण्यवान् yet the version should be पुण्यकारी or philanthropic. However, by this act, the native credits fortunes for his future course of life or for the forth coming incarnation.

500. BHAGYAHEENA YOGA

(भाग्यहीन योग)

DEFINITION

Should the 9th house and the 9th lord be afflicted, the Yoga exists.

RESULTS

The native will indulge in sinful deeds and be doing ill to others.

COMMENTS

The 9th house is Pitru-sthana or father's house. With such a Yoga the native inherits father's evil nature or has to reap the fruits of evils done by his ancestors (Pitru Dosha).

The Yoga is intensified if the Sun and the Moon are also afflicted by the malefics; be in debilitation or Vargas of the malefics if Jupiter in the Lagna is aspected by Saturn. If the

4th house and the 4th lord fall in the Vargas (divisions) of the malefics or are aspected by the malefics or are conjunct the malefics, the native is evilly disposed. If the 4th house is occupied by a malefic planet and the weak 4th lord is conjunct Gulika then also the native is unscrupulous, crooked and indulges in bad deeds.

The Sun, Venus and Mercury in Pisces in the 5th denote a flaccid disposition and drinking habits.

501-502. DHARMADHYAKSHA YOGAS (धर्माध्यक्ष योग)

DEFINITION

501: Should Jupiter or Venus be in exaltation Vargas or benefic Vargas, the Yoga results.

502: Should the 9th lord be associated with or aspected by the benefics, the Yoga is formed.

RESULTS

The native will be head of some sect, religion or the one who is a religious authority.

COMMENTS

In ancient times, the religious authorities were also courtiers of the king and they had their say and final verdict in the matters of religion and law. Now a days this Yoga can be found in the charts of judges and law makers.

The following quotations for Jupiter in the 9th will be of interest in this respect -

मन्दादित्यनिरीक्षिते गुणनिधिः प्राज्ञो बहुग्रामवान् ।

If Jupiter in the 9th is aspected by the Sun and Saturn, the person concerned will abound in moral excellence and be wise and in possession of many villages.

Again,-

चन्द्रादित्य सुतेक्षिते तु गुणवान् वादी विदेशगतौ ।

If Jupiter in the 9th be aspected by the Moon and Saturn, the native will be meritorious and an expounder of law in the foreign land.

Here the Sun and the Moon should not be conjoined to Saturn rather Saturn should cast his 3rd aspect on Jupiter or be in a trine to him.

In the above chart No. 187 of Mahatma Buddha on page 297, the 9th lord Jupiter is conjunct Sun and Saturn and aspected by the Moon. Jupiter is exalted in Navamsa.

503-504. BHIKSHA YOGAS (भिक्षा योग)

DEFINITION

503: If the 10th lord and the 3rd lord be weak and the 9th lord be debilitated or eclipsed, the Yoga is formed,

504: If Saturn be conjunct the Moon in the 9th and the Lagna lord be debilitated, the Yoga is given to arise.

RESULTS

The native will live on the food donated by the affluent.

COMMENTS

When the 3rd and 10th lords are weak, the person lacks initiative and is disinclined to any work. If the 9th lord is also debilitated or weak otherwise, the native is devoid of merits as well. Hence the begging or low placement in life.

In the Yoga 504, the 9th house, the Moon and the Lagna lords have got defunct.

505. GURU STREE RATA YOGA

(गुरु स्त्री रत योग)

DEFINITION

Should the Moon or Venus be in the 9th house associated with the malefics, the Yoga is said to be caused.

RESULTS

The native will be addicted to women belonging to venerable elders or preceptors.

COMMENTS

The variations of human sexual lust have been many and one does not leave even women like one's mother, the proceptors wife etc. The Yoga should be accompanied by other Yogas of immorality as well.

506. DHANIKA VA NETRAROGI YOGA

(धनिक व नेत्र-रोगी योग)

DEFINITION

If the Moon conjunct the Sun occupies the 9th house, the Yoga is given to arise.

RESULTS

The native will though be healthy yet get eye inflammation.

COMMENTS

The Moon will a malefic be in the combination, for her nearness to the Sun and being a malefic will irritate the Sun as well. Moreover, the other reasons may be their placement in a cadet house, will weaken their signification i.e. eye sight.

507–508. GANGA SNANA YOGAS

(गंगा-स्नान योग)

DEFINITION

507: Should the 9th lord be in a watery sign aspected by the benefics, the Yoga exists.

508: Should Rahu or the Sun be in the 10th, the Yoga is formed.

RESULTS

The native will have a holy dip in sacred rivers.

COMMENTS

In ancient times when there were no means of communication and people were not literate enough, the holy gatherings were arranged at certain religious and cultural centres to refresh the knowledge and religious beliefs of the people attending. The people thus, knew about history, cultural evolution, religious origin and their own racial backgrounds through such places. In Haridwar or Brij Ghat in north India when the successors of the dead reach there to mingle ashes of the deceased in the holy waters of Ganga, the racial priest there recites parental history of the deceased. He also tells names of the forefathers and enters name of the deceased as a record in a note book with him for the coming generations. In this way we can understand the importance of Ganga snana and such holy religious gatherings.

The 9th lord in a watery sign means that the native has belief in the holy waters of the sacred places and this belief leads him to honesty and pious living, thus enabling him to skid more near to final emancipation by purifying his soul from the material desires of this world.

The Sun in the 10th denotes an influential person who enjoys honours and kingly status and it was easy for such people to visit holy places.

Rahu is a planet of greed and when placed in 10th, it imbibes in the native a greed for God's grace in this material world by having a dip in holy waters. Long religious travels were also undertaken by influential people and in this way an environment of piety and freeness made people healthy

and energised. Thus after long distance travels people were endowed with a religious conscience and cultural as well as physical awareness.. These travels enhanced confidence amidst the travellers.

The following Slokas of *Jataka Parijata* 15/3 will be of interest in this respect, viz:-

मानेश्वरे शुक्रयुक्ते च केन्द्रे तुङ्गस्थिते तादृशतोयपूतः ।

व्यये बुधे तद्भवनाधिपे वा स्वोच्चान्विते तादृश पुण्यभाक् स्यात् ॥

If the 10th lord in conjunction with Venus be in a quadrant or is in exaltation, the person purifies himself by ablutions in the water of the Ganges. If Mercury occupies the 12th house or the 12th lord be exalted or be in own sign, the merit of such ablutions will accrue to the native.

Again:-

चन्द्रे कर्मणि जान्हवीःलिलतः पूतो हि पूतघृतौ

पापो यच्छति कर्मगो विबलवान् घृतक्रियासाहसम् ।

If the Moon with clear rays occupies the 10th house, the person will be purified by the ablutions in the water of the Ganges. The Moon with deficient rays in the 10th leads a man to the act of gambling and violence.

509-511. MAANASHEELA YOGAS

(मानशील योग)

DEFINITION

509: If the lords of the 9th and 10th houses are related in some manner, the Yoga comes into existence.

510: If Mercury and Jupiter combine, the Yoga exists.

511: If the 10th lord is exalted or gains strength, the Yoga is given to arise.

RESULTS

The native will attain an exalted position and will be honoured.

COMMENTS

In the Yoga 509 the lord of 9th and 10th may be in sign exchange, aspects, conjunction or one may be in other's sign. There is Bhagyadhipati and Karmadhipati Yoga, held in high esteem in astrological literature.

In the Yoga 510 Jupiter and Mercury combination makes a man full of wisdom and excel in advisory capacity by enhancement of his discriminating faculties.

The 10th is the highest point or mid heaven and the dignity of its lord makes a man to lustre, for his virtuous attributes.

It is declared-

कर्मे शत्रु सुरार्चितैः क्रतुफलं संचिन्त्य सम्यग्बदेत् ।

The benefit of sacrifice which may accrue to a person depends on the lord of 10th, Jupiter and Mercury. Sacrifices here means *yajnas* and works of philanthropy.

Jupiter 11	10		8	Mars 7	Saturn Rahu		Moon	
		9			Jupiter	Chart No 188		Venus
Saturn Rahu	12	3	6	Sun Mercury Ketu				
1	2 Moon		5	Venus 4	Lagna		Mars	Sun Mercury Ketu

For the above planets again it is said-

जीर्णोद्धारणमुख्यगोपुस्तटाकारामपुण्यप्रदा ।

The planets above mentioned secure in addition the merit accruing from the maintenance of old works, erection of shelters, digging the wells and reservoirs and laying out of gardens. The injunction of Rahu-Ketu defer honours to the native and impede fructification of sacrifices due to indenting of the unholy people in the cause.

The above Chart of Ishwar Chandra Vidyasagar is illustrative of the Yoga. The 9th and 10th lords are in conjunction in the 10th and the association of Ketu deferred him recognition. The aspect of Jupiter to the 9th house, Venus in Cancer and exaltation of the Moon made him rise for the cause of masses. The native was learned, polite, pious, religious personality endowed with philanthropic qualities.

Jataka Parijata (15/12) denotes-

सौम्यान्वितानि गुरुकर्मकलत्रपुत्र-
लग्नानि पञ्च भवनानि शुभेक्षितानि ।
तत्रायकाश्च बलिनो यदि सर्वतत्त्व-
विद्याधिकक्रतु समस्तगुणप्रसिद्धः ॥

If the 1st, 5th, 7th, 9th and 10th houses be occupied or aspected by benefics and their lords be in strength, the person born will surpass knowledge of all truths and be widely celebrated for the complete excellence of his sacrificial works.

512. KARMADI-VAIKALYA YOGA

(कर्मादिवैकल्य योग)

DEFINITION

Should the 10th lord be weak and afflicted or if Jupiter, Venus and Mercury be in the 6th, 8th or 12th house aspected by the malefics or the 10th be aspected by the malefics, the Yoga is formed.

RESULTS

The native will be devoid of success in profession or task undertaken.

COMMENTS

The weak 10th lord or 10th house aspected by the malefics keeps one away from the honours of professional success. So are also the results when the benefics in the Trikas are afflicted by the malefics.

The following chart is of such a native who inspite of

Moon 9 10	Ketu 7 6			Rahu	Jupiter
Saturn 11	8 5 2 Venus Mercury	Saturn	Chart No 189		Sun
12 1	Rahu 4 3 Jupiter				Venus Mercury
		Moon	Lagna Ketu		Mars

being proped up financially several times by his parents did not come out with any success rather fell under debts due to his bad habits and false feeling of supremacy. Venus and Mercury in Leo in the 10th hemmed between the Sun and Mars and aspected by Saturn pushed him into gambling and vices. The man is quite lucky to get help every time he falls into doldrums. Jupiter in the 8th (inheritance) forming Gajakesari Yoga with the Moon the 9th lord posited in the 2nd; the Sun, the 10th lord has gone to the 9th house.

MAANAHEENA YOGA is caused if the 10th lord falls in the Vargas of the malefics or the Sun and Saturn are conjunct in the 10th or the 10th house is hemmed between the malefics.

In the chart above, the 10th house is weak and the 10th lord the Sun occupies Capricorn Navamsa.

513. RAJYA KARYAKARTA YOGA

(राज्य-कार्यकर्ता योग)

DEFINITION

If the Sun or Mars be in a quadrant or strong otherwise, the Yoga is caused.

RESULTS

The native will join government service.

COMMENTS

The Sun and the Moon are royal planets and Mars is concerned with the defence and law enforcing agencies.

						Lagna Mars	
Mercury		Jupiter		Chart No 190		Sun Rahu	
Venus		Saturn Moon Ketu				Mercury	
7						Venus	

Connection of these puts one into government service. The following Yogas are also of advantage—

The 1st or 4th be occupied by Jupiter or 10th lord be in the houses of gains or the lord of 10th is any way be related to the houses of earnings.

In the chart No. 190 Mars is in the Lagna and the Sun is in the 2nd, the house of finance; Jupiter the 10th lord is aspecting Mars, the 11th lord in the Lagna. The native is in government service.

514. JANAKOVITTA YOGA (जनकोविट योग)

DEFINITION

Should the 9th and 4th lords be in the 4th or the 4th and the 6th lords be in the Lagna, the Yoga in given to arise.

RESULTS

The father of the native will earn from the cause of prostitutes or be a fan of the prostitutes.

COMMENTS:

Prostitution is as old as the civilisation. The father of the native is very close to prostitutes and works for their cause.

The father of the native of the following chart has amassed wealth from the acts which are not recognised in the civilised society.

The lords of the 9th and the 6th, the Sun and Venus are aspected by the 4th lord Jupiter.

	Jupiter	Mars Ketu	Moon
	Chart No 191		Saturn
			Sun Venus
	Lagna	Rahu	Mercury

515. VYAPARI YOGA (व्यापारी योग)

DEFINITION

If the Lagna lord related to the 9th, 10th or 11th house, be with the benefics and unafflicted or the relation of the Lagna and 10th lords exists, the Yoga is formed.

RESULTS

The native will be engaged in trading.

COMMENTS

The relationship of Mercury with the 9th, 10th or 11th is of importance in this respect. The chart hereunder is of a

Moon 4	2	Ketu 28° Sun 6° Jupiter 23°	Mars 28° Saturn 7° Venus 21°		Lagna

businessman, a lucky person whose Lagna lord is in the 9th in Gemini Navamsa, Jupiter is debilitated in Navamsa. He is a first rate hypocrite. The Sun is in Leo Navamsa, hence strong and his physique is Sun like. Debilitation of Saturn is cancelled and he gains strength being with his dispositor and the 5th lord. The Moon and Sun are strong which is the vital factor.

516. RAJA YOGAS (राज योग)

In the first twelve Slokas of Raja Yogadhyaya in his *Brihat Jataka*, Varaha Mihira describes Yogas enunciated by the Yavanas and objections raised by Jeevasarman when the three malefics are exalted in a nativity. Varaha Mihira himself examines these Yogas critically and then postulates his own views.

We start here from the Yogas of Varaha Mihira.

517. RAJA YOGA (राज योग)

DEFINITION

If three or more planets occupy their exaltation or their own signs and are at the same time in trine to one another, the Raja Yoga arises.

RESULTS

The person will become a king if he belongs to a royal family.

COMMENTS

Varaha Mihira here has asked, the planets to be in trines that means they become related, what relation it can be? Is it an aspectual relation? If it is an aspectual relation there is no mention of it in Hindu astrology. However in *Phala Deepika* and *Prasna Marga* it is told when Saturn comes in trine to certain houses or certain lords, the fructification of the events related to those lords or houses occurs. The greatest fortune Jupiter is ascribed two special aspects i.e., the 5th and 9th houses aspects are harmonious in nature. We do not include them in general as aspects. In Western Astrology the planets placed in the 5th and 9th to each other are in trine aspect which is a harmonious aspect. Varaha Mihira might have found some sense in it and therefore he has asked so impetuously for the three or more planets to be in trine to each other and that too under Raja Yogas.

The chart No.193 of Moghul Emperor Jahangir where Jupiter, the Sun and the Moon (the dispositor of Mars) are

	Katu	Moon		
		Chart No 193		Venus Mars
				Sun Mercury
	Jupiter		Lagna	Rahu Saturn

in trine to one another. Such a disposition made the native of benevolent disposition, Furiousness and aggression were absent in his character, which are perhaps the essential qualifications of an expansionist emperor.

Varaha Mihira further says that if there are five or more such planets, person though born in ordinary family becomes a king. Such a configuration would be as under.

			Moon	
	Saturn	Chart No 194		
	Mars			Sun
	Jupiter		Venus	Mercury

518. RAJA YOGA (राज योग)

DEFINITION

If Aries be the Lagna and the Sun just rising occupies it along with the Moon. Mars be in his exaltation, Saturn in Aquarius and Jupiter in Sagittarius, the Yoga is given to arise.

RESULTS

The person born, if a prince, will become a king.

		Lagna Sun Moon		
	Saturn	Chart No 195		
	Mars			
	Jupiter			

COMMENTS

The Yoga is more or less an Amavasya combination. The two planets are exalted and the two are in own signs while the Moon is in a friendly sign. The three major planets in dignity are aspecting the Lagna and both the luminaries.

The scenery will be as shown in chart 195.

In the configuration the evil that would arise due to natural maleficence of Saturn and Mars gets annulled by the aspect of Jupiter over the Lagna and on the Luminaries and by his placement in the Bhagyasthana, the 9th house.

519. RAJA YOGA (राज योग)

DEFINITION

Venus be placed in own sign in the 4th house, the Moon in the 9th house and the other planets in the 1st, 3rd and 11th houses, the Yoga is constituted.

RESULTS

The native will acquire the status of a king.

COMMENTS

Here Varaha Mihira has placed the planets in trines and sextiles. Sextile is half of trine i.e., 60° aspect and the planets are in the 3rd and the 11th houses to each other. The two configurations can be as follows.

The Lagna is strong and the Sun and Moon are also strong as it is a Poornima scenery. The Sun, Mercury are in trine to Mars and Saturn. Jupiter is in sextile to these two

		Sun Mercury	Venus	
		Lagna Jupiter	Chart No 196	
		Mars Saturn		Moon

	Moon		Mars Saturn	
		Chart No 197		Jupiter Lagna
			Venus	Sun Mercury

sets of planets. The Moon is in trine to Jupiter and aspected by him. The Sun, the Moon and Mercury are also related.

520. RAJA YOGA (राज योग)

DEFINITION

If a strong benefic planet be in the Lagna, and the other one be in the 4th house, and rest of the planets be in any of the following houses, viz., the 2nd, 3rd, 6th, 9th, 10th and 11th houses respectively, the Yoga is formed.

RESULTS

The person born, if be a scion of royal family, will be a virtuous king.

COMMENTS

The two configurations given above illustrate the Yoga very well. In the first set up, the planets are in trines and a Nabhasa Yoga is present.

			Mars	Moon
		Chart No 198		Saturn
	Jupiter	Venus	Sun	Lagna Mercury

	Ketu		Saturn Mercury Sun	
		Chart No 199		Lagna 27° Venus Jupiter
				Mars
			Moon 2°	Rahu

In the second set up, which is the horoscope of a kingly personality who ruled in a part of India, the Moon is Vargottama in the 4th and hence strong. The peculiarity of Raja Yogas of Varaha Mihira is their reference to all signs not so much to exaltations etc. In the chart no. 199, the Lagna, the Moon and the Sun are strong. Jupiter, Venus, and the Sun, Saturn and Mercury are in sextiles. The Moon and Mars are also in sextile. The Gajakesari Yoga is also there.

521. RAJA YOGA (राज योग)

DEFINITION

If Taurus be the Lagna with the Moon there, Jupiter be in the 2nd, Saturn in the 6th and other planets in the 11th or if Jupiter be in the 4th, the Sun and the Moon in the 10th, Saturn in the Lagna and rest of the planets in the 11th house, the Yoga is said to arise.

	Sun Mars Mercury Veuns		Lagna Moon	Jupiter
		Chart No 200		
			Saturn	

	Jupiter			

RESULTS

The native born will be a king.

For Chart No 201, there can also be other positionings. It also denotes that Amavasya conjunction is good if one of the Luminary is fortified and aspected by Jupiter. The planets in the mid heaven are also good. Saturn in the Lagna is in sextile to Mars, Mercury and Venus which are in the 11th, a good disposition.

522. RAJA YOGA (राज योग)

DEFINITION

If Jupiter, the Moon and Saturn occupy the 1st, 10th and 11th; Mercury and Mars be in the 2nd; Venus and the Sun in the 4th.

OR

If Mars and Saturn, or the Moon, Jupiter, Venus, the Sun and Mercury be respectively in the 1st, 4th, 7th, 9th, 10th and 11th houses, the Raja Yoga is caused.

RESULTS

The native born under the Yoga will become a king.

COMMENTS

Varaha Mihira does not discriminate between various Lagnas and gives chances to all the Lagnas and his Yogas are not with reference to exaltation signs alone. In the above two Yogas he makes the Lagna and the two luminaries strong and puts most of the planets in trines and sextiles; does not hesitate to make oppositions from the benefics. In

	Lagna Jupiter	Mercury Mars		Venus Sun
		Chart No 202		
	Saturn			
	Moon			

		Moon		
		Chart No 203		
	Lagna Mars Saturn			
		Mercury	Sun	Venus

the chart No. 203 Mars and Saturn's evils are tempered by the opposition of Jupiter and trine of Venus. The Sun gains strength being in the 10th and under Ubhayachari Yoga. The Moon is under Adhi Yoga and Gajakesari Yoga.

523. RAJA YOGA (राज योग)

DEFINITION

If any one of the three planets, viz, Jupiter, Venus and Mercury be in the Lagna and Saturn be in the 7th and the Sun be in the 10th house, the Yoga results.

If benefic signs happen to be strong by being in the quadrants and all the malefic signs be occupied by the malefics, the Yoga is constituted.

RESULTS

The native born in the 1st Yoga will not be so much a virtuous king but a *bhogin*, who recklessly spends and

enjoys. In the 2nd Yoga, the native born will be a king who will be hunting, snatching others States and indulging in acts like dacoity and thus will amass immense wealth.

COMMENTS

The king may be virtuous or a rogue and here the 2nd quality is emphasized.

The first part of the Yoga is possible only in Bhava chart in higher latitudes where one sign can spread upto two houses, only then Mercury can be in the Lagna and the Sun in the 10th. Such a configuration produces a king who indulges in enjoyments rather than caring for the masses.

	Venus	Sun Mercury		
		Chart No 204		Lagna Jupiter
	Saturn			

	Venus	Sun Mars	Mercury	Moon
		Chart No 205		
	Jupiter		Saturn	Lagna

The second case where the benefic signs are made strong by the position of benefics they indicate riches; but at the same time malefic signs are fortified by the position of malefics there which means that the cruelty element overpowers and the native becomes a king who amasses wealth by cheating or snatching other's States and lands.

Varaha Mihira has very cleverly criticised Yavanas and other schools who advocate the exaltation of the malefics for one to become a king by saying that such a person can be a king of rogues.

Here end the Raja Yogas of Varaha Mihira.

524. RAJA YOGA (राज योग)

DEFINITION

If two or more planets get directional strength, the Rajayoga is caused.

RESULTS

The native born in royal family will get kingship and be successful in his endeavours.

COMMENTS

When the planets occupy conducive places in a horoscope according to their directional significations, they get strengthened. The Sun and Mars get directional strength in the 10th; Mercury and Jupiter on the cusp of the Lagna; the Moon and Venus on the cusp of the 4th and Saturn gets directional strength in the 7th house.

Phala Deepika (7/4) mentions:

हित्वा मन्दं पञ्चखगा दिग्बलयुक्ता-

श्चत्वारो वा भूपतिरन्यान्यजोऽपि।

If leaving Saturn out of the remaining six planets five get directional strength or the least four, the person born in any family becomes a king.

Saturn Ketu 10 9 Sun 8 11 1 Moon Venus Mercury 7 6 5 Mars 2 4 Rahu 3 Jupiter						Moon				Jupiter	
						Chart No 206				Rahu	
				Ketu						Mars	
				Saturn		Lagna Sun		Venus Mercury			

In the chart No. 206 of Sri C.R. Das, the Bangla leader. Only Mars has got directional strength. In consonance, the native acquired strength of character and pleading ability, The Sun in the Lagna is in exchange of signs with the Lagna lord Mars. Venus in the 12th provided him all luxuries and comforts. He was one of the highest paid lawyer of pre independence period of India.

525. RAJA YOGA (राज योग)

DEFINITION

If three or more planets be exalted or be in own signs in a horoscope and be in a quadrant, the Yoga is said to arise.

RESULTS

The native will be a famous king.

COMMENTS

With the strong planets in quadrants, one gets favours from environmental factors and lordly persons. *Phala Deepika* (7/2) denotes:

भूपाः स्युर्नृपवंशजास्तु यदि दुर्योगे न जातास्तथा

द्वन्तर्धिर्नहि चेत्कराद्दिनकराज्जाताः स्फुरन्त्येव ते।

त्र्याद्यैः केन्द्रगतः स्वभोच्चसहितैर्भूपोद्भवाः पार्थिवाः

मर्त्यास्त्वन्यकुलोद्भवाः क्षितिपतेस्तुल्याः कदाचिन्पूपाः॥

If one is born in a royal family and neither has malefic Yogas in his chart nor the combust planets, he becomes a king. If three or more planets in quadrants be exalted or be in own signs, the native born in a royal family certainly

	Rahu Mercury	Sun	Jupiter	
	Venus	Chart No 207		
	Mars			
			Lagna Saturn	Ketu Moon

becomes a king. Even persons from an ordinary back ground become prosperous and acquire status like a king, perhaps may become kings.

The chart No. 207 is of Sri Khrucheva, the former prime minister of U.S.S.R., illustrates the Yogas.

The Sun, Mars and Saturn are exalted in the quadrants, the Lagna lord is in the 5th and his dispositor exalted hence provides strength to the Lagna. The Sun is exalted. The Moon is strong, being away from the Sun, aspected by her dispositor Mercury, is under Adhi Yoga being aspected by Jupiter. Thus the strength of the chart and Luminaries made him the second strongest man of the cold war period.

526. RAJA YOGA (राज योग)

DEFINITION

If the Lagna and the Moon both are Vargottama in signs as well as Navamsas and the Lagna is aspected by four planets except the Moon, the Yoga is given to arise.

RESULTS

The native though born in humble circumstances will become a king.

COMMENTS

The Moon and the Lagna in the same sign and Navamsa surely raise one to great heights; but the malefic and benefic dispositions decide whether by unjustified or by fair means.

The chart No. 208 is of Sri Rabindra Nath Tagore who got the noble prize for literature, though he was meagerly

527. RAJA YOGA (राज योग)

DEFINITION

Should the Lagna lord be Vargottama in the Lagna, 4th, 7th, 9th or 10th house and the 9th lord be in his exaltation or own sign in a quadrant or 9th house be in Vargottama, the Raja Yoga is formed.

	Chart No 209			Lagna 28° Jupiter 11° Venus 2°
				Mars 8°
			Moon 2°	Rahu 28°

RESULTS

The native will be a great valorous king endowed with all comforts.

COMMENTS

The Yoga is hard to find as the configuration is so rare. However in the chart of Sri Krisna Raja Wadiyar IV of Mysore State, the Yoga is partially present. The Lagna lord Moon is in Libra, in sign as well as in Navamsa and in a quadrant i.e, the 4th house. The 9th lord is exalted in the Lagna; but instead of being in Cancer Navamsa is in Libra Navamsa conjunct the Lagna lord in Navamsa chart. The Yoga is simple one and does not require any further elucidation.

528. RAJA YOGA (राज योग)

DEFINITION

If the Moon endowed with bright rays be aspected by an exalted or own house posited planet, the Yoga is brought into existence.

Mars Rahu Venus 10		Jupiter 8					
11	Sun Mercury 9		7 Saturn		Chart No 210		Ketu
	12	6					
	3						Moon
1			5 Moon	Mars Rahu Venus			
2			4 Ketu	Lagna Sun Mercury	Jupiter	Saturn	

RESULTS

The native though born in a low family will become a king.

COMMENTS

In ancient times a person lording two villages was considered a king. In modern context such Yogas can be applied to persons with affluence.

The chart No. 210 of Emperor Nero illustrates the Yoga. When the Moon is full of brightness, she is more receptive to the energy of other planets in strength and is coloured with the qualities of the planet she is associated with or aspected by. Mars is exalted as the 5th lord and is dispositor of the Lagna lord Jupiter. Therefore, adds forcefulness, aggressiveness and authority in the mind of the native. Emperor Nero was very much endowed with such characteristics and is known as a cruel emperor.

529. RAJA YOGA (राज योग)

DEFINITION

If Jupiter, Venus, Mercury or the Moon be without combustion in the 9th house and be aspected by or associated with a friendly planet, the Raja Yoga is caused.

RESULTS

The native will be an honourable king, who will be worshipped like a lord.

		Jupiter	Rahu	Mars
	Lagna	Chart No 211		
	Moon			
		Saturn Katu	Venus Mercury	Sun

COMMENTS

The Sloka bears the word विशुद्धतनुः for the planet in the 9th house. The planet is strong i.e., with pure body only, when he is neither in enemy sign nor debilitated nor combust. The other conditions for विशुद्धतनुः are enunciated in the definition. The 9th is the greatest house for the luck and fortunes and a benefic with विशुद्धतनुः will surely bestow over the native kingly comforts and honours.

The example chart No. 211 is of the famous cine-luminary from South India, Sivaji Ganesan.

The 9th house is occupied by Venus in own sign Libra, associated with Mercury, who is a friend of Venus and the 5th lord. Therefore, the significations of the 9th house get boosted and acquire further impetus by the aspect of the greatest fortune Jupiter, who is not an enemy to Venus and Mercury. Thus there is preponderance of beneficence of all the benefics on the 9th house and its lord Venus. The Lagna lord in the 10th strengthens the chart further.

530. RAJA YOGA (राज योग)

DEFINITION

Should Jupiter be in the Lagna in Cancer, the Sun be in Aries and the 11th be occupied by the Moon, Mercury and Venus the Raja Yoga is given to arise.

RESULTS

The native born will be a king.

COMMENTS

The exaltation of Jupiter in the Lagna makes the planet doubly powerful by being in a quadrant and having attained *Digbala*. Similar is the case with the Sun. The third power of exaltation is already there. All planets are beneficial in the 11th house particularly in benefic, own or friendly sign. The Moon is exalted there, Venus is in own sign and Mercury is in a friendly sign. The planets in the 11th are in sextile to the planet in the Lagna. The Moon though is with deficient rays; but is propped by the association of two benefics and being exalted. Even if she is considered a malefic due to her nearness to the Sun but then all the malefics are considered good in the 11th house.

The horoscope of Maharaja Vikram hereunder illustrates the Yoga.

531. RAJA YOGA (राज योग)

DEFINITION

If from the Lagna or any other house, the planets occupy houses continuously, the Rajayoga comes into existence.

RESULTS

The native born under the Yoga will get raised to a kingly status.

COMMENTS

532. RAJA YOGA (राज योग)

DEFINITION

If Jupiter and the Moon be in Taurus, and the lord of Lagna be in a trine, exempt from the aspects of Saturn and Mars, the Raja Yoga is given to arise.

RESULTS

The native will be greatly prosperous and ruler of the earth.

COMMENTS

The Moon exalted in Taurus and conjunct Jupiter, the Karaka of wealth, bestows immense riches to the native. The Lagna lord in a trine makes one highly meritorious, if devoid of the aspect of Mars and Saturn. These aspects imbibe the native with many defects of character and hurt his reputation.

The native with such a combination is a money magnet, sweet tongued, philanthropic and known for his works for the social cause.

The following chart is of a native who earned 9800 dollars through lottery. The Yoga is partially present. The Lagna lord is in the 11th with Jupiter. The Sun, Saturn combination in the Lagna causes psychological aberrations. All the seven planets are in four signs continuously. Therefore Ekavali Yoga (a Raja Yoga) is present. The 2nd and 11th houses are houses of wealth and income.

533. RAJA YOGA (राज योग)

DEFINITION

If all the planets in strength aspect the Lagna, Raja Yoga is formed.

RESULTS

The native will become a king who is fearless, long lived and endowed with all comforts and wealth.

COMMENTS

The aspect of all the planets in strength to the Lagna creates an extra ordinary element of ambition and the native endeavours to attain the peak position of authority irrespective of the means adopted. Much depends upon the sign placement of the planets.

The chart under discussion is of Adolf Hitler, the German dictator. Four planets from the 7th house aspect the Lagna. Saturn influences the Lagna from the 10th house. Jupiter and the Moon in the 3rd house are in sextile to the Lagna (Western aspect).

Ketu Moon Jupiter 8 9	Sun, Mars mercury Venus		Rahu
	Chart No 216		Saturn
	Ketu Moon Jupiter	Lagna	

Six planets in fiery signs made Hitler a dictator. The Sun and Mars in Aries conjunct Mercury and the Lagna lord Venus made him of angry and envious disposition. The conjunction of the Moon with Jupiter in a fiery sign in the 3rd produced authoritarian tendencies. Saturn in the 10th in an enemy sign brought his ultimate down fall.

534. RAJA YOGA (राज योग)

DEFINITION

Should Jupiter be conjunct the Moon in a trine in his own or exaltation sign, the Raja yoga is caused.

RESULTS

The native will be highly honoured and will command prestige amidst the masses.

COMMENTS

Trines are the No. 219 of merits, when Jupiter in strength along with the Moon occupies one of them, the native is sharp witted and a man of character.

The chart of Lokmanya Balgangadhar Tilak illustrates the Yoga.

Katu 5 6 Mars 7 8 9	Sun Venus 4 10	Saturn Mercury 3 2 Moon Jupiter Rahu 12 11	Moon Jupiter Rahu			Saturn Mercury	
				Chart No 217			Lagna Sun Venus

Four planets in watery signs made him emotionally attached to the freedom of his motherland and its suppressed masses. The Yogakaraka Mars occupying the 4th house points towards his spirit of martyrdom.

535. RAJA YOGA (राज योग)

DEFINITION

If the Moon be in Aswini Nakshatra in the Lagna and be aspected or influenced by three planets, the Rajayoga exists.

RESULTS

The native born will be a mighty king who will defeat his enemies.

COMMENTS

The logic behind the Yoga is not understandable, however, the Yoga exists in the charts of Queen Victoria and Chhatrapati Sivaji

The chart hereunder is of Chhatrapati Sivaji. Venus is in Aswini Nakshatra aspected by Saturn. The Sun, Jupiter and Mars are in Sextile to Venus (A Western aspect).

</
--

in Queen Victoria's chart Venus in Aswini is hemmed between four planets.

536. RAJA YOGA (राज योग)

DEFINITION

Should the Lagna lord be strong and be conjunct Venus in the 2nd house, the Raja Yoga exists.

RESULTS

The native will be kingly in status.

10	11	1	Moon Ketu			Saturn 18° Guru 12°	Mercury 7° Rahu 22° Venus 24° Mars 28°
							Lagna 25° Sun 15°

COMMENTS

Venus is the planet of comforts and wealth. When placed in the 2nd with the strong Lagna lord bestows these virtues in abundance.

The chart No. 219 is of a highly placed influential person. Mercury is strong being in a friendly sign and in Sagittarius Navamsa. Venus is in Taurus Navamsa.

In the chart of Alexander the great, Venus as the Lagna lord occupies the 2nd house Gemini.

537. RAJA YOGA (राज योग)

DEFINITION

Should Mars be in the Lagna identical with Aries, Leo or Sagittarius and be aspected by a friendly planet, the Raja Yoga is formed.

RESULTS

The native will be highly purposeful and will become a king.

COMMENTS

Mars in fiery signs is highly vigorous. The native fixes his aims very early in his life. In the chart of late President of India Dr. Rajendra Prasad, Mars is in Sagittarius in the Lagna accompanied by Mercury. He acquired a doctoral qualification. The combination is aspected by Jupiter a friend of Mars. Mars and Mercury in the Lagna aspected by Saturn placed in Gemini made him suffer from asthma. The bright rayed and exalted Moon adds to the formation of Raja Yoga.

538. RAJA YOGA (राज योग)

DEFINITION

The Lagna should be unoccupied by the malefics and the Moon be in a benefic Navamsa and be aspected by a strong planet, the Yoga is constituted.

RESULTS

The native born will be endowed with impressive personality and will acquire estates.

COMMENTS

The native of the chart No. 221 was a remarkable statesman, who was wielding unlimited power and influence as Dewan of the Mysore State.

The Lagna is not occupied by any malefic. The Moon is conjunct two benefics and is exalted in Navamsa. The Raja Yoga is present in full measure.

539. RAJA YOGA

DEFINITION

The Moon and Jupiter in a quadrant be aspected by Venus and none of the planets be debilitated, the Raja Yoga is given to arise.

RESULTS

The native will be a king commanding great respect and honour.

RESULTS

The native born will roll in wealth and will acquire a kingly status.

COMMENTS

The Yoga is simple one and does not require elaboration. The native of the chart No. 223 was a high government official with a decent salary and income from properties. It is a morning scenery with the exalted full Moon associated and aspected by her friends, the Sun, Jupiter and Mars.

541. RAJA YOGA (राज योग)

DEFINITION

Should the Sun be in his own Navamsa and the Moon be in Cancer, the Raja yoga is formed.

RESULTS

The native born will be an exalted personality.

COMMENTS

The Sun must be strong by the sign placement and the Moon by Navamsa placement or otherwise to enable the Yoga to be functional in full potential. The Yoga is a supporting feature to other Yogas present in the chart. As said earlier strong Moon and the Sun raise the level of the chart.

Following chart No. 224 of Swami Vidyaranya is illustrative of the Yoga.

Malavya and Hamsa Yogas are present and their efficacy is enhanced by the Yoga under discussion. The Lagna is powerfully disposed.

This great personality was born at a time when Hindu kingdoms were being shattered by Mohammedan invasions. Swamiji took the Herculean task of uniting the Hindu forces and was instrumental in founding the Vijayanagar empire. The Hindu's witnessed peace, prosperity and cultural upliftment under the safeguards of that great empire of South India.

542. RAJA YOGA (राज योग)

DEFINITION

If all the planets occur from 1st to 6th house, a Raja Yoga is caused.

RESULTS

The native born will attain a kingly position.

COMMENTS

In such a configuration of the planets each one is related to another. In between some of the planets may be in own signs, exaltations, friendly signs, in trines, sextiles or sign exchange.

The Sloka states:

निरन्तरं यदि भवनेषु षट्सु
ग्रहाः स्थिता उदयगृहात्समस्ताः ।
स्वपंक्तिवन्नरपतिमेव कुर्यु-
श्चतुष्टयन्नरपतिमंत्रिणं च ॥

In the chart No. 225 of late Prime Minister Pt. Jawahar Lal Nehru, the Yoga is evident. The Moon in the Lagna is in

Saturn	Rahu				Rahu
Mars 5	6	Moon	3	2

Sun 8			12

her own sign and in trine to the Sun, which itself is Yoga for intellectual eminence as per Varaha Mihira.

Malavya Yoga is there for Venus is in a quadrant in own sign and he also gets *digbala*. Jupiter in own sign in the 6th destroys the enemies. Yogakaraka Mars in the 3rd endowed him with courage particularly in the intellectual arena. A Durudhura Yoga is caused by the benefics around the Sun.

543. RAJA YOGA (राज योग)

DEFINITION

If Jupiter, Venus and Mercury occupy quadrants or trines, the Raja yoga is formed.

RESULTS

The native will be a king possessed of virtues like religious mind, education, wealth, honour, gains and wisdom.

COMMENTS

Jupiter, Venus and Mercury are for the wealth, education, wisdom and comforts and if they occupy the houses of merits and environment, the native is sure to be prosperous and virtuous.

The Yoga is evident from the Sloka:

केन्द्रत्रिकोणे बुधजीवशुक्रा
दृष्टा नराणां यदि जन्मकाले ।
धर्मार्थविद्यायुतकीर्तिलाभः ।
शान्तः सुशीलः स नराधिपः स्यात् ॥

	Sun Venus Mercury		Mars Saturn
	Chart No 226		Lagna Moon Jupiter Rahu
	Ketu		

The example chart No. 226 is of a native who arose to the present status in his career by dint of the virtues mentioned above. All the four benefics are in quadrants. Exalted Jupiter and the Sun are occupying the two main quadrants. The combinations of the Lagna and 9th lords and of the 2nd and 11th lords made him roll in wealth.

The Sloka mentions:

उच्चस्थस्त्रिदशगुरुः कैरववनबन्धुसंगमं प्राप्तः ।
काश्मीरमंडलभुर्या करोति पुरुषाधिपमवश्यम् ॥

If exalted Jupiter conjuncts Moon, the Raja yoga is sure to occur in Kashmir State.

544. RAJA YOGA (राज योग)

DEFINITION

Should Jupiter or Venus be exalted be in 11th or in a quadrant or Lagna or the 9th house, the Raja yoga occurs.

RESULTS

The native born will be prosperous.

COMMENTS

Jupiter and Venus bestow prosperity and riches when strong and this is the theme of the Yoga.

The chart No. 227 is of famous cine luminary Dilip Kumar known as tragedy king in film industry.

Jupiter in own sign in the 9th conjuncts Venus, which shows his excellence in acting and the aspect of Saturn

	Saturn	Lagna Ketu		
		Chart No 227

	Jupiter Venus	Sun Mercury	Rahu Mars	

gave him perfection in tragedy roles. The 2nd house and its lord Venus under the aspect Saturn decipher the slowness, depth and gravity in delivering a dialogue.

545. RAJA YOGA (राज योग)

DEFINITION

Should four planets be exalted, the Raja yoga is formed.

RESULTS

The native will be a valorous king.

COMMENTS

Four planets in exaltation are an asset in a horoscope. If a few of them occupy the 6th, 8th or 12th, the activities are carried on under ground. The native works silently but with sincerity.

Rahu 10 11		8 7 Saturn				Moon	
9 12		6 3 Mars Venus Mercury		Rahu	Chart No 228		Jupiter
1 2 Moon		5 4 Sun Ketu Jupiter					Sun Ketu
				Lagna		Saturn	Mars Venus Mercury

The example chart No. 228 belongs to Vinoba Bhave, the great Bhudana leader and a follower of Mahatma Gandhi. The Moon, Jupiter, Mercury and Saturn are exalted. The Sun is in his own sign.

546. RAJA YOGA (राज योग)

DEFINITION

Should Saturn be in Leo, Mercury in Virgo and Venus in Libra, the Raja Yoga is caused.

RESULTS

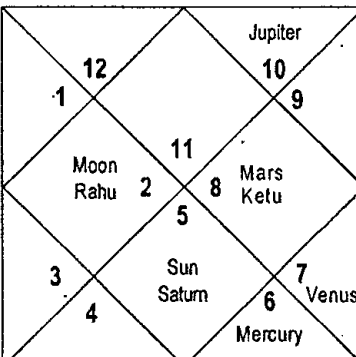

The native born will enjoy kingly status.

COMMENTS

Saturn in Leo can only be accepted if he is the Lagna lord and aspects Lagna.

The native of chart no 229 was a commissioner in Madhya Pradesh.

The Moon and the Sun are powerful and the Lagna is strong being aspected by Saturn. Mars is in the 10th in own sign. The chart here under reveals administrative excellence.

							Moon Rahu		
					Lagna	Chart No 229

547. NEECHA BHANGA RAJA YOGA (नीचभंग राज योग)

DEFINITION

If the exaltation sign lord and the debilitation sign lord of the debilitated planet be posited in quadrants from the Moon, the Neecha Bhanga Rajayoga is caused.

RESULTS

The native will attain a high status.

COMMENTS

Phala deepika (7/26) states—

नीचस्थितो जन्मनि यो ग्रहः
स्यात्तद्राशिनाथोऽपि तदुच्चनाथः ।
स चन्द्रलग्नाद्यदि केन्द्रवर्ती
राजा भवेद्भार्यिकचक्रवर्ती ॥

Our definition strictly follows the Sloka.

- Some commentators break the Yoga into four parts, viz,
- (i) The debilitation sign lord of the debilitated planet should be in a quadrant from the Lagna.
 - (ii) The debilitation sign lord of the debilitated planet should be in a quadrant from the Moon.
 - (iii) The exaltation sign lord of the debilitated planet should be in a quadrant from the Lagna.
 - (iv) The exaltation sign lord of the debilitated planet should be in a quadrant from the Moon.

If we count these four conditions separately for the Yoga then all the planets in debilitation will get the debilitation cancelled somehow or the other and Neecha or debilitated planet will not have any significance, that has arisen due to that particular condition.

To us it appears that the Lagna should also be counted, as when Jupiter is debilitated then his debilitation lord is the Moon who cannot be in a quadrant from herself.

Another kind of Yoga is that, if the debilitated planet is aspected by his dispositor the Yoga is caused. This also sounds some logic.

The chart No. 230 of Shah of Persia illustrates the two Yogas.

Sun's exaltation sign lord Mars and debilitation sign lord Venus, both are in a quadrant from the Moon, therefore the Sun gets Neecha Bhanga.

Saturn Mars Venus 5	Jupiter 3			Ketu	
6	4		Chart No 230		
Sun Mercury 7	1				
Rahu Moon 8	10				
9	11		Rahu Moon	Sun Mercury	
	12				Lagna Jupiter Saturn Mars Venus

Now the Moon in debilitation is aspected by her dispositor Mars, therefore she also gets Neecha Bhanga.

548. VIPAREETA RAJA YOGA (विपरीत राज योग)

DEFINITION

When the lords of the 6th, 8th and 12th occupy jointly or severally these houses and be associated or aspected among themselves only, Vipareeta Raja Yoga is caused.

RESULTS

The native will become a famous, prosperous and powerful king.

COMMENTS

The Yoga emanates from a Sloka of *Uttarakalamrita* (4/22)

रन्ध्रेशो व्ययषष्ठगो रिपुपतौ रन्ध्रे व्यये वा स्थिते,
रिःफेशोऽपि तथैव रन्ध्ररिपुभे यस्यास्ति तस्मिन् वदेत् ।
अन्योन्यर्क्षगता निरीक्षणयुताश्चान्यैरयुक्तेक्षिता,
जातोऽसौ नृपतिः प्रशस्तविभवो राजाधिराजेश्वरः ॥

Three conditions arise, the lord of the 8th in the 6th or 12th; the lord of 6th in the 8th or 12th and the lord of the 12th in the 6th or 8th.

These three are extraordinary Raja Yogas known as Vipareeta Raja Yogas. These lords can only be related among themselves, not to the lords of other benefic houses. These lords necessarily be related by conjunction, aspect or exchange of houses among themselves.

The chart No. 231 given below is of Seth Rama Krishna Dalmia, a well known industrialist. The 8th lord has gone to

	Sun Venus Mercury	Jupiter Rahu	Lagna Mars	
		Chart No 231		
		Moon	Ketu	Saturn

the 12th, afflicted by Rahu. The Moon's debilitation is cancelled by the aspect of her dispositor Mars while the debilitation of Mercury stands.

549-552. RAJA YOGA BHANGA YOGAS (राजयोग भंग योग)

DEFINITION

549: Should the lords of the 9th, 10th, 11th and the Lagna be debilitated in sign or Navamsa without cancellation of debilitation, the Yoga exists.

550: Should the exalted planets in signs be debilitated in Navamsa, the Yoga is caused.

551: Venus be in debilitation in sign, be in Leo Navamsa or own Navamsa, the Yoga is said to arise.

552: If the Lagna, the Moon and the Sun be weak, the Yoga is formed.

RESULTS

The native will be unable to achieve prosperity promised by Raja Yoga planets.

COMMENTS

Besides the above Rajayoga Bhanga Yogas, the birth during earth quake, eclipse, Bhadra, Vyatipata etc leads to Raja Yoga Bhanga and poverty.

The chart No. 232 given below is of a begger and in the first look, the Moon in the Lagna with exalted Jupiter seems to wipe out all the weaknesses of the chart. The Sun is

Saturn Mars Venus	5	3	Ketu 3°	
6	Jupiter Moon	2	Chart No 232	
Sun Mercury	4	1		
Rahu	10	12		
8	9	11	Rahu 3°	Sun 1° Mercury 14°
				Lagna Jupiter 21° Moon 16°
				Saturn 15° Mars 11° Venus 21°

debilitated in sign as well as in Navamsa and does not get Neecha Bhanga. The Moon is in debilitated Navamsa. Jupiter is exalted in sign; but debilitated in Navamsa. Mars is debilitated in Navamsa. Saturn is Vargottama in enemy sign, therefore worst. Venus is in own Navamsa. Mercury is in Aquarius Navamsa. Therefore, the Yogas should not be considered from the Rasi chart alone, the Navamsa chart is much more important.

553-556 PRAVRAJYA YOGAS (प्रव्रज्या योग)

DEFINITION

553: If the Moon be conjunct with or aspected by Saturn, the Yoga arises.

554: The Moon occupying Navamsa of Mars or Saturn, and be aspected by Saturn, the Yoga is caused.

555: The Moon occupying a decanate of Saturn and be aspected by Saturn, the Yoga is given to arise.

556: If the Moon's dispositor be neither conjunct with any planet nor aspected by any planet except Saturn, the Yoga arises.

RESULTS

The native born will have access to renunciation.

Comments

Sanyasis command more respect than the kings. Sanyasis have Raja Yogas as are said for fame, prosperity and kingly status; but at the same time they also have Pravrajya Yogas which lead them to know the final truth and thus guide the world how to get rid of sorrows? The urge to know the ultimate truth emanates from Saturn, when he afflicts the mentality ie, the Moon.

Brihat Jataka (15/4) denotes-

सुरगुरुशशिहोरा स्वार्किदृष्टासु धर्मे
गुरुस्य नृपतीनां योगजस्तीर्थकृत् स्यात् ।
नवममवनसंस्थे मन्दगेऽन्यैरदृष्टे
भवति नरपयोगे दीक्षितः पार्थिवेन्द्रः ॥

When Jupiter, the Moon and the Lagna are aspected by Saturn and Jupiter occupies the 9th house, the person born in the Raja Yoga will become a holy illustrious founder of a system of philosophy. When Saturn occupies the 9th house and is not aspected by any planet, the person possessed of Raja Yoga will betake himself to the holy order before becoming a lord of men.

In the context of the Sloka let us take the chart of Swami Vidyaranya who was instrumental in establishing the Empire of Vijayanagar and thus saved the Hindu philosophy and vision of life from Mohammedan invasions. He was the spiritual head of Vijayanagar Emperors just as Vishnu Gupta was of Magadha. Jupiter though is not in the 9th house but he aspects the exalted Sun, the lord of the 9th and the 9th house very powerfully. Jupiter and the Lagna are aspected by Saturn; on one side of the Moon is Saturn and the other side is the aspect of Saturn. Many Raja Yogas are present in the chart and therefore he was Raja Guru, who safeguarded the Hindu cultural heritage.

	Mercury Venus	Sun	Rahu	Saturn
	Mars	Chart No 233		Moon
	Lagna Jupiter	Ketu		

The chart No. 234 of Swami Sivananda, a Yogic practioner and spiritual teacher is worth studying. The Moon is aspected by Saturn from Cancer. The dispositor of the Moon, Mars is conjunct Saturn. The Moon is also the Lagna lord. The Moon is placed in the Navamsa of Mars. Therefore the Yogas of our definition are present in the chart.

Sun Mercury 5 Saturn Mars Rahu 3 2 4 1 Moon 10 Ketu 11 8 9 6 Venus 7 Jupiter		Moon		
		Chart No 234		Lagna Saturn Mars Rahu
	Ketu			Sun Mercury

Another chart No. 235 is of Muni Vidyanandaji. The Lagna is occupied by Saturn and he aspects three planets in the 7th house, the Lagna lord Venus, the 9th lord Mercury the 11th lord Sun and Jupiter. The Moon is in the Navamsa of Mars. In total four planets are under the aspect of Saturn. A few Raja Yogas are also present.

8 6 5 7 4 1 Sun Venus Mercury 3 2 Moon, Mars 11 12 9 Jupiter 10 Ketu		Sun 11° Venus 12° Mercury 1°	Moon 11° Mars 28°	
		Chart No 235		Rahu 17°
	Ketu 17°			
	Jupiter 29°		Lagna Saturn 18°	

The planets in strength decide the sect of renunciation followed. The Sun denotes a Vanaprastha Sanyasi who believes in simple living, high thinking and spiritual enlightenment. The Moon denotes a Tantrika who goes about begging for alms with a skull like thing . Mars denotes a Sakya who worships Sakti. Mercury denotes a Guru or Jeevaka, who worships Vishnu. Jupiter denotes a Bhikshu, who believes in Sankhya system of philosophy, Venus donotes a Charaka belonging to materialistic school ie, Lakshmi, Maya and Saturn, a Digambar Sanyasi.

The Sun, Saturn, Rahu and the 12th lord are seperative planets, when they influcncè the 2nd, 4th, and 12th houses and their lords, the person has access to Sanyasa as well.

557. SANYASA BHRASTA YOGA

(संन्यास भ्रष्ट योग)

DEFINITION

If the planet causing Sanyasa be defeated in planetary war, the Yoga is given to arise.

RESULTS

The native will return to domesticity, leaving Sanyasa.

COMMENTS

The planet causing Sanyasa should be strong enough to curl down emotions and stabilize vitiating mind otherwise one will not be able to continue with Sanyasa.

Brihat Jataka mentions-

रविलुप्तकरैरदीक्षिता बलिभिस्तदतभक्तयो नराः ।

अभियाचितमात्रदीक्षिता निहितैरन्यनिरीक्षितैरपि ॥

If strong planets capable of leading to ascetism be obscured by the Sun's rays, the person born will have great reverence for ascetics, though he may not become initiated into the holy order. If the planets referred to above be overcome in planetary war and aspected by other planets, the person concerned will seek admission into the holy order without success.

558. BAHU LABHA YOGA (बहु लाभ योग)

DEFINITION

If the well aspected lord of 11th house be placed in a quadrant or trine and the 11th be occupied by the planets, the Yoga is given to arise.

RESULTS

The native will have good income from multiple sources.

COMMENTS

The 11th lord is called a Trishadayadheesha and in his Dasa he generally gives a good income; but at the same time there are problems of health.

If the planets in the 11th are benefics, the native earns through fair means and if malefics then through cruelty and unscrupulous means. The native of the chart of Vyapari Yoga under 10th house is a very cruel person having Saturn and Mars in the 11th and Jupiter debilitated in Navamsa. Saturn and Mars in the 11th have given him income through metals, industries and employment of labour. He earned through sale and purchase of lands as well, for Mars is fortified in the 11th house.

Jupiter in the 11th gives income through religious and scientific knowledge and through well settled sons. Mercury gives income through writing, lecturing and through maternal uncles. The Sun through father, persons in authority and through inheritance. The Moon, through mother, liquids, breweries, sea products, dairy, farms, vegetables and fruits. Venus gives accession to riches through females, fine arts, drama, cinema and garments. Saturn, through the remaining except those mentioned above, and through agriculture. If the 11th is vacant then such results may be declared from the lord of 11th, if strong. The predictions in regard to wealth should be made from the Karkatwa and strength of the planet associating the 11th lord.

If the lords of the 2nd and 11th are friendly to the Lagna lord, the wealth is spent on good deeds, If these two planets are unfriendly then the native spends for his own pleasures and on socially unsanctioned deeds; he is very selfish and cruelly inclined.

If the planet in the 11th or its lord be powerless, depressed, in an unfriendly sign and defeated in planetary war, the person has to go about begging regularly for his subsistence or he may work on daily wages.

559. VAHANA SUKHA YOGA (वाहन सुख योग)

DEFINITION

If the 11th lord, the 10th lord and the 9th lord be in the 4th, the Yoga is formed.

RESULTS

The native will have comforts of excellent conveyances.

COMMENTS

The native with an ordinary Raja Yoga or having strong Lagna can possess a vehicle of his own. The Yoga mentioned above denotes the persons of high status, statesmen, high government officials, ministers etc, who enjoy comforts of conveyances, though not having them as their own.

Note the following excerpt from *Jataka Parijata* (15/69).

लाभस्थानगतः समस्तगुणवानिष्टाधिकश्चेद्बद्वली

जातो यानविभूषणाम्बरवधूभोगादि विद्याधिकः ।।

If the planet in the 11th be strong and preponderatingly friendly, the native will possess amiable qualities and will be blessed abundantly with every means of enjoyment like vehicles, ornaments, women, luxurious appliances and learning.

The verse denotes-

लाभपे गोपुरे गजवाहनम् ।

If the lord of the 11th be in Gopuramsa, the native will enjoy an elephant as conveyance.

	Rahu			
	Jupiter	Chart No 236		Venus
				Sun Mercury Saturn Moon
			Lagna Mars	Ketu

An elephant of olden times can be compared with modern Mercedes Benz or Rolles Royce cars.

The chart No. 236 above is of princess Annie of England, where the 4th, 9th, 10th and 11th lords are conjunct in the 11th. A strong Vahana Sukha Yoga is caused.

560. NANA DESHATANA YOGA

(नाना देशाटन योग)

DEFINITION

If the planet in the 12th owns as well as occupies a moveable sign or is the lord of the 6th or the 8th or is in conjunction with or aspected by Saturn, the Yoga exists

RESULTS

The person will roam about several lands and forest regions.

COMMENTS

The 12th house, its lord or a planet therein represent the consumation of energy whether physical, mental or financial and therefore the conditions of the Yoga will decide the method.

The 12th house, its lord and Saturn should be judged for wandering, misfortunes, evil doom, liberty and comforts of the bed.

Let us elaborate the 12th house factors— One does not dissipate his money if the 12th lord is weak some way and the 12th be occupied by a benefic who is also aspected by a benefic. The reverse also holds.

If the 12th lord occupies benefic Vargas, the outlay of money will be on legitimate means. If the 12th lord conjuncts weak planets or is aspected by them, one dissipates his wealth.

The person will have his wealth consumed by people of Brahmins and other respective communities signified by caste of the planet in the 12th house.

561. RAJMOOLO DHANA VYAYA YOGA

(राजमूलो धन व्यय योग)

DEFINITION

Should the 12th house be occupied by the Sun, Rahu and Venus, the Yoga is formed.

RESULTS

The native will not get his money back, which was spent on account of rulers.

COMMENTS

The configuration of the Yoga suggests that the native may be a person of loose morals and may be indulging in such deeds and might have been penalised for the same by the rulers. This is one aspect of the Yoga. The other aspect is that the native might be having relations with the ladies of royal class and be spending a lot for that cause.

The verse says—

क्षीणेन्दुसूर्यो व्यये राजा द्रव्यं हरेत् ।

If the weak rayed Moon conjunct the Sun occupy the 12th, one's wealth will be snatched by the king.

The weak Moon is the mischief maker here and fickle mindedness may be the cause.

Similarly Mars and Saturn cause drainage of wealth through brothers. Badly placed Jupiter depletes money by heavy taxation.

The chart No. 237 is of a person who has fallen victim to conspiracy of his younger brother, for Mars is with Rahu in the 12th. He is losing his business to his younger brother day by day. Rahu in the 12th creates conspiracies and Mars in the 12th in an enemy sign denotes that the conspirator is younger brother.

8	9 Moon Ketu	12	Moon Ketu	Sun Jupiter Venus
			Mercury	Lagna Saturn

If Mercury with Venus occupies the 12th, one spends a lot on bed pleasures with various type of women.'

The benefics in the 12th make one liberal and virtuous while the malefics make him captious.

562. DHANA SANCHAYA (धन संचय योग) YOGA

DEFINITION

If the benefics are well placed in the 12th, the Yoga is caused.

RESULTS

The native will be thrifty and he will not spend unduely.

COMMENTS

Badly placed benefics deplete money through luxuries and enjoyments while well placed benefics create a tendency to spend judiciously and on charities and one saves for future use and hard times.

563. BANDHANA YOGA (बन्धन योग)

DEFINITION

If Rahu be in the 12th house or be aspecting it or be aspecting or conjoined to the 12th lord and the 12th lord be weak, the Yoga arises.

RESULTS

The native will be imprisoned.

COMMENTS

Rahu is the Karaka of material lust, conspiracies and misappropriations. He spoils the house he occupies and Karakatwa of the planet he associates are channelised into wrong direction leading to unsocial and unlawful activities.

The example chart No. 238 is of Seth Rama Krishna Dalmia who arose from a man of ordinary class to a man of

great industrial and financial potential. Rahu in the 12th is spoiling Jupiter causing Guru Chandala Yoga.

The verse says- जीवेऽन्त्ये करव्याजेन व्ययः ।

If Jupiter is in 12th, the wealth goes on paying the taxes. Rahu's association with Jupiter indicates some embrozzlement of money or other financial follies which led the native to imprisonment. Mars the dispositor of Rahu and Jupiter, is placed in the Lagna in a fixed sign.

If the 2nd and 12th houses occupy equal number of planets and so are the 5th and 9th houses, the Bandhana Yoga is caused. The same principle can be applied to the pairs of 3rd, 11th and 4th, 10th houses.

In the horoscope No. 239 of Mahatma Gandhi, the pairs of houses, 2nd, 12th and 4th, 10th are occupied by malefics. Rahu does not afflict any planet and the reasons for imprisonment were simply political. The Sun in the 12th indicates fight against a sovereign empire and expenses on that account.

The chart No. 240 is of Zulfiqar Ali Bhutto. Here also Rahu conjuncts the Moon is in the 12th signifying imprisonment due to wrath of the rulers. He was put to death by hanging. Taurus, Venus and the Moon represent neck here and are heavily afflicted, this perhaps indicates his end by hanging.

564. KALASARPA YOGA (कालसर्प योग)

DEFINITION

If all the planets are in the signs between Rahu and Ketu, without being associated with the two nodes in signs occupied by them, the Yoga is said to arise.

RESULTS

The native born with the Kala Sarpa Yoga is apprehensive by nature and gets hampered in almost all areas of his life.

COMMENTS

Kala Sarpa Yoga finds no mention in the astrological classics; but its effects are felt generally in consonance with other good and bad Yogas in the horoscopes. It increases one's mental sensitivity and restlessness. Therefore the native shows enough potential for hard work and persistence if good Yogas are present in his chart and becomes equally lazy and apprehensive if bad Yogas fall in his chart.

Kala Sarpa Yoga usually has an insulating effect on the electrical energies emanating from the planets falling on one side of the nodal axis. This insulating effect is not felt if any of the planet gets associated with one of the nodes or moves on the other side of the axis. This associated or free planet has a special role of his own according to his significations in devitalizing Kala Sarpa Yoga and providing a base for the flow of energies of other planets according to his significations.

The Yoga gets more intensified if the Lagna and other planets contact Ketu by transits or by the progressions of the West and gives dire results. However the Yoga becomes materialistically helpful if this contact is with Rahu. Some scholars talk of the orb of influence when a

planet is associated with Rahu or Ketu and for devitalizing the Yoga advocate a 12° orb of influence. Some of the astrologers even advocate for considering lately discovered planets Uranus, Neptune and Pluto also on one side of the nodal axis and assign their presence on the other side of the nodal axis for nonfunctioning of Kala Sarpa Yoga in certain horoscopes. Well, this all is a matter of one's experience.

Kala Sarpa Yoga can have seven configurations viz. 1/7, 2/8, 3/9, 4/10, 5/10, 5/11 and 6th/12th houses. The Yoga is not good for material and marital happiness if formed in 1st/7th houses especially when Ketu is in the Lagna but it is good for spiritual pursuits. Rahu in the Lagna is good.

Kala Sarpa Yoga is not regarded good for money matters if it falls on 2nd/8th house axis particularly if Ketu is in the 2nd. If Rahu is in the 2nd one plays with other's money and one cannot be relied upon in money matters. There is easy access to money and so is its drain out.

Kala Sarpa Yoga formed in 3rd/9th house affects one's mental inclinations. If Ketu is in the 3rd one is of orthodox views in thinking; but at the same time wants material possessions due to presence of Rahu in the 9th. Rahu in the 3rd prones one to be more harmonious with current trends and popular beliefs.

Kala Sarpa Yoga formed involving the 4th/10th house axis inflicts difficulties in family and business affairs.

Kala Sarpa Yoga falling through the axis of 5th/11th houses manifests through children, intelligence, friends and acquaintances, and produces curiosity regarding these areas. Rahu in the 5th makes one to be a flirt in regard to romance while in the 11th causes one to make use of his friends and his society for his own ends.

Kala Sarpa Yoga falling along the 6th/12th houses axis may cause imprisonment or serious diseases etc according to the significations of the two houses. On the positive side the Yoga here tends to spiritual realisation or higher learning while on the negative side one can be subject to lingering illnesses, poor health and long confinement in hospitals or asylums and may resort to decodified means.

Usually the effects of Kala Sarpa Yoga are felt throughout the life of an individual but are more specifically prominent under the Dasas and Bhuktis of Rahu and Ketu and under transits of various planets over the nodal positions and vice versa. This Yoga is of particular significance in the charts of nations and rulers than in the nativities of ordinary persons. It significantly affects the geographical boundries of nations when found in the charts of nations or rulers, either natally or by transit.

	Ketu 19° Jupiter 23°		Sun 22° Venus 20° Mercury 2°	Lagna 16° Saturn 7° Mars 18°	
	Chart No. 241				
	Neptune 19°	Rahu 19° Uranus 10°	Moon 15° Pluto 15°		

The example chart No. 241 is of a girl who inspite of all opposition from her family members and relatives opted for love marriage in a different caste just due to her fancies for sexual union. She also had such relations with other males previously to this marriage. Rahu with Uranus in Libra indicates sensuality leading to sex act; Neptune in the 5th, romantic reveries. The Moon in the 3rd, inclination to have new emotional contacts. Venus is conjunct the Sun in the 11th, romances with friends and acquaintances, and possessiveness for the same. The girl has ruined her relations with parents as well as has spoilt her career. Quadrants are occupied by all the malefics. The sting of Kala Sarpa Yoga is smothered by the conjunction of Jupiter with Ketu in the 10th house. The Yoga would have lost its efficacy to a great extent if she would have entered into a marriage of his father's choice (the 9th lord Jupiter in the 10th). The conjunction of the Lagna lord Moon with Pluto and placement of Mars and Saturn in the Lagna make her stubborn and stick to her own views in this respect.
